

TERRA NOVA
NURSERIES, INC.
2011 Spring Catalog

PASSION and PRIDE: There is a word being bandied about at Garden Writer conferences, trade shows, and hort-conferences; that word is PASSION. I see it in our breeders’ eyes when they present a breakthrough plant like a new baby. I see it in our sales and marketing staff who know that our plants are the best horticulture has to offer. I also see PRIDE our production and shipping crews take in the quality plants they send out to the world.

Never in Terra Nova®’s history have we developed such an assortment of new strategic partners: new labs, new rooting stations, and international expansion. Our unrooted cutting program (URC) is gaining traction here as well as in Europe. In spite of the maelstrom of economic woes, we are doing well. We are investing in infrastructure, like improvements suggested by lean-flow production which produces fresher plants with less waste and less energy cost. We are constantly upgrading our communications and graphics connections. Never before has it been easier to access a plant’s full cultural needs and photography for catalogs or websites than now. We’re proud of all of our teams!

You might ask why we show gallon pots in the catalog. Truth in advertising. We grew these plants during the darkest winter we can remember, without any PGRs. Growers can then see what can be expected through good breeding.

Our cover illustrates our plants that offer pleasure and value for your customers over all four seasons. Why buy a Shasta Daisy that blooms for 2 weeks when you can have one of our varieties that blooms till frost? So many new improved forms of many genera are in the following list that offers extended or everblooming attributes. More blooms and better performance equal happier customers, and plants that have a vastly greater sales window in the retail setting.

Come see what’s new!

CAMPANULAJELLYBELLS'

LIGULARIA'DRAGONWINGS'

2011 Breeding Highlights:

Cyclamen - Terra Nova®’s Cyclamen are bred for exceptional vigor and uniformity; these characteristics are passed on through the tissue culture process, turning the super hardy coum and hederifolium into programmable one season plants. Normally, seed grown types require 2 years to mature and flower. Cyclamen ‘Something Magic’ purchased in a 30 cell in November, will finish in February for sales alongside our Hellebores.

Gaillardia - Bask in the glow of our new Sun™ Series Gaillardia; they are bred to be compact, tough, effusively blooming, flowering machines in brilliant colors.

Echinacea - Rapidly becoming some of our most popular perennials, these coneflowers were bred for higher crown count, shorter habits, and fantastic vigor. We have combined the most admired characteristics of this genus into a complete range of non-fading colors and self branching habits. Breeding achievements include strong stems for cut flowers and vivid, complete color palettes. We’ve bred a complete range for container, garden and cut flower use. Terra Nova® is proud to introduce the astounding, new colored doubles in our Secret™ Series. Some exciting solo acts are ‘Quills and Thrills’, ‘Phoenix’, ‘Mama Mia’ (a color shifter) and ‘Now Cheesier’, a vigorous cheddar yellow. We have also added two new colors to our Dream™ Series.

Heuchera - The goal for every Terra Nova® Heuchera is beauty and performance. Our Heuchera offer high crown count, exciting foliage colors and exceptional vigor. Our distinct series classifications offer the ability to select for florist quality flowers, as a garden plant or pot crop, or non flowering foliage types for containers or landscape use. The benefit for the grower is an easy to grow plant that fills a container fast and has irresistible color for the consumer. Our breeders have targeted the best hybrids for every region of the U.S. Growers can select for cold tolerance, heat and humidity tolerance, or container and garden use.

Heucherella - Our Heucherella breeding dramatically enhances the best characteristics of two genera: Heuchera and Tiarella. Our goals for these plants were incredible color for every season; many are enhanced by the cold of fall and winter! Our Heucherella stand up to heat and humidity, blistering cold, and blazing sun. Heucherella are more tolerant of adverse conditions than either parent and resist disease, insects, and deer. The world’s first trailing Heucherella, the Falls™ Series, is the ultimate in Heucherella breeding showing heat and humidity tolerance, cold tolerance, as well as four seasons of great color. They are usable as a groundcover or hanging basket that competes with Sweet Potato vine.

Kniphofias - Our breeding is aimed at long blooming plants with compact, upright, grassy habits. We have two series: the Popsicle™ Series - day neutral and ever blooming, and the Glow™ Series - long day plants bred for late summer/fall sales. Combine the two series in your assortment for 5 months or more of sales.

COREOPSIS
'TROPICAL LEMONADE'

HEUCHERELLA
'SOLAR POWER'

HEUCHERA
'ROOT BEER'

Leucanthemum - Terra Nova®’s Leucanthemum breeding covers all the bases: compact habits, strong stems, amazing container and garden performance, long shelf life, AND we bred the “wet dog” smell out of the flower! These not only bloom the first season from plugs shipped in the spring, but will rebloom till frost for us. We are currently breeding for new colors and unusual flowers. ‘Bridal Bouquet’, a compact, reblooming, gem with butter-yellow buds fills a whole new niche, blooming multiple times during the season

Hybrid Nepeta - We’re reinventing Catmint for modern gardens. Nepeta ‘Purple Haze’ is shocking in a hanging basket or as a groundcover; its silver green foliage is the perfect foil for the huge, Buddleia like flowers of bright cobalt. ‘Blue Lagoon’ is a brilliant sapphire pool of flowers as a groundcover, and ‘Limelight’ is a world’s first with its chartreuse-gold foliage and bright blue flower clusters.

Sedum - Check out our Party Hardy™ Series. ‘Beach Party’, ‘Birthday Party’ and ‘Pool Party’ are bred for high crown count, compact habits, bigger inflorescences, and great foliage colors so they look good before they bloom. Our Sedum don’t grow tall and flop open as they age, providing months of shelf life for the retailer and freedom from PGR use for the grower. Another sweet intro from our Candy™ Series is ‘Raspberry Truffle’ with scalloped, purple brown leaves and raspberry pink flowers.

Tiarellas - Bred to provide a full season of interest with highly contrasting dark centered leaves which can glow orange in the fall and winter. Our new trailers are bred for use in dry shade and have been grown beautifully as a component in hanging baskets. Use them as an alternative to ivy! Our new ‘Pacific Crest’ and ‘Sunset Ridge’ Tiarellas carry glossy, well-marked leaves on strong vigorous plants.

Tradescantia - The Charm™ Series of Tradescantia looks better in the garden and in pots than traditional types. Our breeding has expanded the color range, increased the flower count, improved sun-tolerance, and removed the “floppy” as seen in old ‘Sweet Kate’.

AJUGA 'BLUEBERRY MUFFIN'

AJUGA 'SPARKLER'

Acanthus mollis Tasmanian Angel™

This gem, found in Tasmania, offers **striking, bold leaves with white margins and mottling**. It forms a large clump with **3' to 4' tall ornamental flower stalks of pink and cream in late summer**. *A. mollis* is tolerant of most soils but thrives in deep, fertile, moist, and well-drained conditions. Z 8-10 🌞 🌑 🌒 🌔 36/36/48

Grower Note: requires a good root stock before transplanting into the ground.

Acanthus 'Whitewater' PPAF PVR

This **vigorous, variegated Acanthus** has striking, bold leaves with deeply cut white margins and splashing (how appropriate!) Makes a large clump with **3' to 4' tall ornamental flower stalks of pink and cream in summer**. This was bred with *A. 'Summer Beauty'* for vigor, more hardiness, and heat and humidity tolerance. Worth jumping in for! Z 7-10 🌞 🌑 🌒 🌔 36/36/48

Actaea simplex 'Black Negligee' (syn.

Cimicifuga) (O'Byrne)

Our customers report that 'Black Negligee' has **much more vigor than the other dark varieties**. Lacy black foliage just cloaks the lovely dark stems. Beautiful purple-tinted, white **flowers project 2' upward and carry an exotic perfume of grape and jasmine**. Give it lots of water with full sun in most states for the darkest foliage. Z 5-9 🌞 🌑 🌒 🌔 48/24/60

Ajuga reptans 'Blueberry Muffin' PPAF

An extremely vigorous small leaved groundcover with dark new leaves and blueberry blue flowers on eight inch spikes. **A much faster and stronger grower than A. 'Chocolate Chip'**. **Leaves are thicker and more weather resistant to boot!** What's cookin'? - This little cupcake! Z 5-9 🌞 🌑 🌒 🌔 6/18/10

Ajuga decumbens 'Sparkler' PP21295

Sparkly white variegation infuses the dark green, shiny foliage on this Ajuga. Come winter, the foliage blushes pink and purple. Variegation is brightest when warm weather returns and the blue flowers lay low in the foliage. This keeps maintenance down to a minimum. An awesome accent or foil in containers, as a ground-cover or as an edging for the border. This is a vigorous selection that does very well in the South.

Z 6-9 🌞 🌑 🌒 🌔 3/14/3

NEW *Aralia cordata* 'Sun King'

With leaves that are as big and bold as the sun, this beautiful gold form of *Aralia* makes an outstanding accent in the shade or part shade. **Fast growing** and deciduous. **Small clusters of white, satellite-like flowers in late summer followed by decorative purple berries**. Containers or landscape.

Agastache Summer™ Series

AGASTACHE 'COTTON CANDY'

AGASTACHE 'RASPBERRY SUMMER'

AGASTACHE 'SUMMER SUNSET'

AGASTACHE 'SUMMER GLOW'

People want plants that flower all summer. They demand an exciting range of colors and they ask for plants that are low maintenance and self-cleaning. They want plants that attract and feed hummingbirds. We have all this and more! **Here's a group of plants that tolerates heat and drought, and given good drainage, will only get better and fuller with time.** This is a new group of American native hybrids, far superior to the floppy, few flowered seedling varieties of the past. Our flower heads are so full, they don't need constant pinching as the old varieties required. These are great varieties to plant en masse in the sunny landscape and are super in containers. Z 6-9 ☀️ 🦋 🐝 🏠 ✂️ 🦌 🌵

Agastache 'Cotton Candy' PP20991 PVR
This easy, vigorous grower blooms non-stop from midsummer through fall. **The dense flower spikes have numerous light pink flowers.** Compact low branching habit. 20/18/25

Agastache 'Raspberry Summer' PP20371 EU27475
Awesome, large, dark raspberry pink blooms adorn this plant all summer and into fall. Flowers float above attractive, bright green, fragrant foliage. 30/20/32

Agastache 'Summer Fiesta' PPAF PVR
Outstanding dense, spicy orange red spikes are weather proof and heat proof. 25/25/28

Agastache 'Summer Glow' PP20980 PVR
Lemon custard flowers glow against the pine green foliage of this most charming, drought tolerant plant. The dark calyx adds to the excitement. Plant with Nepeta 'Blue Dragon' and you'll have hummingbirds camped out in your garden. Blooms all summer. A great blender. 20/17/25

Agastache 'Summer Love' PP20510 EU27476
Yummy, large red-purple flowers in dense clusters bloom continuously all summer and into fall. 'Summer Love' looks like a summer Liatris or Gay Feather. Forms attractive upright mounds of bright green, fragrant foliage. 24/24/36

Agastache 'Summer Sky' PP20952 PVR
Blooms all summer with **glowing violet blue flowers with dark calyces** which extend the showy season. A compact habit with bright green foliage. Z 7-9 20/20/24

NEW Agastache 'Summer Sunset' PPAF PVR
Warm, sunset-orange hues can brighten your summer displays and containers. The newest in our Summer™ Series, this hummingbird-mint has a low, round habit. It blooms all summer and has been proven **hardier than other varieties on the market.** 14/24/18

Breeder's Goals for Agastache

- More weather resistance
- The longest lasting flowers in the industry
- Colorful calyces mean longer lasting color
- Better habit for more garden and container uses
- Broad color palette (better for use as fillers and thrillers)

Terra Nova® Agastache

- The Pros:**
- Longest lasting flowers in the industry
 - Rapid growth, self branching promotes shapely, upright habit
 - Exciting bright colors
 - Colorful calyces
 - Months of color
 - American native!

- The Low Down:**
- Low water usage
 - Low fertilizer needs
 - Low pesticide use

Traditional Agastache

- Tired, unimaginative product
- Same old colors as last year – and the year before that
- Deadheading
- Pinching
- Multiple applications of PGRs
- Tall, floppy plants
- Small flower spikes

AGASTACHE 'SUMMER SKY'

AGASTACHE 'SUMMER LOVE'

AGASTACHE 'SUMMER FIESTA'

Athyrium

The demand for our superior, clonal selections of our ferns has always been high and, well, sometimes not met. **We've cleared the obstacles and have an excellent supply this year!** Count on our ferns to be more vivid, more silver, and more interesting than the competition's. This will translate to greater sales and more satisfied customers. Z 4-9 ▶ ● ♀

Athyrium niponicum var. pictum 'Burgundy Lace' PP15072 EU17711

Our #1 selling hardy fern! **Bar none, the best red in the marketplace.** With one look at its gorgeous metallic burgundy leaves (brightest in spring), you're sure to fall in love! Great vigor in containers as well as in the garden. 24/28/NA

Athyrium filix-femina 'Cruciato-cristatum' Dre's Dagger (Randaci)

A more compact form of the sought after Victoria fern. **The slim, deep green fronds are unusually crisscrossed** and come to a narrow point that terminates with a small crest that grows through the season. It brings elegance to any shaded or morning sun location in rich soils. The red petioles contrast nicely with the apple green foliage. 30/30/NA

Athyrium filix-femina 'Lady in Lace'

Looking much like **prehistoric parsley**, this **fun and fantastic** fern is easier than it looks. Not finicky about much, this is truly a classy lady. Easy in the garden and a great fluffy filler in shady pots. Distinctive and deciduous it joins its cousin 'Dre's Dagger' as a unique addition to your customer's garden. 14/12/NA

ATHYRIUM
'DRE'S DAGGER'

ATHYRIUM 'DRE'S DAGGER'

ATHYRIUM 'LADY IN LACE'

ATHYRIUM 'BURGUNDY LACE'

ATHYRIUM 'PEWTER LACE'

ATHYRIUM 'OCEAN'S FURY'

Athyrium 'Ocean's Fury' PP20126 (Maness)

A silvered salute, this fern was named 'Ocean's Fury' because the habit and coloring are reminiscent of ocean waves crashing on the shore. This **large upright and crested** hybrid fern from Thurman Maness is a wonderful addition to lighten up your shady areas or in the woodland garden. It prefers fertile, moist soils. Z 5-9 36/36/NA

Athyrium niponicum var. pictum 'Pewter Lace' PP15721 EU20852

Gardeners everywhere are falling for the arresting **metallic pewter foliage**. Color is deep rich grey with reds, and less metallic than A. 'Silver Falls'. Silversmith Paul Revere would have succumbed to the charms of this NEW designer color in Japanese painted ferns. Customers are impressed with this vigorous selection which combines nicely with Hakonechloa or Tiarella. 18/18/NA

ATHYRIUM 'SILVER FALLS'

ATHYRIUM 'URSULA'S RED'

Athyrium niponicum var. pictum 'Silver Falls' PP12803 (Ballantyne)

Unlike any other painted fern, this one intensifies its silvering as the season progresses! Winner of the 2002 "Stars of Spring" awards in New Zealand, this is a salute to "silvertude" with **stunning, lustrous fronds that shimmer with its contrasting red veins**. Named after a set of famous Oregon waterfalls. Later to appear in the spring than the other Japanese painted ferns. 24/24/NA

Athyrium niponicum var. pictum 'Ursula's Red' (Herz)

This fern heralds the spring with broad **silver leaves traced and flushed with wine red down the center**. This dynamite seller at Wayside Gardens has color that softens in summer heat. Plantswoman Ursula Herz had a little secret in South Carolina. 24/24/NA

Bergenia

Bergenia 'Lunar Glow' PP20247 EU-derived var (Van Noort)
New leaves unfurl a creamy yellow in the spring and hold the light yellow through most of the summer. 'Lunar Glow' has the traditional bold, evergreen leaves of the Bergenia in addition to lovely dark pink flowers in the spring and burgundy red leaves in winter. Grows well in the South and in the Northwest. Z 4-9 ☀️ 🌿 🌱 🌿 🌿 🌿 10/18/15

Bergenia 'Pink Dragonfly' (Eskuche)
Narrow leaves, with brilliant purple winter color, erupt in luscious bright pink flowers in proportion to its foliage on this petite beauty. Truly the Bergenia for people who are looking for multiple seasons of interest. Z 4-9 ☀️ 🌿 🌱 🌿 🌿 🌿 10/12/15

Brunnera

BRUNNERA 'DIANE'S GOLD'

Brunnera macrophylla 'Diane's Gold' PPAF PVR (Lesch)
A chartreuse Brunnera that holds its color all summer. Steve Lesch found this amazing seedling in his friend Diane's garden. It has proven to be dwarf and stable in his garden in Madison, Wisconsin for 6 years. We were impressed with how well and how evenly it held its chartreuse color through the summer. Looks equally good in the shade border or nursery container. **Very showy in bloom with its sky blue flowers.** Z 4-9 🌿 🌱 🌿 12/24/17

Brunnera macrophylla 'Emerald Mist' PP20460 PVR (Walter's)
Splashes of antique silver mist over emerald green hearts create a distinctive addition to your garden. Like a jeweler's best work this elegant, NEW Brunnera, is a garden gem. **Superior markings over Brunnera 'Langtrees'.** Light sapphire blue flowers hover over the foliage. Here's a cool one! Z 4-9 🌿 🌱 🌿 14/24/17

Brunnera macrophylla 'Jack Frost' PP13859 EU9772 (Walter's)
Sky blue, forget-me-not flowers and a netted silver overlay on each leaf. Absolutely stunning in the garden from early spring to fall. One of the showiest and most garden worthy plants to come along in a decade. A significant, world-class perennial. Z 4-9 🌿 🌱 🌿 14/24/17

