2013 Fall/Winter Catalog

Breeding Plants Through A Child's Eyes

Watch a child and see how he observes a world - so new, and so fresh. Her wide-open eyes perceive the tiniest details without prejudice. His fingers examine a novel texture and her nose might discover a curious scent... This is the act of exploration, and this is how we approach our plant breeding at Terra Nova®. We combine this child-like sense of wonder with the amazing botanical knowledge of our team. The result? – **rocking plants that blow people's minds...** We create revolutions in color, form, and flower. These are the traits that evoke the **Wow!** factor and these are the plants that fly off the shelves! It's who we are. It's our original act. Get your tickets here...

A Different Perspective

As we developed the cover of this catalog, we envisioned one that evokes a totally different perspective -that of a flower that might not appear impactful at first, but once the focus is placed on the details, an entirely different experience occurs. Our goal was to inspire curiosity and appeal, inducing a reaction where more inspection is required to answer the question of, "What ***is*** that?"

We experimented with macro photography to zoom in on the finest textures found on a Tiarella 'Pacific Crest' flower. The next step was to crop in even closer and splash some color in the background by silhouetting the Tiarella flower and placing it atop an image of Pulmonaria 'Dark Vader' flowers. This photo was purposely shot with a low depth of field to create a hazy illusion which makes the focused subject stand out. To finish it off, we relied on printing technology to apply UV gloss to the subject, embossing the anthers, stamping a foil heat treatment to the title, and running the background through a soft touch treatment.

Much like the unique approach we take in our breeding, we view our catalog as another tool to set us apart from our competition.

Pro Liner™

Grow the best for less!

Terra Nova®'s growing technology is evolving into serving the needs of every size grower. Our Pro Liner™ plugs are a game changer for the industry. Don't wait to place your order; we know the demand will be high.

Benefits for the grower:

- Lower cost; lower input costs means more in your pocket
- Each shipment will include 30 more plugs per flat, decreasing the shipping cost per plug
- Preforma® plugs hold together for ease of transplanting - the industry standard for automated planting lines!
- Fresh, rapidly growing stock
- 102 sold as 100
- Cancellations are not permitted after order has been confirmed or requested ship date
- Picture tags are included in price

Look for these boxes throughout the catalog.

Each plant in the Pro Liner™ program will have one of these green boxes beneath the plant's description. The boxes contain detailed Pro Liner™ information including tray size and lead time requirements.

(100 cell) Pro Liner™ - 6 wk. lead time

PRO LINER™ PLANT LIST

Terra Nova® Nurseries and Blooms of Bressingham® are excited to announce a new licensing agreement to breed, grow and co-brand new plant varieties in the form of liners. The partnership incorporates five introductions intended to expand both companies' product offerings to professional grower customers. These new introductions contain some of the strongest genetics Terra Nova® Nurseries has produced in years, as evidenced by our lengthy trial period with conclusive, high-level results.

The relationship was formed based upon Blooms of Bressingham®'s strategic objective to supply a diverse range of plant material to its customers, and Terra Nova® Nurseries' reputation for quality breeding and new introductions.

Echinacea Supreme™ Series

ECHINACEA 'SUPREME FLAMINGO'

Echinacea 'Supreme Flamingo' PPAF PVR

Very rich, coral and shrimp-pink combine for a most unbelievable flower. Fully, double with complimentary ray petals of rosy copper, 'Supreme Flamingo' is a garden beacon, matching perfectly with the other Supremes. Each one a garden diva without attitude. Z 4-10 ● 🌞 🌿 🌱 🌾 🌻 🌼 🌽 26/15/30

Echinacea 'Supreme Cantaloupe' PPAF PVR

Absolutely the color of a ripe cantaloupe! Young flowers look like a brown eyed, double Gerbera and are excellent as a cut flower. As the flowers expand, they take on a more Echinacea look and last and last and last. There is no other Echinacea like this on the market. Ohio State University 2012 trials comment was... "Beautiful flowers; a visitor favorite". One of the three nominated perennials for the 2013 Medal of Excellence Readers' Choice Award of Greenhouse Grower, a US trade magazine.

Z 4-10 ● 🌞 🌿 🌱 🌾 🌻 🌼 🌽 26/15/29

Echinacea 'Supreme Elegance' PPAF PVR

Stately and elegant, 'Supreme Elegance' was the inspiration for the series. A lovely, deep rose-red center enriches as the flower ages. The ray petals are star-like and are a bright mauve pink that deepen in color also. Very lovely and very elegant, a top notch garden plant. Z 4-10 ● 🌞 🌿 🌱 🌾 🌻 🌼 🌽 30/19/34

ECHINACEA 'SUPREME ELEGANCE'

ECHINACEA 'SUPREME CANTALOUPE'

Heucherella

HEUCHERELLA 'HONEY ROSE'

NEW Heucherella 'Honey Rose' PPAF PVR

Sable colored, deeply incised and lobed foliage is highlighted with dark veins that form an intricate pattern. Young leaves are a warm coral-rose with dark veins too. Each leaf casually turns a lobe or two adding dimension and interest to this most charming plant. Compact and neat growing, 'Honey Rose' is another proud addition to the Blooms of Bressingham collection. Z 4-9 ▶ ○ 🌿 🌱 8/13/12

NEW Heucherella 'Fire Frost' PPAF PVR

'Fire Frost' has lovely leaves of yellow to lime with a large red center and a strong white veil overall. It forms a vigorous mound that is well colored all year. Breeding with H. villosa hybrids has given it the larger leaves and habit as well a tolerance to heat and humidity. Great in a container or in the garden bed. Z 4-9 ▶ ○ 🌿 🌱 10/18/18

Heucherella 'Buttered Rum' PPAF PVR

Caramel-dipped, deeply-cut maple leaves adorn this aptly named plant from spring to summer. In fall, the cool weather burnishes the leaves to a lovely rose red - a perfect complement to fall-planted containers. Grows into a medium sized mound that's perfect in the landscape. Try it in a vertical planting with contrasting purple-leaved varieties of Heuchera. These won't stay on the racks! Z 4-9 ● ▶ ○ 🌿 🌱 7/15/10

Heucherella 'Cracked Ice' PPAF PVR

You don't have to watch your step around this icy beauty. In summer, blue and green tones are punctuated with dramatic veining. In early spring and fall the leaves get a charming silvery pink overlay. A lovely complement to Heucherella 'Buttered Rum'. Healthy, vigorous, and easy to grow. The compact habit is a natural choice for containers and landscapes. Z 4-9 ▶ ○ 🌿 🌱 7/15/10

Spring Foliage

HEUCHERELLA 'BUTTERED RUM'

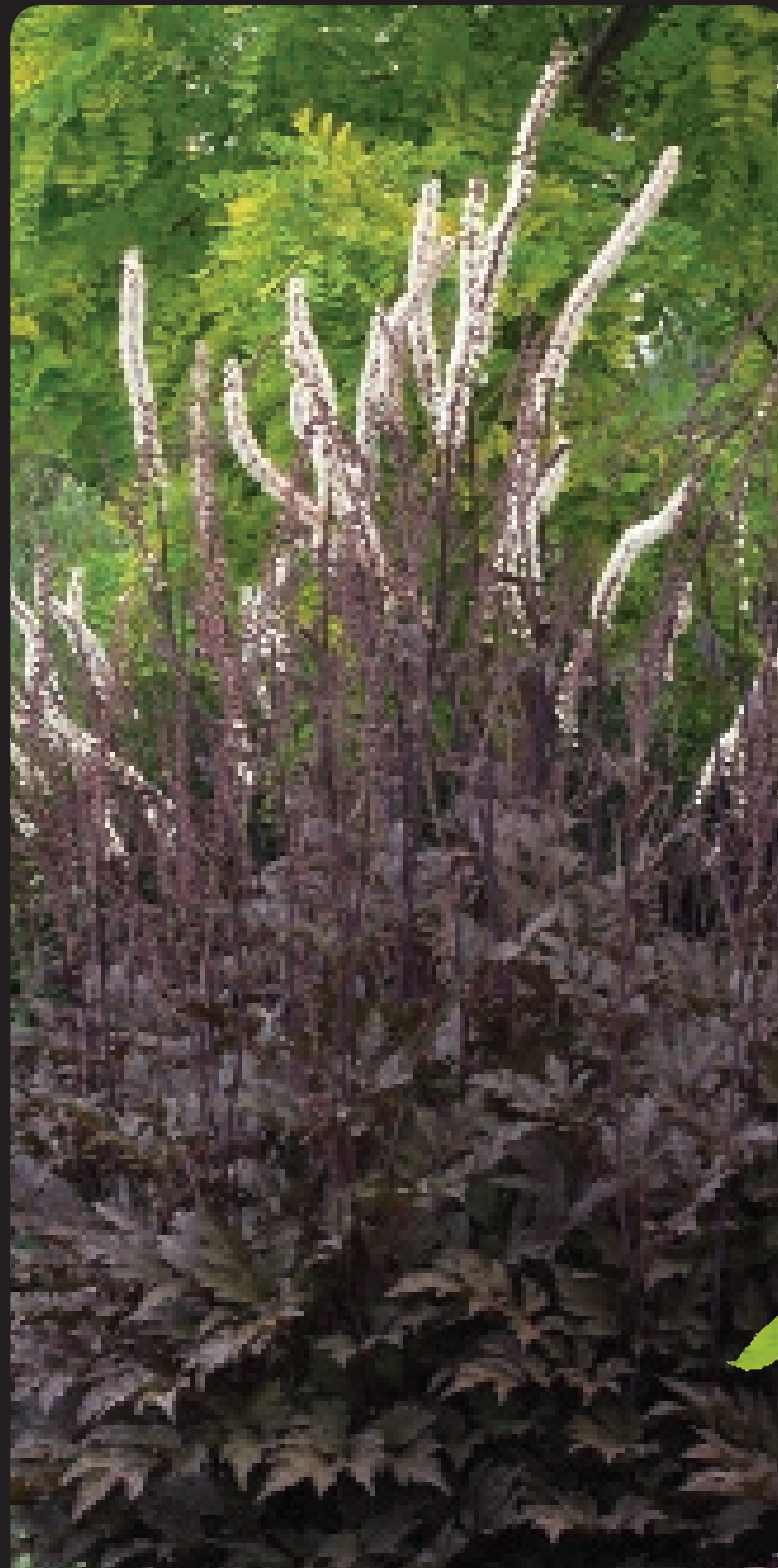

Summer Foliage

HEUCHERELLA 'CRACKED ICE'

Acanthus 'Whitewater' PP23342 PVR
This vigorous, variegated Acanthus has **striking, bold leaves with deeply cut white margins and splashing**. It forms a large clump with **4' tall showy flower stalks with pink and cream flowers in summer**. This was bred with A. 'Summer Beauty' for vigor, more hardiness and heat and humidity tolerance. Z 7-10 ◐ ○ ✂ 🌿 36/36/48

Actaea simplex 'Black Negligee' (syn. Cimicifuga) (O'Byrne)
Our customers report that 'Black Negligee' has **much more vigor than the other dark varieties**. Lacy black foliage just cloaks the lovely dark stems. Beautiful purple-tinted, **white flowers project 2' upward and carry an exotic perfume of grape and jasmine**. Give it lots of water with full sun in most states for the darkest foliage. Z 5-9 ● ◐ 🌿 🌱 🌿 48/24/60

Aralia cordata 'Sun King'
With **leaves that are as big and bold as the sun**, this beautiful gold form of Aralia makes an outstanding accent in the shade or part shade. **Fast growing** and deciduous. Small clusters of white, satellite-like flowers in late summer followed by decorative purple berries. Performs well in containers or in the landscape. Z 3-9 ◐ ○ 36/36/36

Agastache

AGASTACHE 'BLUE BOA'

Breeders' Goals for Agastache

- More weather resistance
- The longest lasting flowers in the industry
- Colorful calyces mean longer lasting color
- Better habit for more garden and container uses
- Broad color palette (better for use as fillers and thrillers)
- Increased disease resistance

Terra Nova® Agastache

The Pros:

- Longest lasting flowers in the industry
- Rapid growth, self branching promotes shapely, upright habit
- Exciting bright colors
- Colorful calyces
- Months of color
- American native!
- Disease resistance

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use

Traditional Agastache

- Tired, unimaginative product
- Same old colors as last year – and the year before that
- Deadheading
- Pinching
- Multiple applications of PGRs
- Tall, floppy plants
- Small flower spikes

Agastache 'Blue Boa' PPAF PVR

Luxurious **deep violet-blue flower spikes** held over **ultra green foliage**. Unlike any other Agastache. The flower spikes are long, wide and extremely showy. It's a great perennial color spot for summer bloom. It's drought tolerant once established and attracts hummingbirds as well as butterflies.

Z 5-10 ● ☼ ☼ ☼ ☼ ☼ ☼ 24/16/32

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Agastache 'Violet Vision' PPAF PVR

Lush violet wands entice butterflies by the score with their sweet honey-licorice scent. Blooming from summer through fall, this very **disease-resistant** and **vigorous** hummingbird-mint is also **quite hardy**. Whether used in containers or as a component of the mid-border, this beauty belongs in everyone's garden!

Z 5-10 ● ☼ ☼ ☼ ☼ ☼ ☼ 18/18/24

(100 cell) Pro Liner™ - 6 wk. lead time

Agastache Kudos™ Series

Terra Nova® Kudos Agastache started as a breeding project to correct a number of faults in Agastache. We brought in a very hardy, high desert, native American species with the goal of increasing the hardiness and making a series of compact, long blooming Agastache. Over several generations, we added color, great habits, kept the hardiness, and one great surprise; **Downy mildew resistance!** We feel that this line of Agastache is an industry game changer. Useful in the garden, under adverse conditions, as a pot crop with outstanding color and as a mixed container plant that blends well with other genera.

Z 5-10 ● ☼ ☼ ☼ ☼ ☼ ☼

NEW Agastache 'Kudos Ambrosia' PPAF PVR

Creamy coconut, pale orange and light rose pink spikes have a charming, airy appearance. Low, tight mounds perform as a filler in containers or a lovely as a mass garden planting. Flower colors change constantly, blending well with almost any color in the spectrum. 17/16/20

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Agastache 'Kudos Coral' PPAF PVR

Simply the best! Amazingly free flowering and easy to grow. Kudos 'Coral' has an impeccable habit and long last glowing color. **Warm, coral colored plumes** are dense with a sweet honey-mint scent. A real standout in mixed containers, or as a border plant. 17/16/20

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Agastache 'Kudos Mandarin' PPAF PVR

Cheery, bright orange plumes that last and last. This plant has a "neat as a pin" appearance for many months. Terra Nova®'s **extra hardy breeding** has increased the range of conditions that orange Agastache thrive in. 17/16/20

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Agastache 'Kudos Silver Blue' PPAF PVR

Soft and clear light blue flowers are held in plump spikes. 'Kudos Silver Blue' grows in a low mound with refined, deep green foliage. **Exceptional winter hardiness and disease free foliage** make this one of the most unique Agastaches to date. 16/27/20

(100 cell) Pro Liner™ - 6 wk. lead time

AGASTACHE 'KUDOS CORAL'

AGASTACHE 'KUDOS AMBROSIA'

AGASTACHE 'KUDOS MANDARIN'

AGASTACHE 'KUDOS SILVER BLUE'

Agastache Summer™ Series

People want plants that flower all summer. They demand an exciting range of colors and they ask for plants that are low maintenance and self-cleaning. They want plants that attract and feed hummingbirds. We have all this and more! Here's a group of plants that tolerates heat and drought, and given good drainage, will only get better and fuller with time. This is a group of American native hybrids, far superior to the floppy, few flowered seedling varieties of the past. Our flower heads are so full, they don't need constant pinching like the old varieties. These are great varieties to plant en masse in the sunny landscape and are super in containers. Z 6-10 ● 🦋 🐦 🏠 🦌 🌵

AGASTACHE 'RASPBERRY SUMMER'

AGASTACHE 'SUMMER FIESTA'

AGASTACHE 'COTTON CANDY'

Agastache 'Raspberry Summer' PP20371 EU27475
Awesome, large, dark raspberry pink blooms cover this plant all summer and into fall. The foliage is attractive, bright green, and aromatic. Easy to grow as long as it has full sun and good drainage. 30/20/32
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Summer Fiesta' PP22086 EU30004
Outstanding dense, spicy orange-red spikes over fragrant foliage. Extremely heat tolerant and reblooming from summer till frost. Heavy blooming spikes are 28" tall. 25/25/28
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Cotton Candy' PP20991 EU29469
This easy, vigorous grower blooms non-stop from midsummer through fall. The dense flower spikes have numerous light pink flowers. Compact low branching habit. Does great in the south according to Tony Avent. 20/18/25
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Summer Glow' PP20980 EU29470
Lemon custard flowers glow against the deep green foliage of this most charming, drought tolerant plant. The dark calyx adds to the excitement. Plant with a Nepeta or Salvia and you'll have hummingbirds camped out in your garden. Blooms all summer. A great blender. 20/17/25
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Summer Sunset' PPAF PVR
Warm, sunset-orange hues can brighten your summer displays and containers. The newest in our Summer™ Series, this hummingbird-mint has an upright, compact habit. It blooms all summer. 14/24/18
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Summer Sky' PP20952 EU29463
Blooms all summer with glowing violet-blue flowers with dark calyces which extend the showy season. A compact habit with bright green foliage. Z 7-10 20/20/24
(100 cell) Pro Liner™ - 6 wk. lead time

Agastache 'Summer Love' PP20510 EU27476
Yummy, large red-purple flowers in dense clusters bloom continuously all summer and into fall. 'Summer Love' looks like a summer Liatris or Gay Feather. Forms attractive upright mounds of bright green, fragrant foliage. 24/24/36
(100 cell) Pro Liner™ - 6 wk. lead time

AGASTACHE 'SUMMER SUNSET'

AGASTACHE 'SUMMER GLOW'

AGASTACHE 'SUMMER SKY'

AGASTACHE 'SUMMER LOVE'

Athyrium

The demand for our superior, clonal selections of our ferns has always been high and, well, sometimes not met. **We've cleared the obstacles and have an excellent supply again this year!** Count on our ferns to be more vivid, more silver, and more interesting than the competition's. This will translate to greater sales and more satisfied customers.

Z 4-9   

Athyrium filix-femina 'Cruciato-cristatum' Dre's Dagger (Randaci)

A more compact form of the sought after Victoria fern. **The slim, deep green fronds are unusually crisscrossed** and come to a narrow point that terminates with a small crest that grows through the season. It brings elegance to any shaded or morning sun location in rich soils. The red petioles contrast nicely with the apple green foliage. 30/30/NA

Athyrium niponicum var. pictum 'Silver Falls' PP12803 (Ballantyne)

Unlike any other painted fern, this one intensifies its silvering as the season progresses. Winner of the 2002 "Stars of Spring" awards in New Zealand, with **stunning, lustrous fronds that shimmer with its contrasting red veins**. Later to appear in the spring than the other Japanese painted ferns. 24/24/NA

Athyrium niponicum var. pictum 'Burgundy Lace' PP15072 EU17711

Our #1 selling hardy fern! **Bar none, the best red in the marketplace.** With one look at its gorgeous metallic burgundy leaves (brightest in spring), you're sure to fall in love! Great vigor in containers as well as in the garden. 24/28/NA

ATHYRIUM
DRE'S DAGGER

ATHYRIUM DRE'S DAGGER

ATHYRIUM 'SILVER FALLS'

ATHYRIUM 'BURGUNDY LACE'

ATHYRIUM 'OCEAN'S FURY'

Athyrium 'Ocean's Fury' PP20126 (Maness)

A silvered salute, this fern was named 'Ocean's Fury' because the habit and coloring are reminiscent of ocean waves crashing on the shore. This **large, upright, and crested** hybrid fern from Thurman Maness is a wonderful addition to lighten up your shady areas or in the woodland garden. It prefers fertile, moist soils. Z 5-9 36/36/NA

Athyrium filix-femina 'Lady in Lace'

Looking much like **prehistoric parsley**, this fun and fantastic fern is easier than it looks. Not finicky about much, this is truly a classy lady. Easy in the garden and a great fluffy filler in shady pots. Distinctive and deciduous it joins its cousin Dre's Dagger as a unique addition to your customer's garden. 14/12/NA

Athyrium niponicum var. pictum 'Pewter Lace' PP15721 EU20852

An exceptional Japanese Painted Fern with **pewter metallic foliage**. The deeply contrasting mid-rib in purple/burgundy is a nice plus. Tolerant of heat and humidity (will need moisture in the south). Likes a rich fertile soil. Combines well with Tiarella and Hosta. 18/18/NA

ATHYRIUM 'LADY IN LACE'

ATHYRIUM 'PEWTER LACE'

Begonia Cool Breeze™ Series

Entirely new Begonia crosses from the Terra Nova® breeding team! The Cool Breeze™ Series is one of the most economical foliage Begonias to grow because of its unparalleled tolerance to cool temperatures. All Terra Nova® Begonias require growing conditions above 55° Fahrenheit (13° Celsius). However, once established, they can tolerate temperatures down to 38° (3° Celsius) Fahrenheit without damage. A great summer garden addition that has more applications than any Begonia group in the past. Durable and beautiful! Cool Breeze™ Begonias have remained looking great even into December here in Oregon where frost doesn't descend directly on the foliage. Combine with Poinsettias in combo pots to set yourself apart from the everyday crop! Z 9-11 ○ ☒

BEGONIA 'COOL BREEZE EMERALD'

BEGONIA 'COOL BREEZE GLACIER'

BEGONIA 'COOL BREEZE EMERALD' - FLOWERS

NEW Begonia 'Cool Breeze Emerald' PPAF
This medium large Begonia has **deep forest green leaves**, which are also quilted and velvety. The large, rounded palmate leaves have dark red leaf backs and are supported by shocking black-red stems. **Late summer flowers are large and pink in showy clusters.** This is a Begonia with sophistication, simplicity and charm. 18/24/18

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia 'Cool Breeze Glacier' PPAF
Another plant in the great Cool Breeze™ Series, this **very vigorous** selection **shows well spring, summer outside and especially in winter indoors.** An elegant house plant, it appreciates a cooler home and isn't stunted by coolness, like the older Begonias. It grows as a very round mound, perfect for a manicured patio pot, or as a neat garden plant. The leaves are very similar to its siblings, rounded, ruffled and possessing a red back. 18/18/18

(100 cell) Pro Liner™ - 8 wk. lead time

BEGONIA COOL BREEZE 'PEWTER'

NEW Begonia 'Cool Breeze Pewter' PPAF
Broad oval leaves, casually fluted, pointed and ruffled are held on a mounded, stout plant that has a quiet dignified presence. **Satiny, pewter colored leaves are accented by a deep green heart,** held in a snowflake pattern at the center of the leaf. As the leaves ruffle and twist, they hint at the dramatic red back. Another cool growing Begonia for smart growers. 16/16/16

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia 'Cool Breeze Rouge' PPAF
'Cool Breeze Rouge' is a sister to 'Cool Breeze Pewter' and is more of a show-off. They are similar in youth, but 'Rouge' soon goes her own way by taking on **a beautiful port wine glaze over her leaves** as the heat climbs. The leaves of 'Rouge' are slightly more rounded than those of 'Pewter', but they are an even match in culture and care. Both are easy, will take heat and humidity, but are **quite tolerant of cool weather** too. 16/16/16

(100 cell) Pro Liner™ - 8 wk. lead time

Summer Color

BEGONIA COOL BREEZE 'ROUGE'

BEGONIA COOL BREEZE 'ROUGE'

Begonia T Rex™ Series

When is a Rex not a Rex? When it's a T Rex™! Our breeders have taken some good forms and bred in new species which look like a Rex, but feel different and even grow differently! Strong, thick leaves adorn vigorous plants that can be grown in cooler temperatures that would "slay" most Rexes. **All Terra Nova® Begonias require growing conditions above 55° Fahrenheit (13° Celsius). However, once established, they can tolerate temperatures down to 38° (3° Celsius) Fahrenheit without damage.** Each variety has an upright habit and features silken, shimmering leaves with stunning, saturated color. Absolutely the best the market has to offer. Heat and humidity tolerant. Z 9-11 ○ ☐

BEGONIA T REX™ 'PAINTER'S PALETTE'

BEGONIA T REX™ 'FIRST BLUSH'

BEGONIA T REX™ 'RUBY SLIPPERS'

NEW Begonia T Rex™ 'Painter's Palette' PPAF
With leaves shaped like an artist's palette, this new hybrid is classy and understated. 'Painter's Palette' has a red and green background washed with charcoal and black and liberally dotted with white at the edges. Economical to grow, tolerating cooler temperatures more than most Rex types. 16/16/12

