RELIABLE
Ventilation Equipment
Since 1937!

Quietaire's Angle Flow -
Aluminum or Galvanized Angle design incorporates all of the excellent qualities of the standard box design plus: Elliptical fan performance which lowers cooling costs.

Quietaire's Stainless Steel Trough Cooling System -
No ramp required! The cooling system is self-contained, highly efficient and has a long life expectancy.

Quietaire's HAF 18 Fans - Efficiently improve conditions in your greenhouse with horizontal air flow fans. The fans push air in greenhouse continuously causing mass air movement.

Rely on Quietaire to manufacture one lasting, low maintenance, durable and dependable ventilation product. The type of products that you can count on for years to come!
