Habit: Mounding

Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

Description

A cool fog of silver settles over the stunning amethyst foliage. This glossy-leaved, heat and humidity tolerant, vigorous clump can achieve an impressive 24" across. Both size and color make this Heuchera stand out in the spring garden. The more you grow this plant - the more you admire it. H. americana breeding gives heat and humidity tolerance.