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia T Rex™ 'First Blush' PPAF
Silvery lavender leaves are lightly kissed with raspberry, that gets more pronounced as the season passes. The entire T Rex™ series is marvelous for the garden or house, and are very cold tolerant (not freezing!). Great habit and very vigorous. 16/16/12

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia T Rex™ 'Ruby Slippers' PPAF
One of the most fantastic Begonias we have ever seen! Deep ruby red leaves are super glossy with a saucy, little black stripe on the mid rib. Excellent for a cooler greenhouse, but performs just as well with heat. 16/16/12

(100 cell) Pro Liner™ - 8 wk. lead time

BEGONIA T REX™ 'FIRST BLUSH'

BEGONIA T REX™ 'RUBY SLIPPERS'

Begonia Garden Angel™ Series

The world's first decorative **zone 7 hardy** Begonia series! Another breeding first from Terra Nova®. **All Terra Nova® Begonias require growing conditions above 55° Fahrenheit (13° Celsius). However, once established, they can tolerate temperatures down to 38° (3° Celsius) Fahrenheit without damage.** Each variety of the Garden Angels™ Series has shimmering metallic, palmate leaves and an upright habit. A rare and beautiful addition to the gardener's palette. Z 7-10 ○ ☐

NEW Begonia 'Garden Angel Plum' PPAF

Gorgeous, rich, plummy-red violet leaves fill out this plant, top to bottom. This is the largest of the three Garden Angels™ and a garden star for sure. Each shrub-like plant has many stems and is husky and self supporting. It'll reach about 24" tall and wide the first year you plant it. 'Garden Angel Plum' is outstanding as a solitary plant in the garden or container and a great foil for silver foliaged ferns. 30/24/30

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia 'Garden Angel Silver' PPAF

Shiny silver, maple-like leaves with mint green veins make this tough Begonia distinctly different from others. In the shade, little glints of frosty white at the leaf edges catch the eye. Sweet pink flowers complement the plant, making this a great border blender or stand-alone. In a container, it can be a star or a supporting player. 24/24/24

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia 'Garden Angel Blush' PPAF

Pewter-silver palmate leaves resemble those of a Japanese maple. Add to that, coal black veins and a warm, rich violet blush and you've got unheard of drama on a super easy garden plant. Best classified as a shrub Begonia, it has a mounding, upright habit and flowers in late summer with small, single, pink flowers. 24/18/24

(100 cell) Pro Liner™ - 8 wk. lead time

BEGONIA 'GARDEN ANGEL PLUM'

BEGONIA 'GARDEN ANGEL SILVER'

BEGONIA 'GARDEN ANGEL BLUSH'

Begonia Cocoa™ Collection

Their **dark, cocoa-brown foliage** is upright and nearly always covered by luxurious flowers. These are great in containers as they are non-aggressive and make a central, vertical statement. Cocoa™ ‘Puff Pink’ has double bright pink flowers in large clusters and Cocoa™ ‘Enchanted Evening’ has very large, luminous, single salmon pink flowers borne in great profusion for the entire season. **All Terra Nova® Begonias require growing conditions above 55° Fahrenheit (13° Celsius). However, once established, they can tolerate temperatures down to 38° (3° Celsius) Fahrenheit without damage.** Z 9-11 ◀ ○ ☹

BEGONIA COCOA™ ‘ENCHANTED EVENING’

BEGONIA COCOA™ ‘PUFF PINK’

NEW Begonia Cocoa™ ‘Enchanted Evening’ PPAF

Large, single, shrimp pink flowers resemble hibiscus blossoms. They appear in clusters and face slightly outward on a large, upright plant with **dark cocoa brown foliage**. It is glamorous and elegant with movie star good looks. It grows with an upright habit to 2’ tall. It is impressive in mixed shade containers, as a houseplant and stunning in garden beds. ‘Enchanted Evening’ is a selection that just keeps blooming, even during the winter indoors. 24/14/24

(100 cell) Pro Liner™ - 8 wk. lead time

NEW Begonia Cocoa™ ‘Puff Pink’ PPAF

Begonia Cocoa™ ‘Puff Pink’ has **fully double flowers in a “puff” of pink over dark foliage**. This redo of the Reiger Begonias put the same unbeatable “bloomability” and even more interesting foliage into a very easy garden and container plant. **Cocoa brown leaves with glowing emerald veins are smothered with pure pink powder puffs for months**, and as a houseplant, it never stops blooming. Fairly sun tolerant, this upright beauty remains showy in the garden. Sterile flowers drop cleanly. 14/12/14

(100 cell) Pro Liner™ - 8 wk. lead time

Actual Bloom Size

BEGONIA COCOA™ ‘ENCHANTED EVENING’ - FLOWER

NEW Begonia Shade Angel™ ‘Aurora’ PPAF

‘Aurora’ is unlike any previous Begonia breeding. As easy as an old fashioned Angel Wing, but with the Terra Nova® twist. Indoors or out, this is a standout! Absolutely **iridescent foliage in aquamarine, lavender, raspberry pink and cream overlaid with mother-of-pearl**. Wow! Z 9-11 ○ ☹ 18/18/12

(100 cell) Pro Liner™ - 8 wk. lead time

Bergenia Dragonfly™ Series

This is not your grandmother's pig squeak! Say goodbye to floppy leaves and insipid flower colors with our Dragonfly™ Series of Bergenia with the world's most compact and free-flowering plants. Top this off with wonderful, glossy, plum-purple, evergreen winter foliage and you have a combo that is hard to beat! Z 4-9 ● ◐ ☼ 🦋 🌿 ✂

BERGENIA DRAGONFLY™ 'SAKURA'

BERGENIA DRAGONFLY™ 'ANGEL KISS'

BERGENIA 'PINK DRAGONFLY'

Bergenia Dragonfly™ 'Sakura'
The Dragonfly™ series offers a group of plants that features **profuse blooms and compact glossy foliage that turns a dark purple** in winter. **'Sakura'** produces pink, semi double flowers that remind us of cherry blossoms. There are so many great reasons to grow this plant but perhaps the best is that it fills these needs for the end consumer: simplicity, beauty and easy care. 10/12/15

Bergenia Dragonfly™ 'Angel Kiss'
Soft, sweet, **semi double, white to light pink flowers** in great abundance give new value to an old garden favorite. A perfect companion to 'Pink Dragonfly', Dragonfly™ 'Angel Kiss' is just as easy to grow, and really lights up an early spring garden with grace and sophistication. **Winter foliage is very dark with red and purple highlights.** In early spring, it is the perfect contrasting foil for the charming flowers that emerge snow white and take on a light pink glow. Very choice, very easy. 10/12/15

Bergenia 'Pink Dragonfly' (Eskuche)
Narrow leaves, with brilliant purple **winter color**, erupt in luscious **bright pink flowers** in proportion to its foliage on this petite beauty. Truly the Bergenia for people who are looking for **multiple seasons of interest.** 10/12/15

Campanula

Campanula x pulloides 'Jelly Bells' PP20843 EU30481
Decidedly delicious with **large, deep blue-violet, nodding bells perched atop a bright green mat of foliage.** It can be used in a **small container** or in a **rock garden.** 'Jelly Bells' makes a vigorous and attractive low growing perennial, returning year after year. It prefers full sun and needs good drainage. Z 5-8 ● 🌱 8/14/11

Campanula 'Pink Octopus' PP18885 EU25441
Japanese lantern buds open to striking pink, octopus-like flowers. Over 50 blooms flutter down from the nicely upright flowering branches above strong, deeply cut foliage. Unique and interesting! Long bloom time and easy to grow. This spreader does very well in the South. Tolerant of most soils. Jimmy Turner from the Dallas Arboretum recommended this for green roofs. Z 5-9 ● ◐ 🦋 🌿 ✂ 10/18 /15

Campanula 'Summertime Blues' PP19261 EU27669
The longest blooming Campanula we've ever seen. 'Summertime Blues' has masses of large, silvery blue bells on 2 foot, upright stems... all spring, summer and fall! **A clumping habit that doesn't spread or reseed.** This plant gets better every year. Here's the "cure" for the summertime blues! Z 4-9 ● ◐ 🦋 🌱 10/17/24

CAMPANULA 'PINK OCTOPUS'

CAMPANULA 'SUMMERTIME BLUES'

CAMPANULA 'JELLY BELLS'

Brunnera

NEW

NEW Brunnera macrophylla 'Alexander's Great' PPAF PVR (Zuilkevich)
If there is an OMG! plant- this is it! Viewing a picture from Belarus, we saw multiple jaws drop as we witnessed a bespectacled breeder embracing a plant of enormous proportions. We were sold in the first microsecond! I hate to use a time-worn phrase, but this Brunnera *is* on steroids! **Gigantic clumps carry bushel basket-sized leaves with silver-flecking** - a dramatic statement in the landscape or as a dynamic specimen in a container. This is not a hybrid of B. 'Jack Frost'. Z 4-8 ▶ ○ 🍂 12/28/15

BRUNNERA 'DIANE'S GOLD'

Brunnera macrophylla 'Diane's Gold' PP22687 EU31570 (Lesch)
A chartreuse foliage Brunnera that holds its color all summer. Steve Lesch found this amazing seedling in his friend Diane's garden. It has proven to be dwarf and stable in his garden in Madison, Wisconsin for 5 years. We were impressed with how well and how evenly it held its chartreuse color through the summer. Looks equally good in the shade border or nursery container. **Very showy in bloom with its sky blue flowers.** Z 4-9 ▶ ○ 🍂 12/24/17

Brunnera macrophylla 'Jack Frost' PP13859 EU9772 (Walter's)
Sky blue, forget-me-not flowers and leaves with a netted silver overlay. Absolutely stunning in the garden from early spring to fall. One of the showiest and most garden worthy plants to come along in a decade. Perennial Plant of the Year for 2012. Z 4-9 ▶ ○ 🍂 14/24/17

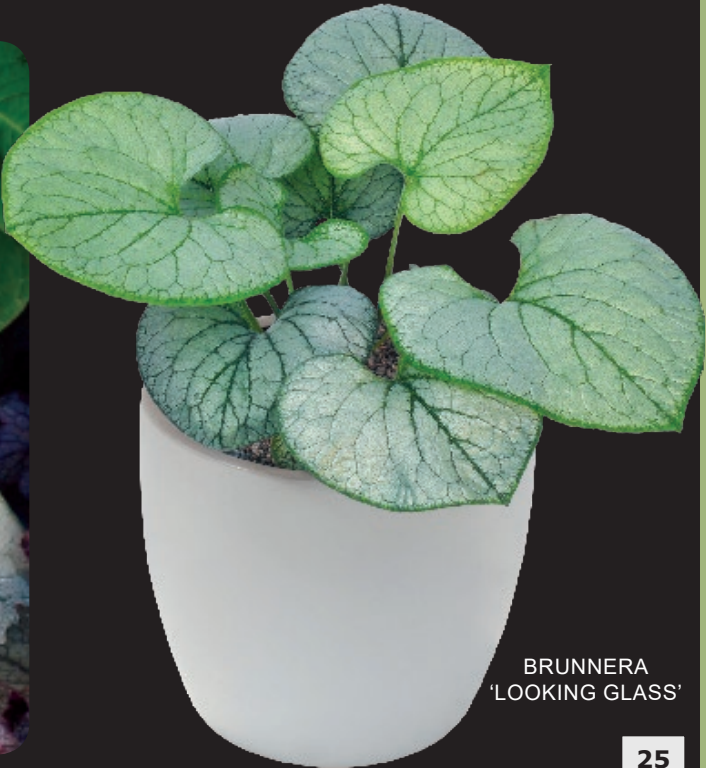

Brunnera macrophylla 'Looking Glass' PP17829 EU17444 (Walter's)
Shimmering silver 5" heart-shaped leaves bedeck this sport of Brunnera 'Jack Frost'. The mound gives rise to masses of blue, forget-me-not flowers in spring. Provide evenly moist, rich soils for the best growth. Glows in the garden. Z 4-9 ▶ ○ 🍂 14/24/17

Coreopsis Breeding

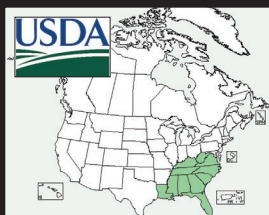

Watch our video featuring Hardy Coreopsis

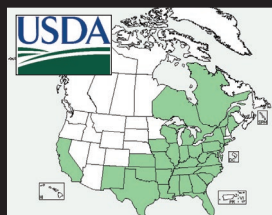

www.terranovanurseries.com/videos/

We have been working overtime to develop a startling range of new colors to the Coreopsis world. We've simplified the selection process by offering these plants in five different Series: Our Hardy Collection ranges from white to cranberry-red and offers zone 6 hardiness. Our Punch™ Series offers six months of color, and ranges from yellow to white-rimmed cerise. These are offered as "Perennials". The Lemonades™ have remarkable gold foliage contrasting with flowers which range from pink to red. Our Pie™ Series ranges from the extraordinary, ultra-compact 'Little Penny' to the vivid red-flowered 'Cherry Pie'. For the landscape, the Jewel™ Series offers hardy, jewel-toned flowers of large size with plants that are well branched and 20" to 28" wide. All Coreopsis require excellent drainage.

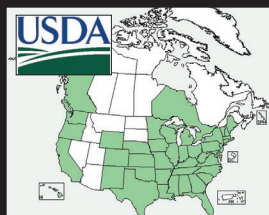

Native Species Locations

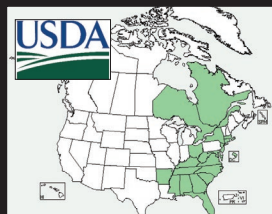

auriculata

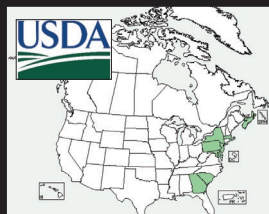

grandiflora

lanceolata

verticillata

rosea

'Garnet'

'Pink Sapphire'

'Ruby Frost'

Hardy Jewel™ Series

- Garden gems!
- Rock **hardy**, with stunning beauty
- Easy care, worry free garden plants

Annuals

'Fruit Punch'

'Lemon Punch'

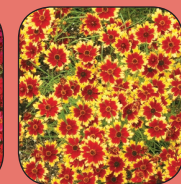

'Mango Punch'

'Rum Punch'

'Strawberry Punch'

'Summer Punch'

Punch™ Series

- 6 months of color! - **Take that, Mum!**
- No pinch, perfect mounding habit!
- Perhaps that biggest advancement in color pot-crop programs in the last decade
- Everyone who sees it, wants it
- Self cleaning flowers

'Pink Lemonade'

'Strawberry Lemonade'

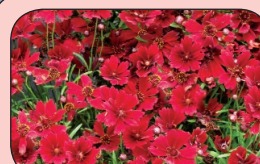

'Cherry Lemonade'

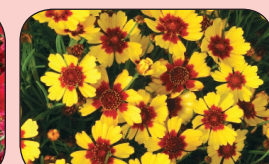

'Tropical Lemonade'

Lemonade™ Series

- Amazing, bright lemon-gold foliage
- Flashy contrasting flower colors - a definite impulse sale
- A real bright spot in a mixed container
- Great habit is self cleaning

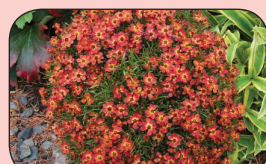

'Cherry Pie'

'Pineapple Pie'

'Pumpkin Pie'

'Little Penny'

Pie™ Series

- A delicious companion to the Punch™ Series
- Extended color range, some with contrasting eyes
- Knockout habit, self cleaning, low maintenance

Hardy Coreopsis verticillata hybrids

These are all very long blooming with neat, mounding habits and self-cleaning flowers. Great cold, heat, and humidity tolerance, they are happy and easy to grow in any sunny, well drained location. Coreopsis verticillata is common to the eastern seaboard from Quebec, Canada to Florida and every state in between. These modern hybrids are the result of years of breeding and selection.

COREOPSIS 'BENGAL TIGER'

COREOPSIS 'IMPERIAL SUN'

COREOPSIS 'CENTER STAGE'

COREOPSIS 'SHOW STOPPER'

NEW Coreopsis 'Bengal Tiger' PPAF PVR

Fiery flowers glow red and gold, like tiger eyes, on this gorgeous garden STAR. **Extra hardy** Coreopsis **verticillata** breeding makes this a star for every area of the U.S. 'Bengal Tiger' has a clean, manicured habit and feathery, **mildew-resistant foliage** that brings our breeding program up a notch against the competition. A constant performer for garden and containers. Z 5-10 ● 🦋 20/24/22

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Center Stage' PP22707

Bold **magenta red flowers** cover this large, hardy, mounding Coreopsis. Hundreds of flowers appear early in the summer and continue until a hard frost in the fall. No deadheading is necessary. Each flower is covered by even more flowers as they fade. Needs good drainage. Z 5-10 ● 🦋 20/30/25

(100 cell) Pro Liner™ - 5 wk. lead time

NEW Coreopsis 'Imperial Sun' PPAF PVR

Amazingly **bright, sunny gold flowers** cover this plant in masses and waves of continuous color. Clean, deep green foliage is the perfect foil for the flowers... when the foliage is visible. Blessed with a perfect habit, this extra hardy garden marvel is very much at home in a container or a long lived garden feature. Coreopsis **verticillata** breeding makes this **mildew resistant** selection ultra hardy. Z 5-10 ● 🦋 18/22/20

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Show Stopper' PP22671 EU34798

Covered in **bright rose-pink flowers** from late spring until frost, Coreopsis 'Show Stopper' makes an impressive mound in the garden. This hardy Coreopsis blooms and blooms all summer long. No deadheading is needed. Good drainage is necessary. A visitor favorite at the Mt. Cuba, Delaware, Coreopsis trials in 2012. Z 5-10 ● 🦋 20/30/25

Coreopsis Hardy Collection

Actual Bloom Size

COREOPSIS 'AUTUMN BLUSH'

COREOPSIS 'CRANBERRY ICE'

Coreopsis 'Cranberry Ice' PP19470 EU-derived var
Compact habit with continuous bloom of cranberry colored flowers with a white edge. Blooms all summer. Lovely, informal mounding habit, lends itself to containers or beds. Z 6-10 ● 8/20/10

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Autumn Blush' PP18184
This hardy hybrid out of C. auriculata 'Nana' begins flowering in the late spring with 2" strawberry-eyed, butter-yellow flowers. Flowers form a mid-height canopy of color, which changes as the season progresses. Cooler temperatures of fall tint the flowers a strawberry pink. Continuous flower production and vigorous growth have made 'Autumn Blush' destined to become one of American gardeners' favorite plants. Z 6-10 ● 24/32/26

(100 cell) Pro Liner™ - 5 wk. lead time

Actual Bloom Size in Fall

COREOPSIS 'MOONLIGHT'

Coreopsis 'Moonlight' PP20009 EU29099
'Moonlight' blooms continuously for 3 to 4 months. Each plant has over 150 2" pastel-yellow flowers which change color to peach in cool weather. Z 6-10 ● 15/25/17

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Snowberry' PP18560
Like raspberries dropped in the snow, these creamy-white flowers are splashed with an eye patch of dark red. Multitudes of large 1½" wide flowers bloom all summer atop dark green foliage. Works well in the mixed border or used in containers. Z 6-10 ● 26/32/28

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Gold Nugget' PP19946 EU28141
An amazing bloomer, with over 200 warm gold flowers on a first year plant, each with a blazing red eye. Blooms continuously for 3 to 4 months. Flowers are an amazing 1½" wide. 'Gold Nugget' has a superb mounding form. Thrives in heat and humidity. Z 6-10 ● 24/32/26

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis Punch™ Series (Annuals)

Coreopsis - The answer to a boring Mum market. Offer your customers an exciting and unique option with a look like a compact summer chrysanthemum. Our Punch™ Series of Coreopsis displays a fresh flush of brilliant color during the long days of summer into fall. These are easy to grow annuals with a compact habit. They create ideal dollops of color in the garden. These will bloom ‘til frost in containers, colorful borders and mixed plantings.

Z 9-10 ● 🦋

All Punch™ Series Coreopsis are massive bloomers in hot colors!

COREOPSIS 'FRUIT PUNCH'

Coreopsis 'Fruit Punch' PP22487 PVR

A delicious **two-toned Coreopsis with a light pink edge and a red eye.** Forms a low mound. Very free flowering, flowers cover the foliage. Blooms all summer. 10/13/18

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Lemon Punch' PP19081 EU25413 (patented as RP 4) (The Ivy Farm/Terra Nova®)

Soft yellow flowers are lightly fluted and kissed with rose-pink. Lacy foliage provides a nice background for the free-flowering one inch flowers. 12/18/12

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Mango Punch' PP18475 EU25414 (patented as RP 5) (The Ivy Farm/Terra Nova®)

Luscious petals of mango-orange with a red overlay. One of the most admired plants in our Coreopsis trials due to its truly unique color. 12/18/12

(100 cell) Pro Liner™ - 5 wk. lead time

COREOPSIS 'LEMON PUNCH'

COREOPSIS 'MANGO PUNCH'

COREOPSIS 'MANGO PUNCH'

COREOPSIS 'RUM PUNCH'

Coreopsis 'Rum Punch' PP18889 EU25411 (The Ivy Farm)

Massive quantities of fruity orangey-rose flowers are good enough to drink. Blooms all summer over a mound of rich green foliage. Wonderful addition to the mixed border or in containers. Easy to grow. 12/18/14

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Summer Punch' PPAF PVR

Large bi-colored flowers of deep crimson and lemon-gold blanket this Coreopsis from the very start of summer, and then change as they age to deep ox-blood and burnished bronze before the petal drop cleanly away. A very handsome and dramatic annual; low spreading habit, tons of flowers and long easy care life. 9/14/10

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Strawberry Punch'

Cheerful blooms of deep-rose pink pour on the charm in this, our "punch with the pink". Its low, mounding shape makes it a natural in containers or front and center of the border. 9/14/10

(100 cell) Pro Liner™ - 5 wk. lead time

COREOPSIS 'SUMMER PUNCH'

COREOPSIS 'STRAWBERRY PUNCH'

COREOPSIS 'STRAWBERRY LEMONADE'

COREOPSIS 'STRAWBERRY LEMONADE'

COREOPSIS 'TROPICAL LEMONADE'

Coreopsis Lemonade™ Series (Annuals)

COREOPSIS 'CHERRY LEMONADE'

COREOPSIS 'PINK LEMONADE'

Coreopsis 'Strawberry Lemonade' PP18299 EU25410

The third in our series with **rose pink flowers and bright golden foliage**. Gives a long season of interest. Grows easily as a low mound. Blooms all summer. Z 9-10 ● 🦋 8/14/9

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Cherry Lemonade' PP18334 EU25408

Bright, feathery golden foliage starts a long season of interest even before the clear red flowers arrive. Blooms and blooms! Grows easily as a low mound. Z 9-10 ● 🦋 8/14/9

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Pink Lemonade' PP18265 EU25409

A great mixer in containers! Bright warm, golden foliage gives a long season of interest until the clear pink flowers arrive. A favorite in our trials. Blooms its little dwarf head off. Z 9-10 ● 🦋 8/14/9

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Tropical Lemonade' PP19393 PVR

The fourth in our series has **rose orange flowers and bright golden foliage**. Gives a long season of interest. Grows easily as a low mound. Blooms all summer. Z 9-10 ● 🦋 8/14/9

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis Pie™ Series (Annuals)

COREOPSIS 'CHERRY PIE'

COREOPSIS 'PUMPKIN PIE'

Coreopsis 'Cherry Pie' PP22479 EU34799

'Cherry Pie' makes a cushiony mound covered with small, **deep red daisies with overlapping petals**. A perfect habit! Works well in the front of the border in a full sun location. Z 9-10 ● 🦋 5/20/7

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Little Penny' PP18502 EU25412 (as RP 1) (The Ivy Farm/Terra Nova®)

Our most compact mounding Coreopsis is a flower machine! **Numerous, small copper colored daisy-like flowers** emerge freely over a low pincushion. Blooms continuously all summer. A great one for summer pots! Z 9-10 ● 🦋 8/16/8

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Pumpkin Pie' PP21946 EU34802

Coreopsis 'Pumpkin Pie' forms a low growing mound with **numerous red-eyed, pumpkin orange flowers**. Very free flowering, flowers from early summer to fall. Pumpkin Pie is good for three seasons - it's not just for fall anymore. Great in containers, mixed beds, or borders. Z 9-10 ● 🦋 5/20/7

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Pineapple Pie' PP22486 EU34801

Coreopsis 'Pineapple Pie' forms a low growing mound with **numerous red-eyed, golden yellow flowers**. Very free flowering, flowers from early summer to fall. Great in containers, mixed beds, or borders. Never had Pineapple Pie? You should give it a try! Z 9-10 ● 🦋 5/20/7