Brunnera macrophylla 'Looking Glass' PP17829 PVR (Walter's)
Shimmering silver 5" heart-shaped leaves bedeck this sport of Brunnera 'Jack Frost'. The mound gives rise to masses of blue, forget-me-not flowers appearing in spring. Provide evenly moist, rich soils for the best growth. Glows in the garden. Z 4-9 🌿 🌱 🌿 14/24/17

BRUNNERA 'JACK FROST'

BRUNNERA 'JACK FROST'

BRUNNERA 'LOOKING GLASS'

BRUNNERA 'EMERALD MIST'

CISTUS 'MICKIE'

NEW Cistus hybridus 'Mickie' PPAF (Pavlich)
What a show! It's like a brilliant gold-edged, evergreen coleus! It has brilliant gold variegated foliage which is punctuated by clear white flowers that are two inches across. More compact and more stable than 'Gold Prize'. This plant has a nice, low-mounding habit which makes it a great color spot for the landscape. It has survived some brutal NW winters! Named for one amazing lady! Z 7-10 ☀️ 🌿 🌱 🌿 18/30/18

Campanula

CAMPANULA 'BLUE-EYED BLONDE'

CAMPANULA 'PANTALOONS'

Campanula persicifolia 'Blue-Eyed Blonde' PP19883 EU27686

Talk about "Blonde Ambition", this beauty has **brilliant yellow foliage, which gives rise to 1½" violet-blue bells**. This breeding breakthrough from Terra Nova® Nurseries is a vigorous, clumping form. Z 4-9 ☀ 🌱 🌿 8/14/24

Campanula x pulloides 'Jelly Bells' PP20843 PVR

Decidedly delicious with **large, deep blue-violet, noddling bells perched a top a bright green mat of foliage**. It can be used in a **small container** or in a **rock garden** (where it will **re-bloom**). 'Jelly Bells' makes a vigorous and attractive low growing perennial, returning year after year. It prefers full sun and needs good drainage. Z 5-8 ☀ 🌱 8/14/11

Campanula punctata 'Pantaloons' PP13282

'Pantaloons' surprises us with **huge 2" light purple flowers that are shaped in a double 'hose-in-hose' configuration** like we've never seen before. Looks like an elaborate 1890's undergarment. (The plant will occasionally throw up single flowers.) This plant is vigorous and reaches standard C. punctata height. Z 5-9 ☀ 🌱 🌿 12/15/28

CAMPANULA 'JELLY BELLS'

CAMPANULA 'JELLY BELLS'

CAMPANULA 'SAMANTHA'

Campanula 'Pink Octopus' PP18885 EU25441

Japanese lantern buds open to striking pink, octopus-like flowers. Over 50 blooms flutter down from the nicely upright flowering branches above strong, deeply cut foliage. Unique and interesting! Long bloom time and easy to grow. This spreader does very well in the South. Tolerant of most soils. Jimmy Turner from the Dallas Arboretum recommended this for green roofs. Z 5-9 ☀ 🌱 🌿 10/18 /15

Campanula 'Samantha' (Reeck)

This award winning plant forms lovely mats of foliage displaying unusual and **charming blue-violet, 1" wide, fragrant flowers, which face upward**. Re-blooms sporadically with deadheading. A slow spreader that is great for well-drained border in partial shade to full sun. Excellent for container production. Z 5-9 ☀ 🌱 🌿 7/18/11

Campanula 'Summertime Blues' PP19261 EU27669

The longest blooming Campanula we've ever seen. 'Summertime Blues' has masses of large, silvery blue bells on 2 foot, upright stems... all spring, summer and fall! **Has a clumping habit that doesn't spread**. This plant gets better every year. Here's the "cure" for the summertime blues! Z 4-9 ☀ 🌱 🌿 10/17/24

NEW Campanula 'Summertime Jazz' PPAF PVR

A summer festival of flowers, this powerhouse blooms all season long. Compact plant habit is accentuated by large purple flowers. **A non-running C. 'Sarasro'** that looks great in beds and in containers. Z 4-9 ☀ 🌱 🌿 10/18/18

CAMPANULA 'SUMMERTIME JAZZ'

CAMPANULA 'PINK OCTOPUS'

CAMPANULA 'SUMMERTIME BLUES'

Coreopsis Breeding

We have been working overtime to produce a startling range of new colors to the Coreopsis world. Twenty two varieties may spin your head, so we've simplified the selection process by offering these plants in five different Series: Our Hardy™ Series ranges from white to cranberry-red and offers zone 6 hardiness. Our Punch™ Series offers six months of color, and ranges from yellow to white-rimmed cerise. These are offered as “Temperennials”. The Lemonades™ have remarkable gold foliage contrasting with flowers which range from pink to red. Our Pie™ Series ranges from the extraordinary, ultra-compact ‘Little Penny’ to the vivid red-flowered ‘Cherry Pie’. For the landscape, the Jewel™ Series offers hardy, jewel-toned flowers of large size with plants that are well branched and 20” to 28” wide. All Coreopsis require excellent drainage.

- Rock **hardy**, with stunning beauty
- Easy care, worry free garden plants

Coreopsis Hardy™ Series

Actual Bloom Size Shown

Coreopsis ‘Cranberry Ice’ PP19470 EU-derived var
Compact habit with continuous bloom of cranberry colored flowers with a white edge. Blooms all summer. Lovely, informal mounding habit, lends itself to containers or beds. Z 6-11 ☀ 🦋 8/20/10

Coreopsis ‘Autumn Blush’ PP18184
This **hardy hybrid** out of C. auriculata ‘Nana’ begins flowering in the late spring with 2” **strawberry-eyed, butter-yellow flowers**. Flowers form a mid-height canopy of color, which changes as the season progresses. Cooler temperatures of fall tint the flowers a strawberry-pink. Continuous flower production and vigorous growth have made ‘Autumn Blush’ destined to become one of American gardeners’ favorite plants. Z 5-9 ☀ 🦋 24/32/26

Actual Bloom Size

Coreopsis Hardy™ Series

Coreopsis 'Gold Nugget' PP19946 EU28141
An amazing bloomer, with **over 200 warm gold flowers on a first year plant, each with a blazing red eye**. Blooms continuously for 3 to 4 months. Flowers are an amazing 1½" wide. 'Gold Nugget' has a superb mounding form that thrives in heat and humidity. Z 6-10 ☀️ 🦋 24/32/26

Coreopsis 'Moonlight' PP20009 PVR
'Moonlight' **blooms continuously for 3 to 4 months**. Each plant has over 150 2" pastel-yellow flowers which change color to peach in cool weather. Z 6-9 ☀️ 🦋 15/25/17

Coreopsis Hardy™ Series

Coreopsis 'Pinwheel' PP18880
Quilled, butter-yellow flowers with lacy-blue foliage put this Coreopsis in a league of its own! This hardy charmer forms wonderful mounds covered with hundreds of flowers all summer! The pleasing soft color of this uniquely shaped flower combines well with the entire garden color palette. Z 6-9 ☀️ 🦋 24/32/26

Coreopsis 'Snowberry' PP18560
Like raspberries dropped in the snow, these **creamy-white flowers are splashed with an eye patch of dark red**. Multitudes of large 1½" wide flowers bloom all summer atop dark green foliage. Works well in the mixed border or used in containers. Z 6-9 ☀️ 🦋 26/32/28

Coreopsis Punch™ Series

Coreopsis - The answer to a boring Mum market. Offer your customers an exciting and unique option with a look like a compact summer chrysanthemum. Our Punch™ Series of Coreopsis displays a fresh flush of brilliant color during the long days of summer into fall. These are easy to grow annuals with a compact habit. They create ideal dollops of color in the garden. These will bloom ‘til frost in containers, colorful borders and mixed plantings.

Coreopsis Punch™ Series

Z 9-10 ☀ 🦋

All Punch™ Series Coreopsis are massive bloomers in hot colors!

Coreopsis ‘Fruit Punch’ PPAF PVR
A delicious **two-toned Coreopsis with a light pink edge and a red eye**. Forms a low mound. Very free flowers cover the foliage. Blooms all summer. A new addition to our popular Punch™ Series. 10/13/18

Coreopsis ‘Rum Punch’ PP18889 EU25411 (The Ivy Farm)
Massive quantities of fruity watermelon-pink flowers are good enough to drink. 12/18/14

Terra Nova® Annual Coreopsis

The Pros:

- Blooming is induced as the days get longer
- URCs throw roots in days
- Plugs finish fast for quick container planting
- Shapely mounding habit
- Exciting bright colors
- Self cleaning flowers
- Months of color
- Good profit
- American native breeding
- No PGRs required

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use
- Low growth habit

Traditional Mum Market

- Blooming is induced as the days get shorter
- Tired, unimaginative product
- URCs take weeks to root
- Pest and disease susceptibility, not to mention possible quarantines
- Same old colors as last year
- Deadheading/Pinching
- Disbudding
- Shading/Lighting
- Multiple applications of PGRs
- Cleaning of messy flowers
- High fertility needed

The Low Down:

- Low consumer interest – everyone has them
- Low profit

COREOPSIS ‘FRUIT PUNCH’

COREOPSIS ‘RUM PUNCH’

Coreopsis Punch™ Series

COREOPSIS ‘LEMON PUNCH’

Coreopsis ‘Lemon Punch’ PP19081 EU25413 (patented as RP 4) (The Ivy Farm/Terra Nova®)
Soft yellow flowers are lightly fluted and kissed with rose-pink. Lacy foliage provides a nice background for the one-inch blooms. 12/18/12

COREOPSIS ‘STRAWBERRY PUNCH’

Coreopsis ‘Strawberry Punch’ PPAF PVR
Cheerful blooms of deep-rosy pink pour on the charm in this, our “punch with the pink.” 9/14/10

Coreopsis ‘Mango Punch’ PP18475 EU25414 (patented as RP 5) (The Ivy Farm/Terra Nova®)
Luscious petals of mango-orange with a red overlay. One of the most admired plants in our Coreopsis trials due to its truly unique color. A consumer favorite. 12/18/12

COREOPSIS ‘MANGO PUNCH’

COREOPSIS ‘MANGO PUNCH’

Coreopsis Lemonade™ Series

COREOPSIS 'CHERRY LEMONADE'

COREOPSIS 'STRAWBERRY LEMONADE'

COREOPSIS 'PINK LEMONADE'

COREOPSIS 'TROPICAL LEMONADE'

Coreopsis 'Cherry Lemonade' PP18334 EU25408
Bright, feathery golden foliage starts a long season of interest even before the clear red flowers arrive. Blooms and blooms! A clear favorite. Z 9-11 ☀ 🦋 8/14/9

Coreopsis 'Pink Lemonade' PP18265 EU25409
A great mixer in containers! Bright warm, golden foliage adds interest until the clear pink flowers arrive. A favorite in our trials. Blooms its little dwarf head off. Z 9-11 ☀ 🦋 8/14/9

Coreopsis 'Strawberry Lemonade' PP18299 EU25410
The third cutie in our Series has rose pink flowers and bright golden foliage. Gives a long season of interest. Grows easily as a low mound. Blooms all summer. Z 9-11 ☀ 🦋 8/14/9

Coreopsis 'Tropical Lemonade' PP19393 PVR
The fourth in our Series has rose orange flowers and bright golden foliage. Gives a long season of interest. Grows into a low mound. Blooms all summer. Z 9-11 ☀ 🦋 8/14/9

COREOPSIS 'TROPICAL LEMONADE'

COREOPSIS 'PINK LEMONADE'

COREOPSIS 'CHERRY LEMONADE'

Coreopsis Pie™ Series

COREOPSIS 'CHERRY PIE'

COREOPSIS 'CHERRY PIE'

COREOPSIS 'PINEAPPLE PIE'

COREOPSIS 'LITTLE PENNY'

COREOPSIS 'PUMPKIN PIE'

Coreopsis 'Cherry Pie' PPAF PVR

'Cherry Pie' makes a cushiony mound covered with small, deep red daisies with overlapping petals. A perfect habit! Works well in the front of the border in a full sun location. No pits in this pie! Z 9-11 ☀ 🦋 5/20/7

Coreopsis 'Pineapple Pie' PPAF PVR

Coreopsis 'Pineapple Pie' forms a low growing mound with numerous red-eyed, golden yellow flowers. Very free flowers from early summer to fall. Great in containers, mixed beds, or borders. Never had Pineapple Pie? You should give it a try! Z 9-11 ☀ 🦋 5/20/7

Coreopsis 'Pumpkin Pie' PPAF PVR

Coreopsis 'Pumpkin Pie' forms a low growing mound with many red-eyed, pumpkin orange flowers. Very free flowering, flowers from early summer to fall. Pumpkin Pie is good for three seasons — it's not just for Fall anymore. Great in containers, mixed beds, or borders. Z 9-11 ☀ 🦋 5/20/7

Coreopsis 'Little Penny' PP18502 EU25412 (as RP 1) (The Ivy Farm/Terra Nova®)

Our most compact mounding Coreopsis is a flower machine! Loads of small copper-colored daisy-like flowers emerge freely over a low pincushion. Blooms continuously all summer. A great one for summer pots! Z 9-11 ☀ 🦋 8/16/8

Coreopsis Hardy Jewel™ Series

COREOPSIS 'CITRINE'

COREOPSIS 'CITRINE'

COREOPSIS 'RUBY FROST'

COREOPSIS 'GARNET'

Coreopsis 'Citrine' PPAF PVR

A wow plant-so bright, so low and compact, so showy. 'Citrine' impressed us with how **floriferous and clean** it looked all summer long. The **new flowers appear right on top of the old ones** which just disappear. Works well in mass, as edging, or in mixed beds or containers. Many months of exciting clear-gold color. Low maintenance and easy to grow. Z 7-10 ☀️ 🌱 5/20/7

Coreopsis 'Garnet' PPAF PVR

Numerous **garnet-red colored flowers on a compact habit**. Well suited both for containers and landscape. Brightens up low maintenance areas like nothing else. Z 7-10 ☀️ 🌱 10/20/12

Coreopsis 'Ruby Frost' PPAF PVR

Large, deep ruby flowers are fringed with a collar of frosty white. Plant habit is choice, with its flowers held up elegantly. **This plant has been prominently featured in *Birds & Blooms Magazine*.** In fact, it was named by the readers in a contest. Truly a color-breakthrough in the world of Coreopsis. Z 6-9 ☀️ 🌱 16/32/26

Finish Time For A 5-6" Container

Buy In	December	January	February
To Finish	March	April	May

NEW *Cyclamen hederifolium* Sweetheart™ Flame Remarkable arrowhead-shaped leaves are beautifully marked with bands of silver flecked with green. A flame pattern can be seen in the center of the unusual leaves. White flowers on short stalks appear from August through November. 4/18/6

NEW *Cyclamen hederifolium* Sweetheart™ Sensation Vigorous and fast growing, this lovely hardy Cyclamen will charm its way into your heart. Hexagonal to octagonal leaves are silver centered with a dark ring around the edge. Large pink flowers on short stalks from August to November. 3/12/6

Cyclamen Sweetheart™ Series

CYCLAMEN SWEETHEART™ SILVER

NEW *Cyclamen hederifolium* Sweetheart™ Silver Sculptured silver leaves are punctuated with a green spot near the tip. Vigorous and uniform, these plants put forth pink flowers on short stalks from August to November. Wonderful understory plant for high branching shrubs or trees. 3/12/6

NEW *Cyclamen hederifolium* Sweetheart™ Splash Large white flowers arise over jewel-like foliage in shades of silver and green. Each leaf has a green splash at the tip. The flowers are a bright spot in difficult shady areas. Flowers emerge from August through November. 3/12/6

NEW *Cyclamen hederifolium* Sweetheart™ Sparkle Sweetheart™ Sparkle has kaleidoscope-marked leaves with a dramatic shape and colors of silver and green. Lovely pink flowers on cinnamon-colored scapes from August through November. 3/12/6

CYCLAMEN SWEETHEART™ SPARKLE

CYCLAMEN SWEETHEART™ SPLASH

Corydalis

CORYDALIS 'BLUE HERON'

CORYDALIS 'BLACKBERRY WINE'

CORYDALIS 'BERRY EXCITING'

Corydalis shihmienensis 'Berry Exciting' PP18917 EU25090
Brilliant yellow, fern-like leaves are streaked green and erupt in fragrant purple flowers. This wonderful mutation of C. 'Blackberry Wine' is one of the few Corydalis that does not go summer dormant. Its vigorous cascading habit makes it an excellent ground cover and looks great spilling out of baskets and over banks. A stunner in the spring garden! Takes heat and humidity! Z 5-9 🌞🌱 10/24/13

Corydalis shihmienensis 'Blackberry Wine'
This early-emerging beauty has blue-green, ferny leaves which provide a backdrop for hundreds of **ultra-fragrant flowers the color of blackberry wine.** It holds its slightly silvered foliage all spring, summer, and fall with a cascading habit, excellent in baskets or over walls. **Takes heat and humidity!** Cut back after bloom to freshen foliage. Z 5-9 🌱🌱 10/26/13

Corydalis curviflora var. rosthornii 'Blue Heron' (Heronswood Nursery)
Our darkest blooming Corydalis features the largest flowers in our collection! Dark gentian-blue flowers float atop stunning red stems and are enhanced by the blue-green foliage. This form bloomed all spring and summer for us in Oregon. A marvelous Corydalis collected in Sichuan, China by Mr. Dan Hinkley himself! Will go summer dormant if it is kept too dry or hot. Z 6-8 🌱🌱🌱 8/10/9

