Hardiness Zones: 4 - 9 Possible Problems: Insect: Slugs

Habit: Clumping Diseases: Plants seldom experience diseases

Day Length for Flowering: Long day

Do NOT bury the crown of the plug

Description

A new twist on a classic garden perennial. Bold, evergreen leaves have a cream edged border which turns brilliant shrimp-pink during the winter months. Excellent winter container plant topped with pink flowers in the spring. Color appears on spring and new growth fading to green in late summer. 'Solar Flare' came out of 'Rotblum' which grows as well in the South as in the Northwest.