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis Hardy Jewel™ Series

COREOPSIS 'CITRINE'

Coreopsis 'Citrine' PP22478 PVR

A wow plant - so bright, so low, so compact, and so showy. 'Citrine' impressed us with how **floriferous and clean** it looked all summer long. The **new flowers appear right on top of the old ones** which just disappear. Works well in mass, as edging, or in mixed beds or containers. Many months of exciting color. Low maintenance and easy to grow. Hardy in Western Oregon. Z 5-10 ● 🦋 5/20/7

(100 cell) Pro Liner™ - 5 wk. lead time

COREOPSIS 'CITRINE'

Coreopsis 'Desert Coral' PPAF PVR

Large flowers of sun-tanned peach and coral-red cover this lovely plant for months and months. Another hardy Coreopsis of Terra Nova® breeding that continues to bloom, covering the old flowers so rapidly that it never has a rest period. Dwarf, mounding habit. Z 6-10 ● 🦋 9/14/11

(100 cell) Pro Liner™ - 5 wk. lead time

COREOPSIS 'DESERT CORAL'

Coreopsis Hardy Jewel™ Series

COREOPSIS 'PINK SAPPHIRE'

Coreopsis 'Pink Sapphire' PPAF PVR

'Pink Sapphire' was **picked for its hardiness and its electric pink flower color**. Large, purple pink flowers with white eyes cover this upright, low growing Coreopsis for over 5 months. No need to clean up after the flowers as all of the Terra Nova® Coreopsis are self-cleaning. Z 6-10 ● 🦋 14/16/16

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Ruby Frost' PP21758

Large, deep ruby flowers are fringed with a collar of frosty white. Plant habit is choice, with its flowers held up elegantly. **This plant has been prominently featured in Birds & Blooms Magazine**. In fact, it was named by the readers in a 2009 contest. Truly a color breakthrough in the world of Coreopsis. Z 6-10 ● 🦋 16/32/26

(100 cell) Pro Liner™ - 5 wk. lead time

Coreopsis 'Garnet' PP22485 EU34800

Numerous **garnet-red colored flowers on a compact habit**. Well suited both for containers and landscape. Brightens up low maintenance areas like nothing else. Z 7-10 ● 🦋 10/20/12

(100 cell) Pro Liner™ - 5 wk. lead time

COREOPSIS 'RUBY FROST'

COREOPSIS 'GARNET'

Corydalis

CORYDALIS 'CANARY FEATHERS'

CORYDALIS 'CANARY FEATHERS'

CORYDALIS 'BLUE HERON'

CORYDALIS 'BERRY EXCITING'

Corydalis 'Canary Feathers' PP18909 EU24249
Talk about flower-power! This, our **showiest and most vigorous, heat-tolerant Corydalis** introduced to date, is **a blooming machine in pots or in the garden**. Baking hot Dallas Arboretum has given this plant their seal of approval. This hybrid is tolerant of partial sun and is a great highlight in shady spots where it combines well with our silver-leaved Heuchera and Pulmonaria. This fantastic container plant blooms so long that early frosts can cut its life short, so some protection may be needed. Prefers moist, well-drained soils. Z 6-9 9/12/12

Corydalis curviflora var. rosthornii 'Blue Heron' (Heronswood Nursery)
Our darkest blooming Corydalis features the **largest flowers in our collection!** Dark gentian-blue flowers float atop stunning red stems and are enhanced by the blue green foliage. This form bloomed all spring and summer for us in Oregon. A marvelous Corydalis collected in Sichuan, China by Mr. Dan Hinkley. Will go summer dormant if it is kept too dry or hot. Z 6-8 8/10/9

Corydalis shihmienensis 'Berry Exciting' PP18917 EU25090
Brilliant yellow, fern-like leaves are streaked green and erupt in **fragrant purple flowers**. This wonderful mutation of C. 'Blackberry Wine' is one of the few Corydalis that **does not go summer dormant**. Its vigorous cascading habit makes it an excellent ground cover and looks great spilling out of baskets and over banks. A stunner in the spring garden! Takes heat and humidity! Z 5-9 10/24/13

CORYDALIS 'BLUE PANDA'

Corydalis flexuosa 'Blue Panda' (Hatch, Reeck)
This long bloomer and re-bloomer in the Pacific Northwest **combines the charms of sky blue flowers and a lovely fragrance**. A wonderful, fragrant blue Corydalis from China's "Panda Country." Z 5-8 8/8/12

Corydalis flexuosa 'Purple Leaf' (Blue Dragon)
Up before the robins in spring, **this bronzy-leaved fumitory is vigorous, rhizomatous, early blooming and long lived**. Plants are more compact than the type and are charming in the rock garden, or scrambling around stepping-stones. A great lacy contrast to Heuchera 'Lime Rickey'. Fragrant, violet-blue flowers abound in early spring. May go summer dormant. Z 5-9 8/24/10

Corydalis shihmienensis 'Blackberry Wine'
This early-emerging beauty has blue-green, ferny leaves which provide a backdrop for hundreds of **fragrant flowers the color of blackberry wine**. It holds its slightly silvered foliage all spring, summer, and fall with a cascading habit, excellent in baskets or over walls. Takes heat and humidity! Cut back after bloom to freshen foliage. Z 5-9 10/26/13

Corydalis elata (Reeck)
Perhaps the best Corydalis for the south. **Fabulously fragrant cobalt blue flowers** adorn the upright habit of this garden jewel. **This selection does not go summer dormant**. Flowers emerge in May and bloom through July. This superior selection does well in moist soils. Z 6-8 16/12/18

CORYDALIS 'PURPLE LEAF'

CORYDALIS 'BLACKBERRY WINE'

CORYDALIS ELATA

Crocosmia Twilight Fairy™ Series

Crocosmia x crocosmiiflora Twilight Fairy™ Crimson
Bronze foliage and short, multibranched flower spikes covered in crimson red flowers. The compact size, showy foliage and flowers make this a natural for mixed containers, smaller garden, or in front of the border in the large garden. Forms multiple crowns quickly for container gardening. Z 7-9 ● ☀ 🦋 🐝 🌧 🌵 ✂ 14/14/16

Bred Specifically to Fit on Racks!

CROCOSMIA
TWILIGHT FAIRY CRIMSON

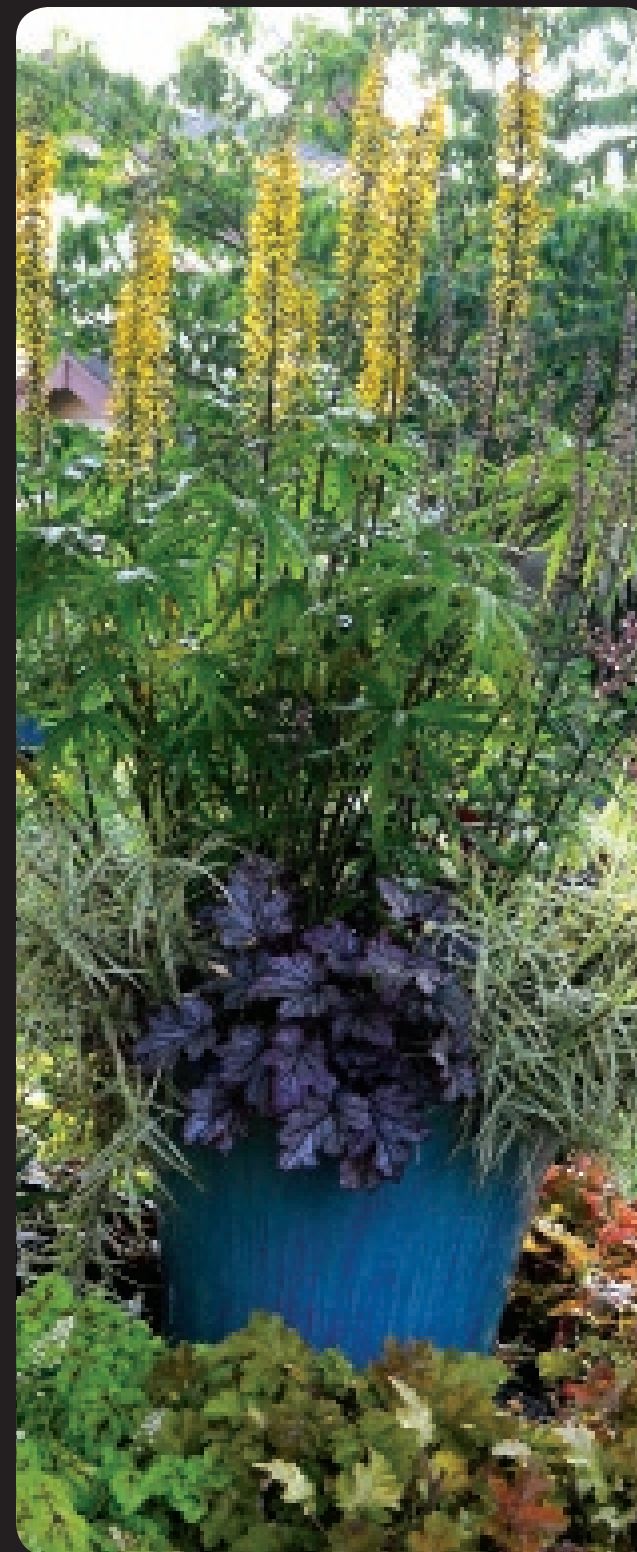

Crocosmia x crocosmiiflora Twilight Fairy™ Gold
Bright yellow-orange flowers bloom in profusion over many crowns of bronze foliage. The perfect addition to mixed containers, smaller garden, or for the front of the border in a larger garden. Easy to grow in full sun. Loved by hummingbirds. Z 7-9 ● ☀ 🦋 🐝 🌧 🌵 ✂ 14/14/16

Bred Specifically to Fit on Racks!

Carex phyllocephala 'Spark Plug' PPAF PVR
'Spark Plug' forms short, tight clumps of spiky, variegated foliage. It's a great blender and filler for the garden or in a container. This deer-resistant, evergreen sedge thrives in moist garden conditions. A wonderful component in mixed containers. Z 8-10 ► ○ 🌧 ✂ 9/13/15

Cymbalaria muralis 'Snow Wave' PP21745 (Nagamori)
The first variegated Kenilworth Ivy! 'Snow Wave' has leaves with a broad creamy white margin. Its small white flowers complement the margins. This charmer was found by Mr. Nagamori in Japan. Use as a groundcover between flagstones, in a hanging basket or as a component in containers. Z 5-9 ► ○ 3/12/4

(100 cell) Pro Liner™ - 6 wk. lead time

CAREX 'SPARK PLUG'

CYMBALARIA 'SNOW WAVE'

Dicentra Amore™ Series

Some of the Dicentras offered today give growers headaches with their inability to fill a pot and the nightmare of heavy losses. Enter the Amore™ Series. These woodland wonders improve over the “Heart” series by offering **superior vigor** in the garden and in containers. Feathery foliage and strong, long-lasting blooms will set this group apart. “Amore” means “love.” - You and your customers are going to love these!

- Impressive flower count
- Superior vigor
- Long bloom period
- Compact mounds of feathery foliage

NEW

NEW Dicentra ‘Amore Pink’ PPAF PVR

Moundy and full of **sweet pink flowers**, ‘Amore Pink’ has contrasting **blue-green foliage** that really sets the flowers off! This little garden workhorse is a gem in the woodland garden or mixed border. **Impressive flower count** is just one of the reasons to grow this retooled garden beauty. Z 5-9 9/14/14

NEW

NEW Dicentra ‘Amore Rose’ PPAF PVR

Billowy mounds of **bright rose pink flowers** crowd over the lacy foliage to greet you in the garden. **Vigorous and very hardy**, ‘Amore Rose’ will please everyone with the abundant flowers and extended bloom time. So many flowers, so little effort! Z 5-9 9/14/14

Dicentra

Dicentra spectabilis ‘Gold Heart’ EU4817 (now *Lamprocapnos*)

Exquisite, brilliant gold leaves from arching peach-colored stems. Heart-shaped rose-pink flowers hang down for months in late spring. From Nori Pope, formerly of Hadspen House Nursery, England. Makes a dramatic statement in the spring garden. Not for resale into Canada. Ships November through May or by special order. Z 4-8 24/36/30

Dicentra ‘King of Hearts’ (Ownbey)

This hybrid combines **large dark rose flowers with the most sumptuous, lacy, gray-blue foliage in a duet that is incomparable**. It is a good neighbor forming multi-seasonal mounds. In addition, it doesn’t go summer dormant! Z 5-9 6/14/14

Echinacea are American Natives

Our breeding crew has been responsible for introducing coneflowers that have taken the world by storm! With our astounding number of colors and varieties, we can truly be your one-stop source for Echinacea. Warm and brilliant, non-fading colors, excellent plant habit, and extraordinary bloom-time have put these plants in a class of their own. Our breeders chose the species (designated in the USDA maps) to produce STRONG plants that have an exciting color range and a super-long bloom period. We have created five Series that will help you order similar plants for specific needs. Prairie Pillars™ have very thick stems, large flowers that make great cuts, and bloom from summer to frost. The Prairie Stars™ are mid-range in height and have great branching and heavy blooming. Prairie Pixies™ are just that - dwarf plants that are well branched and perfect for containers or en masse in the garden. Our Dream™ Series and our Secret™ Series are superior in landscape settings where they supply months of color.

Echinacea Grower Tips:

- Echinaceas tolerate a wide range of soil-types, but all soils must have good porosity and a pH over 5.0. Liquid-feed regimens of 50 to 100 ppm are good for growing plants.
- Echinaceas start to flower at 13 hours of light, and dormancy is not required for flowering.
- Plants started in the fall (September or October) from a 72 cell size would need to be bulked up for over-wintering in a 2.5"-3.0" container size or equivalent cell pack. These can be quickly finished when potted on after growth starts in the spring. This step will significantly cut losses due to overpotting in the fall. **This is not recommended for Northern growers without heated (overwintering) facilities.**

Terra Nova® Echinaceas

The Pros:

- The most exciting color range on the market
- The most diverse flower forms
- The most advanced breeding
- The most requested varieties
- Non fading blooms
- Excellent profit
- American native
- Excellent cut flowers

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use

Other Echinaceas

- Plants split open in the rain
- Uncertain flower color (early hybrids)
- Fading flowers
- Weak stems
- Limited growth habits
- Limited flower types
- Limited color range
- Poor overwintering sucess

The Low Down:

- Low consumer product confidence
- Low consumer demand

ECHINACEA 'COLORBURST ORANGE'

ECHINACEA 'GUM DROP'

ECHINACEA 'FERRIS WHEEL'

Echinacea 'Colorburst Orange' PPAF PVR

'Colorburst Orange' has it all - **lovely double orange flowers and a medium short, well-branched habit.** The anemone type double flowers open with centers that are dark, then lime green then orange. First year plants are multistemmed. Excellent vigor. Flowers are very large and stems are extra strong. A very exciting new Echinacea. 14/22/28

Echinacea 'Ferris Wheel' PPAF PVR

Like its cousin, 'Quills and Thrills', 'Ferris Wheel' has a **strong, wagon wheel petal pattern**, but is just a shade shorter. **Emerging pale cream, the flowers, as they age get a bright lemon colored lip.** 'Ferris Wheel' features a stout, multi-crowned habit, and a very high flower count. Outstanding in the garden or mixed container. 20/16/24

Echinacea 'Gum Drop' PP22132 PVR (as TNGD)

Dark pink, double, feathery pom-poms are held over broad pink petals on strong stems. A full-sized plant for the middle of the border. We're used to people fawning over our plants, but this one got extra points for cuteness. A killer combo is to use 'Gum Drop' with pink Coreopsis and blue ornamental grasses. Won the Classic City Award from the University of Georgia Trial Gardens in 2010. 24/33/33

ECHINACEA 'MAMA MIA'

Echinacea 'Mama Mia' PP23172 PVR

Very large red orange flowers. Flower color changes from red to orange to coral to pink. A designer color. **Nice big habit and long bloom time.** Use en masse for the border, in a mixed bed, and as a cut flower. One of top ten perennials in the 2011-12 trials at the Massachusetts Horticultural Society. 20/30/26

Echinacea purpurea 'Pink Poodle' PP19428 EU29018

Large, fluffy, double, 4" wide, bright pink flowers are a departure from the E. 'Razzmatazz'-type double and feature strong, well-branched stems to 32" tall with excellent vigor. 22/28/32

Echinacea 'Coral Reef' PP21888 PVR

'Coral Reef' sparkles with **amazing two-toned double anemone-like flowers with dark orange to coral rays topped by a coral red cone.** A full sized Echinacea that is **excellent as a cut-flower.** A real show stopper. Its coral tones are great in combination with Agastache 'Summer Fiesta' and/or contrasting with dark leaf foliage like Actaea 'Black Negligee'. 30/28/36

ECHINACEA 'PINK POODLE'

ECHINACEA 'CORAL REEF'

Echinacea Bird™ Series

Bird™ is the word when you need LONG blooming displays of showy, shuttlecock-shaped flowers. These plants are repeat bloomers, which will extend the flowering season. All are fragrant.

ECHINACEA 'FIREBIRD'

ECHINACEA 'SUNBIRD'

Echinacea 'Firebird' PP22775 EU32328
Sometimes it comes all together in an Echinacea - wonderful habit, compact size, and charming, red shuttlecock-shaped flowers that look like they want to fly away! Dark cones add to the appeal of this wonder. Attracts butterflies in summer and seed hunting birds in the fall. Mix with Rudbeckia for a great combo. 18/22/25

Echinacea 'Sunbird' PPAF PVR
Like 'Firebird' - a wonderful habit, compact size, and charming but with gold shuttlecock-shaped flowers instead of red. The flowers have an unusually long life span and hold their color until the end of the bloom cycle. Lots of repeat bloom too! 19/14/22

Echinacea Cupcake™ Collection

Amazingly floriferous plants spread wider than they are tall. These are well suited for container or even green wall usage! Tall, floppy Echinacea are a condition of the past with our new Cupcake™ Collection of coneflowers.

Echinacea 'Cinnamon Cupcake' PPAF PVR
A dwarf Echinacea with double, cinnamon red flowers. 'Cinnamon Cupcake' is short and extremely well branched with many flowers over a very long season. 'Cinnamon Cupcake' accompanies 'Cranberry Cupcake' and is just as wonderful in the garden, but with a totally new color for Echinaceas. One of the nicest dwarf Echinaceas from Terra Nova® breeding. 21/23/24

Echinacea 'Cranberry Cupcake' PP23020 PVR
Double, cranberry-colored flowers on a "cupcake" of a plant. 'Cranberry Cupcake' is short and wide and makes the perfect size garden plant. Received the highest rating at MSU for container culture. 14/22/22

NEW Echinacea 'Vanilla Cupcake' PPAF PVR
Lovely double white anemone-type flowers on an upright compact habit. Great branching produces multiple stems of bloom. These are the perfect plants for the middle of the border and the strong stems mean no staking will be needed. Great vigor and bloom power. 19/16/22

ECHINACEA 'VANILLA CUPCAKE'

ECHINACEA 'CINNAMON CUPCAKE'

ECHINACEA 'CRANBERRY CUPCAKE'

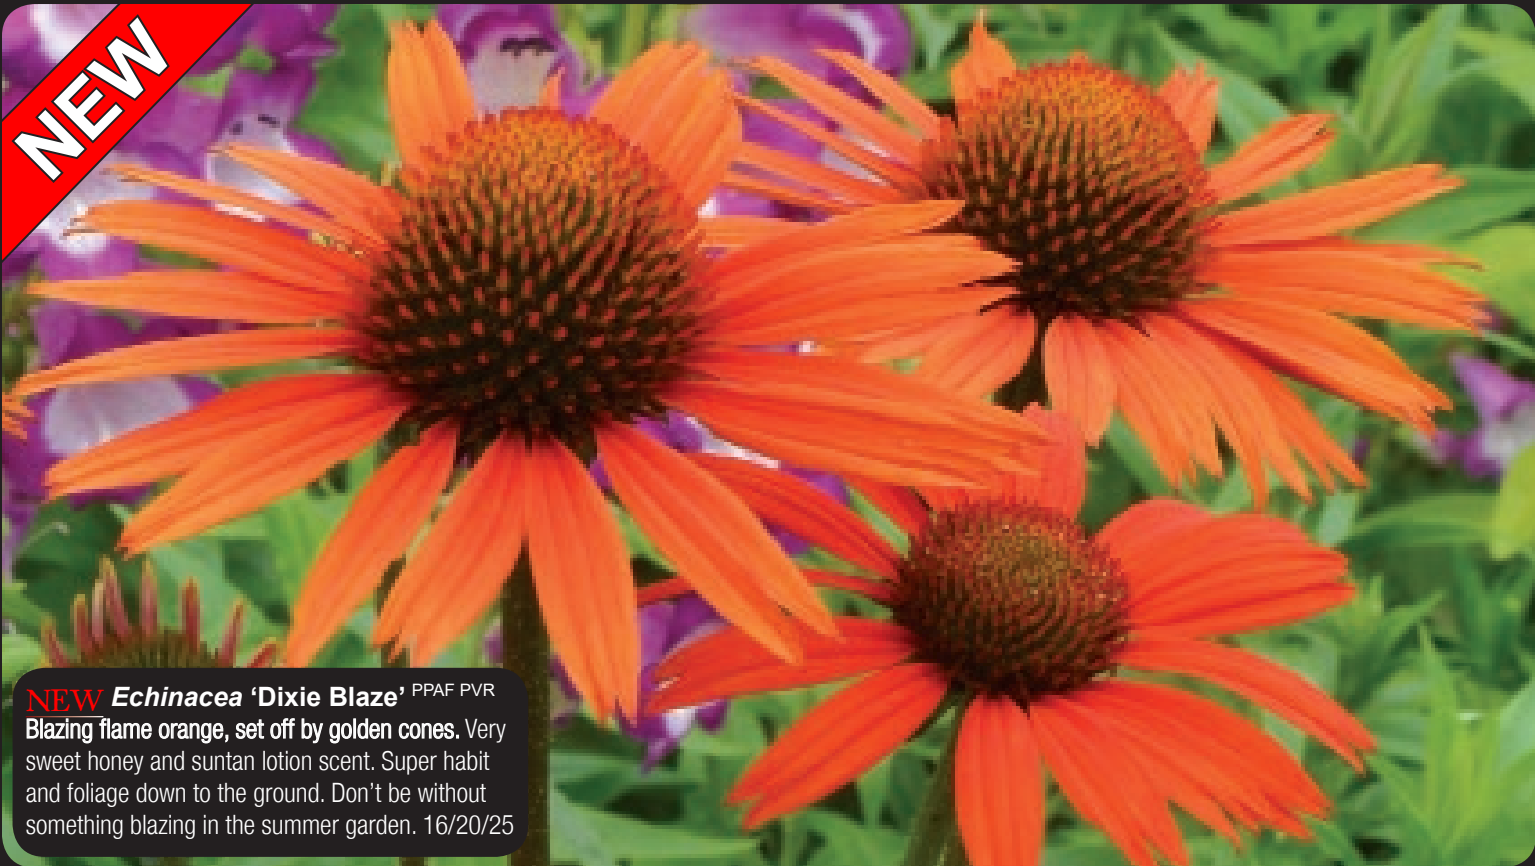

Echinacea Dixie™ Series

The Dixie™ Series offer an outstanding bud count on compact plants with a lot of crowns. As more crowns result in fuller pots, your customers will delight in the mass effect and the bright colors available in this group. These beauties, “come on down”, close to the ground, or make a great choice for a container.

- Compact habits
- Multicrown
- Great for containers
- Intense flower colors
- Fuller pots with more flowers

NEW Echinacea ‘Dixie Belle’ PPAF PVR
Vivid, glowing pink daisy-like blooms show in great abundance on top of sturdy, branched stems. Long lasting, even as a cut flower. Blooms for months! Not just another pink! You can’t get this quality from a seed strain. 16/20/24

NEW Echinacea ‘Dixie Blaze’ PPAF PVR
Blazing flame orange, set off by golden cones. Very sweet honey and suntan lotion scent. Super habit and foliage down to the ground. Don’t be without something blazing in the summer garden. 16/20/25

NEW Echinacea ‘Dixie Scarlet’ PPAF PVR
Fiddle-dee-dee! Rhett Butler would have fallen for this Scarlet too, but this Scarlet is much less trouble! Incredible, velvety scarlet flowers absolutely cover this plant from late spring until the first frost. Excellent crown count - our most advanced red to date. 16/24/24

NEW Echinacea ‘Dixie Sun’ PPAF PVR
Sweet as Tupelo honey, with golden rays that light up gardens. Great upright habit, loads of flowers on top of sturdy stems. Great foliage too. 16/20/24

Echinacea Dream™ Series

There are times you need landscape impact, and our Dream™ Series delivers! Well-branched plants have full flowers in profusion. Our breeders have given these plants improved hardiness, profuse flower production, and a tighter habit.

