

# Terra Nova Nurseries

Perennials From Tissue Culture

2009

The 60's were not only a period of political upheaval, they were also a period of explosive creativity. We dedicate this catalog to the creative souls in the world who bring us beauty and inspiration through horticulture. The plants we offer are the wonderful creations of our own capable breeding team as well as those of you who have created or found a "far-out" sport in the greenhouse. It is amazing to watch our team at work! Sometimes it's an excited person in the lab holding up a test tube of a plant that's never been in tissue culture before, and many times it is the shock and awe of seeing a color of leaf or flower that has never existed before!

In that vein, we are proud to offer some new and amazing plants: Echinaceas like 'Mac and Cheese' and 'Tomato Soup' are brilliant rich tones that don't fade quickly. Echinacea 'Pink Poodle' carries huge, fluffy heads above strong stems. Three new Agastache bloom in dense spikes, with rich colors, and strong form. Grow our plants next to the competition and you'll see what we mean. Campanula 'Jelly Bells' produces glossy, cobalt-blue bells that are good enough to eat and Heuchera 'Plum Royale' goes another step in the way of a year-round metallic purple stunner. We have a new, larger, stronger, variegated Tiarella called 'Mystic Mist' and another Heucherella, called 'Tapestry', with leaves a lush fabric of silver, green, and purple.

As usual, I am flitting around the world looking for anything new and exciting as well as observing and 'dreaming' for our breeders (who seem to be in overdrive this year!) Ken and crew are off to far corners of the world, cementing our laboratory links. Did you know that we send our laboratory technicians to labs around the world to assure that our plants are grown and cultured correctly? We do, and that's how we maintain quality and good flow of material. We've also heard great comments from our customers this year on the quality of our finished plants. This credit goes to our great shipping and production crew and managers. Go team!

We test our plants in sun and shade. We place them with garden writers and a few select designers. You will also find our plants at a number of botanical gardens. Feedback from these sources helps us find hardiness and performance information. We also invite you to visit our garden if you are in the Northwest (home of Louie, Louie and grunge-rock). You will definitely get a feeling as to how large our mature plants get as well as seeing some groovy combinations.

Peace, Love, Perennials!

## Top 5 Must Have NEW Varieties

A. Agastache 'Summer Sky' (Page 5) - B. Bergenia 'Lunar Glow' (Page 10)  
C. Echinacea 'Pink Poodle' (Page 22) - D. Heuchera 'Plum Royale' (Page 37) - E. Heucherella 'Tapestry' (Page 41)

## Top 10 Best Sellers

F. Campanula 'Pink Octopus' (Page 13) - G. Coreopsis 'Moonlight' (Page 15) - H. Corydalis 'Berry Exciting' (Page 17)  
I. Heuchera 'Southern Comfort' (Page 39) - J. Heucherella 'Alabama Sunrise' (Page 41)  
K. Penstemon 'Dark Towers' (Page 43) - L. Scabiosa 'Vivid Violet' (Page 46) - M. Sedum 'Hot Stuff' (Page 46)  
N. Tiarella 'Mystic Mist' (Page 48) - O. Viola 'Heartthrob' (Page 50)

ACTAEA 'BLACKNEGLIGEE'

ACANTHUS TASMANIAN ANGEL™

AGASTACHE 'SUMMER SKY'

AGASTACHE 'SUMMER GLOW'

AGASTACHE 'RASPBERRY SUMMER'

AGASTACHE 'COTTON CANDY'

AGASTACHE 'SUMMER LOVE'

AJUGA 'TOFFEE CHIP'

***Acanthus mollis* Tasmanian Angel™**

(Variegated Bear's Breeches) The first variegated Acanthus! This gem, found in Tasmania, offers striking, bold leaves with white margins and mottling. It forms a large clump with 3' to 4' tall ornamental flower stalks of pink and cream in late summer. *A. mollis* is tolerant of most soils but thrives in deep, fertile, moist, and well-drained conditions.

*Grower Note: Requires a good root stock before transplanting into the ground.*

Z 7-10 36/36/60

***Actaea simplex* 'Black Negligee'** (syn. *Cimicifuga*) (O'Byrne)

(Bugbane) Our customers report that 'Black Negligee' has much more vigor than the other dark varieties. Lacy black foliage just shrouds the lovely dark stems. Beautiful purple-tinted, white flowers project 2' upward and carry an exotic perfume of grape and jasmine. Give it lots of water with full sun in most states for the darkest foliage.

Z 4-9 48/24/60

***NEW* Agastache 'Cotton Candy'** PPAF PVR

(Hummingbird mint) This easy, vigorous grower blooms non-stop from midsummer through fall. The dense flower spikes have numerous light pink flowers. Compact low branching habit. Tolerates dry conditions and summer watering. All Agastache are popular with hummingbirds. Needs good drainage.

Z 7-9 20/18/25

***Agastache* 'Raspberry Summer'** PPAF PVR

(Hummingbird mint) Awesome, large, dark raspberry pink blooms adorn this plant all summer and into fall. Flowers float above attractive, bright green, fragrant foliage. 'Raspberry Summer' is easy to grow as long it has good drainage.

Z 6-9 30/20/32

***NEW* Agastache 'Summer Glow'** PPAF PVR

(Hummingbird mint) Blooms all summer with glowing pale yellow flowers with dark calyces to extend the showy season. A narrow upright habit with bright green foliage. Tolerates both dry conditions and summer watering. All Agastache are popular with hummingbirds. Needs good drainage.

Z 7-11 20/17/25

***Agastache* 'Summer Love'** PPAF PVR

(Hummingbird mint) Yummy, large red-purple flowers in dense clusters bloom continuously all summer and into fall. Some believe it looks like a summer Liatris or Gay Feather. Forms attractive upright mounds of bright green, fragrant foliage. Easy to grow with good drainage.

Z 6-9 14/24/36

***NEW* Agastache 'Summer Sky'** PPAF PVR

(Hummingbird mint) Blooms all summer with glowing violet blue flowers with dark calyces which extend the showy season. A compact habit with bright green foliage. Thrives under dry conditions, but needs some summer watering. All Agastache are popular with hummingbirds. Needs good drainage.

Z 8-11 18-20/18-24/24

***Ajuga reptans* 'Toffee Chip'** PPAF PVR (O'Byrne)

(Variegated Carpet Bugle) Way cool! This small-leaved groundcover is a fun departure from Ajuga 'Chocolate Chip'. Mature leaves are adorned with creamy gold margins around shades of gray green in the center. New leaves display brown and khaki shades. Blue flowers emerge from eight inch spikes.

Z 5-9 2/12/5

ATHYRIUM 'BURGUNDY LACE'

ATHYRIUM 'OCEAN'S FURY'

ATHYRIUM 'DRE'S DAGGER'

## Hardy Ferns

All our ferns are clonally propagated. Thus, all are true to type. The Athyrium as a group are very heat and humidity tolerant, but young plants need to have their roots kept cool. Plants do not push new growth (roots or tops) during winter months and need a longer dormancy period than most ferns.

*Grower Note: It is not unusual for the final coloration not to show during its juvenile stage. Best color is seen after vernalization.*

### ***Athyrium niponicum* var. *pictum*** **'Burgundy Lace'** PP15072 EU17711

(Japanese Painted Fern) Our #1 selling hardy fern! Bar none, the best red in the marketplace. With one look at its gorgeous metallic burgundy leaves (brightest in spring), you're sure to fall in love! Great vigor in containers as well as in the garden.

Z 4-9 ▶ ● ♠ 15-24/18-28/NA

### ***Athyrium filix-femina* 'Cruciato-cristatum'** Dre's Dagger (Randaci)

(Victorian Lady Fern) A more compact form of the sought after Victoria fern. The thin, deep green fronds are unusually crisscrossed and come to a narrow point that terminates with a small crest that grows through the season. It brings elegance to any shaded or morning sun location in rich soils. Multi-season interest.

Z 4-9 ▶ ● ♠ 18-30/18-30/NA

### ***Athyrium* 'Ocean's Fury'** PPAF PVR (Maness)

(Painted Fern Hybrid) A silvered salute, this fern was named 'Ocean's Fury' because the habit and coloring remind Dan of ocean waves crashing on the shore. This upright and crested fern from Thurman Maness is a wonderful addition to lighten up your shady areas or in the woodland garden. It prefers fertile, moist soils.

Z 5-9 ▶ ● ♠ 36/24-32/NA

ATHYRIUM 'SILVER FALLS'

### ***Athyrium niponicum* var. *pictum***

#### **'Pewter Lace'** PP15721 EU20852

(Japanese Painted Fern) Gardeners everywhere are falling for the arresting metallic pewter foliage. Color is deep rich grey with no reds, and less metallic than A. 'Silver Falls'. Silversmith Paul Revere would have succumbed to the charms of this new designer color in Japanese painted ferns. Customers are impressed with this vigorous selection which combines nicely with *Hakonechloa* or *Tiarella*.

Z 4-9 ▶ ● ♠ 18/18/NA

### ***Athyrium niponicum* var. *pictum***

#### **'Silver Falls'** PP12803 (Ballantyne)

(Japanese Painted Fern) Unlike any other painted fern, this one intensifies their silvering as the season progresses! Winner of the 2002 "Stars of Spring" awards in New Zealand, this is a salute to "silvertude" with stunning, lustrous fronds that shimmer with its contrasting red veins. Named after a set of famous Oregon waterfalls. Later to appear in the spring than the other Japanese painted ferns.

Z 4-9 ▶ ● ♠ 15-24/18-28/NA

### ***Athyrium niponicum* var. *pictum*** **'Ursula's Red'** (Herz)

(Japanese Painted Fern) This fern heralds the spring with broad silver leaves traced and flushed with wine red down the center. This dynamite seller at Wayside Gardens has color that softens in summer heat. Plantswoman Ursula Herz had a little secret in South Carolina.

ATHYRIUM 'URSULA'S RED'

ATHYRIUM 'PEWTER LACE'

BEGONIA 'FIREWORKS'

**Begonia 'Benitochiba'** (ben-ee-toe-chee-ba)  
Palmate leaves, sheathed in metallic rose-red. Self-branching and shrubby, this plant defies classification, having the appeal of a rex, but the shape and toughness of a shrub-type begonia. It was great in our gardens during the summer. Exotic pink flowers.

Z 10-11 ● ∞ ☞ ' 24-30/18-24/24

BEGONIA 'BENITOCHIBA'

**Begonia 'Black Taffeta'** (Kartuz)

Large, crested, obsidian-black leaves to 8" wide have a lovely burgundy red reverse. Its sturdy rhizomatous heritage makes it stronger than any rex Begonia. Great in the house or in the shade garden. Vigorous grower to 18-24" tall and wide.

Z 10-11 ● ∞ ☞ 18/24/20

**NEW Begonia 'Curly Fireflush'**

Dramatic spiraled leaves highlight this hybrid rex begonia. Accenting the spiral is a red brown edge and center contrasting nicely with the deep green leaves. The soft fuzzy texture is from the minute red hairs. Keeps its foliage all winter. Pearl white flowers. Likes humidity.

Z 11-13 ● ∞ ☞ 18/24/25

**Begonia 'Fireworks'** (Kartuz)

A showstopper in our trade show booth! Deep metallic, paisley purple bands encircle an iridescent silver-white center that is undeniably striking. Great pink flowers add to the appeal. This plant did especially well in our display gardens in amended garden soil. Not as picky as a rex and shows great vigor. Upright habit. AGM (Award of Garden Merit).

Z 10-11 ● ∞ ☞ 16/18/16

**NEW Begonia 'Madame Queen'**

Stunning variety with large, glossy, copper-colored leaves, a ruffled and frilled edge, and a red reverse. Prominent light green veins radiate from the center of the leaves. Tall sprays of deep pink flowers. Vigorous grower. Upright rhizomatous type. Wonderful in containers.