Corydalis

CORYDALIS 'BLUE PANDA'

Corydalis flexuosa 'Blue Panda' (Hatch, Reeck)
This long bloomer and re-bloomer in the Pacific Northwest **combines the charms of sky-blue flowers and lovely fragrance.** A wonderful, fragrant blue Corydalis from China's panda country. Z 5-8 🌱🌱🌱 8/8/12

Corydalis 'Canary Feathers' PP18909 EU24249
Talk about flower-power! This, **our showiest and most vigorous Corydalis** introduced to date, **is a blooming machine in ornamental/decorative pots or in the garden.** This hybrid is tolerant of partial sun and is a great highlight in shady spots where it combines well with our silver leaf Heuchera and Pulmonaria. This fantastic container plant blooms so long that early frosts can cut its life short, so some protection may be needed. Prefers moist, well-drained soils. Z 6-9 🌱🌱🌱 9/12/12

Corydalis elata (Reeck)
Perhaps the best Corydalis for the south. **Fabulously fragrant sky-blue flowers** adorn the upright habit of this garden jewel. **This selection does not go summer dormant.** Flowers emerge in May and bloom through July. This superior selection does well in moist soils. Z 6-8 🌱🌱🌱 16/12/18

Corydalis flexuosa 'Purple Leaf' (Blue Dragon)
Up before the robins in spring, **this bronzy-leaved fumitory is vigorous, rhizomatous, early blooming and long lived.** Plants are more compact than the type and are charming in the rock garden, or scrambling around stepping-stones. A great lacy contrast to Heuchera 'Lime Rickey'. Fragrant, violet-blue flowers abound in early spring. May go summer dormant. Z 5-9 🌱🌱🌱 8/24/10

CORYDALIS 'PURPLE LEAF'

CORYDALIS 'CANARY FEATHERS'

CORYDALIS ELATA

NEW

NEW *Cymbalaria muralis* 'Snow Wave' PPAF PVR (Nagamori)
 The first variegated Kenilworth Ivy! 'Snow Wave' has leaves with a broad creamy white margin. Its small white flowers complement the margins. This charmer was found by Mr. Nagamori in Japan. Use as a groundcover between flagstones, in a hanging basket or as a component in containers. Z 4-9 ► 3/12/4

Dicentra

Dicentra spectabilis 'Gold Heart' EU4817 CPBR0974 (Pope)
 3' tall, peach-colored stems hold exquisite, brilliant, gold leaves. In late spring, large, rose-pink flowers emerge on arching stems. From Nori Pope of Hadspen House Nursery in Castle Cary, England. Voluntary royalty to breeder. Not for resale into Canada. Ships November through May or by special order.
 Z 5-9 ► ● ❄️ 24/36/30

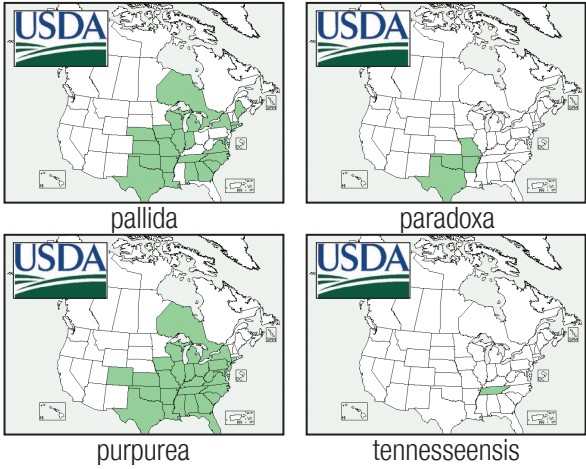

Dicentra 'King of Hearts' (Ownbey)
 This hybrid combines large dark rose flowers with the most sumptuous, lacy, true blue foliage in a duet that is incomparable. It is a good neighbor and spreads slowly forming multi-seasonal mounds. In addition, it doesn't go summer dormant! Z 5-9 ☀️ ► ❄️ 6/14/14

Echinacea Breeding

Our breeding crew has been responsible for introducing coneflowers that have taken the world by storm!

With our astounding number of colors and varieties, we can truly be your one-stop source for Echinacea. Warm and brilliant, non-fading colors, excellent plant habit, and extraordinary bloom-time have put these plants in a class of their own. Our breeders chose the species (designated in the USDA maps) to produce **STRONG** plants that have an exciting color range and a super-long bloom period. We have created four Series that will help you order similar plants for specific needs. Prairie Pillars™ have very thick stems, large flowers that make great cuts, and bloom from summer to frost. The Prairie Stars™ are mid-range in height and have great branching and heavy blooming. Prairie Pixies™ are just that – dwarf plants that are well branched and perfect for containers or en masse in the garden. Our Dream™ Series is superior in landscape settings where they supply months of color. Zones 4-9 ☀️ 🦋 🐦 🌿 ✂️ 🍷 🌱

Prairie Pillars™ Series

- Long, strong stems for cutting
- Color summer through frost
- Exciting colors attract attention – and hummingbirds
- Great for mixed gardens or background plant

Prairie Stars™ Series

- Fantastic habits, great crowns, and basal breaks
- Show stopping color range
- Great stems, and lots of them for irresistible cut flower bouquets
- Mid range height makes it perfect for a stand alone or blender plant
- Fragrant

Prairie Pixies™ Series

- Double duty dwarves for containers or garden planting
- Short on height, not appeal
- Easy, hardy, no PGR pot crop
- Fragrant

Dream™ Series

- The best landscape habits on the market
- Months of mounded flower color
- A real dream to grow and sell
- Full containers sell fast!
- Fragrant

Secret™ Series

- Compact, multi-branched habit, means more flowers per plant
- Double, anemone like flowers have super long lasting color
- The “Secret” is... ours are the best. We were never good at keeping secrets!
- An exquisite cut flower
- A real sensation that is easy to grow
- Fragrant

E. ‘Secret Pride’ (Page 43)

Echinacea Grower Tips:

- Echinaceas tolerate a wide range of soil-types, but all soils must have good porosity and a pH over 5.0. Liquid-feed regimens of 50 to 100 ppm are good for growing plants.

Terra Nova® Echinaceas

The Pros:

- The most exciting color range on the market
- The most diverse flower forms
- The most advanced breeding
- The most requested varieties
- Non fading blooms
- Excellent profit
- American native

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use

Other Echinaceas

- Plants split open in the rain
- Uncertain flower color (early hybrids)
- Fading flowers
- Weak stems
- Limited growth habits
- Limited flower types
- Limited color range

The Low Down:

- Low consumer product confidence
- Low consumer demand

- Plants started in the fall (September or October) from a 72 cell size would need to be bulked up for over-wintering in a 2.5”-3.0” container size or equivalent cell pack. These can be quickly finished when potted on after growth starts in the spring. This step will significantly cut losses due to overpotting in the fall. **This is not recommended for Northern growers without heated over wintering facilities.**
- Plants started in the spring or summer during rapid growth can go directly to their full size container **as long as careful attention is paid to the planting depth and crowns are not buried.** Normal cautions will apply to overwatering small plants in large containers. Caution is also needed when applying slow release fertilizers as a top dress to insure that the fertilizer does not settle around the crown of the plant. Don’t use a quick-release form as it can damage the roots.

Echinacea Prairie Pillars™ Series

NEW *Echinacea* 'Aloha' PPAF PVR
Wide, melon yellow petals surround orange cones on this summer to frost bloomer. A very welcoming and elegant plant that greets you with its fragrance and beauty. Use en masse for the border, in a mixed bed, and as a cut flower. 22/28/32

Echinacea 'Flame Thrower' PPAF PVR
This reliable rebloomer has 3½", two-toned orange and yellow flowers that are hot, hot, hot! Add a well-branched habit and you've got a great choice for the middle of the border or along a fence line. Here's a fragrant choice that is easy to grow and blooms all summer. One of the earliest of the coneflowers to bloom for us in Oregon. Flame on! 36/40/40

Echinacea Prairie Pillars™ Series

ECHINACEA 'FRAGRANT ANGEL'

ECHINACEA 'MERLOT'

Echinacea purpurea 'Fragrant Angel' PP16054 EU17449
Grows just like 'Ruby Giant', with large, fragrant, horizontal flowers with layered, overlapping petals and huge yellow cones. The well branched stems extend the blooming season right through summer and fall. 'Fragrant Angel' also boasts extreme vigor in the South. Our customers say it is the best white Echinacea in the market. 20/24/30

Echinacea purpurea 'Hope' PP17194 EU20630
Calm, fragrant, soft pink flowers of great size, fragrance, and substance adorn this long blooming perennial. It is dedicated to the breast cancer survivors and the memories of those who have succumbed to breast cancer. Terra Nova® will make a donation of \$.25 for each plant sold, to the Oregon & SW Washington affiliate of Susan G. Komen for the Cure to help further the search for a cure for breast cancer. Sold with beautiful over-sized picture labels that advertises this as a "Plant for the Cure." Labels are mandatory to ensure success of the program. 20/24/30

Echinacea purpurea 'Merlot' PP18814 EU27428
Huge 5" wide, rose pink flowers centered with orange cones sit atop stunning, well branched, burgundy-black stems. These are strong enough to break scissors! (We did! lol) A wonderful introduction! Like a fine wine, this beauty has great fragrance. Thirty five flowers graced our second-year-plant. 27/34/30

ECHINACEA 'HOPE'

Echinacea Prairie Pillars™ Series

Echinacea 'Hot Lava' PPAF PVR
Resembles a flaming pool of molten rock!
Wide petals of deep orange-red tint to a deeper red at the base of the magma-orange cone. Extra petals give the flowers a fuller look and the super-strong stems make it a natural for cut flowers. 24/36/33

NEW

NEW Echinacea 'Quills and Thrills' PPAF PVR
Huge flower with light purple pink quilled rays. Not your average Echinacea, this novelty type, is a super performer in the garden or vase. Tons of long lasting flowers thrill even the most jaded gardener. 22/26/36

Echinacea Prairie Pillars™ Series

ECHINACEA 'MAUI SUNSHINE'

Echinacea 'Maui Sunshine' PPAF PVR
Large bright yellow flowers, sweetly scented and floriferous. Mature flowers are a soft yellow. This vigorous plant is well-branched with strong, upright stems. Showy orange cones with green backgrounds (great for cutting and drying). 24/36/33

Echinacea purpurea 'Ruby Giant'
'Ruby Giant' was the first Echinacea bred for multi-branched, strong flower stems which boast huge 5" wide fragrant blooms. This clonal selection from the original Rubinstern seed material has a double row of petals held horizontally for maximal impact. 'Ruby Giant' has become the industry standard for garden worthy Echinacea breeding. Blooms all summer into fall. 20/26/36

Echinacea 'Tiki Torch' PP18839 EU27430
This darkest orange coneflower explodes with massive 4½" flowers with wide petals. 'Tiki Torch' retains its intense color for weeks rather than days. The spicy-scented blooms sit atop strong and upright 36" stems. Use for the border and for cut flowers. Easy to grow. Ignite this flaming dream! Winner of the 2009 NMPRO New Plant Pavilion. Allan Armitage in the 2009 City Trial Awards praised E. 'Tiki Torch', with the statement that the "orange flower color is vivid and maintains its color over a long period of time". A winner in the UGA trials! 28/26/36

ECHINACEA 'TIKI TORCH'

ECHINACEA 'RUBY GIANT'

Echinacea Prairie Stars™ Series

ECHINACEA 'GREEN EYES'

Echinacea purpurea 'Green Eyes' PP17172 EU20627
Magenta flowers have beautiful indented green centers that mature to cones of rich orange. This strong, well-branched plant is a super addition to the border with its long-lasting blooms that also make great cut or dried flowers. 20/24/30

Echinacea purpurea 'Purity' PP19441 PVR
'Purity' is THE GOLD-STANDARD for Echinacea flower & form. Over 25, 4 ½" blooms on a 1 year old plant after dormancy! Remarkably strong, well-branched, 18-24" tall plants produce pristine white flowers of superb quality with bright orange cones! Fragrant too. Wonderful in the border or for the cutting garden. Blooms all summer and into fall. 18/22/27

ECHINACEA 'PURITY'

Echinacea Prairie Stars™ Series

NEW *Echinacea* 'Now Cheesier' PPAF PVR
This deep, golden yellow Echinacea has melting cheddar blooms that lighten slightly after weeks of heat. Blooms all summer from well branched plants. 15/26/22

Echinacea Prairie Stars™ Series

Echinacea 'Raspberry Tart' PP18933
Up to 30 flowers adorn this compact, well-branched treat in the first year after dormancy. These hot, electric-magenta blooms might stop traffic! Blooms emerge for a long period - from mid summer to fall. Use en masse for the border and as cut flowers. Easy to grow and fragrant. 18/15/24

Echinacea 'Mac 'n' Cheese' PP19464 PVR
You can take comfort with these warm and tasty 4½" non-fading, golden yellow blooms covering this Echinacea. Well-branched stems are featured on this upright plant (to 26" tall). Their golden rays are a perfect complement to E. 'Tomato Soup'. Put them together for a summertime feast! Limited availability until summer 2011. 21/22/26

Echinacea 'Tomato Soup' PP19427 PVR
Warm, tomato-red flowers to 6" wide stunned our nursery visitors! A real treat which grows to 32" tall and nearly as wide. Flowers will cover this selection till frost! Plants are well branched and show excellent vigor. A natural pairing with E. 'Now Cheesier'. 22/32/32

Echinacea Prairie Stars™ Series

NEW Echinacea purpurea 'Satin Nights' PPAF PVR
'Satin Nights' has it all - a wonderfully compact habit only 15" tall, purple pink flowers 4½" across with ribbon-like petals held out horizontally, and dark red cones. It is great used in the front of the border or in mixed beds. Clean and reliable, you'll enjoy this wonderful Echinacea everywhere in your garden. Not your typical purple Echinacea. 15/15/18

Echinacea Dream™ Series

Echinacea Dream™ Series

Echinacea Secret™ Series

Some of the hottest-selling coneflowers on the market today have double flowers. The plants of the Secret™ Series all produce large double blooms on strong plants with a sturdy, medium habit. The color doesn't fade like the competition's plants, and the flower show can last till frost! The flowers make great cuts too! Help satisfy your customer's lust, desire, and passion for new, garden-worthy coneflowers with our new Series.

ECHINACEA 'SECRET LUST'

ECHINACEA 'SECRET DESIRE'

ECHINACEA 'SECRET JOY'

NEW Echinacea purpurea 'Secret Desire' PPAF PVR
A mid-size plant with double 'Coral Reef' type flowers. 'Secret Desire' has **very large multicolored flowers of pink and orange**. Grows vigorously and forms a full plant quickly. **Among the most desired of all of our new Echinacea.** 19/36/26

NEW Echinacea purpurea 'Secret Joy' PPAF PVR
Arising like comets in the summer garden, 'Secret Joy' **features pale yellow, double flowers that are a delight to the senses**. These fragrant gems make excellent cut flowers. 24/28/28

NEW Echinacea purpurea 'Secret Lust' PPAF PVR
You will lust after this one. It has **double flowers with red orange cones and contrasting light carrot colored rays**. These double flowers bloom and bloom and bloom all summer and fall. A well-branched compact habit top off the picture and you are hooked. 25/36/31

Echinacea Secret™ Series

ECHINACEA 'SECRET PASSION'

NEW Echinacea purpurea 'Secret Passion' PPAF PVR
You, too, will feel passionate about this Echinacea. It has **bright, flamingo pink double cones and contrasting lighter pink ray florets**. In addition, 'Secret Passion' blooms all summer and fall. It has a well branched, compact habit you'll be crazy in love with! 18/36/27

NEW Echinacea purpurea 'Secret Pride' PPAF PVR
Charming, double white flowers are kissed with butter at their petal-tips. Fragrant flowers stand out against the dark-green foliage. 20/30/28

NEW Echinacea purpurea 'Secret Romance' PPAF PVR
You will be delighted and amazed with the wonderful and **very large, salmon pink 'Coral Reef' style double flowers**. In addition, it has a lovely, well-branched, compact habit. You will want to romance this one. Bouquets of cut flowers from just one plant! 18/28/29

ECHINACEA 'SECRET PRIDE'

ECHINACEA 'SECRET ROMANCE'

Echinacea Prairie Pixies™ Series

ECHINACEA 'LITTLE ANGEL'

ECHINACEA 'LILLIPUT'

Echinacea 'Little Angel' PPAF PVR

This little baby is just heavenly with a profuse collection of **fragrant white flowers over a dwarf plant**. Flowers are proportional to the foliage and this one makes a great mixer in containers or en masse in the border. 'Little Angel' shows her white wings for an extended period and even reblooms - a feature in our compact Series. 12/16/16

Echinacea purpurea 'Lilliput' PP18841 EU27421

A breeding breakthrough! Short mounds are covered with 25+ blooms of fragrant deep rose-purple on this dwarf plant with 'Ruby Giant' blood. This form is unlike anything we have ever seen! Perfect in the front of the border or as a groundcover. 12/15/16

NEW Echinacea 'Cranberry Cupcake' PPAF PVR

Double, cranberry colored flowers on a "cupcake" of a plant. It's short, very free flowering, wide and makes the perfect size garden plant. 14/22/22

Echinacea 'Coral Reef' PPAF PVR

Here's a plant that sparkles with **amazing two-toned double anemone-like flowers with dark orange to coral rays topped by a coral red cone**. A full-sized Echinacea that is **excellent as a cut-flower**. A real show stopper. Its tones are great in combination with Agastache 'Summer Fiesta' and/or contrasting with dark leaf foliage like Actaea 'Black Negligee'. 30/28/36

Echinacea 'Firebird' PPAF PVR

Sometimes it all comes together in an Echinacea - **wonderful habit, compact size, and charming, red shuttlecock-shaped flowers** that look like they want to fly away! Dark cones add to the appeal of this wonder. Attracts butterflies in summer and seed hunting birds in the fall. Mix with Rudbeckia for a great combo. 18/22/25

Echinacea 'Gum Drop' PPAF PVR (as TNGD)
HUGE, dark pink, double, feathery pom-poms are held over broad pink petals on strong stems. A full-sized plant for the middle of the border. We're used to people fawning over our plants, but this one got extra points for cuteness. A killer combo is to use 'Gum Drop' with pink Coreopsis and blue ornamental grasses. 24/33/33

NEW Echinacea 'Phoenix' PPAF PVR
Charming yellow-orange starbursts explode over this compact beauty. Dark, round cones add to the appeal. Fragrant, more delicate flowers are useful in bouquets. Like all coneflowers, this one attracts butterflies in summer and seed hunting birds in the autumn. 20/15/24

NEW Echinacea 'Mama Mia' PPAF PVR
Very large red orange flowers. Flower color changes from red to orange to coral to pink. Designer color, nice big habit and long bloom time. 20/30/26

EUCOMIS 'FRECKLES'

Eucomis 'Freckles' PPAF PVR
This dwarf pineapple lily has it all - a vigorously clumping habit, spotted leaves, wavy margins, and attractive rose red flowers. A much larger plant than E. vandermerwei. A dramatic breakthrough for those that want to have something different, yet easy to grow! A perfect point of purchase pot plant. Use in front of the border and in mixed beds. Z 6-10 ☀ ▶ 9/14/10

EUCOMIS 'OAKHURST'

Eucomis comosa 'Oakhurst'
Strapping, upright brilliant burgundy foliage and purple, pineapple-like flowers adorn the plant. Originally found in a San Diego Nursery, this deep-purple leafed novelty has loved blazing sun there for nearly 20 years. We were totally amazed to see plants in an Indianapolis garden not only thriving, but actually reseeding! Wow! It has a stately and exotic look and it combines well in mixed containers. Also, it lasts an amazing 21 days as a cut flower! Z 5-10 ☀ ▶ ✂ 24/20/32

EUCOMIS 'OAKHURST' (Flowers)

Gaillardia Sun™ Series

Sun™ Series Gaillardia are simply the best on the market. Chosen after multiple years of breeding and trials, this ultra dense and incredibly showy group will set the standard for years to come. Full flower mounds perform like no other on the market. Rain or shine, heat, humidity or cold, they never rest. All need good drainage.