ECHINACEA 'GLOWING DREAM'

ECHINACEA 'TANGERINE DREAM'

ECHINACEA 'DAYDREAM'

Echinacea 'Glowing Dream' PPAF PVR
Like 'Amazing Dream', this has the breeding which imparts **great habit and a great number of crowns**. The flowers of 'Glowing Dream' are an **intense, glowing, watermelon-coral**. A superlative landscape plant with great flower color, habit, and long bloom time. Wow! 16/20/24

Echinacea 'Daydream' PP23086 PVR
'Daydream' is a **midsize plant with fabulous yellow to soft yellow flowers** that bloom all summer long. The sweet fragrance is just right for a lazy summer afternoon. 22/15/26

Echinacea 'Tangerine Dream' PP21773 PVR
Everything a great garden plant should be. **Elegant 4" clear orange flowers have wide, overlapping petals**. The bloom color holds better than any we have ever seen and have a lovely honey scent. This is in our landscape series due to its multiple, wide-branching strong stems. Super for the sunny landscape, in mass or in a mixed planting. Great for cutting. Received the highest rating at MSU for container culture. 14/30/23

Echinacea 'Amazing Dream' PP23019 PVR
'Amazing Dream' is a dream in the landscape with its compact habit, **amazing number of blooms**, and long season of bloom. Flowers are deep pink. Bred with E. tennesseensis for floriferousness. A great landscape plant for a long show of color. Received the highest rating at MSU for container culture. 16/20/24

ECHINACEA 'AMAZING DREAM'

Echinacea Meteor™ Series

Terra Nova®'s Meteor™ Series is no flash-in-the-pan Echinacea group. Meteors shower the landscape with comet-shaped flower heads of bright, long lasting color. Improved crown formation and delightful fragrance adds to the value of this newest and most distinct family of American natives.

NEW Echinacea 'Meteor Yellow' PPAF PVR
These **rare double yellow anemone-shaped coneflowers** are ideal to send "shooting through space"... well, at least in your borders! Equally at home in containers, the Meteor™ Series flowers are blooming machines with excellent habit and well-branched structure. Multiple crowns assures bigger and fuller plants for years to come. 19/19/24

NEW Echinacea 'Meteor Pink' PPAF PVR
A present from heaven (and the breeders at Terra Nova®!) Exquisite double **pink anemone-like flowers** are held in an upright compact habit. **Great branching produces multiple stems** of bloom, which can be used for small bouquets. These are the perfect plants for the middle of the border and no staking will be necessary due to the strong stems. Great vigor and bloom power. 19/19/24

NEW Echinacea 'Meteor Red' PPAF PVR
Lovely **double red anemone-type flowers** shoot upward from an upright, **well-branched plant**. Blooming heavily from summer until frost here in Oregon, we have found these equally at home in containers or in the border, finding them particularly useful in front of grasses to cover ungainly "feet". 19/13/22

ECHINACEA 'METEOR YELLOW'

ECHINACEA 'METEOR PINK'

ECHINACEA 'METEOR RED'

Echinacea Secret™ Series

Some of the hottest-selling coneflowers on the market today have double flowers. The plants of the Secret™ Series all produce large double blooms on strong plants with a sturdy, medium habit. The color doesn't fade like the competition's plants, and the flower show can last till frost! The flowers make great cuts too! Help satisfy your customer's lust, desire, and passion for new, garden-worthy coneflowers with our Secret™ Series.

ECHINACEA 'SECRET AFFAIR'

ECHINACEA 'SECRET DESIRE'

ECHINACEA 'SECRET GLOW'

Echinacea 'Secret Affair' PPAF PVR
A marvelous double flower combining rich tyrian rose, mauve and lavender, possessing a great low branching habit with exceptional foliage to the base of the plant. 'Secret Affair' won't remain a secret long. The habit and unique color combination will make this popular very quickly. 22/23/16

Echinacea 'Secret Desire' PP23085 PVR
A mid-size Echinacea with double flowers that are very large and multicolored pink and orange. Grows vigorously and forms a full plant quickly. 19/36/26

Echinacea 'Secret Glow' PPAF PVR
Going by the code name of "Secret School Bus", 'Secret Glow' caused a commotion amongst our licensee visitors this year. The blooms are truly school bus yellow, nothing less. It stands out in a crowd for its unusual color as well as its unusually high flower count, averaging 35 large flowers per plant, in the first year! Matching perfectly with the rest of the Secret™ group, 'Secret Glow' is a very welcome addition to the series. 23/24/25

ECHINACEA 'SECRET LUST'

Echinacea 'Secret Lust' PP23060 PVR
You will lust after this one. It has double anemone type flowers with red orange cones and contrasting light coral-colored rays. These double flowers bloom and bloom and bloom all summer and fall. A well-branched compact habit. 25/36/31

Echinacea 'Secret Joy' PPAF PVR
Arising like comets in the summer garden, features pale yellow, double flowers that are a delight to the senses. These fragrant gems make excellent cut flowers. Use en masse for the border or in a mixed bed. 24/28/28

Echinacea 'Secret Love' PPAF PVR
It's no secret that red is the color of love. This is such a pure, strong red on a double flower it could inspire a sonnet. This gem is part of the Secret™ Series, an all-double and densely branched group from Terra Nova® breeding. 24/20/28

ECHINACEA 'SECRET JOY'

ECHINACEA 'SECRET LOVE'

Echinacea Secret™ Series

ECHINACEA 'SECRET PRIDE'

ECHINACEA 'SECRET ROMANCE'

ECHINACEA 'SECRET PASSION'

Echinacea 'Secret Pride' PP23513 PVR

We take special pride in offering this charmer with **fragrant, double white flowers**. The well branched plants have dark green foliage which makes a perfect foil for the gleaming white flowers. Flowers may have a "single" appearance in cool weather, but fill out when the mercury moves up. 20/30/28

Echinacea 'Secret Passion' PP23108 PVR

You, too, will feel passionate about this Echinacea. It has **bright, flamingo pink double cones and contrasting lighter pink ray florets**. In addition, 'Secret Passion' blooms and blooms all summer and fall. It has a well branched, compact habit. You can use 'Secret Passion' en masse for the border, in a mixed bed, and as a cut flower. 18/36/27

Echinacea 'Secret Romance' PP23036 PVR

You will be delighted and amazed with the wonderful and **very large, warm pink 'Coral Reef'-style double flowers**. In addition 'Secret Romance' has a lovely, well-branched compact habit. You will want to romance this one. Bouquets of cut flowers from just one plant! 18/28/29

Echinacea Prairie Pixies™ Collection

Pixies™ are the shorter cousins of the Pillars™ Collection that will brighten up the mid to front sunny border of a garden. Pixies™ are both single and double flowered and come in a wide range of colors. All have a great habit and tons of vigor. Good things do come in small packages! Prairie Pixies™ work in mixed containers, as specimen plants and en masse for beautiful borders.

Echinacea 'Chiquita' PPAF PVR

Echinacea 'Chiquita' simply has it all; a **naturally short habit, high crown count, very large flowers for a dwarf and a lovely, soft yellow color**. No other *Echinacea* is this color or habit. As a container plant, 'Chiquita' is a star performer and in the garden, nothing could light up a tight space like this fragrant, easy to grow gem. 12/12/14

Echinacea purpurea 'Rosita' PPAF PVR

'Rosita' is 'Chiquita's' sister in habit and bloom count, but has **light pink flowers that have a showy center cone and reflexing petals**. Another super garden plant with a fantastic habit. Naturally great branching habit that makes an unusually good container plant. Part of our Prairie Pixies™ Series of genetically dwarf Echinaceas. 14/14/16

Echinacea Prairie Pillars™ Collection

Terra Nova®'s Prairie Pillars™ Echinacea collection is the standard bearer for all Terra Nova® Echinaceas. Straightforward vigor, strong, upright habit and masses of large flowers make these America's favorite single flowered series. Pillars are mid to back border plants that will bloom from early summer until a hard frost.

Echinacea 'Aloha' PP23525 PVR
Wide, melon yellow petals surround orange cones on this summer to frost bloomer. A very welcoming and elegant plant that greets you with its fragrance and beauty. 22/28/32

NEW

4.5" Blooms!

NEW Echinacea 'Big Kahuna' PPAF PVR
Big, informal, honey-mango colored flowers in huge numbers sit above the foliage of this must have Echinacea. The sweet scent of the flowers goes right along with its Hawaiian name. 'Big Kahuna' will be the "boss" of your garden border. Sturdy, upright habit, strong stems and unique color adds up to a tropical treat. 20/21/27

ECHINACEA 'FLAME THROWER'

Echinacea 'Flame Thrower' PP21932 EU32307
This reliable rebloomer has 3½", two-toned orange and yellow flowers that are hot, hot, hot! Add to this, a well-branched habit and you've got a great choice for the middle of the border or along a fence line. Here's a fragrant choice that is easy to grow and blooms all summer. One of the earliest of the coneflowers to bloom for us in Oregon. 36/40/40

ECHINACEA 'HOT LAVA'

Echinacea 'Hot Lava' PP22807 EU32330
Wide petals of deep orange-red tint to a deeper red at the base of the magma orange cone. Extra petals give the flowers a fuller look and the super-strong stems make it a natural for cut flowers. 24/36/33

Echinacea purpurea 'Hope' PP17194 EU20630
Calm, fragrant, soft pink flowers of great size, fragrance, and substance adorn this long blooming perennial. It is dedicated to the breast cancer survivors and the memories of those who have succumbed to breast cancer. Terra Nova® makes a donation of \$.25 for each plant sold, to the Oregon & SW Washington affiliate of Susan G. Komen for the Cure to help further the search for a cure for breast cancer. Sold with beautiful over-sized picture labels that advertise this as a "Plant for the Cure." Labels are mandatory to ensure success of the program. The highest rated Pink in the Mt. Cuba Center trials from 2007 to 2009. Has been given the Dallas Arboretum Seal of Approval from their Perennials for Purgatory trials. 20/24/30

ECHINACEA 'HOPE'

Echinacea Prairie Pillars™ Collection

Echinacea purpurea 'Fragrant Angel' PP16054 EU17449
With large, fragrant, flowers layered with overlapping horizontal white petals and huge yellow cones. 'Fragrant Angel' was the highest rated white flowered coneflower in the Mt. Cuba Center Echinacea trials from 2007 to 2009. 20/24/30

Echinacea purpurea 'Merlot' PP18814 EU27428
Huge 5" wide, rose pink flowers centered with orange cones sit atop stunning, well branched, burgundy-black stems. These are strong enough to break scissors! Like a fine wine, this beauty has great fragrance. Thirty five flowers graced our second-year plant. Was given the Dallas Arboretum Seal of Approval in the Perennials for Purgatory trials. 27/34/30

Echinacea 'Leilani' PP23526 PVR
'Leilani' glows with its clear, yellow flowers that bloom from summer to fall. The name "Leilani" is well suited to this elegant plant as it means "royal child of heaven." It has a strongly upright habit that doesn't require any staking. Use en masse for the border, in a mixed bed, and as a cut flower. 36/30/40

Echinacea 'Tiki Torch' PP18839 EU27430
This darkest orange coneflower explodes with massive 4½" flowers with wide petals. 'Tiki Torch' retains its intense color. Use for the border and for cut flowers. Winner of the 2009 NMPRO New Plant Pavilion. Won the Classic City Award 2009 (Athens, Georgia). 28/26/36

Echinacea purpurea 'Ruby Giant'
'Ruby Giant' was the first Echinacea bred for multi-branched, strong flower stems which boast huge 5" wide fragrant blooms. This clonal selection from the original 'Rubinstern' seed material has a double row of petals held horizontally for maximal impact. 'Ruby Giant' has become the industry standard for garden worthy Echinacea breeding. Blooms all summer into fall. 20/26/36

Echinacea 'Maui Sunshine' PP22808 EU32331
Large bright yellow flowers, sweetly scented and floriferous. Mature flowers are a soft yellow. This vigorous plant is well branched with strong, upright stems. Showy orange cones with green backgrounds (great for cutting and drying). 24/36/33

Echinacea Prairie Stars™ Collection

Hollywood has its stars and we have ours! Filling the mid-range zone, this series of heavily blooming plants ranges in color from the melted cheddar of 'Now Cheesier' to the shocking magenta of 'Raspberry Tart'. Great branching and fragrance... what can we say? Great plants for the garden!

ECHINACEA 'GREEN EYES'

ECHINACEA 'NOW CHEESIER'

Echinacea purpurea 'Green Eyes' PP17172 EU20627
Magenta flowers have beautiful indented green centers that mature to a cone with rich orange. This strong, well-branched plant is a super addition to the border with its long-lasting blooms that also make great cut or dried flowers. 20/24/30

Echinacea 'Now Cheesier' PP23059 PVR
This deep, golden yellow Echinacea has melting cheddar blooms that lighten slightly after weeks of heat. Blooms all summer from well branched stems. New, and improved! Ask for it by name. Excellent in the garden and as a cut flower. 15/26/22

Echinacea 'Raspberry Tart' PP18933
Up to 30 flowers adorn this compact, well-branched treat in the first year after dormancy. Electric magenta blooms emerge for a long period from mid summer to fall. Use en masse for the border. Easy to grow and fragrant. Received the highest rating at MSU for container culture. 18/15/24

ECHINACEA 'RASPBERRY TART'

ECHINACEA 'TOMATO SOUP'

Echinacea 'Tomato Soup' PP19427 EU29461
Warm, tomato-red flowers to 6" wide stunned our nursery visitors! A real treat which grows to 32" tall and nearly as wide. Flowers will cover this selection till frost! Plants are well branched and show excellent vigor. A natural pairing with E. 'Mac 'n' Cheese' or 'Now Cheesier'. 22/32/32

Echinacea 'Mac 'n' Cheese' PP19464 EU32335
You can take comfort with these warm and tasty 4½" non-fading, golden yellow blooms covering this Echinacea. Well-branched stems are featured on this upright plant (to 26" tall). Their golden rays are a perfect complement to E. 'Tomato Soup'. Put them together for a summertime feast! Has been given the Dallas Arboretum Seal of Approval from their Perennials for Purgatory trials. 21/22/26

Echinacea purpurea 'Satin Nights' PP22999 PVR
'Satin Nights' has it all - a wonderfully compact habit only 18" tall, purple-pink flowers 4½" across with ribbon-like petals held out horizontally, and dark cones. It is great used in the front of the border or in mixed beds. Clean and reliable, you'll enjoy this wonderful Echinacea everywhere in your garden. Not just another purple Echinacea. 12/15/15

ECHINACEA 'MAC 'N' CHEESE'

ECHINACEA 'SATIN NIGHTS'

Eucomis

EUCOMIS 'DARK STAR'

EUCOMIS 'GLOW STICKS'

EUCOMIS 'GLOW STICKS' - SPRING FOLIAGE

Eucomis 'Dark Star' PPAF

Like its sister 'Freckles', 'Dark Star' performs in many venues. **Very dark, red-black foliage** is fantastic when planted with silver or gold colored foliage. Another great dwarf, hardy Eucomis from Terra Nova®. Startling when planted with Cymbalaria 'Snow Wave' or Veronica 'Aztec Gold'. Equally charming flowers in late summer. Z 7-10 ● ► ♀ 9/14/10

Eucomis 'Glow Sticks' PPAF PVR

Glowing, sword-like foliage changes from coppery-gold in the spring to a burnished green-gold in the summer. The ruffled foliage is upright and not floppy like some cultivars. A true breakthrough in color that surprises our visitors. Creamy-white flowers on a pineapple-like spike complement the golden foliage. A simple and elegant beauty. Z 6-10 ● ► ♀ 15/18/18

EUCOMIS 'FRECKLES'

EUCOMIS 'OAKHURST'

Eucomis 'Freckles' PP22769

This dwarf pineapple lily has it all - **a vigorously clumping habit, spotted leaves, wavy margins, and attractive rose red flowers**. A much larger plant than E. vandermerwei. A dramatic breakthrough for those that want to have something different, yet easy to grow! A wonderful container plant or use in front of the border and in mixed beds. Z 7-10 ● ► ♀ 9/14/10

Eucomis comosa 'Oakhurst'

Strap-like burgundy foliage and pineapple-like stalks of creamy flowers. Originally found in a San Diego Nursery, this deep-purple leafed novelty has loved blazing sun there for nearly 20 years. It has a tropical look and combines well in mixed containers. **Also, it lasts an amazing 21 days as a cut flower!** Z 5-10 ● ► ♀ 24/20/32

EUCOMIS 'OAKHURST'

● = Full Sun ► = Partial Shade ○ = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches ♀ = Fragrant ✂ = Cut Flower
 🦋 = Butterfly 🐝 = Hummingbird 🏠 = House Plant 🦌 = Deer Resistant ♀ = Drought Tolerant ❄ = Winter Color

GEUM 'FIRE STORM'

Geum 'Fire Storm' PP23179 PVR

Welcome Geum 'Fire Storm', Terra Nova®'s improved version of Geum 'Fireball'. **It has twice the flower power with half the plant size. This vigorous, compact and long blooming plant is easy to grow in almost any garden.** Sensational! Z 5-9 ● 🦋 ✂️ 13/18/20

NEW Eupatorium fortunei 'Capri' PPAF PVR

Sometimes, a garden needs a plant that is just fun! This new **dwarf variegated Eupatorium** plays well with others in containers and in the garden. **Filled, feather-like foliage is emerald green, lined and edged with soft cream** and kissed with pink and rose. Tiny, lavender pink flowers come mid-summer and make butterflies very happy!

Z 4-8 ● ◐ 🦋 🦋 🦋 21/18/24

Geum 'Fireball'

Profuse, **huge, sterile, orange-yellow, semi-double flowers** emerge from spring to fall. These 1½" blooms are picoteed with a red edge. **One of the most impressive (and early) orange blooming perennials in the spring!** Found exploding in the walled city of York, England, this dynamic plant held its regal position in the garden, attracting every eye. Well-drained soil. Z 5-9 ● 🦋 ✂️ 18/24/30

GEUM 'FIREBALL'

EUPATORIUM 'CAPRI'

24" Tall!

(Hardy) Gaillardia Sun™ Series

Sun™ Series Gaillardia are simply the best on the market. Chosen after multiple years of breeding and trials, this ultra dense and incredibly showy group will set the standard for years to come. Full flower mounds perform like no other on the market. Rain or shine, heat, humidity or cold, they never rest. All need good drainage. **Z 3-9** ● ☀️

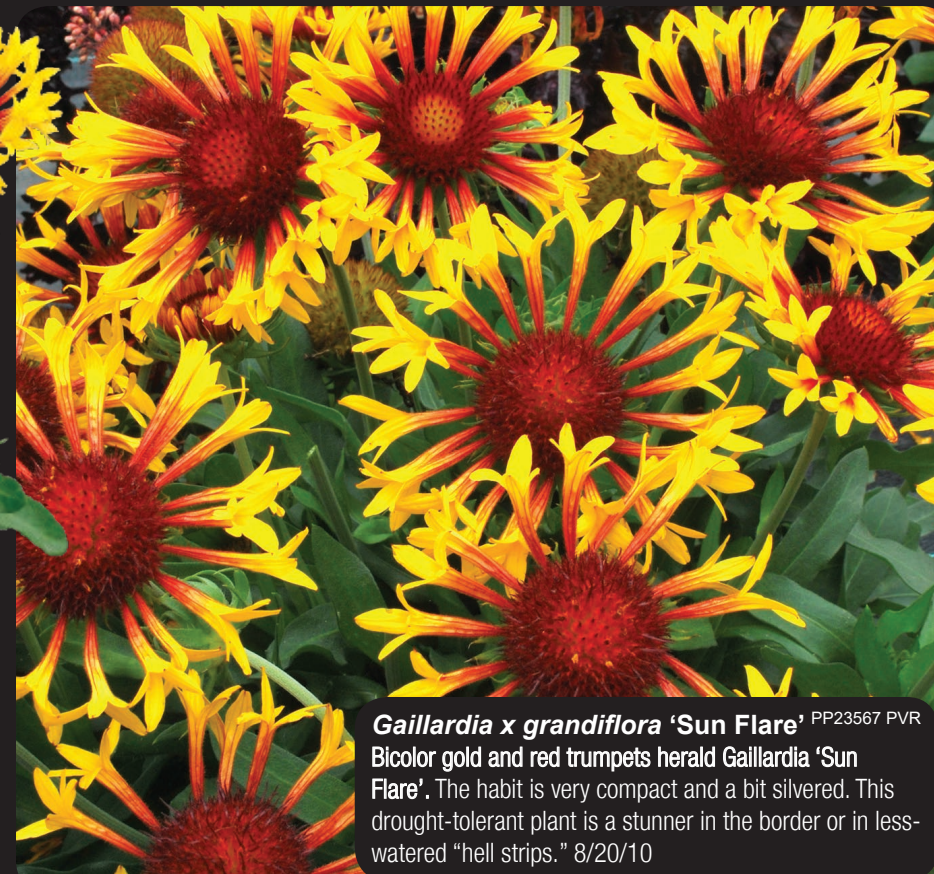

- Most compact habits in the industry
- These don't sprawl

- Vivid colors
- **Hardy to zone 3**

- Drought tolerant
- More upright habit

GAILLARDIA 'SUN FLARE'

Gaillardia x grandiflora 'Sun Flare' PP23567 PVR

Bicolor gold and red trumpets herald Gaillardia 'Sun Flare'. The habit is very compact and a bit silvered. This drought-tolerant plant is a stunner in the border or in less-watered "hell strips." 8/20/10

Gaillardia x grandiflora 'Red Sun' PP23389 PVR

Broad petaled "suns" of hot orange-red float over the mounding foliage of this blanket-flower. **'Red Sun' is tolerant of poor soil and the hottest sun.** These are equally great in your mixed bed or in a neglected area of the garden. 10/20/14

Gaillardia x grandiflora 'Sun Devil' PP23645 PVR

Brightly colored flowers with fluted red petals are a vibrant yellow at the tips. 'Sun Devil' is a strong, compact plant that truly shines in containers or in hot, dry areas of the garden. 8/12/14

Hellebore Winter Jewels™ Double Strains

We consider Marietta O’Byrne to be the best Hellebore hybridizer in the world. This year, we are proud to offer her **very large**, Winter Jewels™ double flowered strains in individual colors rather than as mixes. To ensure your success with these shade tolerant and deer resistant items, we’re offering these in 30 cell jumbo plugs. Limited quantities.

Helleborus x hybridus Winter Jewels™ (Double Lenten Rose)
Z 5-8 ● (in the Pacific Northwest) ◐ ○ ♾ ✂ 🪄 12/24/14

HELLEBORUS AMETHYST GEM

HELLEBORUS BERRY SWIRL

Amethyst Gem
Another addition to the O’Byrne jewel box of Hellebores; now world renown for their exquisite breeding, Amethyst Gem has **exciting amethyst-rose double flowers, lasting many weeks in the winter and early spring.** Amethyst flowers margined in opal are amazing.

Berry Swirl
Double orchid shades, some with a creamy-white center kissed with orchid edging.

Amber Gem
A double apricot dream! Blooms are yellow infused and blushed with red like a ripe apricot. **Perhaps the rarest of colors in Hellebores.**

HELLEBORUS AMBER GEM

HELLEBORUS HARLEQUIN GEM

HELLEBORUS COTTON CANDY

HELLEBORUS JADE TIGER

HELLEBORUS GOLDEN LOTUS

HELLEBORUS GOLDEN LOTUS - GARDEN

Harlequin Gem
A whole group of double-flowered plants with **very complex colors**; the inside color contrasting with the outside. The inside can be streaked with red, green, or yellow, the outside is black or purple.

Cotton Candy
These **double, fluffy light pink flowers** are so appealing you can almost taste the cotton candy.

Jade Tiger
Catch this curious tiger with **double green flowers painted with purple edges.** The backs of the flowers are often streaked with purple.

Golden Lotus
Charming, golden, lotus-like flowers. Many of these double yellows will have red edges and some will have red streaking on the backs, as well.

HELLEBORUS PEPPERMINT ICE

HELLEBORUS PEPPERMINT ICE - GARDEN

HELLEBORUS ONYX ODYSSEY - GARDEN

HELLEBORUS ONYX ODYSSEY

Peppermint Ice

These large, double, pink picotees are so sweet! **Flowers are a fluffy, light pink** with a rim of darker pink edging. Dark pink on the back of the tepals adds to the appeal.