Z 11-13 ● ∞ ☞ 20/28/28

**Begonia 'Metallic Mist'** PPAF PVR

(Hardy Begonia) 'Metallic Mist' displays heavily silvered, maple-like leaves on a ZONE 8 HARDY begonia. Vigorously grows to form a striking 18" tall specimen. Pink flowers in late summer extend the show. From a cross between two hardy Chinese begonias - a breeding breakthrough!

Z 8-10 ● ∞ 12-18/24/10

**Begonia 'Phoe's Cleo'** (Anderson)

Vivid chartreuse leaves sport mahogany-red splashes. Tough rhizomatous heritage makes it stronger than any rex Begonia. Soft pink flowers appear in spring. 'Phoe's Cleo' thrives in containers, shade gardens, and on windowsills.

Z 10-11 ● ∞ ☞ 20-24/24/24

**Begonia 'River Nile'** (Thompson)

More tolerant of cold than most begonias, this one sports bright chartreuse leaves that are heavily edged in dark red. The borders are also ruffled and the leaf bases swirl like a ram's horn toward the leaf center. White flowers. Great as a patio plant or as a houseplant, easier to grow than a rex. This plant did especially well in our display gardens in amended garden soil.

Z 10-11 ● ∞ ☞ 20-24/24/27

BERGENIA 'LUNAR GLOW'

BRUGMANSIA 'SNOWBANK'

**Bergenia 'Lunar Glow'** PPAF, EU protection as a derived variety (Van Noort )

(Pig squeak) New leaves unfurl a creamy yellow in the spring and hold the light yellow look through most of the summer in Oregon. A cool new mutation out of B. 'Solar Flare'. 'Lunar Glow' has the traditional bold, evergreen leaves of the Bergenia in addition to lovely dark pink flowers in the spring and burgundy red winter leaves. Grows as well in the South as in the Northwest.

Z 4-9 ☀️ ➡️ 🦋 ✂️ 🍷 10/12-24/15

BERGENIA 'PINK DRAGONFLY'

**Bergenia 'Pink Dragonfly'** (Eskuche)

(Pig squeak) Narrow leaves, with brilliant purple winter color, erupt in luscious bright pink flowers in proportion to its foliage on this petite beauty. Truly the Bergenia for people who are looking for multi-seasons of interest.

Z 4-9 ☀️ ➡️ 🦋 ✂️ 🍷 12/12/15

**Bergenia 'Solar Flare'** PPAF PVR (Van Noort )

(Variegated Bergenia) A new twist on a classic garden perennial! Bold, evergreen leaves have a cream-edged border. Excellent winter container plant topped with pink flowers in the spring. Color appears on spring and new growth fading to green in late summer. 'Solar Flare' grows as well in the South as in the Northwest.

Z 4-9 ☀️ ➡️ 🦋 ✂️ 🍷 10/12-24/15

**Brugmansia 'Snowbank'** PP14817 EU16251

(Variegated Angel's Trumpet) Here's our first Angel's Trumpet introduction with fragrant, peach colored blooms of immense proportions, which emerge from some of the most brilliant and broadly margined foliage you have ever seen! This tetraploid Brugmansia is awesome in containers (3 gallon is best). Spring and summer sales only.

Z 8-13 ☀️ ➡️ 🦋 ∞ 60/36-48/60

**Brunnera macrophylla 'Jack Frost'** PP13859 EU9772 (Walter's Gardens)

(Silver Siberian bugloss) Winner of the Plantarium in Holland "Best New Plant Award" in 2001. Sky blue, forget-me-not flowers and a netted silver overlay on each leaf. Absolutely stunning in the garden from early spring to fall. One of the showiest and most garden worthy plants to come along in a decade. A significant, world-class perennial.

Z 4-9 ➡️ ● 🍷 14/24/17

**Brunnera macrophylla 'Looking Glass'** PPAF PVR (Walter's Gardens)

(Looking glass Siberian bugloss) Shimmering silver 5" heart-shaped leaves bedeck this sport of Brunnera 'Jack Frost'. The mound gives rise to masses of blue, forget-me-not flowers appearing in spring. Provide evenly moist, rich soils for the best growth. Glows in the garden.

Z 4-9 ➡️ ● 🍷 14/24/17

Bergenia breeder

CAMPANULA 'BLUE-EYED BLONDE' CAMPANULA 'JELLY BELLS'

CAMPANULA 'PANTALOONS'

CAMPANULA 'ELIZABETH OLIVER'

**Campanula persicifolia 'Blue-Eyed Blonde'** PPAF PVR

(Golden Peachleaf Bellflower) This sweetie is HOT! Brilliant yellow foliage gives rise to large 1" bells of deep-blue flowers. This variation of C. persicifolia is a refined and well mannered hardy evergreen perennial. This vigorous form with deep blue flowers is another breeding breakthrough from Terra Nova Nurseries.

Z 4-9 ☀️ 🌿 🍷 8/12-18/15-18

**Campanula cochleariifolia 'Elizabeth Oliver'**

English nurseries launched this charming dwarf spreader with fully double sky-blue flowers. This heavy flowering cascader is excellent for rockeries or edging a path. Does well in containers. Tolerates limey conditions and needs good drainage.

Z 4-8 ☀️ 🌿 🍷 2-4/10-16/3-5

**NEW Campanula x pulloides 'Jelly Bells'** PPAF PVR

Decidedly delicious with large, deep blue, nodding bells over a bright green mat of foliage. It can be used in a container where it will rebloom or in a rock garden. 'Jelly Bells' makes a vigorous and attractive low growing perennial, returning year after year. It prefers full sun and needs good drainage.

Z 5-8 ☀️ 🍷 3-8/14-18/6-11

**Campanula punctata 'Pantaloons'** PP13282

'Pantaloons' surprises us with huge 2" light purple flowers that are shaped in a double 'hose-in-hose' like we've never seen before. Looks like an elaborate 1890's undergarment. (The plant will occasionally throw up single flowers). This plant is vigorous and reaches standard C. punctata height.

Z 5-9 ☀️ 🌿 🍷 12/15-28/28

CAREX 'LEMON ZEST'

**Campanula 'Pink Octopus'** PP18885 PVR

Japanese lantern buds open to striking pink, octopus-like flowers. Over 50 blooms flutter down from the nicely upright flowering branches above strong, deeply cut foliage. Unique and interesting! Long bloom time and easy to grow. Tolerant of most soils. Wrap your arms around this one!

Z 5-9 ☀️ 🌿 🍷 10/18-28/15-18

**Campanula 'Samantha'** (Reeck)

This award winning plant forms lovely mats of foliage displaying unusual and charming blue-violet, 1" wide, very fragrant flowers which face upwards. Re-blooms sporadically with deadheading. A slow spreader that is great for well-drained border in partial shade to full sun. Excellent for container production.

Z 5-9 ☀️ 🌿 🍷 7/18/11

**Campanula 'Summertime Blues'** PPAF PVR

(Everblooming Campanula) Here's the "cure" for the summertime blues! The longest blooming Campanula we've ever seen. 'Summertime Blues' has masses of large, silvery blue bells on 2 foot, upright stems... all spring, summer and fall! A clumping habit that doesn't spread or reseed.

Z 4-9 ☀️ 🌿 🍷 10/17/24

**Carex siderosticha 'Lemon Zest'** PP14463

The only gold C. siderosticha on the market that holds its gold all summer! Its bright lemon swords will illuminate the garden! These golden clumps glow in moderate shade with even moisture. Striking in borders and containers. This clumping, deciduous sedge combines well with Hosta and Heuchera.

CAMPANULA 'SUMMERTIME BLUES'

CAMPANULA 'PINK OCTOPUS'

CAMPANULA 'SAMANTHA'

COREOPSIS 'AUTUMNBLUSH'

COREOPSIS 'MOONLIGHT'

**Coreopsis 'Autumn Blush'** PP18184 PVR

This hardy hybrid out of C. auriculata 'Nana' begins flowering in the late spring with 1" strawberry-eyed, butter-yellow flowers. Flowers form a mid-height canopy of color, which changes as the season progresses. Cooler temperatures of late spring and fall enhance the strawberry coloration. Continuous flower production and vigorous growth have made 'Autumn Blush' destined to become one of American gardeners' favorite plants.

Z 6-9 ☀ 🌿 24/32/26

**Coreopsis 'Moonlight'** PPAF, EU protection  
as a derived variety

'Moonlight' blooms continuously for 3 to 4 months. Each plant has over 150 2" pastel-yellow flowers which change color to peach in cool weather. This Terra Nova bred Coreopsis forms attractive mounds and thrives in heat and humidity.

Z 6-9 ☀ 🌿 25/15/25

**Coreopsis 'Gold Nugget'** PPAF PVR

Feel the heat from this Terra Nova Coreopsis! An amazing bloomer, with over 200 warm gold flowers on a first year plant, each with a blazing red eye. Blooms continuously for 3 to 4 months! Flowers are an amazing 1.5" wide. 'Gold Nugget' has a superb mounding form that thrives in heat and humidity.

Z 6-9 ☀ 🌿 24/32/26

COREOPSIS 'GOLD NUGGET'

Fall Color

COREOPSIS 'PINWHEEL'

COREOPSIS 'SNOWBERRY'

COREOPSIS 'LIGHTNING FLASH'

**Coreopsis tripteris 'Lightning Flash'** PPAF PVR (Messenbrink)

(Tall tickseed) 'Lightning Flash' is a bold Coreopsis with striking gold foliage that stays gold all summer. Found by Mark Messenbrink at his nursery in North Carolina. It is perfect for the perennial border, reaching 3' to 5'. The light yellow flowers are a bonus in late summer. And it thrives in heat & humidity!

Z 3-8 ☀ 🦋 ✂ 60/32/72

**Coreopsis 'Pinwheel'** PP18880 PVR

Quilled, butter-yellow flowers with lacy-blue foliage put this Coreopsis in a league of its own! This hardy charmer forms wonderful mounds covered with hundreds of flowers all summer. The pleasing soft color of this uniquely shaped flower combines well with the entire garden color palette.

Z 6-9 ☀ 🦋 ✂ 24/32/26

**Coreopsis 'Snowberry'** PP18560 PVR

Like raspberries dropped in the snow, these creamy-white flowers are splashed with an eye patch of dark red. Multitudes of large 1 ½" wide flowers bloom all summer atop dark green foliage. Works well in the mixed border or used in containers. It's sterile (making it a more prolific bloomer) and is easy to grow.

Z 6-9 ☀ 🦋 ✂ 26/32/28

CORYDALIS 'BLUE PANDA'

**Corydalis shihmienensis 'Berry Exciting'** PPAF PVR

Brilliant yellow, fern-like leaves are streaked green and erupt in fragrant purple flowers. This wonderful new mutation of C. 'Blackberry Wine' is one of the few Corydalis that does not go summer dormant. Its vigorous cascading habit makes it an excellent ground cover and looks great spilling out of baskets and over banks. A stunner in the spring garden. Takes heat and humidity! One of the top 25 Best Sellers for 2007 from Plant Delights Nursery.

Z 5-9 ▶ 🦋 ✂ 10/16-24/13

**Corydalis shihmienensis 'Blackberry Wine'**

This early-emerging beauty has blue-green, ferny leaves which provide a backdrop for hundreds of ultra-fragrant flowers the color of blackberry wine. It holds its slightly silvered foliage all spring, summer, and fall with a cascading habit, excellent in baskets or over walls. Takes heat and humidity! Cut back after bloom to freshen foliage. Mark Tebbitt and Henrik Zetterlund are the ones to thank for finding the species name.

