**roses**

Drift Roses are maintenance-free and resistant to rust, powdery mildew and black

spot. Tons of flowers from spring to frost with very attractive foliage. Their naturally dwarf, true groundcover size is perfect for small gardens and combination planters. [www.driftroses.com](http://www.driftroses.com) 800.458.6559. **Write in 1431**

**heuchera**

The second in the Crisp Series, 'Peach Crisp' has an extremely ruffled peach to amber leaf color and a tight mounding habit. It works well in containers, as an edger, or to add texture to any garden. It prefers full sun and good drainage. 'Peach Crisp' thrives in Zones 4 to 9. Its foliage reaches a height of 6 inches, spreads 14 inches. Terra Nova Nurseries. no further than Oregon. The Oregon Association of Nurseries has resources to help you find the right growers and the right plants. Call and mention this ad and you will receive the 2011 OAN Nursery Guide free. Or search online at [www.nurseryguide.com](http://www.nurseryguide.com). More than 5,000 varieties and 400 growers are at your fingertips. Oregon Association of Nurseries. [www.oan.org](http://www.oan.org) 800.342.6401. **Write in 1434**

**lawn and garden trade show**

The National Lawn & Garden Show (NLGS) is an appointment-based event connecting pre-qualified buyers

and vendors face to face. Held June 14 to 16, 2011, NLGS announced the addition of a new Pet Products Division to the event. Whether you are bringing a new product to the market, or making 2012 purchasing decisions for your company, NLGS is guaranteed to create a personalized schedule unique to every vendor and buyer who attends the event.