Onyx Odyssey

Take a dark voyage into the world of **double slate, purple and black flowers**. Long lasting bloom color, which doesn't fade to green, makes this strain a better value in the retail store.

Sparkling Diamond

Marietta has worked hard to mine these very heavy flowering plants, producing a profusion of **double, pure-white blooms**.

Painted Doubles

Like an artistic painted masterpiece, **this white double is adorned with red brushmarks**.

Red Sapphire

Glowing, double, rose red flowers - so rich! It is a very well branched and free blooming strain.

Rose Quartz

This double strain has every white petal edged in rose. **This is the first picotee edged, double Hellebore we've ever seen.** A sure seller!

HELLEBORUS SPARKLING DIAMOND

HELLEBORUS PAINTED DOUBLES

HELLEBORUS RED SAPPHIRE

HELLEBORUS ROSE QUARTZ

Helleborus x nigercors 'Honeyhill Joy' (Metcalfe)

This hybrid from Honeyhill Farms is exceptional for its quantities of **large, outfacing, cream-centered, white flowers over vigorous, shiny, blue tinged foliage**. Plant 'Honeyhill Joy' at your entry to enjoy the exceptionally early 2-month long show of marvelous, late winter blooms. Foliage is exceptionally weather-resistant. Blooms early (after its first winter) in a 4" pot! Z 6-9 🌞 🌿 🌱 🌿 🌱 18/24/28

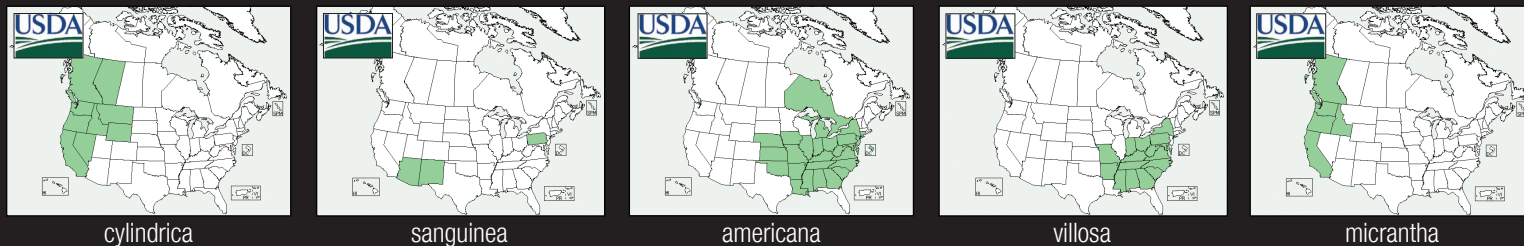

HELLEBORUS 'HONEYHILL JOY'

Heuchera are North American Natives

Our Heuchera varieties thrive in all conditions

Bred from carefully selected forms in North America, our pioneer breeding efforts are often copied. Terra Nova® still brings the best of the best to the market, with the most testing and history behind each variety. Every year, thousands and thousands of seedlings are evaluated. Our worldwide network of test gardens ensures success in the global market. The USDA has provided proof that we cover more range in our breeding than anyone!

Native Species Locations

- H. americana** - Takes extremes of heat and cold. A durable beauty forms a great habit and fascinating leaf patterns.
- H. villosa** - The heat seeking missile. Grows in a wide variety of climates. Takes humidity very well.
- H. micrantha** - The source of ruffled and curled foliage that maintains its form into the winter. This fantastic winter foliage helps to protect the crown from freezing winds. Native to the west coast, this species also imparts the best tolerance to wet feet.
- H. cylindrica** - Compact wand flowers and habit. Imparts ability to survive harsh temperature extremes and drying winds.
- H. sanguinea** - Drought and heat tolerant beyond belief. We owe our superb flower color range to this New Mexican native.

Terra Nova® Heuchera

The Pros:

- Exciting, bright, clear colored foliage
- World's broadest selection
- Plugs finish fast for container planting
- Shapely mounding habit
- Great flowering habit, many reblooming types
- House plant varieties
- Months of color
- Good profit
- American native
- Clear guidelines for culture

The Low Down:

- Low water usage
- Low fertilizer needs
- Low pesticide use
- Low growth habit

Our customers asked us to end the confusion of what Heuchera are best for their climate and region. To meet this challenge we developed the following "Key to your success with Heuchera."

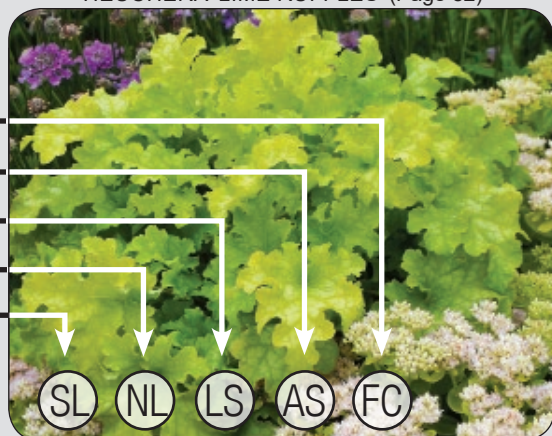

HEUCHERA 'PAPRIKA' (Page 94)

The order of the codes indicates the species' stronger influence.

- (A) - americana
- (V) - villosa
- (M) - micrantha
- (C) - cylindrica
- (S) - sanguinea

- (FC)** - Front & Center - Rebloomers with a smaller, tighter habit that is great for smaller pot sizes or the front of the border
- (AS)** - All Star - Medium stature, multipurpose, can be used in all situations
- (LS)** - Landscape - Largest plants that are more spreading and suitable for landscape applications
- (NL)** - Northern Landscape - Large landscape plant good for the northern climates, mostly ruffled
- (SL)** - Southern Landscape - Large landscape plant, most with H. villosa breeding, good in heat and humidity

Heuchera Grower Tips:

How to succeed with Heuchera

- Select the right Terra Nova® Heuchera for your region.
- Use well drained, organic soilless media, pH at 5.8 to 6.2.
- Plant Heuchera crowns high, allow soil to settle in.
- Use liquid feed at about 50 to 100 PPM.
- Use slow release sparingly, approximately 1# of N per cubic yard of soil.
- Each microclimate of the country is different, so use local weather data accordingly.
- Best grown in shallow, bulb pots.
- Yellow and gold forms are used to brighten shady areas, therefore testing should be done under 30% shade.

How to fail with Heuchera

- Bury the crown of the plug; it's the #1 killer!
- Plant in heavy soil.
- Over-pot a small plant or over-feed anytime of the year.
- Use automated planters without checking planting depth.
- Grow in too low light.
- Use coco coir as your primary soil component.
- Grow them like annuals.
- Use a heavy dose of time release fertilizer.

Heuchera City™ Series

Compact plants with great flowers and a fantastic reblooming habit.

- Bred to bloom all summer long
- Very showy flowers due to *H. sanguinea* and *H. cylindrica* in their breeding
- Front of the border evergreen perennials
- Showy foliage colors for winter color
- Great container plants that mix well with other component plants
- Use in mass, as specimens, or in the border

HEUCHERA 'MILAN'

FC S A C

HEUCHERA 'PARIS'

FC A V S M

HEUCHERA 'VIENNA'

Heuchera 'Havana' PP22087 EU32333

With high contrasting, showy **dense wands of cerise pink flowers above yellow-lime leaves veiled in white**. 'Havana' has a **compact form and a reblooming habit which makes it an excellent pot plant**. This is a plant that actually prefers shade, so keep it out of the sun. A few hours of morning sun is fine. **Short flowering stems will fit most rack systems**. Z 4-9 ○ 🦋 🐦 7/12/14

Heuchera 'Milan' PP21682 EU29065

Milan is all about fashion and so is this charmer with **constant bloom of lovely warm pink flowers on short stems over tight mounds of small silver leaves** (with a maroon blush when cool). Very flashy! A great show in the front of the border or en masse. Z 4-9 ● 🌞 🦋 🐦 🌱 9/18/14

Heuchera 'Paris' PP18881 EU25269

As silvered as any of our "minty" selections, this free-flowering cousin to 'Hollywood' has **striking, white-veiled green leaves that give rise to continuous columns of large, deep rose-colored flowers**. Repeat blooms until frost with a single bloom-stem lasting for 2 months. Excellent in containers or the shade border. It lights up the shade garden year-round. Performed well as an indoor plant. Z 4-9 🌞 🦋 🐦 🌱 7/14/14

Heuchera 'Vienna' PP23308 EU35440

Heuchera 'Vienna' is a bastion of artful traits; **compact plants that produce a multitude of rose pink flowers on tight spikes**. The plant **continues to rebloom over veiled, multi-toned, orange red leaves**. This plant can be a centerpiece in a small pot, or can offer a supporting role in the landscape. One of our City™ Series, all of which are noted for their compact habits and amazing bloom power. Z 4-9 ● 🌞 🦋 🐦 🌱 7/15/16

Frosted Foliage

FC M A S

HEUCHERA 'SHANGHAI'

Heuchera 'Shanghai' PP21859 EU29067

Tight mounds of silvery-purple leaves set forth white flowers on dark stems. 'Shanghai' had the best foliage through the worst winter in the last 40 years at the Terra Nova® test gardens. Ice, snow and rain didn't phase it! As Shanghai is a beacon to China, so Heuchera 'Shanghai' can be an inviting beacon of metallic silver to your garden. Reblooms all summer. Z 4-9 ● 🌞 🦋 🐦 🌱 10/12/16

Heuchera 'Gotham' PPAF PVR

Named for a dark city with its **obsidian-black leaves**. Heuchera 'Gotham' is a compact plant. It fills a pot quickly and flowers all spring, summer, and fall with **primrose yellow flowers** that stand out like the moon on a dark night. Good in a container or as an edger in the landscape. Z 4-9 ● 🌞 🦋 🐦 🌱 6/10/11

Heuchera 'Rio' PPAF PVR

A multicolored plant named for a vibrant city. **New leaves open peach-amber, change to amber, then to tan, and finally to yellow amber**. Lovely at every season. Beautiful, short maroon flower spikes with **white flowers**. A large and vigorous plant that is a great garden performer and a container star. Z 4-9 ● 🌞 🦋 🐦 🌱 9/14/14

Heuchera Marmalade™ Series

Our Marmalade™ Series are great landscape plants with lovely undulating margins. These tough plants grow wide and are once-blooming for easy maintenance.

- Showy foliage colors for winter color
- Great landscape plants that are larger than other Heuchera
- Use in mass, as specimens, in the border, or in containers
- Plants finish quickly in containers

HEUCHERA 'MARMALADE'

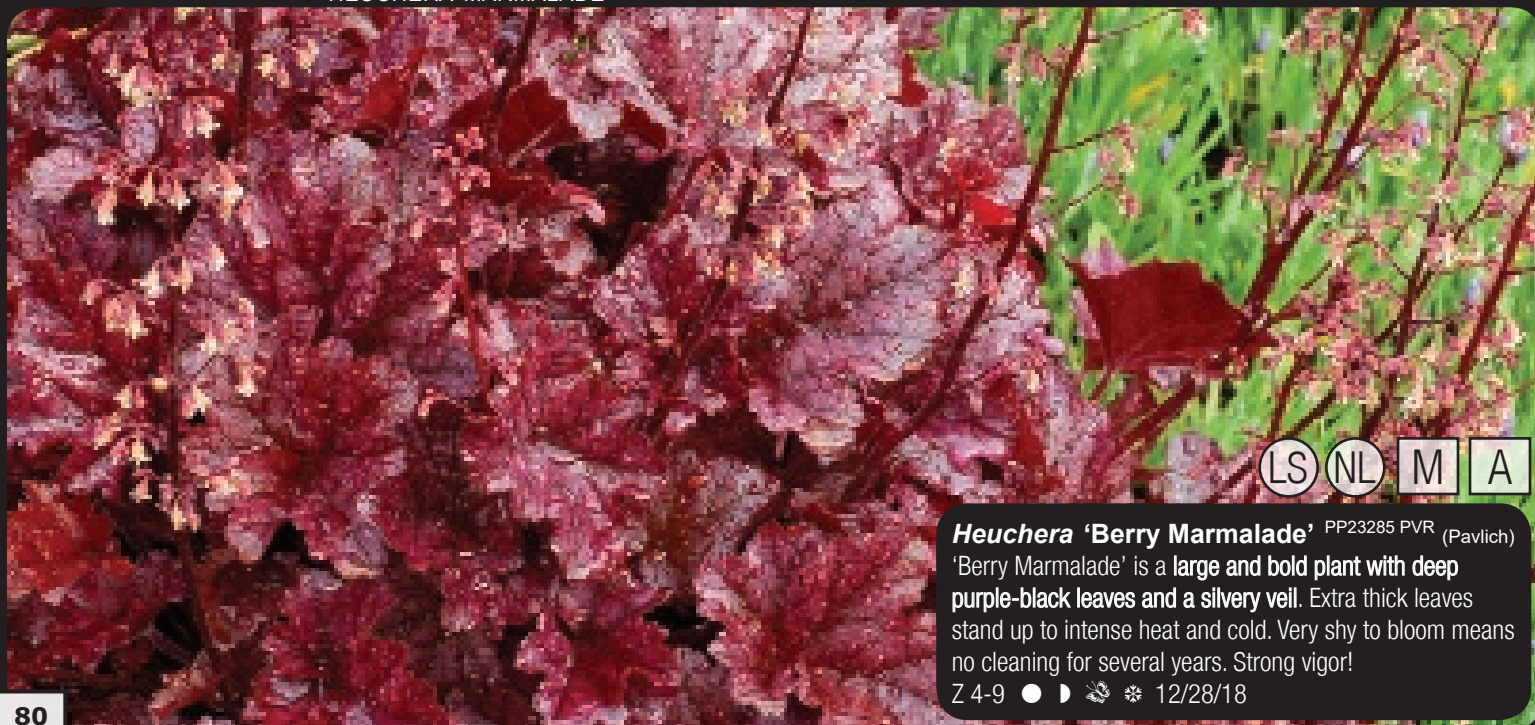

HEUCHERA 'MARMALADE'

Heuchera 'Marmalade' PP15945 EU17452

'Marmalade' stands out with its **rich, shiny, undulating foliage ranging in color from umber to deep sienna**. Particular notice is paid by all to its hot pink undersides that make this plant shout, "Take me home!" Showy in all seasons, this vigorous plant has heavy substance standing up to inclement weather. A great landscape choice which performs well in both sun and shade. Won first place at the Royal Dutch Flower Bulb Association show in 2008.

Z 4-9 ● ▶ 🌿 🌱 🌿 🌿 10/18/16

Heuchera 'Berry Marmalade' PP23285 PVR (Pavlich)

'Berry Marmalade' is a **large and bold plant with deep purple-black leaves and a silvery veil**. Extra thick leaves stand up to intense heat and cold. Very shy to bloom means no cleaning for several years. Strong vigor!

Z 4-9 ● ▶ 🌿 🌱 🌿 🌿 12/28/18

HEUCHERA 'LIME MARMALADE'

Heuchera 'Lime Marmalade' PP21861 EU-derived var

A tasty lime foliage sport from TNN's finest amber foliage Heuchera, 'Marmalade'. **Super vigorous** and full of frills. Like 'Marmalade' it is a tough plant and **performs equally as well in the South as in the Northwest**. Compared to 'Lime Rickey', 'Lime Marmalade' features a bigger, "landscape sized" form. With ruffled lime colored leaves and a large mounding habit it is showy in containers as well as in mixed beds, and masses. Easy to grow with good drainage.

Z 4-9 ▶ ○ 🌿 🌱 🌿 🌿 10/24/16

HEUCHERA 'LIME MARMALADE'

Heuchera 'Ginger Peach' PP22257 EU35416 (Pavlich)

Brassy, billowy and bold! **Casually ruffled and ever changing: peach to coral to toasted copper and rose**. Heuchera 'Ginger Peach' is perhaps the fastest growing Heuchera in the garden. Very neat habit, without formality, always changing, always interesting. Slow to flower and neat as a pin for years!

Z 4-9 ● ▶ 🌿 🌱 🌿 🌿 10/24/18

Heuchera Ruffles™ Series

We separate our plant varieties in series to help buyers select plants that are similar in habit and needs. Our crew created this new group to include large-leaved plants with luscious, ruffled edges. Larger leaves means more impact in the garden or in large containers. Villosa-breeding imparts heat and humidity tolerance that some plants may lack. No frills is not an option. Give these a try!

- Superior size for landscape use
- Heuchera villosa blood for heat tolerance and BIG leaves
- Sumptuous ruffling on the foliage
- Only bloom in the spring for easier maintenance

HEUCHERA 'LIME RUFFLES'

'Midnight Ruffles' & 'Lime Ruffles'

Spring Color

HEUCHERA 'MIDNIGHT RUFFLES'

NEW Heuchera 'Lime Ruffles' PPAF PVR
Looks just like the name - a vigorous mound with very large and ruffled lime green leaves with a frosty white overlay. 'Lime Ruffles' was bred using some Heuchera villosa and therefore it has larger leaves and should show more heat tolerance. Makes a medium to large rounded mound. It will take full sun in the Pacific Northwest. Attractive white flowers in fall on medium spikes. Z 4-9 6/14/18

NEW Heuchera 'Midnight Ruffles' PPAF PVR
Our new ruffles have H. villosa breeding giving them a larger leaf and plant size, better heat and humidity tolerance, as well as good cold tolerance. They are vigorous growers. 'Midnight Ruffles' has large, very ruffled, red brown to almost black leaves. The shiny foliage with its crisply ruffled leaves shows its purple backs, which are delightful to view. Z 4-9 8/14/18

Heuchera 'Chocolate Ruffles' PP8965 EU3954
Heavily ruffled leaves of rich chocolate on top and deep burgundy on the bottom create a warm contrast of color. Thousands of small purplish flowers on strong purple spikes continue the show. One of our first and finest, and still in amazing demand, this heat/humidity tolerant Heuchera thrives in gardens across the country and has become a landscaper's staple. Z 4-9 12/24/30

HEUCHERA 'CHOCOLATE RUFFLES'

Heuchera Soda™ Series

Great medium sized, vigorous landscape plants with round leaves, great foliage color, long bloom time (mid spring to early summer) and showy flowers.

- Heavy bloom in spring and early summer
- Very showy flowers due to H. sanguinea and H. cylindrica in their breeding
- Warm, earth toned foliage colors
- Lovely container plants
- Use in mass, as specimens, or in the border

Heuchera 'Cherry Cola' PP22967 EU35419
Front of the border charm with lovely rust red leaves and cherry red flowers. 'Cherry Cola' performs all year-round. Something fizzy for the garden. John Elsley was in awe when he saw it in our show garden. Very long lived. Z 4-9 6/14/18

Heuchera 'Ginger Ale' PP18173 EU23085
Effervescent flowers in shades of ginger yellow and light pink erupt from soft, ginger colored leaves. Lovely to contrast with the darker coral-bells in the marketplace. Designers love the ability of this plant to complement so many colors. It is a perfect neutral tone. Good in containers and in borders. Z 4-9 9/10/18

Heuchera 'Root Beer' PP23173 EU35428
Lovely root beer colored foliage combined with creamy yellow flowers. 'Root Beer' forms a mound of color year-round and is sure to charm you with its spring bloom. Very long lived. Z 4-9 6/14/18

NEW Heuchera 'Zipper' PPAF PVR
 You will love Heuchera 'Zipper' with its brightly colored, seriously ruffled leaves. 'Zipper' leaves are well colored all year and change from orange in spring and fall to golden amber in summer and winter, always with magenta backs showing. This ruffle was bred with Heuchera villosa which has given us the larger leaf size, better heat and humidity tolerance, as well as good cold tolerance. Z 4-9 ● ◐ ○ ☼ 8/12/18

Heucherella

No longer the thin-leaved plants of the past, our Heucherellas now have the tremendous strength of our best Heucheras bred to our strongest Tiarellas. The result? Vigorous, medium to large plants with strong leaf colors and great flowers. Jimmy Turner of the Dallas Arboretum has declared the Heucherellas as perfect plants for the high heat and humidity of Texas. We enjoy them immensely in the North in containers as well as in the landscape. **Heucherellas have proven to be highly resistant to rust disease.** Plants like H. 'Sweet Tea' (Dan's favorite), H. 'Tapestry', and H. 'Alabama Sunrise' are the standard-bearers of our line with large, cut leaves and seasonal changes of coloration in the foliage. So, North or South, there's an arresting selection from which to choose.

Spring Color
HEUCHERELLA 'ALABAMA SUNRISE'

HEUCHERELLA
'ALABAMASUNRISE'

Heucherella 'Alabama Sunrise' PP19611 EU28145
Changes color with the seasons! The **deeply cut foliage, in spring to mid summer, is gold with red veins.** In late summer, the leaves go to green with red veins. In fall, the older foliage turns orange pink. Small white flowers. Z 4-9 12/20/20

Heucherella 'Brass Lantern' PP22396 EU32433
Outstanding vigor combined with **brassy gold and red spring color on maple shaped leaves.** A beacon in the garden. Use this large, evergreen, landscape perennial in mixed beds, under high branching shrubs, or in a container. Spikes of **white flowers on dark stems.** Winter color olive and brown. Best color contrast with some shade. Z 4-9 20/24/28

HEUCHERELLA 'BRASS LANTERN'

HEUCHERELLA 'BURNISHED BRONZE'

Heucherella 'Burnished Bronze' PP12159 EU13528
This has **large cut leaves with a glossy, burnished bronze finish.** Top this off with starry, soft pink flowers on branched stalks and you have an amazing plant. Flowering reblooms in the summer as well. Z 4-9 8/14/18

Heucherella 'Gold Zebra' PP22104 EU32405 (as 'Golden Zebra')
A star performer in Oklahoma's hottest summer ever. 'Gold Zebra' is a plant with a twist. **Bright yellow, feathery leaves are boldly marked with dark-red.** A standout in containers or "Front and Center" of the border. Nice bronzing with frost. Z 4-9 8/15/18

Heucherella 'Dayglow Pink' PP12164 EU11469
'Dayglow Pink' has cut, rounded medium to light green leaves with a slight chocolate center and bears masses of showy pink flowers in late spring/early summer. Tried and true with a neat compact habit. Z 4-9 7/14/16

HEUCHERELLA 'GOLD ZEBRA'

HEUCHERELLA 'DAYGLOW PINK'

HEUCHERELLA 'GUNSMOKE'

HEUCHERELLA 'SOLAR POWER'

HEUCHERELLA 'GUNSMOKE'

HEUCHERELLA 'SOLAR ECLIPSE'

Heucherella 'Gunsmoke' PP22395 EU32434

An amazingly vigorous silver veiled Heucherella with breeding from H. villosa. Lovely maple-shaped leaves with purple red tones on the new growth maturing to silver with dark veins. Dramatic enough to be a stand-alone in a modern container. Will grow in sun or shade. White flowers in early summer. Z 4-9 ● ► ○ 🦋 🌸 13/25/19

Heucherella 'Solar Eclipse' PP23647 EU-derived var
Leaves of red brown bordered in lime green combined with a beautiful habit and broadly scalloped leaf lobes. We all said "wow" when we saw 'Solar Eclipse' for the first time. Forming a vigorous mound of dense crowns, 'Solar Eclipse' has it all! Z 4-9 ● ► ○ 🦋 🌸 10/16/16

Heucherella 'Solar Power' PP22427 EU32435
The lobed yellow gold to lime green leaves are splattered with deep red. It forms a large mound of color in sun or part shade. This Heucherella takes higher light levels than any yellow Heuchera or Heucherella we've seen. It did fine in 90-100° F temps in full sun in our black ground cloth covered trial beds! When grown in full shade it stays lime green with splatters of deep red. Z 4-9 ● ► 🦋 🌸 12/20/16

Heucherella 'Stoplight' PP16835 EU20613
Large, red centered, yellow spring leaves change to lime green with red centers in the summer warm months. Combines with red flowering annuals and perennials for multi-seasonal interest. Creates a focal point anywhere it is planted. Airy white flowers are produced in spring. Z 4-9 ► ○ 🦋 🌸 6/14/16

HEUCHERELLA 'STOPLIGHT'

HEUCHERELLA 'SOLAR POWER'

Fall Color

HEUCHERELLA 'TWILIGHT'

NEW Heucherella 'Twilight' PPAF PVR
Sophistication from a Heucherella? Yes! Velvety, charcoal-gray leaves are symmetrically arranged on this low growing, medium broad plant. 'Twilight' will blend with colors like no other plant. Z 4-9 ● ► ○ 9/24/12

Heucherella 'Sweet Tea' PP21296 EU29291
Spring leaves like cinnamon stars. These big, palmately cut leaves darken in the summer and lighten up again in the fall. Its H. villosa breeding gives it a big bold habit. A new, instant classic for containers and garden. Z 4-9 ► 🦋 🌸 20/28/27

Heucherella 'Tapestry' PP21150 EU26477
Stunning multicolored and veiled foliage with free flowering stems of warm pink flowers. The dark-centered leaves are colored blue green in spring and summer and change to green with dark centers in fall and winter. New leaves have blue iridescence. One of the best for the South. Z 4-9 ● ► ○ 🦋 🌸 7/16/20

HEUCHERELLA 'TAPESTRY'

HEUCHERELLA 'TWILIGHT'

HEUCHERELLA 'SWEET TEA'

Spring Color

Fall Color

Heucherella Falls™ Series

We were the first to introduce the MULTI-USE Heucherella! This plant was a real breakthrough and acts like a Swiss army knife in the garden with so many applications: **containers, baskets, groundcovers, or in mixed combinations.** Need a less aggressive Sweet Potato substitute? How about one for shade? A unique and very perennial groundcover? Look no further. This stable of amazing leaf shapes, colors, and even leaf patterns is ONLY available from Terra Nova®.