Z 5-9 ▶ 🦋 ✂ 10/16/13

**Corydalis curviflora var. rosthornii 'Blue Heron'**

(Heronswood Nursery)

Our largest, darkest blooming Corydalis! Dark, gentian-blue flowers atop stunning red stems are enhanced by blue-green foliage. This form bloomed all spring and summer for us in Oregon. A marvelous new Corydalis collected in Sichuan, China by Mr. Dan Hinkley himself. Will go summer dormant if it is kept too dry or hot.

Z 6-8 ▶ ● 🦋 ✂ 8/10/9

CORYDALIS 'BLUE HERON'

**Corydalis flexuosa 'Blue Panda'**

(Hatch, Reeck)

A wonderful, fragrant blue Corydalis from China's "Panda Country." This long bloomer and re-bloomer in the Pacific Northwest combines the charms of cobalt-blue flowers and fragrance. Goes summer dormant.

Z 5-8 ▶ ● 🦋 ✂ 8/8/12

**Corydalis 'Canary Feathers'** PPAF PVR

Soft, blue-green feather-like foliage is accented by large, trusses of canary-yellow flowers carried high above the leaves. This is our showiest and most vigorous Corydalis introduced to date! This long bloomer and sun tolerant hybrid makes a great highlight in shady spots where it combines well with our silver leaf Heuchera and Pulmonaria. Prefers moist, well-drained soils.

Z 8-9 ▶ 9/12/12

**Corydalis elata** (Reeck)

Perhaps the best Corydalis for the south! Fabulously fragrant cobalt-blue flowers adorn the upright habit of this garden jewel. Flowers emerge in May and bloom through July in Oregon. This superior selection does well in moist soils.

Z 6-8 ▶ 🦋 ✂ 16/12-20/18

CORYDALIS ELATA

CORYDALIS 'CANARY FEATHERS'

CORYDALIS 'BERRY EXCITING'

CORYDALIS 'BLACKBERRY WINE'

DICENTRA 'GOLD HEART'

DICENTRA 'KING OF HEARTS'

CYCLAMEN 'SOMETHING MAGIC'

**Corydalis flexuosa 'Purple Leaf'** (Blue Dragon)

Up before the robins in spring (with its cousin 'Blackberry Wine'), this bronzy-leaved fumitory is vigorous, rhizomatous, early blooming and long lived. Plants are more compact than the type and are charming in the rock garden, or scrambling around stepping-stones. A great lacy contrast to Heuchera 'Lime Rickey'. Fragrant, violet-blue flowers abound in early spring. May go summer dormant.

Z 5-9 ▶ 5-8/10/12

**Cyclamen coum 'Something Magic'** PPAF

(Hardy Cyclamen) The FIRST-EVER Hardy Cyclamen from tissue culture! Wonderfully marked leaves - each leaf sports a miniature Christmas tree with a silver halo. Large rose-pink flowers in Feb./ March. 'Something Magic' is a lovely plant and a vigorous grower. Needs good drainage.

Z 5-9 ▶ 3/10/6

**Dicentra spectabilis 'Gold Heart'**

EU4817 CPBR0974 (Pope)

(Gold leaf Bleeding Hearts) Truly the most stunning plant in our spring garden with 3' tall, peach-colored stems holding exquisite, brilliant, gold leaves. In late spring, large, rose-pink flowers emerge on arching stems. From Nori Pope of Hadsden House Nursery in Castle Cary, England. Voluntary royalty to breeder. Not for resale into Canada. **Ships only November through May.**

Z 5-9 ▶ ● 🦋 ✂️ 🦌  
24/36/30-36

**Dicentra 'King of Hearts'**

(Ownbey)

(Bleeding Hearts) This hybrid combines large dark rose flowers with the most sumptuous, lacy, "beyond blue" foliage in a duet that is incomparable. It is a good neighbor and spreads slowly forming multi-seasonal mounds. In addition, it doesn't go summer dormant!

Z 5-9 ▶ ● 🦋 ✂️ 🦌

**Echinacea 'Tiki Torch'** PP18839 PVR

This darkest orange coneflower explodes with massive 4½" flowers with wide petals. 'Tiki Torch' retains its intense color for weeks rather than days. The spicy-scented blooms sit atop strong and upright 36" stems. Use for the border and for cut flowers. Easy to grow. Ignite this flaming dream!

Z 4-9 ☀️ 🌱 🌿 🌾 🌻 🌼 28/26/36

**ECHINACEA 'MERLOT'**

**Echinacea purpurea 'Coconut Lime'** PPAF PVR

Echinacea 'Coconut Lime' is the first white double-flowering Echinacea. Its compact habit can sport over 20 blooms per plant! Well branched, sturdy flower stems are perfect for cutting. Blooms for 2-3 months. Thrives in intense heat & humidity of Texas. Put the lime in the coconut and shake it all up!

Z 4-9 ☀️ 🌱 🌿 🌾 🌻 🌼 20/24/30

**Echinacea purpurea 'Fragrant Angel'** PP16054 EU17449

Grows just like 'Ruby Giant', with large, fragrant, horizontal flowers with layered, overlapping petals and huge yellow cones. The well branched stems extend the blooming season right through summer and fall. 'Fragrant Angel' also boasts extreme vigor in the South.

Z 4-9 ☀️ 🌱 🌿 🌾 🌻 🌼 20/24/30

**Echinacea purpurea 'Merlot'** PPAF PVR

Huge 5" wide, rose pink flowers centered with orange cones sit atop stunning burgundy-black stems. Well branched stems which are strong enough to break scissors! (We did! lol) A wonderful introduction! Like a fine wine, this beauty has great fragrance. 35 flowers graced our second-year-plant.

Z 4-9 ☀️ 🌱 🌿 🌾 🌻 🌼 27/34/30

**ECHINACEA 'FRAGRANT ANGEL'**

**ECHINACEA 'COCONUT LIME'**

**NEW Echinacea purpurea ‘Pink Poodle’** PPAF PVR

This pink “puppy” is prancing into the coneflower arena with amazingly large and fluffy, 4” wide flower heads. These bright pink flowers are a departure from the E. ‘Razzmatazz’ hybrids and feature strong, well-branched stems to 32” tall and excellent vigor. This was no “dog” in our trials! – **It’s a Grand Champion!**

Z 4-9 ☀️ 🌿 🌱 🌿 🌿 🌿 22/28-32/32

**NEW Echinacea x ‘Mac ‘n’ Cheese’** PPAF PVR

You can take comfort with these warm and tasty 4 ½” blooms covering our new Echinacea. Vigorous, well-branched stems are featured on this upright plant (to 26” tall). Their golden rays are a perfect complement to E. ‘Tomato Soup’. Put them together for a summertime feast!

Z 4-9 ☀️ 🌿 🌱 🌿 🌿 🌿 21/18-24/26

**NEW Echinacea x ‘Tomato Soup’** PPAF PVR

Warm, tomato-red flowers to 5” wide stunned our nursery visitors! A real treat to 32” tall and nearly as wide covered with flowers till frost! Plants are well branched and show excellent vigor. A natural pairing with E. ‘Mac and Cheese’.

Z 4-9 ☀️ 🌿 🌱 🌿 🌿 🌿 32/32/32

ECHINACEA 'PINK DOUBLE DELIGHT'

ECHINACEA 'HOPE'

ECHINACEA 'GREEN EYES'

**Echinacea purpurea 'Green Eyes'** PP17172 EU20627

Shocking magenta flowers have beautiful indented green centers that mature to a cone with rich orange. This strong, well-branched plant is a super addition to the border with its long-lasting blooms that also make great cut or dried flowers!

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 20/24/30

**Echinacea purpurea 'Hope'** PP17194 EU20630

Calm, fragrant, soft pink flowers of great size, fragrance, and substance adorn this long blooming perennial. It is dedicated to the breast cancer survivors and the memories of those who have succumbed to breast cancer. Terra Nova will make a donation of \$.25 for each plant sold, to the Oregon & SW Washington affiliate of the Susan G. Komen for the Cure to help further the search for a cure for breast cancer. Sold with beautiful over-sized picture labels that advertises this as a "Plant for the Cure." Labels are mandatory to ensure success of the program.

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 20/24/30

**Echinacea purpurea 'Lilliput'** PP18841 PVR

A breeding breakthrough! Short mounds are covered with over 25+ blooms of fragrant deep rose-purple on this miniature 'Ruby Giant'. This form is unlike anything we have ever seen! Perfect in the front of the border or as a groundcover

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 12/15/16

**Echinacea purpurea 'Pink Double Delight'** PPAF PVR

This perennial powerhouse is half the height of Echinacea 'Razzmatazz' with twice the flower power! Well-branched, sturdy flower stems are perfect for cutting! Blooms for 2-3 months! Thrives in the intense heat & humidity of Texas! Double your pleasure!

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 16/12/20

ECHINACEA 'LILLIPUT'

ECHINACEA 'RUBY GIANT'

**Echinacea 'Raspberry Tart'** PPAF PVR

Up to 30 flowers adorn this compact, well-branched gem in the first year after dormancy! These hot, electric-magenta blooms might stop traffic! Blooms emerge for a long period- from mid summer to fall. Use en-masse for the border and as cut flowers. Easy to grow and fragrant!

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 18/15/24

**Echinacea purpurea 'Purity'** PPAF PVR

'Purity' is the new GOLD-STANDARD for Echinacea flower & form! Over 25, 4 ½" blooms on a 1 year old plant after dormancy! Remarkably strong, well-branched, 18-24" tall plants produce pristine white flowers of superb quality with bright orange cones! Fragrant too. Wonderful in the border or for the cutting garden. Blooms all summer and into fall.

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 18/22/27

**Echinacea purpurea 'Ruby Giant'**

'Ruby Giant' was the first Echinacea bred for multi-branched, strong flower stems boasting huge 5" wide fragrant blooms. This clonal selection from the original Rubinstern seed material has a double row of petals held horizontally for maximal impact. 'Ruby Giant' has become the industry standard for garden worthy Echinacea breeding. Blooms all summer into fall.

Z 4-9 ☀ 🦋 🐝 🌿 ✂ 🐇 20/24-30/30-36

GEUM 'FIREBALL'

ENSETE 'TANDARRA RED'

HAKONECHLOA 'STRIPE IT RICH'

HAKONECHLOA 'ALL GOLD'

EUCOMIS 'OAKHURST'

FATSIA 'SPIDER'S WEB'

EUPHORBIA 'ROYAL VELVET'

HEDYCHUM 'TAHITIAN FLAME'

#### Ensete 'Tandarra Red'

(Ornamental Banana) Can you say, "BOLD?" This is one dramatic foliage plant with huge, waxy fronds of reddish-purple tones superimposed over deep green. Similar to Ensete 'Maurellii', but with more contrasting leaf and vein color. Use for an exotic tropical look.

Z 10-13 ☀️ 🌿 ∞ 120/80/110

#### Eucomis comosa 'Oakhurst'

(Purple Pineapple Lily) Strapping, upright brilliant burgundy foliage and purple pineapple-like flowers adorn the plant. Originally found in a San Diego Nursery, this deep-purple leafed novelty has loved blazing sun there for nearly 20 years. We were totally amazed to see plants in an Indianapolis garden not only thriving, but actually reseeded! Wow! It has a stately and exotic look and it combines well in mixed containers. Also lasts an amazing 21 days as a cut flower!

Z 7-10 ☀️ 🌿 🦋 🐦 ✂️ 24/20/32

#### Euphorbia 'Royal Velvet' (O'Byrne)

(Royal Velvet Spurge) Tailored evergreen velveteen leaves of rich deep red provide the perfect foil for its spring floral display. In spring, its 8" chartreuse-colored flower spikes have dramatic dark maroon eyes. This cross between E. characias 'Portuguese Velvet' and E. x martinii 'Red Martin' has the best of both worlds! 'This superior hybrid from Ernie & Marietta O'Byrne thrives in their world-class garden and beyond. Requires good drainage.