- Most compact habits in the industry
- Vivid colors
- Three distinct varieties

NEW *Gaillardia x grandiflora* ‘Red Sun’ PPAF PVR
Broad petalled “suns” of hot orange-red float over the mounding foliage of this blanket-flower. ‘Red Sun’ is tolerant of poor soil and the hottest sun. These are equally great your mixed bed or in a neglected area of the garden. Z 3-9 ☀ 10/20/14

Gaillardia Sun™ Series

NEW *Gaillardia x grandiflora* ‘Sun Devil’ PPAF PVR
Brightly colored flowers with fluted red petals are vibrant yellow at the tips. ‘Sun Devil’ is strong, compact plant that truly shines in containers or hot, dry areas of the garden. Z 3-9 ☀ 8/12/14

NEW *Gaillardia x grandiflora* ‘Sun Flare’ PPAF PVR
Bicolor gold and red trumpets herald Gaillardia ‘Sun Flare’. The habit is very compact and the foliage is a bit silvered. This drought-tolerant plant is a stunner in the border or in less-watered “hell strips.” Z 3-9 ☀ 8/20/10

☀ = Full Sun ► = Partial Shade ● = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches 🌸 = Fragrant ✂ = Cut Flower 🦋 = Butterfly 🐝 = Hummingbird 🏠 = House Plant 🦌 = Deer Resistant 🌵 = Drought Tolerant ❄ = Winter Color

Geum

GEUM 'EOS'

Geum *coccineum* 'Eos' (Beeches Nursery)
One peek and you will see why this glowing plant was named after the goddess of the dawn. **Bright orange flowers punctuate this golden statement.** The compact habit makes this plant a natural for sunny containers and for the front of the border in the garden. Easy and carefree. Z 5-8 ☀ ● ✂ 6/12/11

Geum 'Fireball'
Profuse, huge, sterile, orange-yellow, semi-double flowers emerge from spring to fall. These 1½" blooms are picoteed with a red edge. **One of the most impressive (and early) orange blooming perennials in the spring!** Found exploding in the walled city of York, England, this dynamic plant held its regal position in the garden, attracting every eye. Well-drained soil. Z 5-9 ☀ ☀ ✂ 18/24/30

NEW Geum 'Fire Storm', PPAF PVR
Welcome Geum 'Fire Storm', Terra Nova®'s improved version of Geum 'Fireball'. **Twice the flower power and vigor, with half the plant size.** This compact long blooming double orange flowering plant is easy to grow in almost any garden. Sensational! Z 5-9 ☀ ☀ ✂ 13/18/20

GEUM 'FIREBALL'

GEUM 'FIRE STORM'

Hakonechloa

HAKONECHLOA 'ALL GOLD'

Hakonechloa *macra* 'All Gold'
This gleaming, metallic gold "Forest Grass" holds its brilliant color all summer before turning tan in winter. The leaves are upright, spiky and are awesome in containers! Dan saw this glowing in the morning sun while visiting Suzuki-En in the Kowaguchi area of Japan. Z 6-9 ☀ ✂ 10/20/18

HAKONECHLOA 'STRIPE IT RICH'

Hakonechloa *macra* 'Stripe It Rich' PP19259
Yikes! Stripes! These white-striped, golden leaves create a new spin on the shade tolerant Japanese Forest Grass. 'Stripe It Rich' grows vigorously in full to partial sun. It is spectacular as a woodland accent, in containers, along pathways or entrances, and adds an Asian garden look. Z 6-9 ☀ ● 10/20/18

Helleborus

HELLEBORUS 'HONEYHILL JOY'

Helleborus *x nigercors* 'Honeyhill Joy' (Metcalfe)
This hybrid from Honeyhill Farms is exceptional for its quantities of large, outfacing, cream-centered, white flowers over vigorous, shiny, blue tinged foliage. Plant 'Honeyhill Joy' at your entry to enjoy the exceptionally early 2-month long show of marvelous, late winter blooms. Foliage is exceptionally weather-resistant. Blooms early (after its first winter) in a 4" pot! Z 6-9 ☀ ✂ 🐝 🌱 18/24/28

HELLEBORUS 'HOT FLASH'

Helleborus *x sternii* 'Hot Flash'
Sumptuously silvered and red veined, this outstanding evergreen Hellebore sports deeply serrate edges to create one HOT leaf. Blooms in late winter to early spring with pale green flowers blushed with pink. Wonderful in the front of the border for its clean good looks and winter interest. Requires good drainage to thrive. Z 6-9 ☀ 🐝 🌱 12/18/16

Hellebore Winter Jewels™ Double Strains

We consider Marietta O’Byrne to be the best Hellebore hybridizer in the world. This year, we are proud to offer for the first time, her **very large**, Winter Jewels™ double flowered strains in individual colors rather than as mixes. To ensure your success with these shade tolerant and deer resistant items, we’re offering these in 30 cell jumbo plugs. Limited quantities.

Helleborus x hybridus Winter Jewels™ (Double Lenten Rose) - Z 5-8 ☀️ ➡️ ● 🦌 ✂️ 🌿 12/24/14

HELLEBORUS AMBER GEM

HELLEBORUS BERRY SWIRL

HELLEBORUSBERRYSWIRL

HELLEBORUS AMETHYST GEM

Amber Gem

A double apricot dream! Blooms are yellow infused and blushed with red like a ripe apricot. **Perhaps the rarest of colors in Hellebores.**

NEW Amethyst Gem

Another addition to the O’Byrne jewel box of Hellebores; now world renowned for their exquisite breeding, Amethyst Gem **has exciting amethyst-rose double flowers, which last many weeks in the winter and early spring.** Amethyst flowers margined in pink are amazing to see.

Berry Swirl

Yummy **double orchid shades**, some with a creamy-white center kissed with orchid edging.

Hellebore Winter Jewels™ Double Strains

HELLEBORUS COTTON CANDY

HELLEBORUS JADE TIGER

Cotton Candy

These double, **fluffy light pink flowers** are so appealing you can almost taste the cotton candy.

Golden Lotus

Charming, golden, lotus-like flowers. Many of these double yellows will have red edges and some will have red streaking on the backs as well.

Harlequin Gem

A whole group of double-flowered plants with **very complex colors**; the inside color contrasting with the outside. The inside can be streaked with red, green, or yellow, the outside is black or purple.

Jade Tiger

Catch this curious tiger with **double green flowers painted with purple edges.** The backs of the flowers are often streaked with purple.

HELLEBORUS HARLEQUIN GEM

Hellebore Winter Jewels™ Double Strains

HELLEBORUS PAINTED DOUBLES

HELLEBORUS ONYX ODYSSEY

HELLEBORUS PEPPERMINT ICE

Onyx Odyssey
Take a dark voyage into the world of **double slate, purple and black flowers**. Long lasting bloom color, which doesn't fade to green, makes this strain a better value in the retail store. Flowers last for months.

Painted Doubles
Like an artistic painted masterpiece, **this white double is adorned with red brush marks**.

Peppermint Ice
These large, double, pink picotees are so sweet! **Flowers are a fluffy, light pink** with a rim of darker pink edging. Dark pink on the back of the tepals adds to the appeal.

Hellebore Winter Jewels™ Double Strains

HELLEBORUS SPARKLING DIAMOND

Sparkling Diamond
Marietta has worked hard to mine these very heavy flowering plants, producing a profusion of **double, pure-white blooms**.

HELLEBORUS SPARKLING DIAMOND

Heuchera Grower Tips:

How to succeed with Heuchera

- Select the right Terra Nova® Heuchera for your region.
- Use well drained, organic soilless media, pH at 5.8 to 6.2.
- Plant Heuchera crowns high, allow soil to settle in.
- Use liquid feed at about 50 to 100 PPM.
- Use slow release sparingly, approximately 1# of N per cubic yard of soil.
- Each microclimate of the country is different, so use local weather data accordingly.

How to fail with Heuchera

- Bury the crown of the plug; it's the #1 killer!
- Poor drainage/overwatering.
- Over-pot a small plant or over-feed anytime of the year.
- Use automated planters without checking planting depth.
- Grow in too low light.
- Use coco coir as your primary soil component.
- Grow them like annuals.
- Use a heavy dose of time release fertilizer.

Heuchera are North American Natives

Our Heuchera varieties thrive in all conditions

Bred from carefully selected forms in North America, our pioneer breeding efforts are often copied. Terra Nova® still brings the best of the best to the market, with the most testing and history behind each variety. Every year, thousands and thousands of seedlings are evaluated. Our worldwide network of test gardens ensures success in the global market. The USDA has provided proof that we cover more range in our breeding than anyone!

- **H. americana** - Takes extremes of heat and cold. A durable beauty forms a great habit and fascinating leaf patterns.
- **H. villosa** - The heat seeking missile. Grows in a wide variety of climates. Takes humidity very well.
- **H. micrantha** - The source of ruffled and curled foliage that maintains its form into the winter. This fantastic winter foliage helps to protect the crown from freezing winds. Native to the west coast, this species also imparts the best tolerance to wet feet.
- **H. cylindrica** - Compact wand flowers and habit. Imparts ability to survive harsh temperature extremes and drying winds.
- **H. sanguinea** - Drought and heat tolerant beyond belief. We owe our superb flower color range to this New Mexican native.

Terra Nova® Heuchera

The Pros:

- World's broadest selection
- Plugs finish fast for container planting
- Shapely mounding habit
- Exciting bright colors
- Great flowering habit, many reblooming types
- Months of color
- Good profit
- American native
- Clear guidelines for culture

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use
- Low growth habit

Our customers asked us to end the confusion of what Heuchera are best for their climate and region. To meet this challenge we developed the following “Key to your success with Heuchera.”

HEUCHERA 'GINGER PEACH' (Page 63)

HEUCHERA 'MIDNIGHT BAYOU' (Page 71)

- **(FC)** - Front & Center - Rebloomers with a smaller, tighter habit that is great for smaller pot sizes or the front of the border
- **(AS)** - All Star - Medium stature, multipurpose, can be used in all situations
- **(LS)** - Landscape - Largest plants that are more spreading and suitable for landscape applications
- **(NL)** - Northern Landscape - Large landscape plant good for the northern climates, mostly ruffled
- **(SL)** - Southern Landscape - Large landscape plant, most with H. villosa breeding, good in heat and humidity

Northern Landscape
Southern Landscape

Heuchera Crisp™ Series

Front of the border evergreen perennials, with crispy wavy margins in amazing foliage colors.

- Wonderful winter foliage
- All season foliage colors, great winter foliage
- 4 colors in the series
- Tight habits
- Crisp, wavy margins
- Perfect for the front of borders, containers, or as a specimen
- Ruffled foliage Heuchera perform well in the North due to the higher percentage of H. micrantha breeding

HEUCHERA CRISP™ SERIES COLLAGE

58

HEUCHERA 'BLACKBERRY CRISP'

HEUCHERA 'BLACKBERRY CRISP'

NEW *Heuchera* 'Blackberry Crisp' PPAF PVR
Seriously crinkled and crisped margins. 'Blackberry Crisp' is also the first ruffled summer purple Heuchera. It has a tight mounding habit with leaves that change from **deep burgundy in the spring to deep purple-black in the fall**. Short white flowers in spring add to this appealing gem. Z 4-9 ☀️ 🌿 🦋 🐝 ❄️ 7/16/17

AS M A

Heuchera Crisp™ Series

HEUCHERA 'PEACH CRISP'

NEW *Heuchera* 'Peach Crisp' PPAF PVR
'Peach Crisp' is a visual marvel. With an **extremely ruffled peach to amber leaf color, on a tight mound**, it works well in a container, as an edger, or a textural color spot. Prefers full sun and good drainage. Z 4-9 ☀️ 🌿 🦋 🐝 ❄️ 6/14/15

HEUCHERA 'PEACH CRISP'

HEUCHERA 'APPLE CRISP'

NEW *Heuchera* 'Apple Crisp' PPAF PVR
New in our Crisp™ Series, 'Apple Crisp' is blessed with seriously crisped green leaves and a white veil. The combination of a **tight, compact habit and short white flowers** make our 'Apple Crisp' the "tastiest" you've ever had! Z 4-3-9 ☀️ 🌿 🦋 🐝 ❄️ 6/11/11

AS M S A

HEUCHERA 'PEAR CRISP'

NEW *Heuchera* 'Pear Crisp' PPAF PVR
Take the warm yellow of sun-ripened pears and apply a tight ruffle and you have 'Pear Crisp.' **Mounds are quite tight** and are a wonderful object of interest in a container or at the front of the border. Z 4-9 🌿 🦋 🐝 ❄️ 7/10/13

59

Heuchera City™ Series

Compact plants with great flowers and a fantastic reblooming habit.

- Front of the border evergreen perennials
- Bred to bloom all summer long
- Very showy flowers due to H. sanguinea and H. cylindrica in their breeding
- Showy foliage colors for winter color
- Great container plants that mix well with other component plants
- Use in mass, as specimens, or on the border

HEUCHERA 'HAVANA'

HEUCHERA 'SHANGHAI'

HEUCHERA 'VIENNA'

HEUCHERA 'HOLLYWOOD'

HEUCHERA 'SHANGHAI'

HEUCHERA 'VIENNA'

Heuchera City™ Series

HEUCHERA 'MILAN'

HEUCHERA 'PARIS'

Heuchera 'Havana' PPAF PVR
Dense wands of cerise pink flowers glow, like the end of Fidel's cigar. These dance to the Cuban beat over swirling yellow-lime leaves veiled in white. 'Havana' has a compact form and reblooming habit, which makes it an excellent pot plant. This is a plant that actually prefers shade, so keep it out of the sun! A few hours of morning sun is fine. Short flowering stems will fit most rack systems. Requires good drainage. Z 4-9 ● 🦋 🦋 7/12/14

Heuchera 'Hollywood' PP17129 EU20620
Strong reblooming spikes of dense coral-red flowers are produced over white veiled, lightly ruffled metallic leaves. Every flower stem produces dozens of flowers that rebloom continuously. The compact habit and long bloom period of 'Hollywood' make it perfect for mixed containers and edging. Z 4-9 ☀️ 🌿 🦋 🦋 🦋 8/10/16

Heuchera 'Milan' PPAF PVR
Milan is all about fashion and so is this charmer with constant bloom of lovely warm pink flowers on short stems over tight mounds of small silver leaves (with a maroon blush when cool). Very flashy! A great show in the front of the border or en masse. Z 4-9 ☀️ 🌿 🦋 🦋 🦋 9/18/14

Heuchera 'Paris' PP18881 EU25269
As silvered as any of our "minty" selections, this free-flowering cousin to 'Hollywood' has striking, white-veiled green leaves that give rise to continuous columns of large, deep rose-colored flowers. Repeat blooms until frost with a single bloom-stem lasting for 2 months. Excellent in containers or the shade border. Z 4-9 ☀️ 🌿 🦋 🦋 🦋 7/14/14

Heuchera 'Shanghai' PPAF PVR
Tight mounds of silvery-purple leaves set forth creamy-white flowers on dark stems. 'Shanghai' had the best foliage through the worst winter in the last 40 years at the Terra Nova® test gardens. Ice, snow and rain didn't faze it! As Shanghai is a beacon to China, so Heuchera 'Shanghai' can be an inviting beacon of metallic silver to your garden. Reblooms all summer. Z 4-9 ☀️ 🌿 🦋 🦋 🦋 10/12/18

NEW Heuchera 'Vienna' PPAF PVR
Our Heuchera 'Vienna' is a bastion of artful traits; compact plants that produce a multitude of rose-pink flowers on tight spikes. The plant continues to rebloom over veiled, multi-toned, orange-red leaves. This plant can be a centerpiece in a small pot, or can offer a supporting role in the landscape. Z 4-9 ☀️ 🌿 🦋 🦋 🦋 7/15/16

Heuchera Marmalade™ Series

Our Marmalade™ Series are great landscape plants with lovely undulating margins. These tough plants grow wide and are once-blooming for easy maintenance.