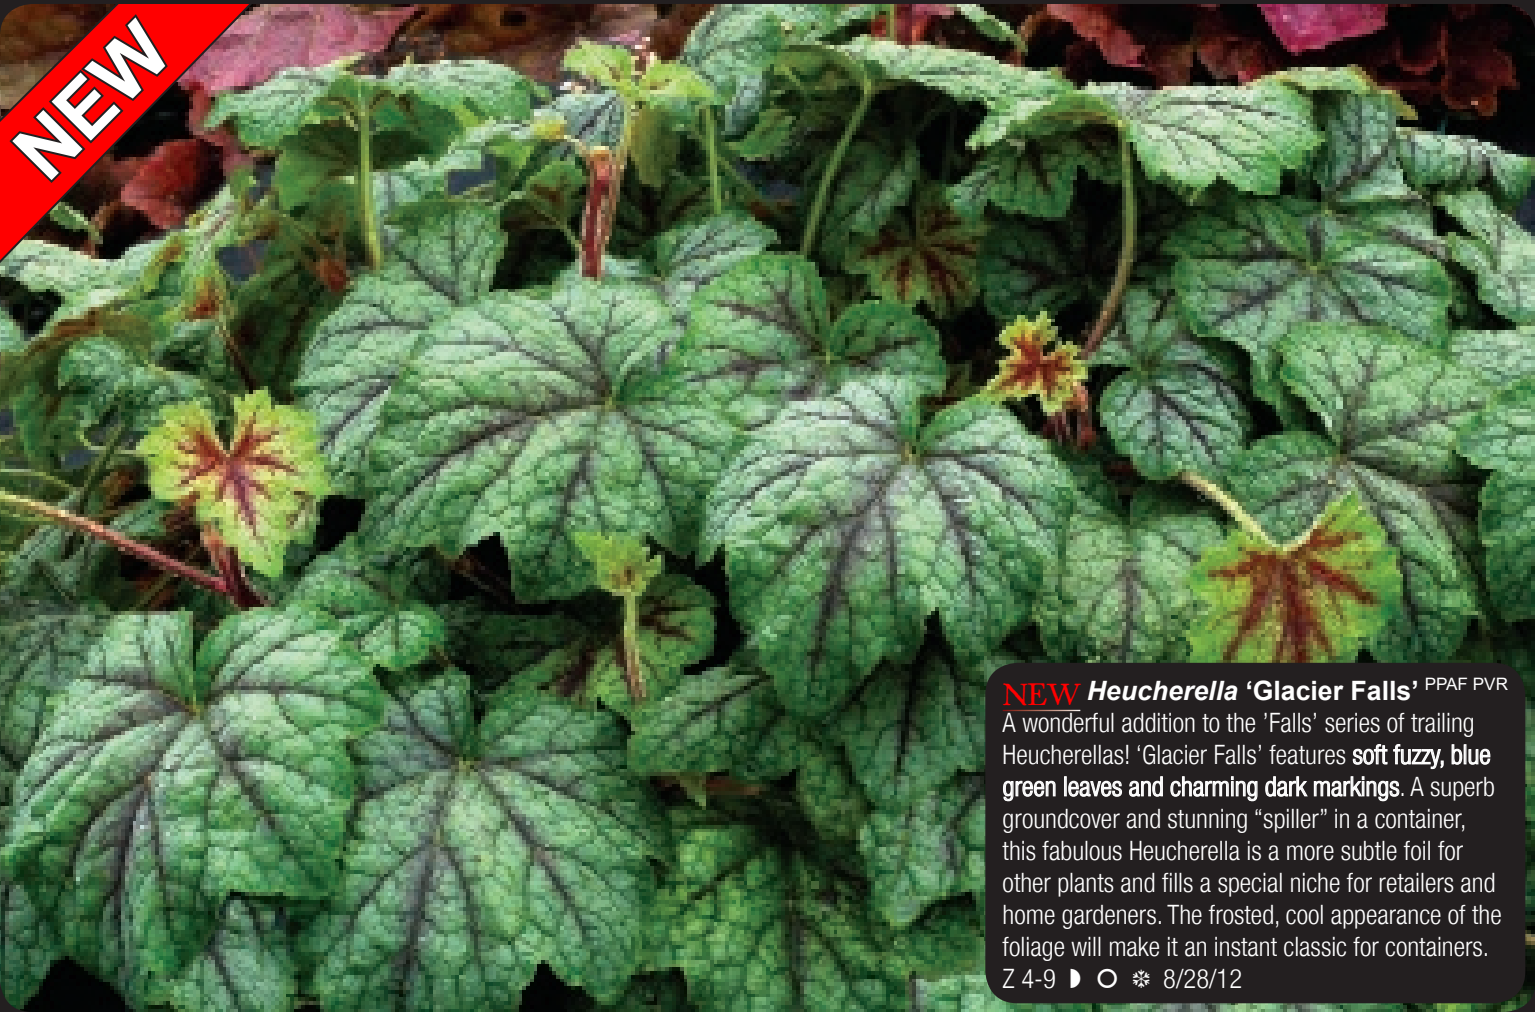

HEUCHERELLA 'REDSTONE FALLS'

Heucherella 'Redstone Falls' PP22394 EU32409
The **ruby-splashed, butterfly-like foliage** is adorned in wonderful, warm autumnal tones. These change colors with the seasons adding to its interest. It's so nice spilling out of a container in sun or shade or use it in your mixed beds. **Heuchera villosa** breeding enhances its usability in many regions. Vigorous grower. Z 4-9 ● ▶ ☼ ❄ 10/36/15

HEUCHERELLA 'YELLOWSTONE FALLS'

Heucherella 'Yellowstone Falls' PP22313 EU32410
The second in our trailing Heucherella series, 'Yellowstone Falls' has **lovely chartreuse lobed leaves with deep crimson markings.** The stems will trail 3 feet in a container making a wonderful hanging basket or a super ground cover. Z 4-9 ▶ ○ ☼ ❄ 6/24/10

NEW Heucherella 'Glacier Falls' PPAF PVR
A wonderful addition to the 'Falls' series of trailing Heucherellas! 'Glacier Falls' features **soft fuzzy, blue green leaves and charming dark markings.** A superb groundcover and stunning "spiller" in a container, this fabulous Heucherella is a more subtle foil for other plants and fills a special niche for retailers and home gardeners. The frosted, cool appearance of the foliage will make it an instant classic for containers. Z 4-9 ▶ ○ ❄ 8/28/12

Fall Color

Heucherella 'Sunrise Falls' PPAF PVR
A vigorous, trailing Heucherella with large, **yellow, maple-shaped leaves and red veins.** Fall leaves have dramatic red tints. The stems will trail 2 feet in a container making a wonderful hanging basket or a super ground cover. Z 4-9 ● ▶ ○ ☼ ❄ 7/30/13

Heucherella Cascade™ Series

Expanding our UNIQUE trailing Heucherella line, the Cascade™ Series offer a smaller footprint. With smaller leaves and tighter internodes, they produce a fuller, tighter habit. These make great groundcovers, rooting as they spread and are beautiful and non aggressive in a container, unlike some other “starchy” annuals. Flower spike are short and unobtrusive, making maintenance a snap.

- Smaller leaves, shorter internodes than Falls™ Series so lower growing, lower tighter habits
- Smaller foliage is very desirable for combination planters and hanging baskets
- Excellent ground covers
- Short attractive flower spikes

Fall Color

HEUCHERELLA
'COPPER CASCADE'

NEW Heucherella 'Copper Cascade' PPAF PVR

This small leaf trailer has lovely refined **rosy copper-gold foliage** that is muted but distinct and holds its color all year. The leaves are shaped more like a Heuchera and the trailing stems are very pliable. This is one of those plants that no one will recognize, it is that different! **Very vigorous** and easy to grow, 'Copper Cascade' combines the best of all Tiarella and Heuchera attributes. Z 4-9 ► ○ ❄ 8/32/12

HEUCHERELLA
'GOLD CASCADE'

NEW Heucherella 'Gold Cascade' PPAF PVR

'Gold Cascade' features **small, scallop-shaped foliage** that makes a low spreader as a groundcover or a very graceful spiller in a container. The **charming, gold colored foliage along with dramatic central markings** add a sophisticated touch to any mixed container or garden bed. In mid spring, short spikes of light coral flowers grace this plant for several weeks. Z 4-9 ► ○ ❄ 8/24/9

HOSTA
'RASPBERRY
SUNDAE'

Hosta 'Raspberry Sundae' PP22685

Lovely compact Hosta with beautifully **variegated leaves and striking deep burgundy petioles, leaf bases, and flower stalks**. Terra Nova® worked on this one for many years perfecting the combination of variegation and introducing the **red pigmentation** to the foliage. Flower color is deep lavender purple in August. Z 4-9 ► ○ ✂ 9/21/23

HOSTA 'RASPBERRY SUNDAE'

Kniphofia Popsicle™ Series

Other Kniphofia on the market get bulky, flower for a short period, and have leaves that fold and yellow. Ours have a grassy, compact habit, and produce scads of flowers all season long! Terra Nova® is proud to launch this delicious array of new pokers in “ice-creamy” colors. Z 6-9 ● ☉ ☼ ☽ ✂

- Compact habit
- **Blooms from summer into fall** — a massive rebloomer!
- Attractive grassy foliage which looks great all season
- High-impact colors
- Day-neutral - requires warmth and light to bloom

Watch our video featuring Kniphofia

www.terravanurseries.com/videos/

KNIPHOFIA 'CREAMSICLE'

Kniphofia 'Creamsicle' PP22489 PVR
This new dwarf Kniphofia has **multiple spikes of flowers that are creamsicle orange**. Bred for smaller spaces and long bloom time. The Popsicle™ Series bloom all summer into fall. 12/16/18

Kniphofia 'Lemon Popsicle' PPAF PVR
Sweet lemon yellow spikes cover this fantastic poker. Dwarf habit with great grassy foliage. Blooms and blooms on short flower spikes. Easy to grow in full sun. Earliest to bloom for us. 14/14/22

KNIPHOFIA 'LEMON POPSICLE'

KNIPHOFIA 'MANGO POPSICLE'

Kniphofia 'Mango Popsicle' PP22968 PVR
Delicious spikes of sweet, mango orange bloom continuously summer into fall. The short grassy foliage looks neat all summer. A terrific drought tolerant garden plant. Great in the mid-border. 12/18/30

Kniphofia 'Orange Vanilla Popsicle' PPAF PVR
A two toned beauty topped with flower spikes of red orange over the creamy white on the bottom, 'Orange Vanilla Popsicle' has the reblooming, short grassy leaves and compact habit of the others in the series. Hummingbirds love this plant! 16/14/20

KNIPHOFIA 'ORANGE VANILLA POPSICLE'

KNIPHOFIA 'MANGO POPSICLE'

KNIPHOFIA 'REDHOT POPSICLE'

Kniphofia 'Redhot Popsicle' PPAF PVR
Lively, cinnamon red flowers on short, compact plants for the smaller garden. Narrow grassy leaves. Blooms from summer to fall. 16/14/20

KNIPHOFIA 'PINEAPPLE POPSICLE'

Kniphofia 'Pineapple Popsicle' PP22969 PVR
Slice open a fresh pineapple and you'll see the wonderful color of this blooming dynamo's flowers. 'Pineapple Popsicle' has compact, grassy foliage and produces massive numbers of reblooming cream to yellow spikes. A great blender with other colors in the garden. Did extremely well overwintering in the Chicago Botanic Garden's Trial Area. 14/25/26

KNIPHOFIA 'PAPAYA POPSICLE'

Kniphofia 'Papaya Popsicle' PP22915 PVR
A poker with a twist! 'Papaya Popsicle' is an all-summer bloomer which has a very short compact habit. Charming, grass-like foliage looks neat all summer! Great for small gardens or in a container. 12/18/20

Kniphofia Glow™ Series

KNIPHOFIA 'EMBER GLOW'

This new group offers hot colors in late-blooming varieties. The warm orange tones will complement fall planting promotions. The clean, grassy foliage and dark-red tones add a new, contrasting dimension to mum and kale offerings and will bloom till frost. Z 6-9 ● ☉ ☼ ☽ ✂

- Small habits for smaller spaces
- Short grassy leaves which do not bend or break easily
- Blooms that appear in massive numbers for late summer and fall sales
- Long day length required for blooms

Kniphofia 'Ember Glow' PP23000 PVR

'Ember Glow' puts on a massive, **bright flower display from August to frost**. A lovely dwarf Kniphofia features **bicolor yellow and orange flowers** that look just like candy corn. Ideal for small gardens. 10/24/20

KNIPHOFIA 'EMBER GLOW'

KNIPHOFIA 'FIRE GLOW'

Kniphofia 'Fire Glow' PP22894 PVR

'Fire Glow' sets the garden aflame! Enjoy an enormous flower display each year from August to frost. This lovely dwarf Kniphofia has **large bicolor orange and red flowers on dense 20" spikes**. Great for small space gardening. 12/14/20

Leucanthemum

LEUCANTHEMUM 'GOLDFINCH'

LEUCANTHEMUM
'GOLDFINCH'

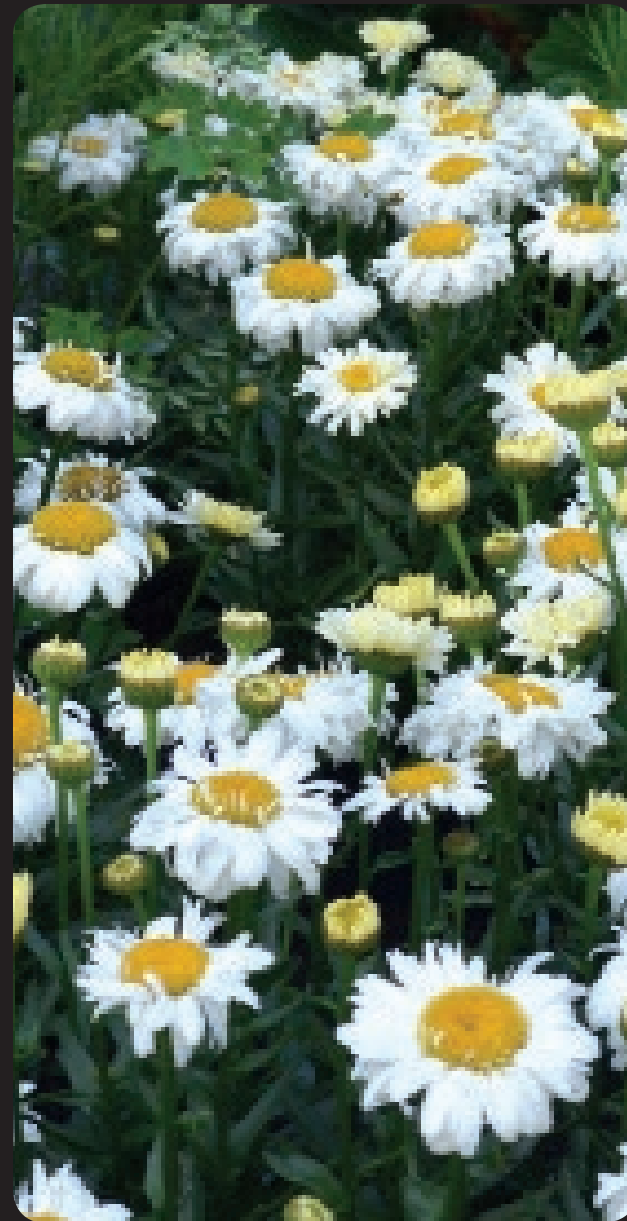

Leucanthemum x superbum 'Goldfinch' PPAF PVR
This is the **yellowest flowering Shasta daisy ever!** Long blooming and compact with semi-double flowers, 'Goldfinch' is the product of years of breeding for yellow flowers. All other "yellow" Leucanthemum pale in comparison! **Charming semi-double flowers**, very slowly and gracefully change from bright lemon yellow to an ivory white. A real gem, amongst the bland Leucanthemum offerings. Z 5-8 ● 🦋 ✂️ 19/23/24

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Leucanthemum x superbum 'Snowbound' PPAF PVR
You asked for low, here it is! This cutie is **short and neat with masses of single white daisies**. Vigorous for the container or garden bed. Blooms late spring to mid summer. A charmer! Z 5-8 ● 🦋 ✂️ 15/28/18

(100 cell) Pro Liner™ - 6 wk. lead time

LEUCANTHEMUM 'BRIDAL BOUQUET'

Leucanthemum x superbum 'Bridal Bouquet' PPAF PVR
What bride wouldn't be happy to bring in a bouquet like this: **lightly ruffled, double, broad petaled white flowers which are bright yellow when the first emerge**. Habit is super compact and the blooms don't have that "Shasta smell." Z 5-8 ● 🦋 ✂️ 8/20/12

(100 cell) Pro Liner™ - 6 wk. lead time

Leucanthemum x superbum 'Victorian Secret' PP22654 PVR
Neat, compact habit with more charm than should be allowed. A knee-high model of a daisy, giving other Leucanthemum on the runway an inferiority complex. Casually **ruffled flowers on just right stems** last and last, even through extreme heat. Odor free! Z 5-9 ● 🦋 ✂️ 35/20/14

(100 cell) Pro Liner™ - 6 wk. lead time

Leucanthemum x superbum 'Paladin' PP21844 EU30428
A Shasta with a twist: **unique blooms, so ruffled and layered - they resemble an Elizabethan collar**. Fill your customers' gardens with these superb flowers on stiff, upright stems. It produces so many crowns; it will fill your containers in no time. Enjoy months of elegant blooms outdoors or use them as cut flowers. No unpleasant scent! Z 5-8 ● 🦋 ✂️ 16/15/20

(100 cell) Pro Liner™ - 6 wk. lead time

Nepeta

NEPETA 'PURPLE HAZE'

NEPETA 'LIMELIGHT'

NEPETA 'BLUE LAGOON'

Nepeta 'Purple Haze' PP23180 PVR
This wonderful hybrid catmint will be a fabulous addition to any sunny garden. 'Purple Haze' forms a **silver mat with purple blue flower spikes that look like Buddleias**. They plants are **clean looking and bloom all summer long**. No maintenance because it never gets messy! Can be used in the front of borders and mixed beds, as a ground cover on banks, or in a rock garden. A very versatile plant. Z 6-10 ● 🦋 🌿 🌱 4/30/7
(100 cell) Pro Liner™ - 6 wk. lead time

Nepeta x faassenii 'Limelight' (Schaad)
A splendid new look for a catmint: **icy lime-green foliage sprinkled with blue flowers** all summer long. Extremely low habit makes this plant a natural choice for borders or along garden paths. Very easy to grow if given sun and good drainage. Drought tolerant and deer resistant. Z 5-9 ● 🦋 🌿 🌱 6/32/8
(100 cell) Pro Liner™ - 6 wk. lead time

Nepeta 'Blue Lagoon' PPAF PVR
A truly **low and spreading hybrid catmint with green, fuzzy foliage and a sea of blue flowers**. Truly a breakthrough plant which is perfect along pathways or spilling over container edges. Drought tolerant and lemon scented. Z 6-9 ● 🦋 🌿 🌱 4/24/8
(100 cell) Pro Liner™ - 6 wk. lead time

Ligularia

LIGULARIA 'DRAGON WINGS'

LIGULARIA 'DRAGON WINGS'

Ligularia przewalskii 'Dragon's Breath' (Lichen)
A small garden-sized version of this gorgeous foliage plant with **"dragon fire" leaves**. Northern California plantsman, Lichen, describes this gem as having a "darkly elegant" look. Showy black stemmed scepters of fringed yellow blooms are in perfect scale to the plant. Captivating in a group or as a small accent in a container. Looks exotic and tropical; yet is undemanding. Thrives in a moist location. Z 4-8 ● 🌿 🌱 13/22/31

Ligularia przewalskii 'Dragon Wings' (Vitroflora)
The **dramatic, leathery leaves are 12 inches across and deeply cut like a snowflake** or the wings of a mythical creature. Yellow summer flowers in slender, dense racemes. The leaves and flower spikes have dark purple stems that add to the drama. Clumping habit. Best if protected from the hottest sun and kept evenly moist. Z 4-8 ● 🌿 🌱 32/36/60

LIGULARIA 'DRAGON'S BREATH'

Penstemon Taffy™ Series

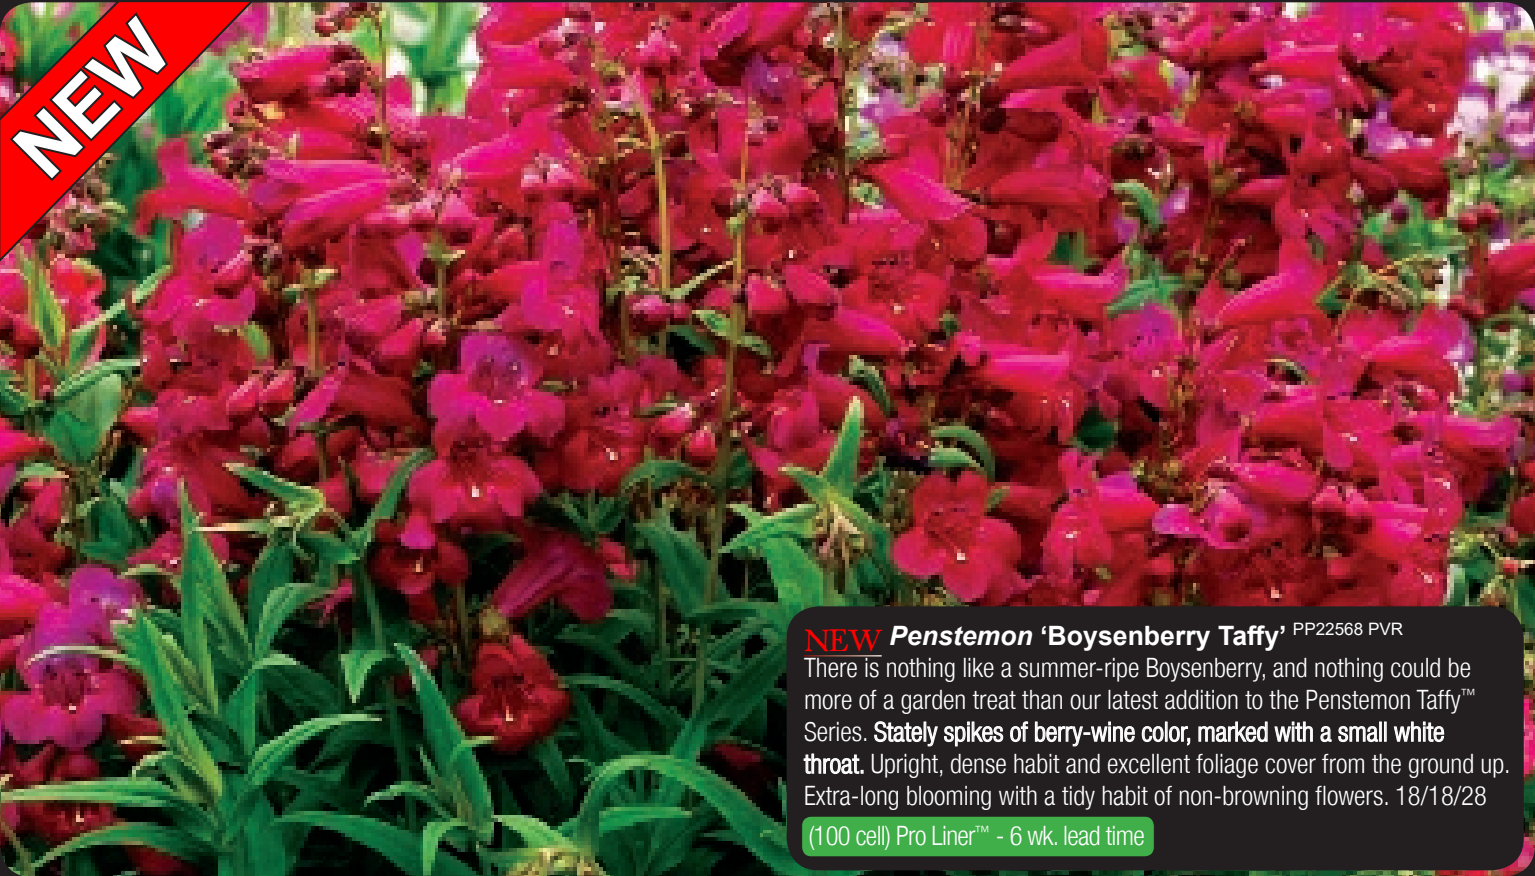

Each member of this series is typified by vigorous upright clumps of glossy foliage which erupt in strong spikes. **This series differs from what's on the market by the amazing bloom period and the strong lateral growth from the base.** These charmers bloomed here from June until hard frost in December! Deadheading is not required. Drainage and reasonably fertile soil are helpful in keeping these plants perennial. Z 7-9 ● 🦋 🐦 🍷 ✂