Z 7-10 ☀️ 🌿 🦋 18/24/36

#### Fatsia japonica 'Spider's Web'

(Variegated Japanese Aralia) A fantasy of brilliant white splashing and dotting. A beautiful Aralia given to Dan by variegated plant guru (sensei #1), Dr. Yokoi in Japan. This variable form is very rare even over there! Wild variegation changes with the seasons and as the plant ages. Named by Dan's other sensei, Mr. Hirose.

Z 7-9 🌿 60/48/65

#### Geum 'Fireball'

(Avens) Profuse, huge, sterile, orange-yellow, semi-double flowers continue from spring to fall. These 1½" blooms are picoteed with a red edge. One of the most impressive (and early) orange blooming perennials in the spring! Found exploding in the walled city of York, England, this dynamic plant held its regal position in the garden, attracting every eye. Well-drained soil.

Z 5-9 ☀️ 🌿 ✂️ 18/24/24-36

#### Hakonechloa macra 'All Gold'

(Gold Japanese forest grass) This gleaming, metallic gold "Forest Grass" holds its brilliant color all summer before turning tan in winter. Leaves are more upright and spiky than the type and are awesome in containers and the garden! Dan saw this glowing in the morning sun while visiting Suzuki-En in the Kowaguchi area of Japan.

Z 6-9 🌿 10/20/18

#### Hakonechloa macra 'Stripe It Rich'

PPAF PVR

(Variegated gold Japanese forest grass) These white-striped, golden leaves create a new spin on the shade tolerant Japanese Forest Grass. 'Stripe It Rich' grows in full to partial sun. It is spectacular as a woodland accent, in containers, along pathways or entrances, and adds an Asian garden look.

Z 6-9 🌿 10/20/18

#### Hedychium 'Tahitian Flame' PPAF

(Variegated ginger) Make a Hawaiian splash with this boldly variegated hybrid ginger! Intoxicatingly fragrant apricot flowers emerge in midsummer and continue thru fall. The upright habit of 'Tahitian Flame' creates a wonderful architectural accent for both containers and gardens.

HELLEBORUS GOLDEN LOTUS STRAIN

HELLEBORUS SPLASHDOWN STRAIN

HELLEBORUS REGAL RUFFLES STRAIN

HELLEBORUS 'HONEYHILL JOY'

***Helleborus x hybridus* Brushstrokes Strain - (30 Cell)**

(Brushstrokes Lenten Rose) Marietta's single mix is a compendium of the world's greatest Hellebores. Brushstroked splashes, spots, and true, rich colors adorn the wide petals of this superior group. A delight in the winter garden. Shade tolerant and deer resistant!

Z 5-8 ☀ ● 🌱 12/24/14

***Helleborus x hybridus* Carousel Strain - (30 Cell)**

These wonderful Anemone-flowered hellebores bring to mind the carousels of the past. Anemone-flowered forms are amongst the most uncommon of plants and hard to find in the trade. Flowers are large with picotee edges and contrasting center "bosses". Come take a ride!

Z 5-8 ▶ ● 🌱 24/12/12

***Helleborus x hybridus* Golden Lotus Strain - (30 Cell)**

A nearly golden glow emanates from these charming lotus-like flowers. Double yellows are among the rarest of Hellebores and Marietta has come through with a dazzler of a series!

Z 5-8 ▶ ● 🌱 12/24/14

***Helleborus x nigercors* 'Honeyhill Joy' (Metcalfe)**

(Lenten Rose) This hybrid from Honeyhill Farms is exceptional for its quantities of large, out-facing, cream-centered, white flowers over vigorous, shiny, blue tinged foliage. Plant 'Honeyhill Joy' at your entry to enjoy the exceptionally early 2-month long show of marvelous, late winter blooms. Blooms early (after its first winter) in a 4" pot!

Z 6-9 ▶ 18/24/28

Ernie & Marietta O'Byrne

***Helleborus x sternii* 'Hot Flash'**

Sumptuously silvered and red veined, this outstanding evergreen Hellebore sports deeply serrate edges to create one HOT leaf!! Blooms in late winter to early spring with pale green flowers blushed with pink. Wonderful in the front of the border for its clean good looks and winter interest. Requires good drainage to thrive.

Z 6-9 ▶ 12/18/16

***Helleborus x hybridus* London Fog Strain - (30 Cell)**

Dan's recent trip to England exposed us to a multitude of silvery-grey colors visible in this series. The slate roofs, the grey streets of London, the darkened skies; all are reflected in the blooms of this group. Flowers are large and plants are vigorous.

Z 5-8 ▶ ● 🌱 12/24/14

***Helleborus x hybridus* Mellow Yellow Strain**

(Lenten Rose) Actually, these yellows are anything but mellow and are the brightest yellows that we have seen. One of the world's top hybridizers, Marietta O'Byrne has created this wonderful group of single bright yellows with the occasional apricot surprise! Many are splashed or tinted with picotee edges. All Hellebores are shade tolerant and deer resistant!

Z 5-8 ▶ ● 🌱 12/24/14

***Helleborus x hybridus* Regal Ruffles Strain - (30 Cell)**

(Double Lenten Rose) This strain of vigorous doubles includes giant 3" fluffy flowers with triple the usual number of petals. Colors include vivid reds, greens, pinks, yellows, and picotees - all in double form! Add a new dimension to your spring sales with these colorful and long-lasting winter/spring blooms.

Z 5-8 ▶ ● 🌱 12/24/14

***Helleborus* Splashdown Strain - (30 Cell)**

Of all Marietta's hybrids, these are the ones that simply take your breath away. Incredible, bold splashes of burgundy, red, and purple are painted on white to ivory backgrounds. Strong flower forms have mostly green nectaries. C'est magnifique!

Z 5-8 ▶ ● 🌱 12/24/14

HELLEBORUS 'HOT FLASH'

HELLEBORUS LONDON FOG STRAIN

HEUCHERA 'CINNABAR SILVER'

HEUCHERA 'AMETHYST MYST'

HEUCHERA 'CHERRIES JUBILEE'

HEUCHERA 'CAFE OLE'

HEUCHERA 'BLOOD RED'

## Heuchera

For more than a decade, the Terra Nova Breeding Team has worked to enhance every characteristic of this trouble-free native. We've expanded the color palette to include oranges, blacks, reds, purples etc. This rainbow of colors is combined with ruffles, bright flowers, sturdier habit, and rebloom to extend the selling

season and create popularity among American home gardeners. A wide range of color for both sun and shade make them excellent companion plants to complete your perennial program!

*Grower Note: Most Heuchera need 12 weeks of vernalization to flower. So if you choose a variety based on the flower rather than the foliage, please provide the needed cold treatment. All Heuchera bought in late summer or early fall and given a chill period will produce vastly superior plants the next spring.*

### Heuchera 'Amber Waves'

The light rose-colored flowers are secondary to the stunning, ruffled, amber-gold foliage which is brightest in spring. No Heuchera has ever attracted such great attention at the retail level as much as our dazzling 'Amber Waves'. We had a designer grab our plant and hold it up to every colored foliage plant in the nursery and . . . it worked. We have discovered the "new neutral." Winner: "Best New Plant" - Four Oaks & Scotgrow, UK 2001.

Z 4-9 8/17/14

### Heuchera 'Amethyst Myst'

A cool fog of silver settles over the stunning amethyst foliage. This glossy-leaved, vigorous clump can achieve an impressive 24" across. Both size and color make this Heuchera stand out in the spring garden. The more you grow this plant - the more you admire it.

Z 4-9 10/15-24/26

### Heuchera 'Black Beauty'

(as 'Dark Beauty' in Europe)

This stunner pleases the senses with very black-red and glossy, ruffled leaves. From any angle this plant is strikingly backlit in ruby red. The leaves are held somewhat upright, catching the sun from any direction. Needs good drainage.

Z 4-9 10/16/24

### Heuchera 'Blood Red'

Enormous, blood red flowers on 20" stalks erupt over bright green leaves swirled with a silvery-white overlay. Largest red flower yet. Some variegation is common on the small compact foliage. Great in the rock garden, border, and one of the best for container production.

Z 4-9 7/12/20

### Heuchera 'Café Olé'

Frilly, ruffled leaves in milk chocolate form a tight mound on this unusual hybrid. Numerous branched spikes hold hundreds of white flowers kissed with purple. Create a cute border display with our best multi-crowned compact Heuchera! Great for edging a pathway or en masse.

Z 4-9 6-12/16/21

### Heuchera 'Cherries Jubilee'

Soft red flowers on warm brown foliage make this Heuchera good enough to eat! A compact habit and tidy appearance. Foliage is veiled in shadier locations. Performs great in containers.

Z 4-9 7/16/16

### Heuchera 'Chocolate Ruffles'

Heavily ruffled leaves of rich chocolate on top and deep burgundy on the bottom create a warm contrast of color. Thousands of small purplish flowers on strong purple spikes continue the show. One of our first and finest, and still in amazing demand, this heat/humidity tolerant Heuchera thrives in gardens across the country and has become a landscaper's staple. Winner of the highest gold medal as "Best New Perennial Introduction" at Plantarium in Holland '95. Gold and silver medal winner at VKC Nieuw, Belgium.

Z 4-9 10-12/17-24/30

### Heuchera 'Cinnabar Silver'

Our breeders have been working for years to try and combine the best of both worlds... exceptional flowers and color-holding foliage on the same plant! Cinnabar Silver combines a profusion of cinnabar red

flowers atop compact mounds of showy metallic silver foliage.

Z 4-9 9/13/18

**Heuchera 'Georgia Peach'** PPAF PVR

(Alum root) 'Georgia Peach' is the first in our Southern Bells series of villosa hybrids bred for heat and humidity tolerance. In spring huge peach colored leaves with a showy silver overlay adorn a large lush habit. Foliage color intensifies to rose purple with a decorative frosted veil in fall and winter. Great landscape specimen for North America.

Z 4-9 ►● 14/24/30

**HEUCHERA 'GINGER ALE'**

**Heuchera 'Ginger Ale'** PP18173 PVR

A surprise! Effervescent flowers in shades of ginger yellow and light pink erupt from soft, um, ginger colored leaves. Lovely to contrast with the darker coral-bells in the marketplace. Designers love the ability of this plant to complement so many colors. It is a perfect neutral tone. Good in containers and in borders.

Z 4-9 ►● 6-9/10-12/22

**Heuchera americana 'Green Spice'**

A top-seller around the world and great in the shade! Much more color contrast and more vigorous than Heuchera 'Beauty Color'. Its dark gray-edged silver leaves with red venation are smoother and brighter, bigger, and better. Exceptional fall color, which we label as "pumpkin, neon orange."

Z 4-9 ►● 9/16/28

**HEUCHERA 'GREEN SPICE'**

**HEUCHERA 'GYPSY DANCER'**

**Heuchera 'Gypsy Dancer'** PP15959 EU17450

This floriferous hybrid has a multitude of light pink flowers swirling over low, and flashy metallic silver and gray foliage. Multitudes of light pink flowers swirl over the bright foliage. A heavy repeat bloomer which is first to start and last to finish! Stays small and flashy. Doesn't require long cold treatments to bloom like most Heuchera, making it great for the South. Will grow in heavier shade than many others, but can also thrive in full sun. Any fortune teller will tell you this plant is fabulous.

Z 4-9 ☀► 8/12/20

**HEUCHERA 'HOLLYWOOD'**

**Heuchera 'Hollywood'** PP17129

EU20620

Strong reblooming spikes of dense coral-red flowers are produced over white veiled, lightly ruffled metallic leaves. Every flower stem produces dozens of reblooming flowers continuously. The compact habit and long bloom period of 'Hollywood' make it perfect for mixed containers and edging. An amazing breakthrough in breeding and the first to get an "11" by Dan's standards.

