Do NOT bury the crown of the plug

Description

Like it's sister, Echinacea REVELATION® 'Coral', REVELATION® 'Monarch' demands attention in the garden. 'Monarch's' warm peachy-orange tones light up a garden bed like nothing else. The huge flowers are well scented and attract butterflies, hummingbirds, and all sorts of pollinator insects. The large center cone has hosts of finches visiting in the fall, gathering a snack as they pass through.