Watch our video featuring Penstemon

www.terravanurseries.com/videos/

NEW

NEW Penstemon 'Boysenberry Taffy' PP22568 PVR

There is nothing like a summer-ripe Boysenberry, and nothing could be more of a garden treat than our latest addition to the Penstemon Taffy™ Series. **Stately spikes of berry-wine color, marked with a small white throat.** Upright, dense habit and excellent foliage cover from the ground up. Extra-long blooming with a tidy habit of non-browning flowers. 18/18/28

(100 cell) Pro Liner™ - 6 wk. lead time

Penstemon 'Blueberry Taffy' PP22568 EU34920

Strong spikes of immense, wide, light purple flowers. Each flower is laced with red purple guidelines. Hummingbirds fell in love with this plant in our garden. 18/18/28

(100 cell) Pro Liner™ - 6 wk. lead time

Penstemon 'Strawberry Taffy' PP22569 EU34919

Strawberry pink lips frame pure white throats. These are further adorned with strawberry red guide lines. A lovely candy color to enjoy in the summer and fall. 18/18/28

(100 cell) Pro Liner™ - 6 wk. lead time

Penstemon 'Grape Taffy' PP22567 EU34921

Huge flower spikes hold large, contrasting purple red flowers with clear white throats. New flower spikes are produced all summer. Nice in cut bouquets. 20/20/30

(100 cell) Pro Liner™ - 6 wk. lead time

Penstemon 'Watermelon Taffy' PPAF PVR

Watermelon-pink blooms with a white eye cover this plant. Vigorous and showy, these great bloomers provide flowers for up to 20 weeks!. The great crown count and upright, short stems will bring you back for more from our Taffy™ Series. 18/18/28

(100 cell) Pro Liner™ - 6 wk. lead time

Seed Head

Penstemon 'Dark Towers' PP20013 EU27485 (Lindgren)
Glossy bronze-red foliage is topped with masses of pink flowers in July and August. **Compared to 'Husker's Red' this beauty has much darker foliage which stays darker.** Dale Lindgren of University of Nebraska created this dark leaf ultra-hardy, pink flowering form. A tough, carefree plant which tolerates high heat and humidity. A perfect dark background plant for the border. Z 3-8 ● 🦋 🌿 🍷 33/30/36

POLYGONATUM 'DOUBLE STUFF'

POLYGONATUM 'DOUBLE STUFF' - GARDEN

Polygonatum odoratum var. pluriflorum 'Double Stuff' PP19624 (Lamack)
This Variegated Solomon's Seal has double the white margin making a new classic beauty for the woodland or shade garden. Each arching red stem carries large leaves with broad white margins and green centers. The white flowers dangle below the leaves in spring. A clean and elegant, eye-catching plant. Z 3-8 ▶ ○ 🌿 🍷 26/16/20

PHYGELIUS
'LEMON SPRITZER'

PHYGELIUS 'LEMON SPRITZER'

Phygelius x rectus 'Lemon Spritzer' PPAF PVR (Fry Road Nursery)
The first variegated Phygelius on the market! **Lemon yellow leaves are dotted and splashed with bits of lime and pine green.** Sometimes they are accented with a dollop of cream. This plant is so pretty, it doesn't need to flower, but when it does, it really all comes together! **Coral orange trumpets** call out to hummingbirds. The excellent vigor of this plant will make it a super container, garden and border plant. Z 7a-10 ▶ 🦋 🌿 🍷 🌿 ❄️ 36/36/40

(100 cell) Pro Liner™ - 6 wk. lead time

PLECTRANTHUS
'VELVET ELVIS'

PLECTRANTHUS 'VELVET ELVIS'

'Velvet Elvis'

'Mona Lavender'

Plectranthus 'Velvet Elvis' PPAF
After a 5 year breeding project, here's a notable improvement over 'Mona Lavender' with dramatically larger flowers and better habit. Plush, **velvety foliage is deep mallard-green with a vibrant purple back.** Huge flower spikes are twice the size of Mona Lavender. Spikes emerge in large numbers and create an amazing floral effect that lasts for months. 'Velvet Elvis' has thick leaves that resist foliage diseases so they look great year-round. Z 9-11 ▶ ○ 28/31/32

(100 cell) Pro Liner™ - 6 wk. lead time

Pulmonaria

“Give us a foliage plant that deer won’t eat!” our customers shout. We have them, and even more attributes that make our Pulmonarias the best for every region of the country. Terra Nova® Pulmonarias thrive in the Pacific Northwest of course, but in the Midwest? - Oh yeah!

Plant trials in Ohio stunned us with the performance of our Pulmonarias. Our Pulmonarias were far more heat and humidity tolerant than we ever imagined. Vigorous, mildew free leaves, topped by strongly colored flowers in corals, reds, and blues enhance the early spring value to both the retailer and the end consumer. Today’s consumers love the fact that Pulmonaria are excellent hummingbird plants and feed foraging honey bees early in the season.

Try some Terra Nova® Pulmonaria; you’ll see the difference in performance and sales!
Z 4-9

PULMONARIA 'HIGH CONTRAST'

PULMONARIA 'RASPBERRY SPLASH'

Pulmonaria 'High Contrast' PP12337 EU11566
'High Contrast' has **brilliantly contrasting foliage** and one of the best track records of all of our Pulmonaria in the hot summers of the Midwest and South. **Large pink flowers fade to blue over mildew-resistant** foliage. Nice mounding habit. The wavy, spear shaped leaves are dark green, infused with melting silver.
► 🌞 🌿 🌱 9/18/9

Pulmonaria 'Raspberry Splash' PP12138 EU11545
Very profuse flowering on this sun tolerant hybrid. Dusky raspberry-coral flowers arrive in early spring to herald the strongly silver-marked, sharply pointed, very upright foliage. P. longifolia breeding. Bigger habit than many. Great in mass on sunny banks. ● ► 🌞 🌿 🌱 12/25/13

Pulmonaria 'Moonshine' PP13686 EU14325
Our flashiest Pulmonaria with great garden vigor, compact growth habit, and mildew-resistance. Shimmering silver-white leaves are rounded with a thin edge of darkest green. Heat and humidity tolerance make it a good choice for the South. One of the favorites of the entire Terra Nova® breeding team! Small, pale, blue-white flowers. ► ○ 🌞 🌿 🌱 15/20/10

Pulmonaria 'Trevi Fountain' PP13047
This superb, **brilliantly silver-spotted beauty** will give rise to **profuse clusters of large cobalt-blue flowers** in spring. A stunner! We feel it is our best, true dark-blue and grows into a magnificent landscape specimen. The roots of this plant are in P. longifolia, the best form for the south, according to John Elsley. ● ► 🌞 🌿 🌱 11/25/12

Pulmonaria 'Dark Vader' PP12333 EU11550
A fine, **mildew-resistant** plant with a super strong habit. **Silver spotting and pink to dark blue flowers adorn this plant.** This is one of Dan's favorites. ► 🌞 🌿 🌱 10/19/11

Pulmonaria 'Silver Bouquet' PP20059 EU24135
Our first new Pulmonaria introduction in years - why? It has it all - cevennensis breeding for mildew-resistance, **heat and humidity tolerance with large coral to pink to violet flowers** that "look at you." Features an excellent shelf life with **a very short delay from flower to foliage form.** Spectacular silver foliage for year-round sales makes this a winner!
● ► 🌞 🌿 🌱 7/20/10

PULMONARIA 'MOONSHINE'

PULMONARIA 'DARK VADER'

PULMONARIA 'TREVI FOUNTAIN'

PULMONARIA 'SILVER BOUQUET'

RODGERSIA 'BRONZE PEACOCK'

SALVIA 'SILVER SABRE'

'Henry Eilers' vs. 'Little Henry'

RUDBECKIA 'LITTLE HENRY'

Rodgersia pinnata 'Bronze Peacock' PPAF PVR

A shiny, bronzy beauty! **The darkest foliage of any Rodgersia.** The leaves are thick, glossy, indented and make a great sculptural addition to your woodland garden. **Pink flowers emerge in late spring** above the mound. In spring, the huge bronze leaves emerge like a peacock's tail! Z 5-8 🌞 🌿 22/28/50

Rudbeckia subtomentosa 'Little Henry' PP23590 PVR

'Little Henry' displays the same charming blooms of 'Henry Eilers', but it is **one third shorter!** Still good for cut flowers, but now fits well into the average landscape. This narrow, upright grower makes a great specimen in the border. The very appealing quilled, gold flowers bloom summer until frost. Z 4-8 🌞 🌿 🌱 36/24/48

Salvia officinalis 'Silver Sabre' PPAF PVR (Pavlich)

A brilliantly variegated edible Sage! Our 'Silver Saber' has a **cleaner variegation and a better habit than the old variegated type.** Luscious pink tones in cooler weather. These low mounds are at home on the patio, vegetable garden, or in mixed borders. Easy to grow with good drainage. A culinary coup! Z 5-10 🌞 🌿 🌱 🌿 7/23/8

(100 cell) Pro Liner™ - 6 wk. lead time

Scabiosa

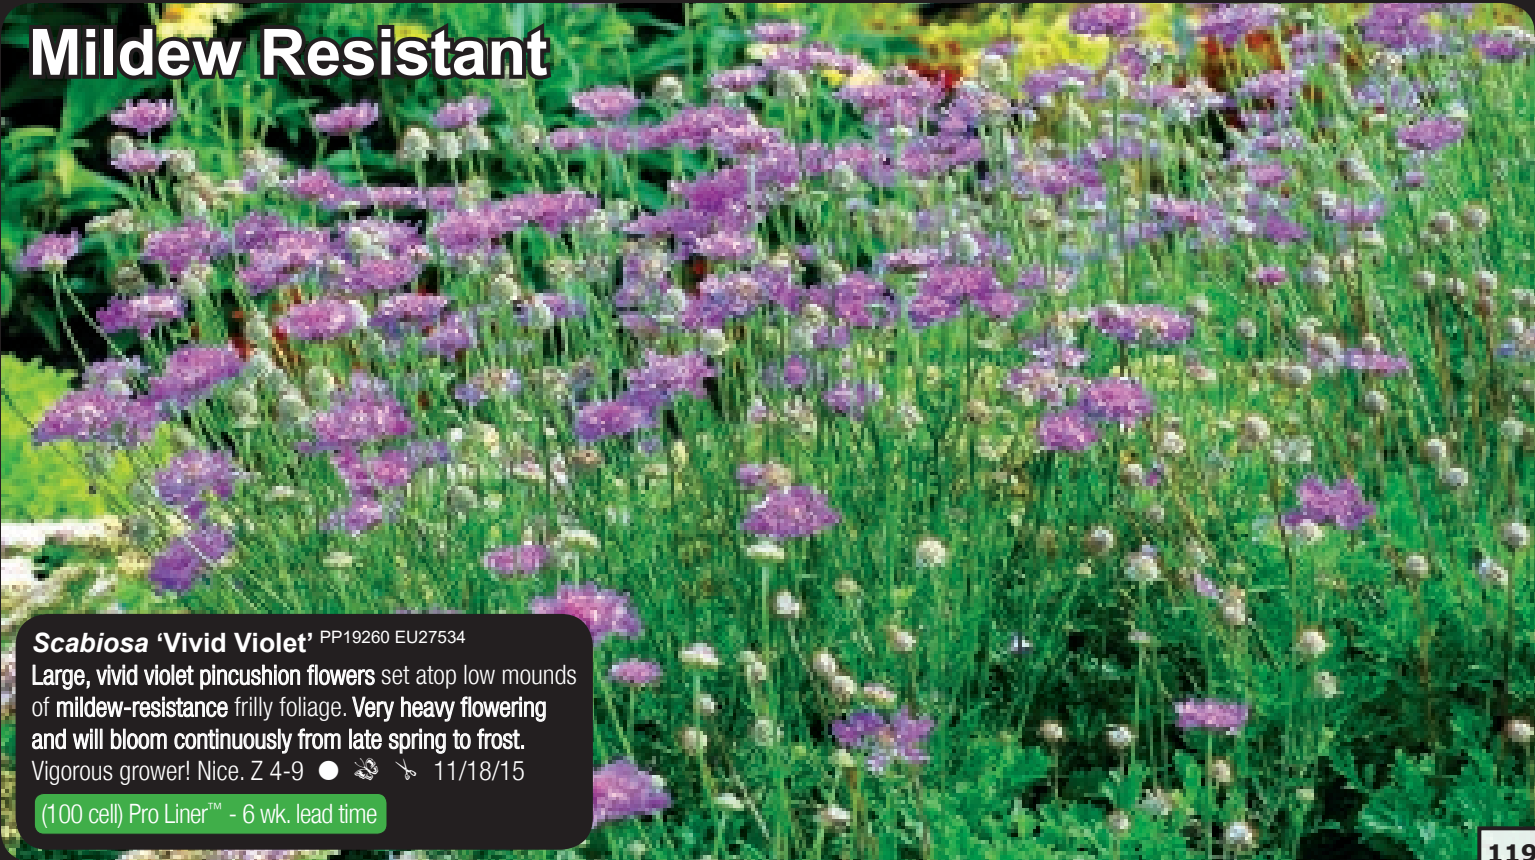

NEW Scabiosa 'Vivid Imagination' PPAF EU-derived var

Spark your imagination with the **fantastic frilly foliage on this new variegated Scabiosa!** This splendid, lime-edged sport of 'Vivid Violet' delivers the same flower-power and mildew-resistance as the original, but not quite the same hardiness. The foliage makes a great texture as a component in a container and the plant carries blooms all summer! Z 8-10 🌞 🌿 11/18/15

(100 cell) Pro Liner™ - 6 wk. lead time

Mildew Resistant

Scabiosa 'Vivid Violet' PP19260 EU27534

Large, vivid violet pincushion flowers set atop low mounds of **mildew-resistance** frilly foliage. **Very heavy flowering and will bloom continuously from late spring to frost.** Vigorous grower! Nice. Z 4-9 🌞 🌿 🌱 11/18/15

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum Candy™ Series

When you think of most dark-leaved Sedum varieties on the market today, you think of plants that fall over, lack vigor, or have ghastly pitted foliage. Terra Nova® is here to change that - with the introduction of our Candy™ Series of Sedum telephium. These plants exhibit great vigor and short growth habit so that they don't fall open. The increased branching shows off the range of dark foliage colors which in turn, give rise to flowers in different shades of pink. Z 4-10 ● ♀ ⚡

SEDUM CHERRY TRUFFLE'

SEDUM 'CHOCOLATE DROP'

SEDUM 'RASPBERRY TRUFFLE'

Sedum telephium 'Cherry Truffle' PPAF PVR (syn. Hylotelephium)
Multiple crowns of upright foliage are painted in purple, black, green and gray. With the summer sun, they turn to a velvety purple black. **This compact grower fills a gallon pot quickly** which reflects the Terra Nova® breeding model, improving the overall habit of the genera. Warm pink flowers top the plant in mid- July. Find out why some of the world's largest nurseries are replacing all their old Sedums with Terra Nova®'s varieties. 16/24/18

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum telephium 'Raspberry Truffle' PP22755 EU34293 (syn. Hylotelephium)
Upright mounds of large, scalloped, purple-brown leaves. Rose-pink flowers accent the foliage. 'Raspberry Truffle' makes a great addition to the border or the rock-garden. 6/12/10

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum telephium 'Chocolate Drop' PP22866 EU33179 (syn. Hylotelephium)
Upright mounds of lightly scalloped, dark chocolate, glossy brown leaves make a great addition to the border or the rock-garden. **Soft rose-colored flowers** top and accent the foliage. Mix with golds and bronzes for an unforgettable effect. So round and chocolatey, you'll want to "kiss" them! 8/14/10

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum Desert™ Series

This series of Sedums stopped a group of the nation's top horticulture buyers dead in their tracks! The Desert™ Series Sedums have everything that the grower, retailer and end consumer could want. Exquisite foliage color and habit, beautiful flowers and very showy seed heads. This plant has the ability to be saleable from March through October and looks great at every phase. Terra Nova® is very proud of this compact and beautiful series.

SEDUM 'DESERT RED'

NEW Sedum telephium 'Desert Red' PPAF PVR (syn. Hylotelephium)
Flat spreading habit with **small blue green leaves that darken in high light**. A completely different look. **Deep rose pink flowers in late summer** mature to **amazing shiny red seed heads**. These seed heads extend the showy season for months. 6/11/8

(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM 'DESERT BLONDE'

NEW Sedum telephium 'Desert Blonde' PPAF PVR (syn. Hylotelephium)
A pleaser with its **blue green leaves, short rose-red stems, and forms multiple crowns its first year**. Its creamy yellow flowers mature to soft red seed heads. Bred for good container and garden performance. 8/11/9

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Sedum telephium 'Desert Black' PPAF PVR (syn. Hylotelephium)
This plant has it all! **Multiple crowns of black leaves and rose-pink flowers on short stems**. Low mounding habit. 8/11/9

(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM 'DESERT BLACK'

SEDUM 'DESERT BLACK'

Sedum Party Hardy™ Series

Remember Sedum ‘Autumn Joy’? Vigorous, but self-destructive. We continue our award-winning Sedum path with a revolution in the habit and blooming of these plants today. Large, tight flower heads in rich colors stand atop remarkably compact plants that don’t fall apart like other Sedum in the marketplace. Plants look great in the container from start to finish. Not only do the plants have great form, but they also have a wonderful range of foliage colors. The flower heads display color for an extended period and make a great crop for fall sales as well.
Z 4-10 ● ☹️ 🌵

SEDUM ‘BEACH PARTY’

SEDUM ‘POOL PARTY’

SEDUM ‘BIRTHDAY PARTY’

Sedum ‘Beach Party’ PP22810 EU34291 (syn. Hylotelephium)
Blooming plants look like **mounding pink dunes in the garden - very compact**. The prolific **flowers are star-shaped and light rose-pink**. Spring foliage is a showy yellow green edged with red. Needs good sun and drainage. 10/19/14
(100 cell) Pro Liner™ - 6 wk. lead time

Sedum ‘Birthday Party’ PP22826 EU34292 (syn. Hylotelephium)
You don’t want a birthday party to flop..nor do you want your Sedums to! This outstanding Sedum from our Party Hardy™ Series will dazzle you in late summer or early fall with its **huge, deep rose pink flower heads atop solid, compact foliage** that doesn’t fall apart. The succulent leaves are deliciously tinted purple-maroon which provides color before the blooms light up the garden. 7/20/11
(100 cell) Pro Liner™ - 6 wk. lead time

Sedum ‘Pool Party’ PP22842 EU34249 (syn. Hylotelephium)
Dive in and enjoy this outstanding compact plant with cauliflower-like flower heads. These showy flowers appear in July and mature to large flat heads of light pink. **Succulent blue foliage contrasts nicely with the pink flowers**. 14/25/18
(100 cell) Pro Liner™ - 6 wk. lead time

Sedum Touchdown™ Series

The Touchdown™ Series of Sedum redefine, “compact low habit” in the Sedum arena. Superior vigor and multiple crowns fill containers quickly, pleasing both growers and consumers. Emerald Coast Growers has been running full page ads in trade magazines touting the superior genetics of Terra Nova®’s Sedum selection. Score a touchdown by offering these plants that are perfect for the front of the border or in containers. Z 4-10 ● ☹️ 🌵

NEW Sedum telephium ‘Touchdown Breeze’ PPAF PVR (syn. Hylotelephium)
‘Touchdown Breeze’ has a **vigorous, multicrown, low habit** that fills a container quickly. It has **blue-green leaves in the spring** that tint **red-brown on the edges in the summer**, matching its red stems. It has very large clusters of lovely pink flowers in late summer. 7/16/9
(100 cell) Pro Liner™ - 6 wk. lead time

NEW Sedum telephium ‘Touchdown Flame’ PPAF PVR (syn. Hylotelephium)
Wow! What a game-changer! **Red leaves in spring change to olive-green and red-brown**. Late summer sees **creamy yellow flowers** covering this compact, multicrowned plant. 7/16/9
(100 cell) Pro Liner™ - 6 wk. lead time

NEW Sedum telephium ‘Touchdown Jade’ PPAF PVR (syn. Hylotelephium)
Sedum ‘Touchdown Jade’ has the **vigorous multicrown low habit** that fills a container quickly like the rest of the Touchdown™ Series. In addition it has **blue-green leaves, rose red stems, peachy-pink flowers** in the spring, and orangey seed heads after the flowers are done. 7/14/9
(100 cell) Pro Liner™ - 6 wk. lead time

NEW Sedum telephium ‘Touchdown Teak’ PPAF PVR (syn. Hylotelephium)
‘Touchdown Teak’ has amazing **glossy red-brown to purple-brown leaves, red stems, and a vigorous low habit**. Rose-red flowers are a summer feature. 8/16/9
(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM ‘TOUCHDOWN JADE’

SEDUM ‘TOUCHDOWN TEAK’

SEDUM ‘TOUCHDOWN FLAME’

SEDUM ‘TOUCHDOWN BREEZE’

Sedum

Breeders' Goals for Sedum

- Compact, strongly branched habit
- Disease free, showy foliage
- Strong and unique flower colors
- Complete range of flower and foliage color combinations

Watch our video featuring Sedum

www.terrannotanurseries.com/videos/

Sedum 'Class Act' PP20125 EU24282 (syn. Hylotelephium)

What's classier than winning a Royal Horticultural Society Award of Garden Merit? Not much! This plant did exactly that against more than 50 others by impressing the judges with its compact, upright habit and full heads of the most stunning rose-pink flowers. A winner in the garden and in the beds! 16/14/18

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum spectabile 'Crystal Pink' PP22094 EU33534 (syn. Hylotelephium)

The iciest pink heads you'll ever see! **Large heads of the softest pink on shorter stems** make an awesome combination with blue-leaved grasses or Echinacea 'Hope'. **Does not fall apart like 'Autumn Joy'**. An excellent attractor for pollinating insects and butterflies. 12/16/16

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum 'Dynamite' PPAF PVR (was 'Dynamite') (syn. Hylotelephium)

Very short and dense, its best comparison is Sedum 'Hot Stuff'. 'Dynamite' is more dramatic with **deep rose red flowers and dark, dusky foliage**. Very large flower heads and stout habit all add up to the best little Sedum Terra Nova® has ever introduced. Good things come in small packages. Plant with Heuchera Crisp™ Series for a great match. It truly is Dy-no-mite! 6/11/7

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum spectabile 'Hot Stuff' PP17212 (syn. Hylotelephium)

The SHORTEST S. spectabile on the market! This seedling from 'Brilliant' bloodlines forms a tight 10" mound of foliage covered by domes of **bright pink flower heads!** 10/14/12

(100 cell) Pro Liner™ - 6 wk. lead time

Sedum 'Mr. Goodbud' PP17671 EU20629 (syn. Hylotelephium)

This dusky S. spectabile hybrid has **tight foliage and strongly contrasting colors between its light buds and dark mauve flowers**. Richer tones and better foliage than S. 'Brilliant'. Upright habit and short stature. **Won an Award of Garden Merit from the RHS in 2006**. 15/14/17

(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM 'CLASS ACT'

SEDUM 'HOT STUFF'