Z 4-9 ☀► 8/10-12/16

HEUCHERA 'MARMALADE'

**Heuchera 'Lime Rickey'** PP16210 EU17451

Consistently one of our top 3 selling Heuchera. Lime-green to chartreuse ruffled foliage provide multiseasonal interest in both gardens and mixed containers. This refreshing color is the perfect contrast plant allowing it to play well with others. A vigorous grower which is topped with 1000s of small pure white flowers in spring.

Z 4-9 🌞 🌑 🌿 🌱 🌿 8/18/17

**Heuchera 'Marmalade'** PP15945 EU17452

'Marmalade' stands out with its rich, shiny, undulating foliage ranging in color from umber to deep sienna. Particular notice is paid by all to its hot pink undersides that make this plant shout "Take me home!" Showy in all seasons, this vigorous plant has heavy substance standing up to inclement weather. A great landscape choice which performs well in both sun and shade.

Z 4-9 🌞 🌑 10/18/16

**Heuchera 'Mahogany'** PPAF PVR

Like shiny, rich leather, this ruffled, mahogany red beauty is also a great garden performer. Wonderfully dense, shiny color year round. Foliage changes from spring purple tones to summer red tones. Fabulous in combination containers.

Z 4-9 🌞 🌑 8/16/14

HEUCHERA 'MAHOGANY'

HEUCHERA 'OBSIDIAN'

**Heuchera 'Obsidian'** PP14836 EU15761

The "Black Standard" which does NOT fade, even in full sun. Shiny, broad, rounded leaves like black satin! Its richly colored foliage showcases all other colors in the garden. Vigor and consistent performance under a variety of garden conditions make this a fool-proof choice. Customers have continued to rank 'Obsidian' as one of their TOP 5 selling Heuchera nationwide. Dan saw 'Obsidian' thriving in Birmingham Botanic Gardens in Alabama.

Z 4-9 🌞 🌑 10/16/24

**Heuchera 'Midnight Rose'** PPAF, EU protection as a derived variety (Behnke Nursery)

Hot pink splashes adorn this vigorous growing 'Obsidian' sport. Pink flecks emerge in spring and continue to enlarge and brighten before lightening to cream as the season progresses. Bold, black, and beautiful for sunny locations. This marvelous addition was discovered at Behnke Nursery. A special find!

Z 4-9 🌞 🌑 10/16/24

HEUCHERA 'MIDNIGHT ROSE'

HEUCHERA 'PLUM PUDDING'

HEUCHERA 'PEACH FLAMBE'

HEUCHERA 'PEPPERMINT SPICE'

HEUCHERA 'PARIS'

**Heuchera 'Paris'** PP18881 PVR

As silvered as 'Mint Frost', this free-flowering cousin to 'Hollywood' has striking, white-veiled green leaves that give rise to continuous columns of large, deep rose-colored flowers. Repeat blooms until frost with a single bloom-stem lasting for 2 months. Excellent in containers or the shade border. Lights up the shade garden year round.

Z 4-9 ▶ 🦋 🌿 ✂ 7/14/14

**Heuchera 'Peppermint Spice'** PP18009 PVR

The first Heuchera with the lovely 'Green Spice'-type foliage combined with H. sanguinea-type rose pink flowers. Flowers are shorter than 'Green Spice' but taller than the compact forms, giving a new niche in Heuchera-dom.

Z 4-9 ▶ ● 🦋 🌿 ✂ 8/12/18

**Heuchera 'Peach Flambe'** PP17195 EU20615

Bright peach-colored leaves that literally glow in spring, summer and fall, turning to plum in winter. Large, smooth leaves and flaming red infusions create drama in the garden. The color progression of 'Peach Flambe' thru the year provides multi-seasonal interest as a superb color companion with spring yellows, summer blues, and fall oranges. A vigorous, medium-sized plant that produces white flowers in spring on stems to 16".

Z 4-9 ▶ ● 7/14/16

**Heuchera 'Plum Pudding'** EU3330

Thriving in the heat and humidity of the South, this industry staple is still one of our finest "plums." Tight, compact habit with "beyond burgundy" shiny foliage make this an excellent companion planting for a wide array of colors. Gold medal winner VKC Nieuw, Belgium '96.

Z 4-9 ☀ ▶ 8/16/26

**NEW Heuchera 'Plum Royale'** PPAF PVR

'Plum Royale' is the first Heuchera to have amazing, shiny purple leaves all summer! Combines well with silver foliage like 'Silver Mound' Artemisia. Winter foliage is silver with a purple tint. Attractive pink-white flowers on dark peduncles just above the foliage. Wonderful as an accent or en masse. Present your garden with a new level or "Purplitude".

Z 4-9 ☀ ▶ 6/14/12-20

HEUCHERA 'PURPLE PETTICOATS'

HEUCHERA 'SASHAY' (Winter Shot)

HEUCHERA 'VESUVIUS'

HEUCHERA 'RAVE ON'

HEUCHERA 'VELVET NIGHT'

**Heuchera 'Purple Petticoats'** EU5885

Dark purple frilly foliage, the texture of petticoats, adorns this tough beauty. Placed first for winter foliage at one of the top horticultural shows during one of Holland's toughest winters. Gold medal winner at VKC Nieuw, Belgium '96. Award of Garden Merit winner.

Z 4-9 ☀️ 🌑 12/24/28

**Heuchera 'Rave On'** PPAF PVR

One of our heaviest spring bloomers, producing masses of pink flowers above highly silvered foliage. Excellent in containers, en masse, or as a splendid specimen. A new level of Heuchera breeding with more flowers than any other in our trials.

Z 4-9 ☀️ 🌑 🦋 🐦 ✂️ 8/14/20

**Heuchera 'Sashay'**

This sport of 'Purple Petticoats' has deeply cut, ruffled leaves which are dark green on top contrasted by luscious burgundy below. The unique substance and leaf color provide dramatic interest in both landscapes and containers. Award of Garden Merit winner.

Z 4-9 ☀️ 🌑 8/16/22

**Heuchera 'Velvet Night'**

Our darkest veiled form. 7" plush, slate black leaves, with complex metallic purple overlays. Great with gold Hosta. It has shimmering leaves that are actually velvety to the touch, showing best in part shade.

Z 4-9 🌑 7/17/26

**Heuchera 'Vesuvius'** PP13215 EU11503

Profuse and reblooming spires erupt like fountains of magma over the dark flanks of this hot little number. The flowers of this great garden performer are an orangey red. Bloomed very well in 55% shade.

Z 4-9 ☀️ 🌑 🦋 🐦 ✂️ 7/17/24

HEUCHERA 'SPARKLING BURGUNDY'

HEUCHERA 'SOUTHERN COMFORT'

Over 8" Wide!

**Heuchera 'Sparkling Burgundy'** PP17208 EU20619 (as 'Sparkling Wine' in EU)

Giant 6" burgundy leaves literally glow all spring and summer. Multi-seasonal interest begins with bright rose burgundy spring foliage and clean white flowers followed by leaf colors that become orange and white veiled as the season progresses to a final summer color of veiled burgundy and olive tones. The evergreen leaves darken in winter to a rich wine-red. Forms a medium sized mound that is great in the landscape or in containers.

Z 4-9 🌑 ● 🦋 🐦 12/18/20

**Heuchera 'Southern Comfort'** PPAF PVR

Huge cinnamon-peach leaves and a lush habit. This plant makes a bold foliage statement like a Hosta (but evergreen). Creamy white flowers erupt in late summer. Foliage color changes from cinnamon peach to burnished copper to amber. Bred to do well in Southern humidity, the Midwest, the Northeast or in the Northwest. The second of our Southern Bells™ series is nice "on the rocks."

Z 4-9 🌑 ● 14/14/22

HEUCHERELLA 'ALABAMA SUNRISE'

HEUCHERELLA 'BURNISHED BRONZE'

## x Heucherella (Foamy Bells)

x Heucherella (HEW-ker-ella) are intergeneric hybrids between Heuchera and Tiarella. All forms are sterile and are thus profuse and repeat bloomers with starry, intermediate flowers.

*Grower Note: Do not overfertilize this group. It's very common to do so after flowering, but entirely unnecessary. Use good drainage and more sun than you think would be prudent. Overall, they are more like Heuchera than Tiarella in culture. Some do better in Southern heat and high humidity than most Heuchera!*

### x Heucherella 'Alabama Sunrise' PPAF PVR

Changes color with the seasons! The deeply cut foliage, in spring to mid summer, is gold with red veins. In late summer, the leaves go to green with red veins. In fall, the older foliage turns orange pink. Small white flowers. A *H. villosa* hybrid therefore heat and humidity tolerant.

Z 4-9 🌞 ● 12/20/20

### x Heucherella 'Burnished Bronze' PP12159 EU13528

This has large cut leaves with a glossy, burnished bronze finish. Top this off with starry, soft pink flowers on branched stalks and you have an amazing plant. Flowering repeats in the summer as well. One of Dan's favorites!

Z 4-9 🌞 🌞 8/14/18

### x Heucherella 'Dayglow Pink' PP12164 EU11469

Blooming with hundreds of branched, brilliant pink flower stalks, this hybrid stunned us from day one. The greatest thrill in hybridizing is to hit a color breakthrough. 'Dayglow Pink' comes through with flying colors. Leaves are cut with a chocolate inlay.

Z 4-9 🌞 🌞 🌞 7/14/16

### x Heucherella 'Kimono' PP12154 EU13668

'Kimono' has indescribable ornamentation of silvers, purples, and greens! The narrow, deeply dissected foliage with a dark chocolate center stripe are topped by summer blooms of creamy white. Tony Avent of Plant Delights was simply blown

### HEUCHERELLA 'TAPESTRY'

www.terranovanurseries.com | 800.215.9450

### x Heucherella 'Sunsport'

PP14825 EU20554

away with this plant and reports that 'Kimono' thrives in his southern garden. Killer metallic-rose winter color. Winner of the Medaille d'Argent in France in 2003 and an Award of Garden Merit.

Z 4-9 🌞 🌞 12/20/20

### x Heucherella 'Stoplight' PP16835 EU20613

Large 4" screaming yellow and red centered spring leaves have shot this vigorous selection to the top of our Best Sellers list. Striking leaf coloration continues to intensify as leaves mature. The texture and colorful foliage of 'Stoplight' allows it to combine with red flowering annuals and perennials for multi-seasonal interest. Creates a focal point anywhere it is planted. Short, white flowers are produced in spring.

Z 4-9 🌞 6/14/16

### HEUCHERELLA 'STOPLIGHT'

Feast your eyes on this brilliant new form of 'Dayglow Pink' with electric yellow foliage and wine-red center patches. Blooms heavily with dozens of flamingo pink flowers adding to any spring color display. Foliage color softens to a pleasant buff for summer long interest.

Z 4-9 🌞 🌞 5/12/16

### NEW x Heucherella 'Tapestry'

PPAF PVR

Stunning multicolored and veiled foliage with free flowering stems of warm pink flowers. The dark-centered leaves are colored blue green in spring and summer and change to green with dark centers in fall and winter. Needs good drainage.

Z 4-9 🌞 🌞 🌞 7/16/20

HEUCHERELLA 'SUNSPORT'

HEUCHERELLA 'DAYGLOW PINK'

MUKDENIA 'CRIMSON FANS'

**Ligularia 'Britt-Marie Crawford'** PP16113 EU12794 (Crawford)

(Black Groundsel) Giant 12" leaves of glossy black create mirrors in the garden. This darkest Ligularia to date exhibits extreme vigor providing a dramatic backdrop for infinite color combinations. Daisy-like flowers of golden orange emerge in late summer. Create a tropical mood with this hardy "must have" perennial.

Z 4-9 ☀ 🌑 🌿 ✂️ 🌧️ 16-36/16-36/45-60

**Lobelia cardinalis 'Golden Torch'** PPAF (Horvath)

(Golden cardinal flower) A fabulous combination of gold foliage and bright red flowers discovered by Brent Horvath of Intrinsic Perennial Gardens. In spring and early summer the bright gold foliage stands out in direct contrast to the brilliant scarlet two-lipped flowers which emerge from July to September. Great for moist spots.