- Showy foliage colors for winter color
- Great landscape plants that are larger than other Heuchera
- Use in mass, as specimens, in the border, or in containers
- Plants finish quickly in containers

LS NL M A

NEW *Heuchera* 'Berry Marmalade' PPAF PVR (Pavlich)
'Berry Marmalade' is a large and bold plant with deep purple-black leaves and a silvery veil. Extra thick leaves stand up to intense heat and cold. Very shy to bloom means no cleaning for several years. Strong vigor! Z 4-9 ☀️ 🌑 🦋 🐝 🌸 12/28/18

Heuchera Marmalade™ Series

LS NL M A

HEUCHERA 'GINGER PEACH'

Heuchera 'Ginger Peach' PPAF PVR (Pavlich)
Brassy, billowy and bold! **Casually ruffled and ever-changing: peach to coral, to toasted copper and rose.** *Heuchera* 'Ginger Peach' is perhaps the fastest growing *Heuchera* in the garden. Very neat habit, without formality, always changing colors, always interesting. Slow to flower, as neat as a pin for years! Z 4-9 ☀️ 🌑 🦋 🐝 🌸 10/24/18

Heuchera 'Lime Marmalade' PPAF EU-derived var
A tasty lime foliage sport from TNN's finest amber foliage *Heuchera*, 'Marmalade'. **Super vigorous** and full of frills. Like 'Marmalade' it is a tough plant and **performs equally as well in the South as in the Northwest.** Compared to 'Lime Rickey', 'Lime Marmalade' features a bigger, "landscape sized" form. With ruffled, lime colored leaves and a large mounding habit it is showy in containers as well as in mixed beds, and masses. Easy to grow with good drainage. Z 4-9 🌑 🌑 🦋 🐝 🌸 10/24/16

HEUCHERA 'LIME MARMALADE'

Heuchera 'Marmalade' PP15945 EU17452
'Marmalade' stands out with its **rich, shiny, undulating foliage ranging in color from umber to deep sienna.** Particular notice is paid by all to its hot pink undersides that make this plant shout, "Take me home!" Showy in all seasons, this vigorous plant has heavy substance standing up to inclement weather. A great landscape choice which performs well in both sun and shade. Won first place at the Royal Dutch Flower Bulb Association show in 2008. Z 4-9 ☀️ 🌑 🦋 🐝 🌸 10/18/16

HEUCHERA 'MARMALADE'

LS NL M A

HEUCHERA 'LIME MARMALADE'

Heuchera Soda™ Series

Great medium sized, vigorous landscape plants with round leaves, great foliage color, long bloom time (mid spring to early summer) and showy flowers.

- Heavy bloom in spring and early summer
- Very showy flowers due to H. sanguinea and H. cylindrica in their breeding
- Warm, earth toned foliage colors
- Lovely container plants
- Use in mass, as specimens, or in the border

NEW Heuchera 'Cherry Cola' PPAF PVR
Front of the border charm with **lovely rust red leaves and cherry red flowers.** 'Cherry Cola' performs all year round. Something fizzy for the garden. John Elsley was in awe when he saw it in our show garden this April. The second in our Soda™ Series with 'Root Beer' and 'Ginger Ale' Z 4-9 ☀️ 🌑 🌒 🌔 🌕 🌖 🌗 🌘 🌙 🌚 🌛 🌜 🌝 🌞 🌟 🌠 🌡 🌢 🌣 🌤 🌥 🌦 🌧 🌨 🌩 🌪 🌫 🌬 🌭 🌮 🌯 🌰 🌱 🌲 🌳 🌴 🌵 🌶 🌷 🌸 🌹 🌺 🌻 🌼 🌽 🌾 🌿 🍀 🍁 🍂 🍃 🍄 🍅 🍆 🍇 🍈 🍉 🍊 🍋 🍌 🍍 🍎 🍇 🍈 🍉 🍊 🍋 🍌 🍍 🍎 6/14/18

Heuchera Soda™ Series

NEW Heuchera 'Root Beer' PPAF PVR
Lovely root beer colored foliage combined with **creamy yellow flowers.** 'Root Beer' forms a mound of color year round and is sure to charm you with its ivory spring bloom. The third in our Soda™ Series which includes 'Ginger Ale' and 'Cherry Cola'. Z 4-9 ☀️ 🌑 🌒 🌔 🌕 🌖 🌗 🌘 🌙 🌚 🌛 🌜 🌝 🌞 🌟 🌠 🌡 🌢 🌣 🌤 🌥 🌦 🌧 🌨 🌩 🌪 🌫 🌬 🌭 🌮 🌯 🌰 🌱 🌲 🌳 🌴 🌵 🌶 🌷 🌸 🌹 🌺 🌻 🌼 🌽 🌾 🌿 🍀 🍁 🍂 🍃 🍄 🍅 🍆 🍇 🍈 🍉 🍊 🍋 🍌 🍍 🍎 🍇 🍈 🍉 🍊 🍋 🍌 🍍 🍎 6/14/18

Heuchera 'Ginger Ale' PP18173 EU23085
Effervescent flowers in shades of ginger yellow and light pink erupt from soft, ginger colored leaves. Lovely to contrast with the darker coral-bells in the marketplace. Designers love the ability of this plant to complement so many colors. It is a perfect neutral tone. Good in containers and in borders. Z 4-9 ☀️ 🌑 🌒 🌔 🌕 🌖 🌗 🌘 🌙 🌚 🌛 🌜 🌝 🌞 🌟 🌠 🌡 🌢 🌣 🌤 🌥 🌦 🌧 🌨 🌩 🌪 🌫 🌬 🌭 🌮 🌯 🌰 🌱 🌲 🌳 🌴 🌵 🌶 🌷 🌸 🌹 🌺 🌻 🌼 🌽 🌾 🌿 🍀 🍁 🍂 🍃 🍄 🍅 🍆 🍇 🍈 🍉 🍊 🍋 🍌 🍍 🍎 9/10/18

HEUCHERA 'GINGER ALE'

HEUCHERA 'AUTUMN LEAVES'

Heuchera 'Autumn Leaves' PPAF PVR
Truly a four-seasons plant, 'Autumn Leaves' changes its personality as the days grow longer. **Mid-sized leaves of red in the spring, taupe in summer, and ruby red in the fall, put on a show in any season.** The H. villosa and H. americana parentage will help with **heat and humidity tolerance**. Try this plant in fall containers with mums and kale.
Z 4-9 🌞 🌿 🌱 🌸 8/15/18

Fall Color

AS V A

HEUCHERA 'AUTUMN LEAVES'

Heuchera 'Amber Waves' PP13348 EU11455
The light rose-colored flowers are secondary to the **STUNNING, ruffled, amber-gold foliage which is brightest in spring.** We had a designer grab our plant and hold it up to every colored foliage plant in the nursery and... it worked. We have discovered the "NEW neutral." Z 4-9 🌞 🌿 🌱 🌸 8/17/14

Heuchera 'Berry Smoothie' PPAF PVR
One of our biggest "wow" plants last year. Originally selected for **its amazing spring color of rose pink,** we were pleased to find a **big, bold habit** with excellent color year round. The large round leaves have colors from purple rose to rose pink. **A delicious blend of heat loving H. villosa and cold tolerant H. americana.**

HEUCHERA 'LIME RICKEY'

HEUCHERA 'LIPSTICK'

HEUCHERA 'GREEN SPICE'

Heuchera americana 'Green Spice'

A top-seller around the world and great in the shade! Much more color contrast and more vigorous than Heuchera 'Beauty Color'. Its **dark gray-edged silver leaves with red venation** are smoother and brighter, bigger, and better. **Exceptional fall color**, which we label as "pumpkin, neon orange." Z 4-9 9/16/28

Heuchera 'Lime Rickey' PP16210 EU17451

Consistently one of our top selling Heuchera. **Lime-green to chartreuse ruffled foliage** provides multiseasonal interest in both gardens and mixed containers. This refreshing color is the perfect contrast plant allowing it to play well with others. A vigorous grower which is topped with **thousands of small pure white flowers in spring**.

Z 4-9 8/18/17

Heuchera 'Lipstick' PPAF PVR

Mounds of silver-veiled green leaves give rise to masses of flower spikes of an intense lipstick red. **Reblooming red flowers** are features that accent the classic "old-fashioned" perennial border. Great in the rock-garden and crevices too!

Z 4-9 9/14/18

HEUCHERA 'MIDNIGHT BAYOU'

Heuchera 'Mahogany' PP19072 EU25282

Like shiny, rich leather, this **ruffled, mahogany red beauty** is also a great garden performer. Wonderfully dense, shiny color year round. Foliage changes from **spring purple tones to summer red tones**. Fabulous in combination containers. **An excellent landscape plant.** Z 4-9 8/16/14

Heuchera 'Midas Touch' PPAF EU-derived var (as TNMT)

With **yummy, seersuckered, ruffled, and fluted foliage of peach and gold**, 'Midas Touch' delivers a fashion statement on a heavily veiled, vigorous growing plant. This compact plant is great throughout the year or use as a special filler for autumn-themed baskets. Z 4-9 9/14/14

Heuchera 'Midnight Bayou' PPAF PVR

They wanted a **large purple leaved Heuchera for the South**. They have it with H. 'Midnight Bayou.' Maple-like leaves of purple with black veins provide an excellent foil for silver-leaved and light pink-flowered plants. **Leaf color changes with the season from red purple to silvered purple**. The H. villosa heritage adds to the appeal of this bayou-beauty.

Heucherella

No longer the thin-leaved plants of the past, our Heucherellas now have the tremendous strength of our best Heucheras bred to our strongest Tiarellas. The result? Vigorous, medium to large plants with strong leaf-colors and great flowers. Jimmy Turner of the Dallas Arboretum has declared the Heucherellas as perfect plants for the high heat and humidity of Texas. We enjoy them immensely in the north in containers as well as in the landscape. Plants like H. ‘Sweet Tea’ (Dan’s favorite), H. ‘Tapestry’, and H. ‘Alabama Sunrise’ are the standard-bearers of our line with large, cut leaves and seasonal changes of coloration in the foliage. So, North or South, there’s an arresting selection from which to choose.

HEUCHERELLA 'BERRY FIZZ'

HEUCHERELLA 'ALABAMASUNRISE'

NEW *Heucherella* ‘Berry Fizz’ PPAF EU-derived var
Who put the fizzy pink spray on Heucherella ‘Burnished Bronze’? We did! **The first variegated Heucherella - a pink variegation!** Something a bit different from the Heucherella kings at Terra Nova®. Great in sun or shade, containers, or borders. Light pink-white flowers.
Z 4-9 ☀️ 🌿 🦋 🌸 6/12/10

Spring Color

Heucherella ‘Alabama Sunrise’ PP19611 EU28145
Changes color with the seasons! The **deeply cut foliage, in spring to mid summer, is gold with red veins.** In late summer, the leaves go to green with red veins. In fall, the older foliage turns orange pink. Small white flowers.
Z 4-9 🌞 🌿 🦋 🌸 12/20/20

HEUCHERELLA 'BRASS LANTERN'

Heucherella ‘Brass Lantern’ PPAF PVR
Outstanding vigor combined with **brassy gold and red spring color on maple shaped leaves.** A beacon in the garden. Use this large, evergreen, landscape perennial in mixed beds, under high branching shrubs, or in a container. Spikes of **white flowers on dark stems.** Winter color olive and brown. Best color contrast with some shade. Z 4-9 ☀️ 🌿 🦋 🌸 20/24/28

Heucherella ‘Burnished Bronze’ PP12159 EU13528
This has **large cut leaves with a glossy, burnished bronze finish.** Top this off with starry, soft pink flowers on branched stalks and you have an amazing plant. Flowering reblooms in the summer as well. Z 4-9 ☀️ 🌿 🦋 🌸 8/14/18

Heucherella ‘Dayglow Pink’ PP12164 EU11469
Blooming with **hundreds of branched, brilliant pink flower stalks,** this hybrid stunned us from day one. The greatest thrill in hybridizing is to hit a color breakthrough. ‘Dayglow Pink’ comes through with flying colors. Leaves are cut with a chocolate inlay. Z 4-9 ☀️ 🌿 🦋 🌸 7/14/16

HEUCHERELLA 'BRASS LANTERN'

HEUCHERELLA 'DAYGLOW PINK'

HEUCHERELLA 'BURNISHED BRONZE'

HEUCHERELLA 'GUNSMOKE'

HEUCHERELLA 'SOLAR POWER'

Heucherella 'Gold Zebra' PPAF PVR

What had visitors' heads snapping at our trials this year? It was H. 'Gold Zebra'- a plant with a twist. **Bright yellow, feathery leaves are boldly marked with dark-red.** A standout in containers or "Front and Center" of the border.
Z 4-9 🌞 🌑 🦋 🌸 8/15/18

Heucherella 'Gunsmoke' PPAF PVR

An amazingly vigorous new silver veiled Heucherella with breeding from H. villosa and ruffle types. Lovely maple-shaped leaves with purple red tones on the new growth maturing to silver with dark veins. Dramatic enough to be a stand-alone in a modern container. Will grow in sun or shade. White flowers in early summer.

Z 4-9 🌞 🌑 🦋 🌸 13/25/19

Heucherella 'Kimono' PP12154 EU13668

'Kimono' has an indescribable ornamentation of silvers, purples, and greens. **The narrow, deeply dissected foliage with a dark chocolate center stripe** is topped by summer blooms of creamy white. Tony Avent of Plant Delights was simply blown away with this plant and reports that 'Kimono' thrives in his southern garden. Killer metallic-rose winter color. **Winner of the Medaille d'Argent in France in 2003 and an Award of Garden Merit.**

Z 4-9 🌞 🌑 🦋 🌸 12/30/20

Heucherella 'Solar Power' PPAF PVR

Deep red splattered leaves of yellow gold to lime green and lobed form a spreading mound of color in sun or part shade. This Heucherella **takes higher light levels than our other yellow foliage forms.** This is the one Heucherella that stunned us with its sun tolerance. It actually thrived in 100+ degree temps for weeks! When grown in full shade it stays lime green with splatters of deep red.

Z 4-9 🌞 🌑 🦋 🌸 12/20/16

HEUCHERELLA 'SWEET TEA'

Spring Color

HEUCHERELLA 'STOPLIGHT'

Heucherella 'Stoplight' PP16835 EU20613

Large 4" red centered, screaming yellow, spring leaves have shot this vigorous selection to the top of our best sellers list. Striking leaf coloration continues to intensify as leaves mature. The texture and colorful foliage of 'Stoplight' allows it to combine with red flowering annuals and perennials for multi-seasonal interest. Creates a focal point anywhere it is planted. Airy white flowers are produced in spring. Z 4-9 ☀ ● 🦋 🌸 6/14/16

Heucherella 'Sweet Tea' PP21296 PVR

Huge cinnamon stars are surrounded by the loveliest orange tea colored borders. A new, instant classic for containers and garden. Undeniably the most intensely colored Heucherella ever! The big, palmately cut leaves darken in the summer and lighten up again in the fall. Its H. villosa breeding gives it a big bold habit. Z 4-9 🦋 🌸 20/28/27

Heucherella 'Tapestry' PP21150 EU26477

Stunning multicolored and veiled foliage with free flowering stems of warm pink flowers. The dark-centered leaves are colored blue green in spring and summer and change to green with dark centers in fall and winter. **New leaves have blue iridescence.** One of the best for the South. Z 4-9 ☀ 🌸 7/16/20

HEUCHERELLA 'TAPESTRY'

HEUCHERELLA 'TAPESTRY'

Heucherella Falls™ Series

The first trailing Heucherella, use in containers or hanging basket like an Ipomoea, colorful foliage, lobed leaves, marked with dark pattern.

NEW Heucherella 'Redstone Falls' PPAF PVR

The first GROUNDCOVER Heucherella, sending out 12"+ stems and spreading low. Broad coppery-colored leaves with dark veins in the spring and summer and changing to a multitude of reds and browns in fall and winter. Good spilling out of a container in sun or shade or use in your mixed beds. H. villosa bloodlines enhance the usability in many regions. Vigorous grower. Z 4-9 ☀ 🌸 10/36/15

NEW Heucherella 'Yellowstone Falls' PPAF PVR

The second in our trailing Heucherella Series, 'Yellowstone Falls' has lovely chartreuse lobed leaves with deep crimson markings. The stems will trail 3 feet in a container making a wonderful hanging basket or a super ground cover. Z 4-9 ● 6/24/10

Hosta Collection - 10 Years In The Making

When Terra Nova® started its Hosta breeding program, Bill Clinton was President of the United States. More than a decade went into the development of these two unique and exquisite garden gems. Years of selection sought red stems that crept into the leaf. This is evident in Hosta ‘Raspberry Sundae’. ‘Purple Heart’ has deep merlot-purple stems merged with deep pine green.

