Hardiness Zones: 6 - 9

Possible Problems: Insect: No major  
Diseases: Plants seldom experience diseases

Habit: Clumping

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

## Description

'Spot' is a semi-succulent perennial with shiny, dark green, purple-spotted leaves and tall spikes terminating with fragrant, 1" long flowers in summer. It does well with heat and humidity and must have good drainage. A well spotted selection.