Z 3-9 ☀ 🌑 🌿 ✂️ 🌧️ 12/15/24-30

LOBELIA 'GRAPE KNEE-HI'

LOBELIA 'MONET MOMENT'

LIGULARIA 'BRITT-MARIE CRAWFORD'

**Lobelia 'Grape Knee-Hi'** PP13264

(Cardinal Flower) By backcrossing to an extremely dwarf form of the very hardy Lobelia siphilitica, we've come up with a true dwarf cardinal flower with deep, purple flowers. Not only is this plant dwarf, it's also sterile! This prolongs the bloom time.

Z 6-9 ☀ 🌑 🌿 ✂️ 🌧️ 22/15/25

**Lobelia 'Monet Moment'** (Maness)

(Cardinal Flower) We were amazed by two of this plant's traits - immense flower size, and MASSES of flowers. The vigor of this plant is extraordinary. If Monet ever had "a moment" it would be reflected in this gorgeous rose pink beauty from Thurman Maness.

Z 4-9 ☀ 🌑 🌿 ✂️ 🌧️ 20/16/36

**Mukdenia rossii 'Crimson Fans'** (syn. 'Karasuba')

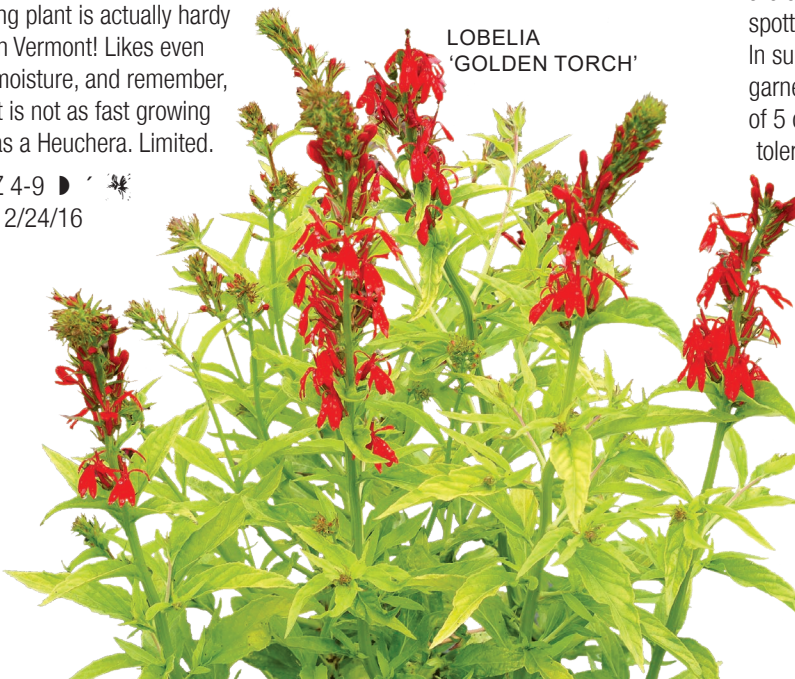

Mukdenia is a very hardy, deciduous Heuchera relative from China. This form has large maple-like leaves, which emerge green then age (after flowering) to mid-green splashed with bright red. Foliage remains red all summer. Numerous white, bell-shaped flowers are held in branched panicles for several weeks from February to April. Can be used as a groundcover or specimen in part shade.

This stunning plant is actually hardy

in Vermont! Likes even moisture, and remember, it is not as fast growing as a Heuchera. Limited.

Z 4-9 🌑 🌿 ✂️ 12/24/16

LOBELIA 'GOLDEN TORCH'

PODOPHYLLUM 'SPOTTY DOTTY'

PHILODENDRON 'PINK PRINCESS'

**Penstemon 'Dark Towers'** PPAF PVR (Lindgren)

Glossy bronze-red foliage is topped with masses of pink flowers in July and August. Compared to 'Husker's Red' this beauty has much darker foliage which stays darker. Dale Lindgren of University of Nebraska created this dark leaf ultra-hardy, pink flowering form. A tough, carefree plant which tolerates high heat and humidity. A perfect dark background plant for the border.

Z 3-8 ☀ 🌑 33/30/36

**Philodendron 'Pink Princess'**

(Philodendron) An unusual black leaf Philodendron with hot pink variegation! We believe this wonderful foliage plant is an Australian hybrid. Good light is needed for the maximum variegation/pink shades. No special care is needed except moderate light and home conditions.

Z 10-13 🌑 🌑 ∞ 🪴 48/25/6-48

**Podophyllum 'Spotty Dotty'** PP17361 PVR

(Asian Mayapple) This brilliant hybrid of several Asian Mayapples boasts large, VIGOROUS, lobed umbrella shaped leaves. Leaves are chartreuse with dramatic and bizarre chocolate-brown spotting throughout the spring. Like nothing you've ever seen! In summer, the leaves are green with lightly spotted areas. Huge garnet-colored flowers are found under the leaves in clusters of 5 or more. This form was selected for its coloring, more frost tolerance, vigor, and rhizomatous habit. All Podophyllum prefer shade, moist, and cool, well composted soil. Avoid drought stress. Protect from hard frosts in spring. Loves organic fertilizer or compost tea.

Z 6-9 🌑 🌑 18/24-36/17

**Polemonium caeruleum 'Snow and Sapphires'** PP13441 (McDonald)

(Variegated Jacob's ladder) Clean white variegation surrounds the larger fern-like leaflets. The foliage mound gives up sky-blue flowers whose fragrance can be enjoyed from 3-5 feet away. Deadheading can encourage rebloom. It has rebloomed 3 times here with deadheading. Vigorous and long-lived.

Z 3-9 ☀ 🌑 🌿 ✂️ 10/16/19

PENSTEMON 'DARK TOWERS'

**Polystichum sp. 'Shiny Holly'** (syn. 'Spiny Holly') (Jones)

(Shiny Holly Fern) This collected evergreen fern has a wonderful, clean, shiny look, and plastic-like texture. Deep green foliage year round looks great in the fall, winter and in spring with early bulbs. The emerging fronds are also a sight with huge coppery scales unfurling. From Judith Jones at Fancy Fronds. Easy to grow and use in the woodland garden or containers for long lasting beauty.

Z 6-9 🌑 12/12-18/NA

**Primula 'Green Lace'** (Tuffin)

(Green Lace primrose) Large clusters of yellow eyed, green frilled flowers that last for months on the plant. We've brought this back because we can't believe how often and how long it blooms in the garden. You ask for the unusual hardy plants? You got 'em! The neat foliage is good in containers. Sandra Tuffin, who bred it, sent us this beauty years ago. Similar to 'Francisca' except longer blooming and with a better habit.

Z 5-9 🌑 🌑 ✂️ 3/9/9

PRIMULA 'GREEN LACE'

POLYSTICHUM 'SHINY HOLLY FERN'

POLEMONIUM 'SNOW AND SAPPHIRES'

PULMONARIA 'HIGH CONTRAST'

PULMONARIA 'VICTORIAN BROOCH'  
PULMONARIA 'MOONSHINE'

PULMONARIA 'EXCALIBUR'

## Pulmonaria

Terra Nova Pulmonaria breeding has focused on vigor, flower size, color, plant habit, and mildew-resistance. Being one of the earliest perennials to bloom, they combine wonderfully with spring bulbs, Dicentra, and Corydalis.

**Pulmonaria 'Bubble Gum'** PP14086 EU16876  
(was also sold as 'Sunset')

True pink has been elusive in the Lungwort world. 'Pierre's Pure Pink' ain't, and most others have a salmon or coral effect. 'Bubble Gum' fills this gap. Dense, upright flowering habit and silver spotted leaves develop into a compact, mounding form. Mildew resistant.

Z 4-9 D ● 🌱 🌱 14/12/16

**Pulmonaria 'Cotton Cool'**

This long-blooming English introduction sports attractive upright leaves that are entirely silvered. We looked at 'Majeste' and 'Cotton Cool' in our trials and of the two, 'Cotton Cool' never mildewed. Good blue flowers appear in April in clusters of smaller flowers. A cool addition to shady areas but will take morning sun. Combine with Heuchera. Cool, daddy-o!

Z 4-9 D 🌱 🌱 12/19/14

**Pulmonaria 'Dark Vader'** PP12333 EU11550

A fine, mildew resistant plant with a super strong habit. Silver spotting and pink to dark blue flowers adorn this plant. This is one of Dan's favorites.

Z 4-9 D 🌱 🌱 10/19/11

PULMONARIA 'BUBBLE GUM'

PULMONARIA 'DARK VADER'

**Pulmonaria 'Excalibur'** PP8958

Shiny silver leaves edged in dark green give rise to spring masses of purplish-blue flowers held tightly against the foliage in spring. Extremely mildew-resistant (see winter 2001 PPA journal). A great shade & woodland garden plant with a proven track record.

Z 4-9 D 🌱 🌱 9/20/9

**Pulmonaria 'High Contrast'**  
PP12337 EU11566

'High Contrast' has brilliantly contrasting foliage and one of the best track records of all of our Pulmonaria in the hot summers of the Midwest and South. Large pink flowers fade to blue over mildew resistant foliage. Nice mounding habit. Wavy, spear-shaped leaves are dark green, infused with melting silver.

Z 4-9 D 🌱 🌱 9/18/9

**Pulmonaria longifolia ssp. cevennensis**

This superb landscape Pulmonaria has the best of both worlds. Long, silver, spear-shaped 26" leaves are highly mildew resistant and provide the perfect backdrop for an extended floral show. Large, midnight-blue flowers are wider than the typical longifolia

PULMONARIA CEVENNENSIS

species. The PPA gave this subspecies from the Cevennes (a region in France), the highest mildew resistance rating in their trials.

Z 4-9 D 🌱 🌱 18/24/12

**Pulmonaria 'Milky Way'**

This plant offers the stellar combination of lance-shaped, heavily spotted leaves and pink-wine blooms that fade to blue. Strong spotted leaves are of mildew-resistant P. 'Margery Fish' heritage. Tony Avent of Plant Delights Nursery feels it's the best form for the south.

Z 4-9 D 🌱 🌱 12/15/15

**Pulmonaria 'Moonshine'**  
PP13686 EU14325

Our flashiest Pulmonaria with great garden vigor, compact growth habit, and mildew resistance. Shimmering silver-white leaves are rounded with a thin edge of darkest green. Heat and humidity tolerance make it a good choice for the South. One of the favorites of the entire Terra Nova breeding team! Small, pale, blue-white flowers.

Z 4-9 D ● 🌱 🌱 15/20/10

**Pulmonaria 'Raspberry Splash'**  
PP12138 EU11545

Very profuse flowering on this sun tolerant hybrid. Dusky raspberry-coral flowers arrive in early spring to herald the strongly silver-marked, sharply pointed, very upright

PULMONARIA 'MILKY WAY'

foliage. P. longifolia breeding. John Walters was captivated with this plant when he first saw it.

Z 4-9 ☀ D 🌱 🌱 12/25/13

**Pulmonaria 'Silver Shimmers'**  
PP13290 EU14322

This Pulmonaria has large, and undulating silvered leaves on a low plant. The steel-blue flowers are some of the largest of any cultivar we carry. Mildew resistant.

Z 4-9 D ● 🌱 🌱 8/18/9

**Pulmonaria 'Trevi Fountain'** PP13047

This superb, brightly silver-spotted beauty will give rise to profuse clusters of large cobalt-blue flowers in spring. A stunner! We feel it is our best, true dark-blue and grows into a magnificent landscape specimen. The roots of this plant are in P. longifolia, the best form for the south, according to John Elsley, the botanical brains of Song Sparrow Farms.