Knowing how many thousands of Hosta varieties were already on the market caused great caution about rapid introduction. We now know we have two unique and garden worthy Hostas to introduce to the world. Z 4-9 ●

HOSTA ‘RASPBERRY SUNDAE’

HOSTA ‘PURPLE HEART’

HOSTA ‘RASPBERRY SUNDAE’

HOSTA ‘PURPLE HEART’

Hosta ‘Purple Heart’ PPAF PVR
Glossy lime to green leaves spotlighted with red purple in the leaf base. One of the neatest and most uniform habits of any Hosta. The short petioles are almost black. A compact, densely clumping habit. Good slug resistance. Said to have the darkest scapes of any Hosta. 15/30/24

Hosta ‘Raspberry Sundae’ PPAF PVR
Lovely compact Hosta with beautifully variegated leaves and striking deep burgundy petioles, leaf bases, and flower stalks. Terra Nova® worked on this one for many years perfecting the combination of variegation and introducing the red pigmentation to the foliage. Flower color is deep lavender purple in August. 15/30/24

Kniphofia Popsicle™ Series

Terra Nova® is proud to launch this delicious array of new pokers in “ice-creamy” colors. Where other Kniphofia get bulky, flower for a short period, and have leaves that fold and yellow; our new Series sports these great characteristics:

- Compact habit
- Blooms from summer into fall – a massive rebloomer!
- Attractive grassy foliage which looks great all season
- High-impact colors
- Day-neutral - requires warmth and light to bloom

KNIPHOFIA ‘CREAMSICLE’

NEW Kniphofia ‘Creamsicle’ PPAF PVR
This new dwarf Kniphofia has multiple spikes of flowers that are creamsicle orange. Bred for smaller spaces and long bloom time. The Popsicle™ Series blooms all summer into fall. Z 6-9 ☀️ 🦋 🐝 🌿 12/16/18

NEW Kniphofia ‘Mango Popsicle’ PPAF PVR
Delicious spikes of sweet, mango orange blooms continuously summer into fall. The short grassy foliage looks neat all summer. A terrific drought tolerant garden plant. Great in the mid-border. Z 6-9 ☀️ 🦋 🐝 🌿 12/18/30

KNIPHOFIA ‘MANGO POPSICLE’

KNIPHOFIA ‘PAPAYA POPSICLE’

NEW Kniphofia ‘Papaya Popsicle’ PPAF PVR
A poker with a twist! ‘Papaya Popsicle’ is an all-summer bloomer which has a very short compact habit. Charming, grass-like foliage looks neat all summer! Great for small gardens or in a container. Z 6-9 ☀️ 🦋 🐝 🌿 12/18/20

NEW Kniphofia ‘Pineapple Popsicle’ PPAF PVR
Slice open a fresh pineapple and you’ll see the wonderful color of this blooming dynamo’s flowers. ‘Pineapple Popsicle’ has compact, grassy foliage and produces massive numbers of long, reblooming pale-yellow spikes. A great blender with other colors in the garden. Z 6-9 ☀️ 🦋 🐝 🌿 14/25/26

KNIPHOFIA ‘PINEAPPLE POPSICLE’

Kniphofia Glow™ Series

This new group offers hot colors in late-blooming varieties. The warm orange tones will complement fall planting promotions. The clean, grassy foliage and dark-red tones add a new, contrasting dimension to mum and kale offerings and will bloom till frost. Look for these features in this new Series:

- Small habits for smaller spaces
- Short grassy leaves which do not bend or break easily
- Blooms that appear in massive numbers for late summer and fall sales
- Long day length required for blooms

KNIPHOFIA 'EMBER GLOW'

KNIPHOFIA 'FIRE GLOW'

NEW *Kniphofia* 'Ember Glow' PPAF PVR
'Ember Glow' puts on a massive, **bright flower display from August to frost.** This lovely dwarf Kniphofia features **bicolor yellow and orange flowers** that look just like candy corn. Ideal for small gardens.
Z 6-9 ☀️ 🦋 🌧️ 🌱 🌿 10/24/20

NEW *Kniphofia* 'Fire Glow' PPAF PVR
'Fire Glow' sets the garden aflame! Enjoy an enormous flower display each year from August to frost. This is a lovely **dwarf Kniphofia with large bicolor orange and red flowers on dense 20" spikes.** Great for small space gardening. Z 6-9 ☀️ 🦋 🌧️ 🌱 🌿 12/14/20

☀️ = Full Sun 🌤️ = Partial Shade ● = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches 🌸 = Fragrant ✂️ = Cut Flower

Leucanthemum (Reblooming Varieties)

LEUCANTHEMUM 'PALADIN'

LEUCANTHEMUM 'PALADIN'

Leucanthemum x superbum 'Paladin' PPAF PVR

A Shasta with a twist: **unique blooms, so ruffled and layered - they resemble an Edwardian collar.** Fill your customers' gardens with these superb flowers on stiff, upright stems. It produces so many crowns; it will fill your containers in no time. Enjoy months of elegant blooms outdoors or use them as cut flowers. No unpleasant scent!
Z 5-8 ☀️ 🦋 🌧️ ✂️ 16/15/20

LEUCANTHEMUM 'VICTORIAN SECRET'

Leucanthemum x superbum 'Victorian Secret' PPAF PVR

Neat, compact habit with more charm than should be allowed. A knee-high model of a daisy, giving other Leucanthemum on the runway an inferiority complex. Casually **ruffled flowers on just right stems** last and last, even through extreme heat. Odor free!
Z 5-8 ☀️ 🦋 🌧️ ✂️ 14/20/14

NEW *Leucanthemum x superbum* 'Bridal Bouquet' PPAF PVR

What bride wouldn't be happy to bring in a bouquet like this: **lightly ruffled, double, broad petalled white flowers which are bright yellow when the first emerge.** Habit is super compact and the blooms don't have that "Shasta smell." Z 5-8 ☀️ 🦋 🌧️ ✂️ 6/18/10

Ligularia

Ligularia przewalskii 'Dragon's Breath' (Lichen)
A small garden-sized version of this gorgeous foliage plant with "dragon fire" leaves. Northern California plantsman, Lichen, describes this gem as having a "darkly elegant" look. Showy black-stemmed scepters of fringed yellow blooms are in perfect scale to the plant. Captivating in a group or as a small accent in a container. Looks exotic and tropical; yet is undemanding. Thrives in a moist location. Z 4-8 ☀️ 🌿 🦋 13/22/31

LIGULARIA 'DRAGON'S BREATH'

Ligularia przewalskii 'Dragon Wings' (Vitroflora)
The dramatic, leathery leaves are 12 inches across and deeply cut like a snowflake or the wings of a mythical creature. Yellow summer flowers in slender, dense racemes. The leaves and flower spikes have dark purple stems that add to the drama. Clumping habit. Best if protected from the hottest sun and kept evenly moist. Z 4-8 ☀️ 🌿 🦋 32/36/60

LIGULARIA 'DRAGONWINGS'

MUKDENIA 'CRIMSON FANS'

Lobelia 'Monet Moment' (Maness)
We were amazed by two of this plant's traits - **immense bloom size, and MASSES of flowers.** The vigor of this plant is extraordinary. If Monet ever had "a moment" it would be reflected in this gorgeous rose pink beauty. Z 4-9 ☀️ 🌿 🦋 20/16/36

Mukdenia rossii 'Crimson Fans'
Mukdenia is a very hardy, deciduous Heuchera relative from China. This form has large maple-like leaves, which emerge green then age (after flowering) to mid-green splashed with bright red. Foliage remains red all summer. Numerous white, bell-shaped flowers are held in branched panicles for several weeks from February to April. Can be used as a groundcover or specimen in part shade. This stunning plant is actually hardy in Vermont! Likes even moisture, and remember it is not as fast growing as a Heuchera. Darker red and more compact than 'Karasuba.' Limited. Z 4-9 🌿 12/24/16

LOBELIA 'MONET MOMENT'

NEPETA
'PURPLE HAZE'

Nepeta

Nepeta 'Blue Dragon' PPAF PVR

Our selection of this catmint has **huge blue flowers**, which upon close inspection, do look like blue dragon heads! Compared to the species, **'Blue Dragon' is upright and compact** (rather than floppy) with larger, showier flowers. Excellent in a sunny border or large container.

Z 6-9 ☀️ 🦋 🐦 ✂️ 🌿 🍷 30/30/36

NEW Nepeta 'Blue Lagoon' PPAF PVR

A truly **LOW and spreading hybrid catmint with green, fuzzy foliage and a sea of blue flowers**. Truly a breakthrough plant which is perfect along pathways or spilling over container edges as it looks so clean, unlike the old types of spreading Nepeta. Drought tolerant and lemon scented. Z 6-9 ☀️ 🦋 🐦 🌿 🍷 4/24/8

NEW Nepeta x faassenii 'Limelight' PPAF PVR (Schaad)

A splendid new look for a catmint: **icy lime-green foliage sprinkled with blue flowers** all summer long. Extremely low habit makes this plant a natural choice for borders or along garden paths. Very easy to grow if given sun and good drainage. Drought tolerant and deer resistant. Z 6-9 ☀️ 🦋 🐦 🌿 🍷 6/32/8

NEW Nepeta 'Purple Haze' PPAF PVR

'Purple Haze' forms a **silver mat with purple blue flowers spikes that look like Buddleias**. The plants are blooming and **clean looking all summer long**. No maintenance because they never gets messy! Landscapers will love this one. Can be used in the front of borders and mixed beds, as a ground cover on banks, in a rock garden, or in a container. A favorite of the breeders here.

Z 6-9 ☀️ 🦋 🌿 🍷 4/30/7

NEPETA 'PURPLE HAZE'

NEPETA 'LIMELIGHT'

NEPETA 'BLUE DRAGON'

NEPETA 'BLUE LAGOON'

Penstemon Taffy™ Series

PENSTEMON 'BLUEBERRY TAFFY'

PENSTEMON 'STRAWBERRY TAFFY'

Each member of this Series is typified by vigorous upright clumps of glossy foliage which erupt in strong spikes. This Series differs from what's on the market by the amazing bloom period and the strong lateral growth from the base. These charmers bloomed here from June until hard frost

in December! Deadheading is not required. Drainage and reasonably fertile soil are helpful in keeping these plants perennial.

Z 7-9 ☀️ 🦋 🐦 🍷 ✂️

Penstemon 'Blueberry Taffy' PPAF PVR

Strong spikes of immense, wide, light purple flowers. Each flower is laced with red purple guidelines. Hummingbirds fell in love with this plant in our garden. 18/18/28

Penstemon 'Grape Taffy' PPAF PVR

Huge flower spikes hold large, contrasting purple-red flowers with clear white throats. New spikes continue to grow strongly from the base. Nice in cut bouquets. 20/20/30

Penstemon 'Strawberry Taffy' PPAF PVR

Strawberry-pink lips frame pure white throats. These are further adorned with strawberry red guide lines. A lovely candy color to enjoy in the summer and fall. 18/18/28

PENSTEMON 'GRAPE TAFFY'

☀️ = Full Sun ► = Partial Shade ● = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches 🌿 = Fragrant ✂️ = Cut Flower 🦋 = Butterfly 🐦 = Hummingbird 🏠 = House Plant 🍷 = Deer Resistant 🌿 = Drought Tolerant ❄️ = Winter Color

PENSTEMON 'DARK TOWERS'

Penstemon 'Dark Towers'
PP20013 EU27485 (Lindgren)
Glossy bronze-red foliage is topped with masses of pink flowers in July and August. Compared to 'Husker's Red' this beauty has much darker foliage which stays darker. Dale Lindgren of University of Nebraska created this dark leaf ultra-hardy, pink flowering form. A tough, carefree plant which tolerates high heat and humidity. A perfect dark background plant for the border. Z 3-8 ☀ 🌧 🌱 33/30/36

PETASITES 'GOLDEN PALMS'

Petasites frigidus var. palmatus 'Golden Palms' (Pavlich)
A wild sport collected at 1500' in the Northwest by Chuck Pavlich. **Shimmering metallic golden "palms", which can grow to almost 3 feet wide arise in early spring preceded by cream colored male flower spikes** from February to April. Thrives in moist conditions. Requires shade in southern climes and needs sun elsewhere for best color. This is a spreader. Offered as bare root only. Z 6-10 ☀ 🌧 🌱 24/24/15

Polemonium caeruleum 'Snow and Sapphires' PP13441 (McDonald)
Clean white variegation surrounds the larger fern-like leaflets. The foliage mound gives up **sky-blue flowers whose fragrance can be enjoyed from 4 feet away**. Deadheading can encourage rebloom. It has rebloomed 3 times here with deadheading. Vigorous and long-lived. Z 3-9 ☀ 🌧 🌱 10/16/19

Primula 'Green Lace' (Tuffin)
Never before has there been such a primrose. **Very vigorous and exceptionally free flowering**, the flowers last for months, not days. Each **super ruffled and fluted flower** is composed of actual green chlorophyll tissue rather than regular flower tissue. This helps support the plant during the **5 months of flowers it puts out**. Plus it's totally sterile, so it doesn't know when to quit. Fantastic for beds, borders and containers. Primula 'Green Lace' has 'Francesca' beat ten-fold, with flower count, vigor, and overall beauty. Maybe Primula 'Francesca' turned green due to envy? Z 6-9 🌧 🌱 4/9/9

POLEMONIUM 'SNOW AND SAPPHIRES'

PRIMULA 'GREEN LACE'

POLEMONIUM 'SNOW AND SAPPHIRES'

Persicaria

We took Persicaria 'Red Dragon' (Speichert) and made it better! These new hybrids are shorter and improved the former plant's habit. These are great blending plants for the garden or planter. They are easy to maintain and will be appreciated by landscapers for their impact and ease of maintenance. We thank the recently departed plantsman, Greg Speichert for his contributions to horticulture.

- Showy foliage patterns
- Great component plant in a container
- Easy to maintain
- Low, mounding habits
- Fast growing

PERSICARIA 'CHOCOLATE DRAGON'

PERSICARIA 'DRAGON'S EYE'

Persicaria microcephala 'Chocolate Dragon' PP17325 EU20326
This is a low mounding plant with leaves of purple brown when young and **mature to a chocolate brown with silvery olive chevron**. Better branching and much smaller than 'Red Dragon'. Z 6-9 ☀ 🌧 18/36/20

Persicaria microcephala 'Dragon's Eye' PP18132 EU22437
This Persicaria has striking colors - leaves are olive on the edges, silver in a chevron pattern, and brownish black in the large triangular basal spot. It forms a wonderful open weaving mound, which is much smaller than 'Red Dragon'. Z 6-9 ☀ 🌧 24/30/24

Persicaria microcephala 'Silver Dragon' PP16421 EU17538
This plant is a standout with exciting silvered leaves with a reddish edge. 'Silver Dragon' is a non-running variety and can be used alone or in mass. Small white flowers in late summer. Z 6-9 ☀ 🌧 24/36/24

PERSICARIA 'SILVER DRAGON'

Pulmonaria

“Give us a foliage plant that deer won’t eat!” our customers shout. We have them, and even more attributes that make our Pulmonarias the best for every region of the country. Terra Nova® Pulmonarias thrive in the Pacific Northwest of course, but in the Midwest? – Oh yeah!

Plant trials in Ohio stunned us with the performance of our Pulmonarias. Our Pulmonarias were far more heat and humidity tolerant than we ever imagined. Vigorous, mildew free leaves, topped by strongly colored flowers in corals, reds, and blues enhance the early spring value to both the retailer and the end consumer. Today’s consumers love the fact that Pulmonaria are excellent hummingbird plants and feed foraging honey bees early in the season.

