Habit: Mounding

Diseases: Root rot may occur with excessive soil moisture. Powdery mildew, rust, and leaf spots may occur.

Day Length for Flowering: Day neutral

Do NOT bury the crown of the plug

## Description

The magnificently ruffled, somewhat glossy leaves are maroon-purple when young, aging to bronze-green with bright purple undersides. Cream colored flowers appear on 3 foot tall, dark purple scapes from late spring to early summer. 'Stormy Seas' has a fantastic compact habit and displays extreme vigor. It is considered to be one of the best landscape Heuchera by its breeder, TERRA NOVA® Nurseries.