Z 4-9 ☀ D 🌱 🌱 11/25/12

**Pulmonaria 'Victorian Brooch'**  
PP11234 EU9811

One of the longest blooming of all Pulmonaria with masses of out-facing magenta-coral flowers that pop against the attractive, long, silver-spotted foliage. Victorian Brooch bloomed for over 10 weeks in our Oregon garden. Mildew resistant.

Z 4-9 ☀ D 🌱 🌱 12/20/8

PULMONARIA 'COTTON COOL'

PULMONARIA 'RASPBERRY SPLASH'

PULMONARIA 'SILVERSHIMMERS'

PULMONARIA 'TREVI FOUNTAIN'

SCABIOSA 'VIVID VIOLET'  
SISYRINCHIUM 'DEVON SKIES'

**Rudbeckia subtomentosum 'Henry Eilers'** (Lowman)

(Quilled sweet coneflower) Charming blooms of unusual gold quilled petals highlighted by chocolate-brown button centers. Good for cut flowers. A narrow upright grower which makes a great specimen in the back of the border. Very appealing in the late summer. Introduced by Larry Lowman of Ridgecrest Nursery.

Z 4-8 ☀️ 🦋 ✂️ 48/24/60

**Scabiosa 'Vivid Violet'** PPAF PVR

(Hybrid pincushion flower) Large, vivid violet pincushion flowers set atop low mounds of mildew resistance frilly foliage. Very heavy flowering and will bloom continuously from late spring to frost. Vigorous grower!

Z 4-9 ☀️ 🦋 ✂️ 11/18/15

**Sedum** (Stonecrop)

New breeding has yielded a great new group of cultivars which are more compact and less likely to do the Sedum "fall apart" swan song in mid-season. The flower masses are truly a sight to be seen, many times covering the foliage entirely.

*Grower Note: All Sedum are sensitive to chemical applications and require good drainage and low fertility (reduced N levels).*

**Sedum 'Cloud Walker'** PP17406 EU20562

'Cloud Walker' beautifully combines large mauve blooms and dark tinted foliage. A S. spectabile hybrid with vase shaped, open branching habit that creates a new look in blooming hybrid Sedum. The 6-8" airy flower clusters are layered in patterns reminiscent of clouds.

Z 4-9 ☀️ 🦋 15/16-24/17

🦋 = Butterfly 🐝 = Hummingbird  
🌿 = Japanese Origin ∞ = Tropicalismo  
🏠 = House Plant 🦌 = Deer Resistant

**Sedum spectabile 'Hot Stuff'**

PP17212

The shortest S. spectabile on the market! This seedling of 'Brilliant' bloodlines forms a tight 10" mound of foliage covered by domes of bright pink flower heads!

Z 4-9 ☀️ 🦋 10/14/12

**Sedum 'Mr. Goodbud'** PP17671 EU20629

This dusky new S. spectabile hybrid has tight foliage and strongly contrasting colors between its light buds and dark mauve flowers. Richer tones and better foliage than S. 'Brilliant'. Upright habit and short stature. Dan's favorite of this trio. Won an AGM (Award of Garden Merit) from the RHS in 2006.

Z 4-9 ☀️ 🦋 15/14/17

**Sisyrinchium 'Devon Skies'**

(Blue eyed grass) This showy, grass-like clumper is covered with dozens of large, sky-blue flowers for weeks in midsummer atop deer resistant foliage. It blooms all summer in the NE and South tolerating heat, humidity, poor soils, and drought as long it has good drainage. Super in the rock garden or front of the border. (It's sterile too!).

Z 7-10 ☀️ 🐝 4/10/6

**Stokesia laevis 'Purple Pixie'** PPAF PVR

(Stoke's Aster) The first dwarf Stoke's Aster! Large violet blue flowers emerge over a plant with a short, compact habit combine to a form that doesn't open up (fall apart) with maturity. Blooms in early July with sporadic rebloom. Also grows great in high heat and humidity.

Z 5-8 ☀️ 🐝 9/14/11

**Thalictrum sp. 'Black Stockings'**

(Meadow Rue) This tall beauty has long, nearly black stems, contrasting green leaves and is topped by fluffy lavender pink flowers in large flat-topped corymbs. Very showy for the back of the border. Needs to be vernalized to bloom. One of the top 30 Best Sellers for 2007 from Plant Delights Nursery.

TIARELLA 'MYSTIC MIST'

TIARELLA 'CROW FEATHER'

## Tiarella (Foam Flowers)

This genus is indispensable in the woodland/shade garden. These shade loving groundcovers thrive in moderately moist, humus rich soils. Tiarellas have many great attributes; evergreen foliage (in the NW), winter color, fragrant spring flowers, and attractively marked and shaped leaves.

### **Tiarella 'Candy Striper'** PP15528

Lush green leaves sport a dark stippled stripe down each leaf lobe. Its mounding habit, huge leaf size, pink flower buds, and white, foamy flowers are tantalizing. Possibly our largest foamflower, Candy Striper combines strikingly with Athyrium 'Burgundy Lace' and Pulmonaria.

Z 4-9    ► ● ☞ ✂ ♀ 10/16/14

### **Tiarella 'Crow Feather'** PP12335 EU13663

Bright green leaves, cut, and deeply marked with a black feather. Probably the best winter color of ALL Tiarella - simply stunning with a brocade of pinks, reds, purples, and blacks. A strong grower with a mounding habit and bright pink spring flowers.

Z 4-9    ► ● ☞ ✂ ♀ 8/11/12

### **Tiarella 'Iron Butterfly'** PP12396 EU9848

Large, fragrant flowers, striking, contrasting, cut foliage, and beautiful plant form combine into what is one of the most widely distributed Tiarella in the world. Dan saw this blooming in Chicago in mid-October! Winner of a Silver Award at Plantarium in Holland '00.

Z 4-9    ► ● ☞ ✂ ♀ 8/11/16

### **Tiarella 'Jeepers Creepers'** PP13437 EU11504

Most running forms of Tiarella are blasé; they run too fast, and their flowers are often insipid. 'Jeepers Creepers' is the answer: Bold, well marked foliage, creeping (not running) habit and large white flowers. It has one of the best winter contrasts of all of our foamflowers.

Z 4-9    ► ● ☞ ✂ ♀ 7/24/12

### **NEW Tiarella 'Mystic Mist'** PPAF PVR

Bred for vigor, this new beautiful Tiarella is variegated and colorful. 'Mystic Mist' has bright green leaves with white speckled variegation and prominent red veins all year. Blooms in spring are white foam flowers. Fall color has striking pink tones. Fast growing clumping habit. Needs good drainage.

Z 4-9    ► ● ☞ ✂ ♀ 5/11/9

TIARELLA 'CANDY STRIPER'

### **Tiarella 'Neon Lights'** PP13289 EU13669

The blackest, black centered, palmate-cut leaves are edged with contrasting neon-green in spring and topped with large white flowers. This huge leaved cultivar glowed in our trials and has earned respect at the retail front.

Z 4-9    ► ● ☞ ✂ ♀ 8/22/16

### **Tiarella 'Pink Skyrocket'** PP13382 EU13697

Our BEST pink flowering Tiarella! One of our wild outcrosses shot up with this sparkling salute. Explosive heads of shrimp pink are held above the marvelously cut and marked foliage. This is a new flower form for the genus. Fall color in full sun is burnished bronze and in shade is deep shiny black. One of the top 25 Best Sellers for 2007 from Plant Delights Nursery.

Z 4-9    ► ● ☞ ✂ ♀ 6/12/11

### **Tiarella 'Pirate's Patch'** PP14907 EU17429

Broad, uncut leaves with a patch as dark as a pirate's heart. A breakthrough plant with outstanding habit with its low, creeping stems. Over 250 flower spikes (a record) on a mature plant make this Ken's favorite foamflower. Good bronze fall color.

Z 4-9    ► ● ☞ ✂ ♀ 5/16/10

### **Tiarella 'Spring Symphony'** PP12397 EU9847

A smooth melody of compact foliage with leaves "painted" with black along the mid-rib. Profuse, light pink flowers reach their crescendo in mid-spring.

Z 4-9    ► ● ☞ ✂ ♀ 7/10/10

### **Tiarella 'Sugar and Spice'** P16738 EU20614

This plant is everything nice, and it IS Dan's very favorite Tiarella in the whooooole world! Dramatic, lacy leaves with painted, heavily marked centers are seen in summer to winter. Lightly fragrant, spring flowers are uniquely "frosted with pink with a white interior," says Ken. The shiny leaves appear to be lacquered and look fabulous all year here at the nursery.

Z 4-9    ► ● ☞ ✂ ♀ 8/12-24/13

TIARELLA 'SPRING SYMPHONY'

VERONICA 'HEARTTHROB'

**Veronica prostrata 'Aztec Gold'** PP13354 EU13144

(Golden Speedwell) Brilliant gold foliage spreads in congested mats and is complimented by rich blue flowers in May. This versatile groundcover works well in mixed containers, hanging baskets, over walls, etc. Great to contrast with our top selling black leaved Heuchera 'Obsidian' and our variegated Silene 'Valley High'. Foliage goes chartreuse in partial shade, which is still very nice!

Z 3-9 ☀ 🌿 ✂ 🌧 3/18/8

**Viola 'Heartthrob'** PPAF PVR

(Perennial violet) Your eyes won't believe these bold leaves with a strongly contrasting deep burgundy splash. Wonderful foliage plant. Strong textured leaves set off lavender flowers in the early spring. Attractive in containers, the front of the border, or as a ground cover.

Z 5-9 🌿 🌧 18/12/7

**Xanthosoma mafaffa 'Lime Zinger'**

(Golden Elephant Ears) Wow! These leaves are stunning! Imagine huge lime green-colored elephant ears held upright. A tropical plant to complement Colocasias 'Black Magic'. Use in containers as an accent. Grows to 4 feet or more.

Z 10 ● 🌿 ∞ 🌧 48/36/12

**XANTHOSOMA 'LIME ZINGER'**

**Yucca filamentosa 'Color Guard'**

Tantalizing tufts of yellow centered foliage make a great addition to the garden. Awesome coral winter color along the stripes. Growth is superior to other clones of Yucca filamentosa. Creamy white, fragrant flowers on large spikes.

Z 4-9 ☀ 🌿 ✂ 🌧 20/24/48

**Yucca rostrata 'Sapphire Skies'** (Cistus)

(Blue beaked Yucca) Elegant, short leaf selection, with gorgeous powder blue-colored leaves which hold their color year-round. Over the years it will form an upright, unbranched tree with a stout trunk to about 4'. The hardiest of the trunk forming Yucca. Another rare and exciting plant find brought to us from our friends at Cistus Nursery, Sean Hogan and Parker Sanderson. Prefers alkaline soil and needs excellent drainage.

Z 5-9 (if winter dry and with wind protection) ☀ 🌿 ✂ 🌧 16/16/36

**Zantedeschia 'Edge of Night'** PP14926 (syn. Z. 'Dark Star') (Sande)

(Calla Lily) The dramatic richly colored 3" flowers resemble black velvet and add a new dimension to this popular group of plants. Black edges outline the glossy green, silver-flecked leaves and provide the perfect backdrop for the floral display!

'Edge of Night' has a multitude of uses including mixed containers and garden plantings. In colder regions of the country, 'Edge of Night' can also be moved indoors for winter-long enjoyment.

One of Europe's most popular cut flowers comes to American gardeners via Terra Nova Nurseries!

Z 7-10 ☀ 🌿 ✂ 28/12/30

Echinacea

'TIKI TORCH'

'TOMATO SOUP'

'PINK POODLE'

- A great American native.
- Tolerant of terrible heat and humidity.
- Amazing rich, saturated colors.
- The absolute best habits on the market.
- E. 'Pink Poodle' exhibits a fantastic, full zinnia-like appearance.