Try some Terra Nova® Pulmonaria; you’ll see the difference in performance and sales! Z 4-9

PULMONARIA ‘RASPBERRY SPLASH’

Pulmonaria ‘Bubble Gum’ PP14086 EU16876 (was sold as ‘Sunset’) **True pink** has been elusive in the Lungwort world. ‘Pierre’s Pure Pink’ isn’t, and most others have a salmon or coral effect. ‘Bubble Gum’ fills this gap. **Dense, upright flowering habit and silver spotted leaves** develop into a compact, mounding form. **Mildew resistant.** 🌞 🌱 🐝 🌸 14/12/16

Pulmonaria ‘Dark Vader’ PP12333 EU11550 A fine, **mildew resistant** plant with a super strong habit. **Silver spotting and pink to dark blue flowers adorn this plant.** This is one of Dan’s favorites. 🌞 🌱 🐝 🌸 10/19/11

Pulmonaria ‘High Contrast’ PP12337 EU11566 ‘High Contrast’ has **brilliantly contrasting foliage** and one of the best track records of all of our Pulmonaria in the hot summers of the Midwest and South. **Large pink flowers fade to blue over mildew resistant** foliage. Nice mounding habit. Wavy, spear-shaped leaves are dark green, infused with melting silver. 🌞 🌱 🐝 🌸 9/18/9

Pulmonaria ‘Moonshine’ PP13686 EU14325 Our flashiest Pulmonaria with great garden vigor, compact growth habit, and **mildew resistance**. **Shimmering silver-white leaves are rounded with a thin edge of darkest green.** Heat and humidity tolerance make it a good choice for the South. One of the favorites of the entire Terra Nova® breeding team! Small, pale, blue-white flowers. 🌞 🌱 🐝 🌸 15/20/10

Pulmonaria ‘Raspberry Splash’ PP12138 EU11545 **Very profuse flowering on this sun tolerant hybrid.** Dusky raspberry-coral flowers arrive in early spring to herald the strongly silver-marked, sharply pointed, very upright foliage. P. longifolia breeding. 🌞 🌱 🌱 🐝 🌸 12/25/13

Pulmonaria ‘Silver Bouquet’ PP20059 EU24135 The best breeding, guided by the best feedback from nursery owners and consumers went into the production of Pulmonaria ‘Silver Bouquet’. As winter ends and spring begins, ‘Silver Bouquet’ wakes up the garden with **loads of marvelous up-facing clusters of rich coral-pink, magenta and violet.** Mildew resistant foliage wastes no time in appearing as the flowers fade. No down time between shows means long shelf life and much better consumer acceptance. ‘Silver Bouquet’ shines in the summer too, thriving in heat and humidity. If you haven’t tried this Pulmonaria, you haven’t tried the new paradigm for this genus. 🌞 🌱 🌱 🐝 🌸 7/20/10

Pulmonaria ‘Trevi Fountain’ PP13047 This superb, **brightly silver-spotted beauty** will give rise to **profuse clusters of large cobalt-blue flowers** in spring. A stunner! We feel it is our best, true dark-blue and grows into a magnificent landscape specimen. The roots of this plant are in P. longifolia, the best form for the south, according to plantsman John Easley. 🌞 🌱 🌱 🐝 🌸 11/25/12

PULMONARIA ‘HIGH CONTRAST’

PULMONARIA ‘TREVI FOUNTAIN’

PULMONARIA ‘BUBBLE GUM’

PULMONARIA ‘MOONSHINE’

PULMONARIA ‘DARK VADER’

PULMONARIA ‘SILVER BOUQUET’

Roscoea Spice™ Series

ROSCOEA 'CINNAMON STICK'

Roscoea purpurea 'Cinnamon Stick' (HWJK 2401)

Plucked from the Himalayas, this zone 6 ginger relative is a stunner in a pot or in a shady woodland garden. **The blood red stems are striking all season and the large, orchid-like lavender flowers are showy in late summer.** While not recommended for the hot and humid south, it makes a superb addition to many gardens. Z 6-9 🌞 🌿 16/12/20

ROSCOEA 'SPICE ISLAND'

NEW Roscoea purpurea 'Spice Island' PPAF PVR

Here's a tropical appearing accent plant from the land of the Yeti! In mid summer, this hardy ginger has pink flowers that resemble orchids with a crepe-ruffle. **Showy thick, deep red stems support luscious dark leaves with deep red backs.** It makes a unusual woodland companion for Trilliums or used as a container specimen. Z 6-9 🌞 🌿 16/12/24

SCABIOSA 'VIVID VIOLET'

Rudbeckia subtomentosum 'Henry Eilers' (Larry Lowman)
Charming blooms of unusual gold quilled petals highlighted by chocolate-brown button centers. Good for cut flowers. A narrow upright grower which makes a great specimen in the back of the border. Very appealing in the late summer. Introduced by Larry Lowman of Ridgecrest Nursery. Z 4-8 🌞 🌿 🌱 48/24/60

NEW Salvia officinalis 'Silver Sabre' PP19260 PVR (Pavlich)
A brilliantly variegated edible Sage! Our 'Silver Sabre' has a **cleaner variegation and a better habit than the old, variegated type.** Luscious pink tones in cooler weather. These low mounds are at home on the patio, vegetable garden, or in mixed borders. Easy to grow with good drainage. A culinary coup! Z 5-10 🌞 🌿 🌱 7/23/8

Scabiosa 'Vivid Violet' PP19260 EU27534
Large, vivid violet pincushion flowers set atop low mounds of **mildew resistance** frilly foliage. **Very heavy flowering and will bloom continuously from late spring to frost.** Vigorous grower! Nice. Z 4-9 🌞 🌿 🌱 11/18/15

SALVIA 'SILVER SABRE'

RUDBECKIA 'HENRY EILERS'

Sedum

Our Sedums were selected for staying short and compact. They don't fall apart like other varieties. Two of our Sedums have won the RHS Award of Garden Merit. Our new selections have a great cushion habit, and multiple crowns. Great for borders.

Breeder's Goals for Sedum

- Compact, strongly branched habit
- Disease free, showy foliage
- Strong and unique flower colors
- Complete range of flower and foliage color combinations

SEDUM 'CLASS ACT'

Sedum 'Class Act' PP20125 EU24282

What's classier than winning a **Royal Horticultural Society Award of Garden Merit**? Not much! This plant did exactly that against more than 50 others. By stunning the judges with its **compact, upright habit and full heads of the most stunning rose-pink punctuated by white buds**. A winner in the garden and in the beds! Z 4-9 ☀ 🌧 🌱 16/14/18

Sedum spectabile 'Crystal Pink' PPAF PVR

The iciest pink heads you'll ever see! **Large heads of the softest pink on shorter stems** make an awesome combination with blue-leaved grasses or Echinacea 'Hope'. **Does not fall apart like 'Autumn Joy'**. An excellent attractor for pollinating insects and butterflies. Z 4-9 ☀ 🌧 🌱 12/16/16

SEDUM 'CRYSTAL PINK'

SEDUM
'HOT STUFF'

Sedum spectabile 'Hot Stuff' PP17212

The SHORTEST S. spectabile on the market! This seedling of 'Brilliant' bloodlines forms a tight 10" mound of foliage covered by domes of **bright pink flower heads!** Z 4-9 ☀ 🌧 🌱 10/14/12

Sedum 'Mr. Goodbud' PP17671 EU20629

This dusky S. spectabile hybrid has **tight foliage and strongly contrasting colors between its light buds and dark mauve flowers**. Richer tones and better foliage than S. 'Brilliant'. Upright habit and short stature. **Won an Award of Garden Merit from the RHS in 2006.** Z 4-9 ☀ 🌧 🌱 15/14/17

SEDUM 'MR. GOODBUD'

Sedum Candy™ Series

When you think of most dark-leaved Sedum varieties on the market today, you think of plants that fall over, lack vigor, or have ghastly pitted foliage. Terra Nova® is here to change that - with the introduction of our Candy™ Series of Sedum telephium. These plants exhibit great vigor and short growth habit so that they don't fall open. The increased branching shows off the range of dark foliage colors which in turn, give rise to flowers in different shades of pink.

SEDUM 'RASPBERRY TRUFFLE'

NEW Sedum 'Raspberry Truffle' PPAF PVR

Upright mounds of large, scalloped, purple brown leaves. Rose pink-colored flowers held well over the foliage top and accent the foliage. 'Raspberry Truffle' would make a great addition to the border or the rock-garden. The second in our Candy™ Series. Z 4-9 ☀ 🌧 🌱 6/12/10

SEDUM 'CHOCOLATE DROP'

Sedum 'Chocolate Drop' PPAF PVR

Upright mounds of lightly scalloped, dark chocolate, glossy brown leaves make a great addition to the border or the rock-garden. **Soft rose-colored flowers** top and accent the foliage. Mix with golds and bronzes for an unforgettable effect. So round and chocolatey, you'll want to "kiss" them! Z 4-9 ☀ 🌧 🌱 8/14/10

Early spring foliage shown in smaller images.

Sedum Party Hardy™ Series

Remember Sedum ‘Autumn Joy’? Vigorous, but self-destructive. We continue our award-winning Sedum path with a revolution in the habit and blooming of these plants today. Large, tight flower heads in rich colors stand atop remarkably compact plants that don’t fall apart like other Sedum in the marketplace. Plants look great in the container from start to finish. Not only do the plants have great form, but they also have a wonderful range of foliage colors. The flower heads display color for an extended period and make a great crop for fall sales as well.

SEDUM ‘BEACH PARTY’

SEDUM ‘POOL PARTY’

SEDUM ‘BIRTHDAY PARTY’

NEW Sedum ‘Beach Party’ PPAF PVR
‘Beach Party’ is covered with star shaped, light rose-pink flowers that look like mounding dunes in the landscape. Among the most prolific bloomers. Bees and butterflies will definitely have a party in your garden! Needs good sun and drainage. Z 4-9 ☀ 🦋 🌿 10/19/14

NEW Sedum ‘Birthday Party’ PPAF PVR
Bred for a compact habit that doesn’t open up and has large flower heads. This outstanding Sedum from our Party Hardy™ Series will dazzle you in late summer and fall with its huge, deep rose pink flower heads. The purple brown tinted leaves provide color before the blooms. Z 4-9 ☀ 🦋 🌿 7/20/11

NEW Sedum ‘Pool Party’ PPAF PVR
Dive in and enjoy this outstanding compact plant with cauliflower-like flower heads. These showy flowers appear in July and mature to large flat heads of light pink. Succulent blue foliage contrasts nicely with the pink flowers. Z 4-9 ☀ 🦋 🌿 14/25/18

Early spring foliage shown in smaller images.

STOKESIA ‘PURPLE PIXIE’

SISYRINCHIUM ‘DEVON SKIES’

THALICTRUM ‘BLACK STOCKINGS’

SILENE ‘VALLEY HIGH’

Silene dioica ‘Valley High’ PP16064
Strongly contrasting variegation with a large green center surrounded by cream to white margins. Profuse rose pink flowers in May and it will rebloom in the fall if it is cut back. Back by popular demand. A great garden performer. Needs good drainage and minimal fertilization. Z 5-9 ☀ 🦋 🌿 10/12/13

Sisyrinchium ‘Devon Skies’
This showy, grass-like clumper is covered with dozens of large, sky-blue flowers for weeks in early summer atop deer resistant foliage. It blooms all summer in the NE and South tolerating heat, humidity, poor soils, and drought as long it has good drainage. Super in the rock garden or front of the border. (It’s sterile too!) We just learned that S. ‘Devon Skies’ was found in Edmund and Rita Heaton’s UK garden (the National Collection Holders for Sisyrinchium). Z 7-10 ☀ 🦋 🌿 4/10/6

Stokesia laevis ‘Purple Pixie’ PP19833 PVR
The first dwarf Stoke’s Aster! Large violet blue flowers emerge over a plant with a short, compact habit combine to a form that doesn’t open up (fall apart) with maturity. Blooms in early July with sporadic rebloom. Also grows great in high heat and humidity! Z 5-9 ☀ 🦋 🌿 9/14/11

Thalictrum aquilegifolium ‘Black Stockings’
This tall beauty has long, nearly black stems, contrasting green leaves and is topped by fluffy lavender pink flowers in large flat - topped corymbs. Very showy for the back of the border. Needs to be vernalized to bloom. Z 5-9 ☀ 🌿 48/24/58

Thalictrum ichangense Evening Star
A lovely woodland and shade container perennial with foliage like an Epimedium. Leaflets colored olive, tan, and copper to red-brown are held on wiry stems; each with a central silver star. Tufts of lavender flowers float over the foliage spring through summer. An exciting new perennial for some enchanted evening. Z 6-9, possibly to Z 5 🌿 8/10/12

THALICTRUM EVENING STAR STRAIN

2011 Tiarella Program

Tiarella 'Happy Trails' from the American Trail™ Series

Tiareella American Trail™ Series

Our **American Trail™ Series** Tiarella work amazing well as a groundcover or in a hanging basket. These were bred for good trailing habit, nice leaf-markings, variable leaf shapes and attractive flowers. Hardiness and deer-resistance are a given with this new Series. These spreaders are more drought tolerant as they tend to send out roots at more points. These, in turn, can “find” more moisture.

TIARELLA 'HAPPY TRAILS'

TIARELLA 'OREGON TRAIL'

- Breeder's Goals for Tiarella
- Unique leaf characteristics including shapes, textures and patterns
 - Compact flowers that rebloom
 - Multi-seasonal interest - attractive in spring, summer, fall and winter
 - Mildew resistance
 - Trailers designed for dry shady areas and fillers for containers
 - Perfect for perennial containers - 1st up in the spring and DO NOT mind being covered in the summer
 - Replace English Ivy

Terra Nova® is well known for having the best selection of quality, garden-worthy Tiarellas with an amazing range of foliage shapes and patterns. Our dark-centered beauties range from low trailing forms like T. 'Happy Trails' to large clumping forms like T. 'Candy Striper'. Designers can use our many forms of this **American native** as a wonderful shade solution for both new and mature landscapes. They are perfect neutral fillers. Z 4-9    

Tiarella 'Happy Trails' PPAF PVR
We selected 'Happy Trails' for its profusion of runners and charming small rounded lobed **leaves that are marked with a thick black band on the veins. It's a vigorous trailer with short white flowers.** Wonderful as a shade ground cover, cascading down a woodland slope, or weaving with other plants in a container or hanging basket. "Happy Trails to you..." 4/36/9

Tiarella 'Jeepers Creepers' PP13437 EU11504
Most running forms of Tiarella are blasé; they run too fast, and their flowers are often insipid. 'Jeepers Creepers' is the answer: **Bold, well marked foliage, creeping (not running) habit and large white flowers.** It has one of the best winter contrasts of all of our foamflowers. 7/24/12

Tiarella 'Oregon Trail' PPAF PVR
This **rapid trailer** is a wonderful ground cover in any shade garden. The **leaves are deeply lobed and well marked.** A very clean habit with a few, short spikes of white flowers. Works great in a hanging basket. **A good replacement for English Ivy** as a groundcover or in baskets! Prefers moist, well drained soils. 4/36/6

TIARELLA 'JEEPERS CREEPERS'

Tiareella American Trail™ Series

NEW

NEW Tiarella 'Pacific Crest' PPAF PVR
'Pacific Crest' was selected for its **highly cut leaves which are also extremely well patterned and glossy**. Use as a ground cover or in a hanging basket in a shady location. **Makes a great non-climbing ivy replacement!** 4/36/6

NEW

NEW Tiarella 'Sunset Ridge' PPAF PVR
'Sunset Ridge' will please you with its **vigor, glossiness, and beautifully marked leaves**. It makes a great ground cover or use in hanging baskets. **A great non-climbing ivy replacement!** 4/36/6

Tiareella American Trail™ Series

Tiareella 'Appalachian Trail' PPAF PVR
A lovely, rapidly trailing groundcover which **sports numerous branches**. Well-marked leaves have a large splatter pattern. Better marked than 'Running Tapestry'. A great ground cover for shade or in a hanging basket. Short white flowers. Vigorous without getting out of hand. 4/36/6

Tiareella 'Cascade Creeper' PPAF PVR
Vigorous and beautifully marked, our **'Cascade Creeper'** was bred using the native *Tiareella collina* and our best marked, cut leaf varieties. The medium large leaves are deeply lobed and marked dark brown filling up the center of the leaf. White flowers show in spring and sporadically until fall. Use under trees in moist or dry shade as a ground cover. 4/48/9

High Contrast Clumping Tiarellas

TIARELLA 'MYSTIC MIST'

Tiarella 'Candy Striper' PP15528

Lush green leaves sport a dark stippled stripe down each leaf lobe. Its mounding habit, huge leaf size, pink flower buds, and white, foamy flowers are tantalizing. Possibly our largest foamflower, Candy Striper combines strikingly with Athyrum 'Burgundy Lace' and Pulmonaria. 10/16/14

Tiarella 'Crow Feather' PP12335 EU13663

Bright green leaves, cut, and deeply marked with a black feather. Probably the best winter color of ALL Tiarella - **simply stunning with a brocade of pinks, reds, purples, and blacks**. A strong grower with a mounding habit and bright pink spring flowers. 8/11/12

TIARELLA 'CROW FEATHER'

TIARELLA 'CANDY STRIPER'

Tiarella 'Mystic Mist' PP21282 EU26594

Bred for vigor, this beautiful Tiarella is **variegated and colorful**. 'Mystic Mist' has **bright green leaves with white speckled variegation and prominent red veins all year**. Spring blooms are white and foamy. Fall color has striking pink tones. Fast growing clumping habit. Needs good drainage. 5/11/9

Tiarella 'Neon Lights' PP13289 EU13669

The best black-centered, palmate-cut leaves are edged with contrasting neon-green in spring and topped with large white flowers. This huge leaved cultivar glowed in our trials and has earned respect at the retail front. 8/22/16

TIARELLA 'NEON LIGHTS'

High Contrast Clumping Tiarellas

TIARELLA 'PIRATE'S PATCH'

TIARELLA 'SUGAR AND SPICE'

TIARELLA 'PINK SKYROCKET'

Tiarella 'Pink Skyrocket' PP13382 EU13697

Our BEST pink flowering Tiarella! One of our wild outcrosses shot up with this sparkling salute. Explosive heads of shrimp pink are held above the marvelously cut and marked foliage. This is an exciting flower form for the genus. Fall color in full sun is burnished bronze and in shade is deep shiny black. One of the top 25 Best Sellers for 2007 from Plant Delights Nursery. 6/12/11

Tiarella 'Pirate's Patch' PP14907 EU17429

Broad, uncut leaves with a patch as dark as a pirate's heart. A breakthrough plant with outstanding habit with its low, creeping stems. **Over 250 flower spikes** (a record) on a mature plant make this Ken's favorite foamflower. Good bronze fall color. 5/16/10

TIARELLA 'SPRING SYMPHONY'

Tiarella 'Sea Foam' PP13696 EU13700

The **beautifully cut and marked leaves** are secondary to the massive display of **creamy-white flowers** which virtually hide the foliage for weeks. We have no other pure white flowering Tiarella that is so floriferous. **Nice compact clumping habit** and winter bronzing. Brought back by popular demand. 6/14/11

Tiarella 'Spring Symphony' PP12397 EU9847

A smooth melody of compact foliage with leaves "painted" with black along the mid-rib. Profuse, **light pink flowers** reach their crescendo in mid-spring. One of our most popular forms. 7/10/10

Tiarella 'Sugar and Spice' PP16738 EU20614

This plant is everything nice, and it IS Dan's very favorite Tiarella in the whooooo world! **Dramatic, lacy leaves with painted, heavily marked centers** are seen in summer to winter. Lightly fragrant, spring flowers are uniquely "frosted with pink with a white interior," says Ken. The **shiny leaves appear to be lacquered and look fabulous all year** here at the nursery! 8/12/13

TIARELLA 'SEA FOAM'

Tradescantia Charm™ Series

The Charm™ Series is TN's improved version of 'Blue and Gold' (syn. 'Sweet Kate'). These were bred for golden yellow foliage with compact habits. We've expanded the palette with three new flower colors of pink, white, and purple. You WILL be charmed!