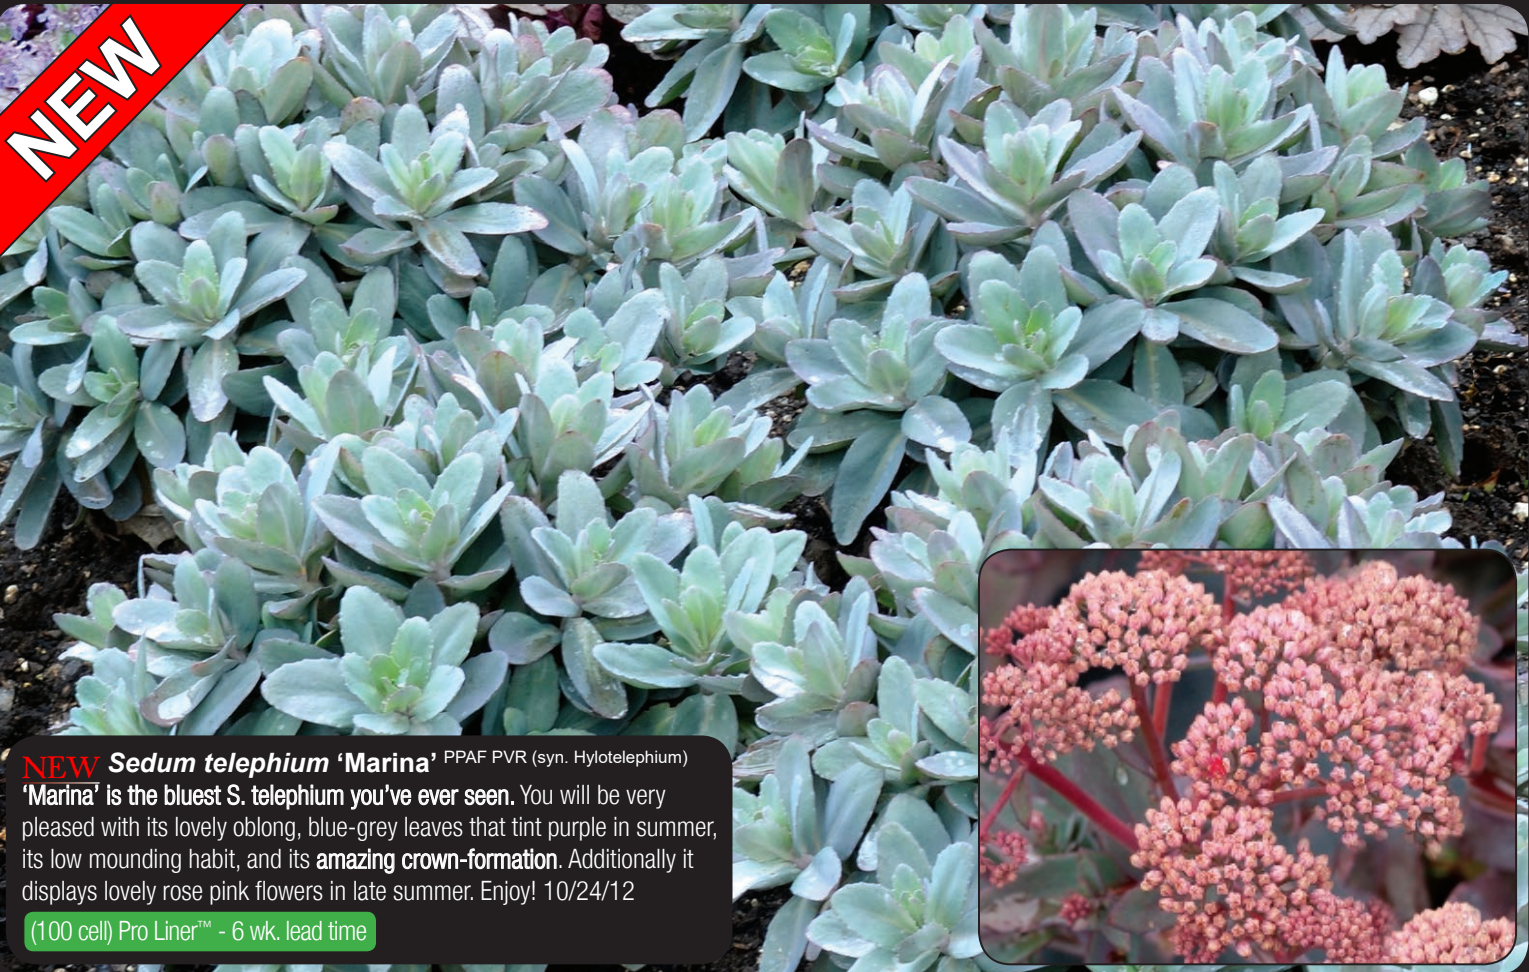

Spring Foliage

SEDUM 'CRYSTAL PINK'

SEDUM 'MR. GOODBUD'

NEW Sedum telephium 'Marina' PPAF PVR (syn. Hylotelephium)

'Marina' is the bluest S. telephium you've ever seen. You will be very pleased with its lovely oblong, blue-grey leaves that tint purple in summer, its low mounding habit, and its **amazing crown-formation**. Additionally it displays lovely rose pink flowers in late summer. Enjoy! 10/24/12

(100 cell) Pro Liner™ - 6 wk. lead time

NEW Sedum telephium 'Orbit Bronze' PPAF PVR (syn. Hylotelephium)

A great, round mound of shiny brown. Absolutely unique! A "topiary" look without the effort, this plant grows naturally into a **compact, mound with glossy leaves and cute pink flowers**. Everything is in scale with this most marvelous, easy to grow Sedum. 14/15/15

(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM 'ORBIT BRONZE' SPRING COLOR

SEDUM 'ORBIT BRONZE'

● = Full Sun ◐ = Partial Shade ○ = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches 🌸 = Fragrant ✂ = Cut Flower 🐝 = Butterfly 🐝 = Hummingbird 🏠 = House Plant 🦌 = Deer Resistant 🌵 = Drought Tolerant ❄ = Winter Color

Sedum 'Thunderhead' PPAF PVR (syn. Hylotelephium)
Huge, deep rose flower heads that look like summer thunderhead clouds. Very stout, upright stems are a mid-border marvel. Handsome, grey-green foliage is the perfect foil for the dramatic long lasting flowers. One of the most majestic Sedums Terra Nova® has introduced. 27/24/30
(100 cell) Pro Liner™ - 6 wk. lead time

Spring Foliage

SEDUM 'ROSETTA'

NEW Sedum telephium 'Rosetta' PPAF PVR (syn. Hylotelephium)
'Rosetta' is a force of nature with blue-green leaves that open like icy-blue roses on new growth in the spring. These blue-green leaves stay very attractive on their upright arching stems all summer. In late summer, white flowers form in clusters on the ends of each branch. We've watched this plant in awe for several years and hope you will be equally spellbound. 16/30/22
(100 cell) Pro Liner™ - 6 wk. lead time

SEDUM
'ROSETTA'

Thalictrum aquilegifolium 'Black Stockings'
This tall beauty has long, nearly black stems, contrasting green leaves and is topped by fluffy lavender pink flowers in large flat-topped corymbs. Very showy for the back of the border. Needs to be vernalized to bloom. Z 5-9 ● ▶ 🦋 48/24/58

Thalictrum ichangense 'Evening Star'
A lovely woodland and shade container perennial with foliage like an Epimedium. Leaflets colored olive, tan, and copper to red-brown are held on wiry stems; each with a central silver star. Tufts of lavender flowers float over the foliage spring through summer. Darker and more splashed than other T. ichangense on the market. An exciting new perennial for some enchanted evening. Z 5-9 ▶ ○ 🦋 8/10/12

Viola 'Heartthrob' PP19996
The lovely heart-shaped leaves have deep burgundy centers that contrast with the bright green leaf edges. A wonderful foliage plant that is attractive in containers, the front of the border, or as a ground cover. Z 5-9 ▶ ○ 🦋 8/12/7

VIOLA 'HEARTTHROB'

THALICTRUM 'BLACK STOCKINGS'

THALICTRUM 'EVENING STAR'

High Contrast Clumping Tiarellas

Terra Nova® is well known for having the best selection of quality, garden-worthy Tiarellas with an amazing range of foliage shapes and patterns. Our dark-centered beauties range from low trailing forms like T. 'Happy Trails' to large clumping forms like T. 'Candy Striper'. Designers can use our many forms of this **American native** as a wonderful shade solution for both new and mature landscapes. They are perfect neutral fillers. Z 4-9     

TIARELLA 'PINK SKYROCKET'

TIARELLA 'CANDY STRIPER'

Tiarella 'Pink Skyrocket' PP13382 EU13697

Our **BEST pink flowering Tiarella!** One of our wild outcrosses shot up with this sparkling salute. Explosive heads of shrimp pink are held above the marvelously cut and marked foliage. Fall color in full sun is burnished bronze and in shade is deep shiny black. One of the top 25 Best Sellers for 2007 from Plant Delights Nursery. 6/12/11

Tiarella 'Candy Striper' PP15528

The lush green leaves have a dark stippled stripe down each leaf lobe. 'Candy Striper' has a mounding habit, large leaf size, pink flower buds, and white, foamy flowers in spring. It combines strikingly with Athyrium 'Burgundy Lace' and Pulmonaria. 10/16/14

Tiarella 'Crow Feather' PP12335 EU13663

Bright green leaves, cut, and deeply marked with a black feather. Probably the best winter color of ALL Tiarella - **simply stunning with a brocade of pinks, reds, purples, and blacks.** A strong grower with a mounding habit and light pink spring flowers. 8/11/12

TIARELLA 'CROW FEATHER'

Fall Color

TIARELLA 'SUGAR AND SPICE'

TIARELLA 'SPRING SYMPHONY' - FROST

Tiarella 'Sugar and Spice' PP16738 EU20614

Dramatic, lacy leaves with painted, heavily marked centers are seen in summer to winter. Lightly fragrant, spring flowers are uniquely "frosted with pink with a white interior," says Ken. The shiny leaves appear to be lacquered and look fabulous all year here at the nursery! 8/12/13

Tiarella 'Spring Symphony' PP12397 EU9847

A smooth melody of compact foliage with leaves "painted" with black along the mid-rib. Profuse, light pink flowers reach their crescendo in mid-spring. 7/10/10

TIARELLA 'SPRING SYMPHONY'

● = Full Sun  = Partial Shade  = Shade x/x/x = Foliage Ht./Foliage Spread/Flowering Ht. in inches  = Fragrant  = Cut Flower  = Butterfly  = Hummingbird  = House Plant  = Deer Resistant  = Drought Tolerant  = Winter Color

Tiarella American Trail™ Series

Our **American Trail™ Series** Tiarella work amazing well as a groundcover or in a hanging basket. These were bred for good trailing habit, nice leaf-markings, variable leaf shapes and attractive flowers. Hardiness and deer-resistance are a given with this new Series. These spreaders are more drought tolerant as they tend to send out roots at more points. These, in turn, can find more moisture.

Watch our video featuring Tiarella

www.terranovanurseries.com/videos/

Breeders' Goals for Tiarella

- Unique leaf characteristics including shapes, textures and patterns
- Compact flowers that rebloom
- Multi-seasonal interest - attractive in spring, summer, fall and winter
- Mildew-resistance
- Trailers designed for dry shady areas and fillers for containers
- Perfect for perennial containers - 1st up in the spring and DO NOT mind being covered in the summer
- Replace English Ivy

Tiarella 'Appalachian Trail' PP22675 EU34917

A lovely, rapidly trailing groundcover which sports numerous branches. Well-marked leaves have a large splatter pattern. Better marked than 'Running Tapestry'. A great ground cover for shade or in a hanging basket. Short white flowers. Vigorous without getting out of hand. 4/36/6

Tiarella 'Happy Trails' PP21933 EU32310

We selected 'Happy Trails' for its profusion of runners and charming small rounded lobed leaves that are marked with a thick black band on the veins. It's a vigorous trailer with short white flowers. Wonderful as a shade ground cover, cascading down a woodland slope, or weaving with other plants in a container or hanging basket. "Happy Trails to you..." 4/36/9

Tiarella 'Cascade Creeper' PP21925 EU32309

Vigorous and beautifully marked, our 'Cascade Creeper' was bred using the native Tiarella collina and our best marked, cut leaf varieties. The medium large leaves are deeply lobed and marked dark brown filling up the center of the leaf. White flowers show in spring and sporadically until fall. Use under trees in moist or dry shade as a ground cover. 4/48/9

TIARELLA 'APPALACHIAN TRAIL'

TIARELLA 'HAPPY TRAILS'

TIARELLA 'CASCADE CREEPER'

Fall Color

TIARELLA 'OREGON TRAIL'

TIARELLA 'PACIFIC CREST'

Tiarella 'Oregon Trail' PP22712 EU34918

This rapid trailer is a wonderful ground cover in any shade garden. The leaves are deeply lobed and well marked. A very clean habit with a few, short spikes of white flowers. Works great in a hanging basket. A good replacement for English ivy as a groundcover or in baskets. Prefers moist, well drained soils. 4/36/6

Tiarella 'Pacific Crest' PP23591 PVR

'Pacific Crest' was selected for its highly cut leaves which are also extremely well patterned and glossy. Use as a ground cover or in a hanging basket in a shady location. Makes a great non-climbing ivy replacement! 4/36/6

TIARELLA 'SUNSET RIDGE'

TIARELLA 'JEEPERS CREEPERS'

Tiarella 'Sunset Ridge' PPAF PVR

'Sunset Ridge' will please you with its vigor, glossiness, and beautifully marked leaves. It makes a great ground cover or use in hanging baskets. A great nonclimbing ivy replacement! 4/36/6

Tiarella 'Jeepers Creepers' PP13437 EU11504

Most running forms of Tiarella are blasé; they run too fast, and their flowers are often insipid. 'Jeepers Creepers' is the answer: Bold, well marked foliage, creeping (not running) habit and large white flowers. It has one of the best winter contrasts of all of our foamflowers. 7/24/12

Garden Centers

What does it take to get a customer to reach for that plant? Sometimes, it's more than having great plants and making them accessible. Your customers want information and they want success in their gardens. Our product profile cards make this plant information easy to get by using great, seasonal photos, bold bullet points and QR codes that can take them to that plant's webpage or video, if available. These pictures are from Dave Doolittle's Terra Nova® merchandising mockups at Al's Garden Center in Sherwood, Oregon and at the Farwest Show in Portland, Oregon. They give you an idea of the impact these free, downloadable signs can have for your garden center. These can be personalized with your company logo and laminated for waterproofing.

Terra Nova® is bringing their customers a useful marketing tool - The Individual Product Profile. These profiles present the following in a graphically clean display:

- Sharp photography in close-ups, landscape use, flower shots and seasonal interest shots
- Bullet points that cover the plant's top selling points and cultural information
- Available in Photoshop format so you can customize content and logos

From farmer's market to large nursery these signs can be silent salespeople, saving your staff valuable time. They can be printed as flyers to promote a specific plant or be presented in a PowerPoint™ format to augment talks given at the nursery. Add a little point to your customers' purchases!

WWW.TERRANOVAPLANTS.COM

Growers have approached us at our presentations for more growing information. We listened.

We've cooked up a great gift for growers - Grower Recipes. We want all growers to be successful, and to do so, we put together a succinct page for each plant we offer.

Each page contains the following information:

- Finish times and recommended pot sizes
- Detailed growing information
- Close up, landscape, and gallon container photography

These pages will be available on our website, www.terravanurseries.com and will be in a format that can be easily converted to PowerPoint™ files to keep on hand or train other growers.

72 Cell Plug
Scabiosa 'Vivid Violet'

30 Cell Plug
Helleborus Golden Lotus

100 Cell Plug
Coreopsis' Citrine'

Social Media

In the not-so-recent past, the fax machine ruled the nursery office. Today, everything moves faster, especially information. Terra Nova® is not about to be left behind! From our inception in 1992 we have embraced the internet and have made our digital images available to our customers. We have movies on YouTube®, a full-blown presence on Facebook®, pictures on Pinterest®, and tweets can be heard through our halls. We support our growers with information sheets and our retailers with colorful, downloadable bed cards.

Culture Sheet

Culture Sheet

Page #	Plant Name	Approximate Finish Time for 4" (Weeks)	Approximate Finish Time for Gallon (Weeks)	pH	EC	Hardiness Zones	Greenhouse Water Requirements	Day Length for Flowering	Size = Foliage Ht / Foliage Spread	Flowering Ht.	Habit
8	Acanthus 'Whitewater'	6 - 8	10 - 12	5.5 - 7.0	0.5 - 1.0	7 - 10	Dry moderately between waterings	Long Day	36" / 36" / 48"		Clumping
8	Actaea 'Black Negligee'	6	10 - 12	5.5 - 6.5	0.5 - 0.7	5 - 9	Keep evenly moist	Long Day	48" / 24" / 60"		Upright, clumping
10	Agastache 'Blue Boa'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	24" / 16" / 32"		Upright, clumping
12	Agastache 'Cotton Candy'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	20" / 18" / 25"		Upright, clumping
11	Agastache 'Kudos Ambrosia'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	17" / 16" / 20"		Upright, mounding
11	Agastache 'Kudos Coral'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	17" / 16" / 20"		Upright, mounding
11	Agastache 'Kudos Mandarin'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	17" / 16" / 20"		Upright, mounding
11	Agastache 'Kudos Silver Blue'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	16" / 27" / 20"		Upright, mounding
12	Agastache 'Raspberry Summer'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	30" / 20" / 32"		Upright, clumping
12	Agastache 'Summer Fiesta'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	25" / 25" / 28"		Upright, clumping
13	Agastache 'Summer Glow'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	20" / 17" / 25"		Upright, clumping
13	Agastache 'Summer Love'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	24" / 24" / 36"		Upright, clumping
13	Agastache 'Summer Sky'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	7 - 10	Dry moderately between waterings	Long Day	20" / 20" / 24"		Upright, clumping
13	Agastache 'Summer Sunset'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	6 - 10	Dry moderately between waterings	Long Day	14" / 24" / 18"		Upright, clumping
10	Agastache 'Violet Vision'	6 - 8	10 - 12	5.5 - 6.5	1.5 - 2.0	5 - 10	Dry moderately between waterings	Long Day	18" / 18" / 24"		Upright, clumping
9	Aralia 'Sun King'	4 - 6	8 - 10	5.0 - 7.4	0.5 - 1.0	3 - 9	Dry moderately between waterings	Day Neutral	36" / 36" / 36"		Clumping
14	Athyrium 'Burgundy Lace'	6 - 8	8 - 10	5.5 - 6.5	0.5 - 0.7	4 - 9	Keep evenly moist	--	24" / 28" / --"		Clumping
14	Athyrium 'Dre's Dagger'	6 - 8	8 - 10	5.5 - 6.5	0.5 - 0.7	4 - 9	Keep evenly moist	--	30" / 30" / --"		Clumping
15	Athyrium 'Lady in Lace'	10 - 12	8 - 10	5.5 - 6.5	0.5 - 0.7	4 - 9	Keep evenly moist	--	14" / 12" / --"		Clumping

Sales Team

Scott Christy
scott@terranovanurseries.com

Scott, our Sales Manager, has been with us since 2002. He came to us with 30+ years experience in the landscaping, retail, and mail-order industry. He also does forecasting and works on both the breeding and licensing team.

Larry Finley
larry@terranovanurseries.com

Larry is our National Sales Representative, with 10+ years here at Terra Nova®. He has experience as a grower and his friendly smile can be experienced here and at our national trade shows.

Kristy Lucero
kristy@terranovanurseries.com

Kristy is the central hub of Sales Administration. She is responsible for coordinating and assuring accuracy of orders to be shipped. She also streamlines the trials and sampling program for Terra Nova®. In 2013 Kristy will travel as a Terra Nova® rep to tradeshowes throughout the United States.

Debbie Scott
debbie@terranovanurseries.com

Debbie is a member of our sales office team. As a Customer Service Representative she will be bringing over 20+ years of client service experience to Terra Nova®. While supporting the sales department she will be dedicated to bringing the highest quality of service to our clients.

Christopher French
christopher@terranovanurseries.com

Christopher is a customer service representative. He brings with him over 5+ years of horticulture related experience in both nurseries and the department of agriculture.

Terra Nova®’s Broker Program

Terra Nova® continues to move in new directions. Our product offerings have entered into new markets and the customers we find there are used to enhanced services that broker networks offer. We are proud to work with the following brokers so we can offer a multitude of ordering and financial options through these partners. All Terra Nova® customers, whether direct or represented by a broker, can still enjoy access to Terra Nova®’s support network. Culture sheets, photography, and grower solutions will all be shared across the board. Please contact our Sales Team to obtain any information a broker rep may be unable to answer.

Ordering Information

ORDERING:

- Place your orders by fax, phone, e-mail or by using our website shopping cart.
- 3 flat minimum per order. A flat may contain two varieties **(no surcharge for half flat orders)**.
- We are wholesale only and do not have the ability to accommodate orders that do not meet our minimums.
- Please allow at least a 9-month lead-time on custom and/or large orders.
- Large orders may require a 30% down payment and an additional 30% payment 30 days prior to shipping; the remaining balance due within the terms on the invoice.
- Our goal is to ship the majority of your plants at the same time, but all plants are not created equal and do not grow at the same rate. Our apologies if your ship dates are spread out.
- It is our policy to back order all material unavailable at the time of shipment unless you specifically state on your order you do not wish to have items back ordered. Each time materials are shipped, new boxing and shipping charges are incurred.
- Tags automatically ship for all plants on your orders unless you request only the specific tags you need. This request can be made when you place your order. Tags are included with the price of the plant.
- See special terms for the Pro Liner™ Program on page 4.

PRICES: We reserve the right to change our prices at anytime.

DISCOUNTS: Call your Sales Representative or visit our website.

TERMS:

- All accounts will be cash in advance until credit is approved.
- Visa/MasterCard are accepted. Please phone or fax this information.
- Open accounts are payable within the terms stated upon each invoice. A finance charge of 1.5% per month is charged to all account balances not paid within the terms.
- We reserve the right to change account terms and delay any and all shipments if conditions of the account are not met.
- Accounts with a balance of over 90 days will become cash only unconditionally.
- Returned checks are subject to a \$25 fee.
- There is a fee for any wired funds, foreign or domestic.
- All orders must be paid in U.S. dollars.

RESTOCK/CANCELLATION POLICY:

- Customers canceling two weeks prior to ship date will be required to pay a cancellation fee of 50% of the order cancelled.
- All Willl Call orders not picked up within the designated time frame will be charged a restocking fee of 15%.

CURRENT AVAILABILITY: This information is updated daily to our website at www.terranovanurseries.com. If you don't have access to a computer, call your sales representative for an updated listing.

Contact Information

HOURS: Monday - Friday from 7:30am - 3:00pm PST
Saturday & Sunday - Closed
PHONE: 800-215-9450 or 503-263-3150
SALES FAX: 503-263-3152
ADDRESS: 10051 S. Macksburg Rd., Canby, OR 97013

DORMANT PLANTS: If you are receiving plants between September and April you may receive dormant plant material. These flats will be clearly marked with "GROWER ALERT" tags with special instructions. More information about the care and handling of dormant material can be found on our website
www.terranovanurseries.com or by calling our Sales Department at 800-215-9450.

DOMESTIC SHIPPING: We ship materials using the most cost effective local carrier. An alternate carrier may be recommended; however, use of this carrier will be dependent upon the size of the order and approval by the sales department and by the shipping department. We ship F.O.B. Canby, OR. Should your order be damaged in transit, Terra Nova® Nurseries is not to be held responsible. All plants requiring special care will be marked with a "GROWER ALERT" label, corresponding to instructions enclosed in the box. Additional shipping charges may include:

- Boxing charge of \$2.00 per flat. Boxes hold up to four flats.
- Pallet shipper per flat: \$1.75

WILL CALL: Please coordinate all Will Call orders with the Shipping Department at 800-215-9450 x 331 to make an appointment. Will Call hours are Monday - Friday from 7:30am - 3:00pm, and we are closed Saturdays and Sundays. **Appointments can be made outside these hours by contacting our logistics department at 800-215-9450 x 331.** Any changes to pick-up date or cancellations must be made at least 5 days prior to the scheduled pick-up. ALL Will Call orders not picked up within the designated time frame will be charged a restocking fee of 15%.

CANADIAN SHIPPING: A customs broker must be selected and contact information provided at the time an order is placed. All orders must consist of full flats of plant material. We ship F.O.B. Canby, OR. Should your order be damaged in transit or held at a border, Terra Nova® Nurseries is not to be held responsible. Additional fees incurred in shipping:

- Boxing charge of \$2.00 per flat. Boxes hold up to four flats.
- Pallet shipper per flat: \$1.75
- Oregon Phytosanitary Certificate fee: \$15.00
- Chemical application fee (if required): \$45.00
- Unrooted cutting handling fee: \$125.00

All Canada GST, Customs Duty and other Canadian Government agency fees are the responsibility of the customer.