Coreopsis

'AUTUMN BLUSH'

'PINWHEEL'

'SNOWBERRY'

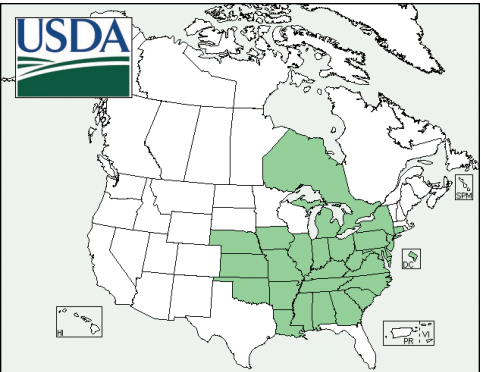

- Bred for hundreds and hundreds of flowers per plant.
- Among the most easy garden flowers.
- Introduce a novice to one our Coreopsis, and you'll have a gardener for life.
- A classic plant with the Terra Nova Twist.

Heuchera Breeding

Our Heuchera varieties thrive in all conditions

Bred from carefully selected forms in North America, our pioneer breeding efforts are often copied. Terra Nova still brings the best of the best to the market, with the most testing and history behind each variety. Every year, thousands and thousands of seedlings are evaluated. Our worldwide network of test gardens ensures success in the global market. Here's proof that we cover more range in our breeding than anyone!

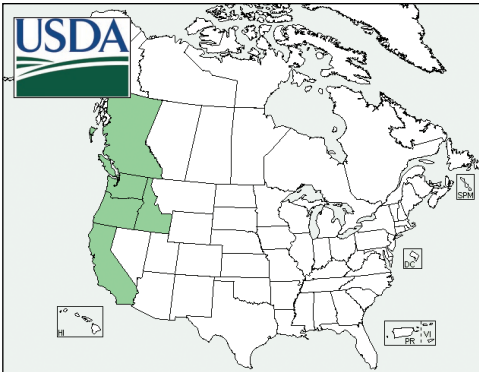

americana

villosa

micrantha

- **H. americana** - Takes extremes of heat and cold. A durable beauty forms a great habit and fascinating leaf patterns.
- **H. villosa** - The heat seeking missile. Grows in a wide variety of climates. Takes humidity very well.
- **H. micrantha** - We owe every ruffle and curl to this species. Our selected forms are amazing. This West coast native imparts the best moisture tolerance.
- **H. cylindrica** - Compact wand flowers and habit. Imparts ability to survive harsh temperature extremes and drying winds.
- **H. sanguinea** - Drought and heat tolerant beyond belief. We owe our superb flower color range to this New Mexican native.
- **H. rubescens** - Native to some of the toughest climates around; this compact, pink flowered beauty is from Texas and Utah.

Breeder Breakthroughs

Heucherella

'STOPLIGHT'

- A blend two of the best garden perennials.
- Great for sun and shade borders, beds, and containers.
- No pollen, no allergies!
- Hybrid vigor, rock hardness
- Great, long lasting flowers.
- The most advanced breeding in the world.

'ALABAMA SUNRISE'

'TAPESTRY'

Helleborus

'GOLDEN LOTUS'

- Clear, bright colors that redefine Hellebore flowers.
- Vigorous, hardy plants that thrive in inclement weather.
- Exquisite doubles that rival camellia flowers.
- Clean, disease resistant foliage is appealing far longer than other varieties.

'SPLASHDOWN'

'REGAL RUFFLES'

cylindrica

sanguinea

rubescens

Ajuga 'Toffee Chip'

KEY TO SYMBOLS

PPAF = US Plant Patent applied for or pending

PP# = US plant patent number

PVR = European plant variety rights pending

EU# = European plant variety rights number

R = Royalty paid to breeder/originator

☀ = Full sun

☀ / ► = Full sun to part or morning shade

► / ● = Part shade to full shade or morning sun

► = Part shade or morning sun

● = Shade or filtered light required

GC = Ground cover, spreading plant

🦌 = Deer resistant

DT = Drought tolerant

🦋 = Fragrant

W = Winter color

FOOTNOTES

- **Zone** - Minimum USDA zone for mature, established plants
- **Exposure** - For acclimated mature, established plants
- **Deer resistant** - They fare better than others. No plant is deer proof
- **Drought tolerant** - Tolerate summer low water use
- **Bloom time** - Month of bloom for mature, vernalized plants in Oregon
- **Finish time** - From 72 (or 30) cell:
  - **S** = Slow (9-12 weeks)
  - **M** = Medium (6-8 weeks)
  - **F** = Fast (4-6 weeks)

Sales Team

Shipping

We ship globally 12 months of the year

**DOMESTIC** - We ship materials using the most cost effective local carrier. An alternate carrier may be recommended; however, use of this carrier will be dependent on the size of the order and approval by sales and shipping. We may ship dormant plants September – April. All plants requiring special care will be marked with a “GROWER ALERT” label, corresponding to instructions enclosed in the box. Additional shipping charges may include:

- Boxing charge \$5.50 per box. Boxes hold up to 4 flats.
- \$45.00 certification fee for all grass orders shipping to California.

**INTERNATIONAL** - A customs broker must be selected and contact information provided at the time an order is placed. All orders must consist of full flats of plant material. We ship F.O.B. Canby, OR. Should your order be damaged in transit or held at a border, Terra Nova is not to be held responsible. Additional fees incurred in shipping:

- Boxing charge \$5.50 per box. Boxes hold up to 4 flats.
- Oregon Phytosanitary Certificate fee: \$15.00
- Canada and European Union International fee: \$25.00
- Japan International fee: \$45.00
- Chemical application fee (if required): \$45.00

At this time a chemical treatment is not required by the Canadian Food Inspection Agency. If an import permit is required, it is the responsibility of the customer to obtain one and provide a copy before an order ships. The global Home Land Security policies have had a dramatic impact on Import/Export fees. As an alternative to ordering direct from Terra Nova, please visit our website for a broker or distributor in a country near you.

We reserve the right to change prices at any time.  
Plants are in flats of 72 unless noted. Please order in multiples thereof.

# Ordering Info

**ORDERING:** Place your orders by fax, phone or e-mail.

- Minimum order of one flat.
- We are wholesale only and do not have the ability to accommodate orders that do not meet our minimums.
- Please allow at least a 9-month lead-time on custom/large orders.
- Large orders may require a 30% down payment and an additional 30% payment 30 days prior to shipping, the remaining balance due within the terms on the invoice.
- Our goal is to ship the majority of your plants at the same time, but all plants are not created equal and do not grow at the same rate. Our apologies if your ship dates are spread out.
- It is our policy to back order all material unavailable at the time of shipment unless specifically stated on your order, by you, that you do not wish to have items back ordered. Each time materials are shipped; new boxing and shipping charges are incurred.
- Tags automatically ship with patented items. Request tags at the time of ordering for non-patented plants. Tags are 7¢ each.

**DORMANT PLANTS:** If you are ordering plants to ship between September and April you may receive dormant plant material. These flats will be clearly marked with “Grower Alert” tags with special instructions. More information about the care and handling of dormant material can be found on our website [www.terravanurseries.com](http://www.terravanurseries.com) or by calling our Sales Department at 800-215-9450.

**PRICES:** We reserve the right to change our prices at anytime.

**TERMS:** All accounts will be cash in advance until credit is approved.

- Visa/MasterCard are accepted. Please phone or fax this information.
- Open accounts are payable within the terms stated upon each invoice. A finance charge of 1.5% per month is added to all account balances not paid within the terms.
- We reserve the rights to suspend credit and delay any and all shipments if conditions of account are not met.
- We reserve the right to change the terms of any account at any time for any reason
- Accounts with a balance of over 90 days will become cash only unconditionally.
- Returned checks are subject to a \$25 fee.
- There is a fee for any wired funds, foreign or domestic.
- All orders must be paid in U.S. funds.

**RESTOCK/CANCELLATION POLICY:** Customers receiving Quantity Discounts who then cancel orders within the customer provided delivery window will be required to pay back any discount received if the partial shipment falls below the required quantity amount.

- Customers canceling large orders of 1440 plants or more within two weeks prior to ship date will be required to pay a cancellation fee of 50% of the order cancelled.

**CURRENT AVAILABILITY:** Call or e-mail your sales rep to be added to our batch e-mail and fax lists to receive the most up-to-date availability. This information is

sent out and posted to our website [www.terravanurseries.com](http://www.terravanurseries.com) weekly.

**DOMESTIC SHIPPING:** We ship materials using the most cost effective local carrier. An alternate carrier may be recommended; however, use of this carrier will be dependent on the size of the order and approval by sales and shipping. We may ship dormant plants September – April. All plants requiring special care will be marked with a “GROWER ALERT” label, corresponding to instructions enclosed in the box. Additional shipping charges may include:

- Boxing charge \$5.50 per box. Boxes hold up to 4 flats.
- \$45.00 certification fee for all grass orders shipping to California.

**WILL CALL:** Please coordinate all Will Call orders with the Shipping Department (call 800-215-9450 x 331 to make an appointment). Will Call hours are Wednesday – Friday from 7:30am – 3:00pm, we are closed Saturdays and Sundays. All Will Call orders not picked up within the designated time frame will be charged a restocking fee of 15%.

**INTERNATIONAL SHIPPING:** A customs broker must be selected and contact information provided at the time an order is placed. All orders must consist of full flats of plant material. We ship F.O.B. Canby, OR. Should your order be damaged in transit or held at a border, Terra Nova is not to be held responsible. Additional fees incurred in shipping:

- Boxing charge \$5.50 per box. Boxes hold up to 4 flats.
- Oregon Phytosanitary Certificate fee: \$15.00
- Canada and European Union International fee: \$25.00
- Japan International fee: \$45.00
- Chemical application fee (if required): \$45.00

At this time a chemical treatment is not required by the Canadian Food Inspection Agency. If an import permit is required, it is the responsibility of the customer to obtain one and provide a copy before an order ships. The global Home Land Security policies have had a dramatic impact on Import/Export fees. As an alternative to ordering direct from Terra Nova, please visit our website for a broker or distributor in a country near you.

**PATENTS:** Unauthorized propagation of varieties that are patented is strictly prohibited. These varieties are identified by PP or PVR (European Patent) If you are found to be propagating such material, you will be expected to destroy your stock and pay a punitive fee.

**CLAIMS:** Terra Nova Nurseries is committed to shipping the very best quality plants by the most efficient methods available. Our goal is to meet this objective with every order. All claims must be phoned in within 72 hours of receipt of shipment followed by a written notification of concerns and specific details on your company letterhead for our records. Providing photographs with your request for a credit will help speed the process and may ultimately be necessary to finalize the claim.

- Immediate notification is necessary for orders damaged in transit.
- We will help you with any paperwork necessary to file a carrier claim.
- Grower culture sheets are posted on our website and our sales and production teams are available to assist with growing questions. Your success is our future.

**GUIDED TOURS:** Contact the Sales Department to arrange tours.

**NURSERY SITE ADDRESS:** 10051 S. Macksburg Rd., Canby, OR 97013

**PAYMENT REMITTANCE ADDRESS:** PO Box 5037-256, Portland, OR 97208

### Volume Discount Program

This is based on previous calendar years sales. Customers whose accounts fall delinquent past their established terms will forfeit their right to participate in our discount program.

\$6,000 – 11,000 . . . 2%

\$11,001 – 16,000 . . . 3%

\$16,001 – 25,000 . . . 5%

\$25,001 – 40,000 . . . 8%

\$40,001 – 60,000 . . . 10%

\$60,001 – 85,000 . . . 15%

\$85,001 + . . . 20%

All invoice totals will be applied towards the total calendar year end volume and will count to determine the coming year's volume discount. We reserve the right to discontinue this program.