NEW Tradescantia 'Angelic Charm' PPAF PVR
Angel white flowers float amongst the clouds of **compact golden foliage**. The third in our Charm™ Series, **'Angelic Charm' will bloom all summer long**. A fine addition to your mixed bed, containers, or in the front of the border. Easy to grow with average garden soil and water. Z 5-9 ☀️ ➡️ 8/15/11

NEW Tradescantia 'Lucky Charm' PPAF PVR
The second of our Charm™ Series of dwarf gold leaf Tradescantia. **'Lucky Charm' has blue flowers and a compact habit**. The most contrasting colors of the Charm™ Series. Planting something Lucky and Gold in your garden will surely be a sign of good fortune to come. Z 5-9 ☀️ ➡️ 8/15/11

NEW Tradescantia 'Regal Charm' PPAF PVR
Regal purple, three petaled flowers sit above golden foliage on this royal charmer. A new flower color that contrasts beautifully with the compact, golden yellow mound of leaves. A fine addition to your mixed bed, containers, or the front of the border. Easy to grow with average garden soil and water. Z 5-9 ☀️ ➡️ 8/15/11

Tradescantia 'Sunshine Charm' PP21480 PVR
Add a little sunshine to your garden with this new spiderwort! **Glowing gold foliage creates a lovely foil for the lavender-pink flowers**. This vigorous grower is very long blooming and easy to grow. **More floriferous and compact than 'Sweet Kate'**. Holds gold color and does not burn in the sun. Place in areas of half to full sun and it will absolutely charm you! Z 5-9 ☀️ ➡️ 20/15/21

TRADESCANTIA 'REGALCHARM'

YUCCA 'COLOR GUARD'

VERONICA 'AZTEC GOLD'

YUCCA 'SAPPHIRE SKIES' (Picture By Joshua McCullough)

TRADESCANTIA 'LUCKY CHARM'

TRADESCANTIA 'ANGELIC CHARM'

TRADESCANTIA 'SUNSHINE CHARM'

Veronica prostrata 'Aztec Gold' PPP13354 EU13144
Brilliant gold foliage spreads in dense mats and is complemented by rich blue flowers in May. This versatile groundcover works well in mixed containers, hanging baskets, over walls, etc. Great to contrast with our top selling black leaved Heuchera 'Obsidian'. Foliage goes chartreuse in partial shade, which is still very nice! Z 3-9 ☀️ ➡️ 🦋 🌿 3/18/8

Viola 'Heartthrob' PP19996
Your eyes won't believe these **bold leaves with a strongly contrasting deep burgundy splash**. Wonderful foliage plant. Strong textured leaves set off lavender flowers in the early spring. Attractive in containers, the front of the border, or as a ground cover. Z 5-9 ➡️ 🌿 🌿 8/12/7

Yucca filamentosa 'Color Guard'
Tantalizing tufts of yellow centered foliage make a great addition to the garden. **Awesome coral winter color** along the stripes. **Growth is superior to other clones of Yucca filamentosa**. Creamy white, fragrant flowers on large spikes. Z 4-9 ☀️ 🦋 🌿 🌿 🌿 20/24/48

Yucca rostrata 'Sapphire Skies' (Cistus)
An elegant, short leaf selection, with gorgeous powder blue-colored leaves which hold their color year-round. Over the years it will form an upright, unbranched tree with a stout trunk to about 4'. **The hardiest of the trunk forming Yuccas**. Another rare and exciting plant find brought to us from our friends at Cistus Nursery. Z 5-11 (if winter dry and with wind protection) ☀️ 🦋 🌿 🌿 🌿 16/16/36

VIOLA 'HEARTTHROB'

Terra Nova®'s Unrooted Cutting Program

Have you ever wanted Terra Nova® plants and found that the price-point is a problem? We have a solution - unrooted cuttings. Why URCs? - easy! To give you our fantastic plants in a form that is easy to root and inexpensive to ship. We also have a new partner: Oro Farms. Why Oro? Oro is an industry leader in URC technology and propagation. Their facility in Guatemala is a state of the art operation run by hort industry leader Dr. Royal Heins, CFO Brian Gold, and propagation master, Estuardo Arriaga.

Their entire line of unrooted cuttings, produced for commercial greenhouses, benefit from this wonderful temperate climate, which allows for economical year-round production. Oro and Terra Nova® have recently completed a significant infrastructure expansion to increase the breadth and depth of the Terra Nova® offerings.

The ideal method of handling cuttings on arrival and prior to sticking is as follows:

- Remove bags of cuttings from shipping boxes
- Remove cuttings from bags and place in flats
- Place flats of cuttings in a cooler at 50-55° F
- Provide humidification to at least 98% relative humidity. If 98% humidification cannot be achieved, do not remove cuttings from bag
- Provide some light (up to 50 foot candles) in the cooler if possible

Program Details

Minimums: 100 cuttings per variety (orders are packaged in multiples of 100)
Cuttings Per Box: 2,000 to 10,000 depending on the cutting size
Box charge: \$4.75 per box
Cancellation Policy: Cancellations are not accepted within 14 days of shipment
Payment Terms: Same as plugs
Freight information: FOB delivered to FedEx in Miami, and drop shipped directly to customer's facility. Phyto certificate included in price of FOB.
Claims: All claims must be received within 48 hours of receipt of shipment
Tags: Tags are included in price
Misc:
• Orders less than 2,000 cuttings per box will incur a \$30 box charge
• All orders must be placed 2 weeks in advance
• Canadian orders incur a \$125 handling fee

DR. ROYAL D. HEINS

EDUCATION - Ph.D. University of Minnesota 1978

PROFESSIONAL EXPERIENCE - Professor at MSU from 1978-2004, Presently CEO of Oro Farms, Inc.

HONORS AND AWARDS - 15 major awards and honors in Education and Horticulture

ACADEMIC RESPONSIBILITIES - 75% Research, 25% Teaching

OTHER MAJOR RESPONSIBILITIES - Dr. Heins has taught courses in crop production and greenhouse environmental physiology. His major research interests have been flowering physiology, the quantification of plant responses to the environment, and the development of decision-support tools for growers in the greenhouse industry. A wide range of crops from Poinsettias to hardy perennials has been covered. Twenty nine publications to date.

Royal's Tips & Tricks

Coreopsis 'Ruby Frost'

Root and bulk plants under short days. Cold not required to flower but plants flower about 2 weeks faster after a cold treatment. For plants receiving a cold treatment, provide long days to flower plants using night interruption lighting for 6-7 weeks up through week 12 and normal days after week 12. Grow plants under high light.

Sedum 'Cloud Walker'

Propagate and bulk plants under 13-hr or shorter day lengths. Provide long days for 8 weeks to flower plants using night interruption lighting up through week 12 and normal days thereafter. Grow plants under high light. No cold required to flower.

Leucanthemum 'Victorian Secret'

Propagate and bulk plants under 13-hr or shorter day lengths. Provide long days to flower plants using night interruption lighting for 7 weeks up through week 12 and normal days after week 12. Grow plants under high light. No cold required to flower.

Sales Team

Product Profile Promotions

Terra Nova® is bringing their customers a new marketing tool – The Individual Product Profile (IPP). These profiles present the following in a graphically clean display:

- Sharp photography in close-ups, landscape use, flower shots and seasonal interest shots
- Bullet points that cover the plant's top selling points and cultural information

From farmer's market to large nursery, these signs can be silent salespeople, saving your staff valuable time. They can be printed as flyers to promote a specific plant or be presented in a PowerPoint™ format to augment talks given at the nursery. Add a little point to your customers' purchase!

Liner Promotions

Introducing Terra Nova®'s New Broker Program

Terra Nova® is moving in new directions. Our product offerings are entering into new markets and the customers we find there are used to enhanced services that broker networks offer. We are proud to bring brokers into the Terra Nova® circle. By doing this, we offer a multitude of ordering and financial options through these new partners. All Terra Nova® customers, whether direct or represented by a broker, will still enjoy access to Terra Nova®'s support network. Culture sheets, photography, and grower solutions will all be shared across the board. Please contact our Sales Team to obtain any information a broker rep may be unable to answer.

Garden Centers

Terra Nova® did a friendly take-over of Al's Garden Center in Sherwood, OR. They wanted to demonstrate how to best display their fabulous line of perennials in a real situation. Take note of how our plants are displayed to the best advantage and how our (free)individual product profiles make plant information easy to read in a graphically clean display. Our marketing manager, Dave Doolittle, literally had to fend off customers wanting to “poach” his displays. Let's hope they'll swarm to your store with such a great display.

Heuchera 'Midnight Rose' - Now Improved!

Improved Form

Heuchera 'Midnight Rose' has been a top selling variety for Terra Nova® for several years, so it's with great excitement that we announce the release of our improved form. This spring all the liners coming directly from Terra Nova® Nurseries will feature stronger variegation, brighter foliage, and more pink variegation. Over the next year we will be working directly with all of our licensees to replace the older stocks with the new, improved variety.

Older Form

Because we've replaced our older form of 'Midnight Rose' with 'Midnight Rose' Select, it is possible you might receive either tag shown above. All plants shipped in the spring will be the improved variety.

Free Tags In Every Shipment

Terra Nova® Tags come FREE of charge with every plant purchased. If you currently have your own tag program & can provide Terra Nova® with a sample of your tag per variety that includes the Patent or Patent Pending information, a Terra Nova® tag will not be included in your shipment.

- The right picture is worth 1000 words!
- Your silent salesman
- Loaded with cultural information
- Create a classy look with our premium tags
- Use Terra Nova® tags for national brand recognition
- Tag/pot lock system

Marketing - Public Relations

In this new world, it's not enough to just have a great plant. You have to get the word out. Our partners at the public relations firm of Eberly and Collard have done an outstanding job getting our plants and our goals into an increasingly large cadre of magazines, newspapers, blog-sites, radio, and TV. In a recession, advertising and marketing should be the last item cut. By retaining our public relations firm, and offering photography and copy, we feel we are reaching a lion's share of consumers and customers. One look at the figures will show you how our exposure is increasing in a down economy. This helps promote our plants and increase your profits!

Actual plug size shown

KEY TO SYMBOLS

PPAF = US Plant Patent applied for or pending
PP# = US plant patent number
PVR = European plant variety rights pending
EU# = European plant variety rights number
☀ = Full sun (No shade cloth required)
☀ / ☂ = Full sun to part or morning shade (30%)
☂ / ● = Part shade to full shade or morning sun (30%)
☂ = Part shade or morning sun (30%)
● = Shade or filtered light required (50%)
GC = Ground cover, spreading plant
🦌 = Deer resistant
☂ = Drought tolerant
🌸 = Fragrant
❄ = Winter color

FOOTNOTES

- **Zone** - Minimum USDA zone for mature, established plants
- **Exposure** - For acclimated, mature, established plants
- **Deer resistant** - They fare better than others. No plant is deer proof
- **Drought tolerant** - Tolerate summer low water use
- **Bloom time** - Month of bloom for mature, vernalized plants in Oregon
- **Finish time** - From 72 (or 30) cell:
 - **S** = Slow (9-12 weeks)
 - **M** = Medium (6-8 weeks)
 - **F** = Fast (4-6 weeks)

Items listed in **BOLD** are new for 2011 and are not subject to discounts. Plant information is available online at www.terranovanurseries.com

Ordering Information

ORDERING:

- Place your orders by fax, phone, e-mail or by using our website shopping cart.
- Minimum order one 72 cell flat. A flat may contain two varieties (**no surcharge for half flat orders**).
- We are wholesale only and do not have the ability to accommodate orders that do not meet our minimums.
- Please allow at least a 9-month lead-time on custom and/or large orders.
- Large orders may require a 30% down payment and an additional 30% payment 30 days prior to shipping; the remaining balance due within the terms on the invoice.
- Our goal is to ship the majority of your plants at the same time, but all plants are not created equal and do not grow at the same rate. Our apologies if your ship dates are spread out.
- It is our policy to back order all material unavailable at the time of shipment unless you specifically state on your order you do not wish to have items back ordered. Each time materials are shipped, new boxing and shipping charges are incurred.
- Tags automatically ship for all plants on your orders unless you request only the specific tags you need. This request can be made when you place your order. Tags are included with the price of the plant.

PRICES: We reserve the right to change our prices at anytime.

DISCOUNTS: Call your Sales Representative or visit our website.

TERMS:

- All accounts will be cash in advance until credit is approved.
- Visa/MasterCard are accepted. Please phone or fax this information.
- Open accounts are payable within the terms stated upon each invoice. A finance charge of 1.5% per month is charged to all account balances not paid within the terms.
- We reserve the right to change account terms and delay any and all shipments if conditions of the account are not met.
- Accounts with a balance of over 90 days will become cash only unconditionally.
- Returned checks are subject to a \$25 fee.
- There is a fee for any wired funds, foreign or domestic.
- All orders must be paid in U.S. dollars.

RESTOCK/CANCELLATION POLICY:

- Customers canceling two weeks prior to ship date will be required to pay a cancellation fee of 50% of the order cancelled.
- All Will Call orders not picked up within the designated time frame will be charged a restocking fee of 15%.

CURRENT AVAILABILITY: This information is updated daily to our website at www.terranovanurseries.com. If you don't have access to a computer, call your sales representative for an updated listing.

Contact Information

HOURS: Monday - Friday from 7:30am - 3:00pm PST
Saturday & Sunday - Closed

PHONE: 800-215-9450 or 503-263-3150

SALES FAX: 503-263-3152

ADDRESS: 10051 S. Macksburg Rd., Canby, OR 97013

DORMANT PLANTS: If you are receiving plants between September and April you may receive dormant plant material. These flats will be clearly marked with “GROWER ALERT” tags with special instructions. More information about the care and handling of dormant material can be found on our website www.terranovanurseries.com or by calling our Sales Department at 800-215-9450.

DOMESTIC SHIPPING: We ship materials using the most cost effective local carrier. An alternate carrier may be recommended; however, use of this carrier will be dependent upon the size of the order and approval by the sales department and by the shipping department. We ship F.O.B. Canby, OR. Should your order be damaged in transit, Terra Nova® Nurseries is not to be held responsible. All plants requiring special care will be marked with a “GROWER ALERT” label, corresponding to instructions enclosed in the box. Additional shipping charges may include:

- Boxing charge of \$2.00 per flat. Boxes hold up to four flats.
- Pallet shipper per flat: \$1.75
- Certification fee for all grass orders shipping to California: \$45.00

WILL CALL: Please coordinate all Will Call orders with the Shipping Department at 800-215-9450 x 331 to make an appointment. Will Call hours are Monday - Friday from 7:30am - 3:00pm, we are closed Saturdays and Sundays. Any changes to pick-up date or cancellations must be made at least 5 days prior to the scheduled pick-up. ALL Will Call orders not picked up within the designated time frame will be charged a restocking fee of 15%.

CANADIAN SHIPPING: A customs broker must be selected and contact information provided at the time an order is placed. All orders must consist of full flats of plant material. We ship F.O.B. Canby, OR. Should your order be damaged in transit or held at a border, Terra Nova® Nurseries is not to be held responsible. Additional fees incurred in shipping:

- Boxing charge of \$2.00 per flat. Boxes hold up to four flats.
- Pallet shipper per flat: \$1.75
- Oregon Phytosanitary Certificate fee: \$15.00
- Chemical application fee (if required): \$45.00
- Unrooted cutting handling fee: \$125.00

All Canada GST, Customs Duty and other Canadian Government agency fees are the responsibility of the customer.

If an import permit is required, it is the responsibility of the customer to obtain one and provide a copy before an order ships. The global Home Land Security policies have had a dramatic impact on Import/Export fees.

INTERNATIONAL SHIPPING: We no longer ship outside of North America. As an alternative to ordering direct from Terra Nova® Nurseries, please visit our website for a broker or distributor in a country near you.

PATENTS: Unauthorized propagation of varieties that are patented is strictly prohibited. These varieties are identified by PP or PVR (European Patent). If you are found to be propagating such material, you will be expected to destroy your stock and pay a punitive fee.

PLANT CLAIMS: Terra Nova® Nurseries is committed to shipping the very best quality plants by the most efficient methods available. Our goal is to meet this objective with every order. All claims must be phoned in within 72 hours of receipt of shipment followed by a written notification of concerns and specific details on your company letterhead for our records. Providing photographs with your request for a credit will help speed the process and may ultimately be necessary to finalize the claim.

- Grower culture sheets are posted on our website and our sales and production teams are available to assist with growing questions.

Your success is our future.

CARRIER CLAIMS: We must receive notification with-in 24 hours including pictures of all damaged packaging and contents. Terra Nova® must process the claim for any shipment shipped on our account number. We cannot honor any carrier claim that we do not receive all the information and photographs required by the carriers.

GUIDED TOURS: Contact the Sales Department to arrange tours.
